VICINITY MAP

PURPOSE AND CONTENTS OF THIS MAP

This map dated 06/01/2008 shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the GALLATIN NATIONAL FOREST that are designated for motor vehicle use pursuant to 36 CFR 212.51. The map also contains a list of those designated roads, trails, and areas that enumerates the types of vehicles that are allowed on each route and in each area and any seasonal restrictions that apply on those routes and in those areas.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other designated setting. Not only must the motor vehicle operators know and follow all applicable traffic laws, but they need to show concern for the environment as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. Operators of motor vehicles are subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the GALLATIN NATIONAL FOREST other than in accordance with these designations (CFR 261.13)

Violations of 36 CFR 261.13 are subject to a fine of up to \$5,000 or imprisonment for up to 6 months or both (11 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, over-snow uses, or other facilities and attractions on the GALLATIN NATIONAL FOREST. Obtain a forest visitor map for more complete information.

Designated roads, trails and areas may also be subject to temporary, emergency closures, and visitors must comply with signs notifying them of such restrictions. A national forest may issue an order to close a road, trail or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such a temporary and/or emergency closures are consistent with the Travel Management Rule (36 CFR 212.52(b)), 36 CFR 261 subpart B).

The designation "road or trail open to all motor vehicles" does not supersede vehicle size or weight limits imposed through State traffic law.
