To whom this may concern
I am an elderly lady, I live with three
children, aged from two to eight years old.
It has meant a lot to us having our C.O.P. done.
My kids are happier and my spouse and I are to
get back to work.

We have received two thousand dollars in
from UHP. UHP has not charge us for anything.
We have donated our time in the community,
such as chapter car goods, has put up security
lights in the community.

My husband is the head of crime watch.
Without UHP help we would not have been
able to get into our house.
Thanks to much UHP.

Sincerely
Roberta Family
