# ENDANGERED BULLETIN

May/June 2000

Vol. XXV No. 3

The Endangered Species Act gives the Fish and Wildlife Service a responsibility breathtaking in scope: nothing less than restoring our Nation's imperiled plant and animal species to a secure status and conserving the ecosystems upon which they, and all of us, depend. Many of these species have been declining for decades or even centuries. A few benefit right away from the Act's legal protection. For most, however, the road to recovery is a long one, filled with obstacles and uncertainty. Many animals, for example, require years of research, captive breeding and reintroduction, the removal of competing non-native species, and wide scale ecological restoration for recovery. Significant progress in stabilizing and restoring listed species is being made, as this edition of the Bulletin illustrates.

### On the Cover

Robust gray wolf populations in the upper Great Lakes area and a successful wolf reintroduction in the northern U.S. Rocky Mountains prompted a recent proposal to reclassify wolves in most of the U.S. from endangered to the less critical category of threatened. *Corel Corp. photo* 

The Endangered Species Bulletin welcomes manuscripts on a wide range of topics related to endangered species. We are particularly interested in news about recovery, babitat conservation plans, and cooperative ventures. Please contact the Editor before preparing a manuscript. We cannot guarantee publication.

The Fish and Wildlife Service distributes the Bulletin primarily to Federal and State agencies, and official contacts of the Endangered Species Program. It also is reprinted by the University of Michigan as part of its own publication, the Endangered Species UPDATE. To subscribe, write the Endangered Species UPDATE, School of Natural Resources, University of Michigan, Ann Arbor, MI 48109-1115; or call (734) 763-3243.

Printed with vegetable-based ink on recycled and recyclable paper. If you do not keep back issues, please recycle the paper, pass them along to an interested person, or donate them to a local school or library.
