Subject: 2004-53 Community Reinvestment Act

I am registering my support for the Community Reinvestment Act. As a provider of affordable housing and economic development services in the South Bronx, I can attest to the positive influence that CRA has exerted in low-income communities. All federally insured financial institutions should continue to be fully accountable under CRA for making investments and providing services. I also oppose the OTS proposal to consider favorably rural community development activities that do not primarily benefit low-income people or communities.
