Snowmobile Trail

The Honeymoon Lake Snowmobile Trail is located on National Forest System roads, two-tracks, and county roads. Many hills and curves make the trail exciting and provide opportunities to see wildlife in their natural state. The trail is groomed and maintained by the Lake County Trail Riders. The Honeymoon Lake segment of the trail system (shown on map) is approximately 40 miles in length.

LOCATION

This trail is located in Lake and Newaygo Counties, Michigan. The trail can be accessed from the community of Baldwin.

ACCESS

Two parking areas are maintained by the Lake County Trail Riders. They are not on National Forest lands.

Village of Baldwin: Located in downtown Baldwin on village owned land alongside the railroad tracks, on M-37 and Eighth Street.

Both trailheads are plowed.

SEASON

The season is from December 1 - March 31, depending on snow conditions. Please check with the Baldwin Ranger Station regarding dates outside the managed season.

FEES

No fees are charged for the use of these parking areas. A Snowmobile Trail Permit is required to operate a snowmobile on public lands in Michigan. They can be purchased on line at www.mdnr-elicence.com or at designated vendor locations throughout Michigan.

CONSIDERATIONS

Trails are signed with orange reflectorized diamond shaped confidence markers.

All snowmobile trails are two-way traffic. Please obey trail signing and maintain your speed appropriate with trail conditions.

Counties allow snowmobiles to use the unplowed shoulders of their roads. Snowmobiles may not use the plowed surfaces of county roads according to state law.

Care should be taken to keep the area clean and in the condition it was found, so visitors are asked to please pack out what you pack in.

Chasing or intentionally disturbing wild game animals with snowmobiles is prohibited by state law.

Portions of this trail utilize private property easements. Please respect private property rights.
