

# The United States Mint Has Big Plans for You!

## Lesson

For  
grades  
K-12!

## **Give Your Lessons the Sparkle of New Nickels!**

Download for **FREE** the new Westward Journey Nickel Series™ lesson plans.

Created and reviewed by teachers to meet your curricular goals, these plans will help you inspire students to learn about the history in their pockets—along with math, social studies, science, language arts, music, art—and all through the fascinating yet familiar world of American coins.

These lesson plans and resource guide draw on the new nickel designs to help your students learn about the Louisiana Purchase and the Lewis and Clark expedition.

Meet us at the Teachers section of **The United States Mint H.I.P. Pocket Change™** Web site to download lesson plans for grades K through 12 and enjoy "the greatest educational change America has ever seen"!
