Dear Sir,

I am a single black woman with two children of my own & I am also taking care of my sister's grand-children. (Which gives the four children) when we lived in a duplex my son & daughter had to share rooms & the other children slept on the floor on a mattress. Before we got this house in now that we have house there is more room no one has to sleep on the floor each of us have a room. I am very blessed to have gotten this home we are so thankful. I work for the city of Dallas WIC program teaching nutrition classes. Having this house means so much to me. I have to stop & still tell the Lord thank for all he's done. And also I am thankful for UHP for all of their help for with out UHP none of this would have been possible. I would

still be living in a house
that was to go all for my
family and paying rent for
something that I didn't
own. I am very glad and
thankful to my Lord and
Savior Jesus Christ that
UHP doesn't charge for their
services. I was able to
receive subsidy in the
amount of UHP \$2,000.00.
UHP was the one that helps
me get subsidy. I feel that
it is very very important
that the families receive the
assistance, without the assistance
there is no way we could have been
able to get these houses without
it. The assistance made a big
big difference in getting the
homes. We have given back
to UHP in both time and volunteer
work to the community to
help other families get into
their houses.

Food items have been
donated for different events
and functions, like the Open
House parties we had then
we had a block party also
the holiday parties and then

office supplies that
have been given also.
There are those of us
that are going to attend
classes so that we
can be better crime watchers
for our community. I am
a Sunday school teacher
in my church, I work
with teenagers.

It means a lot to me
to see how it feel to have
your own home myself
and my family are
very grateful and thankful
to UHP and God.

Thank you
Jeddie Cox
