

# Central Region Airport Certification Bulletin

**Bulletin:** 2007-01

**Subject:** Monitoring Aeronautical Publications for Errors

**Issue Date:** January 29, 2007

**Issuing Office:**

FAA, Central Region, Airports Division  
Safety and Standards Branch, ACE-620  
901 Locust St, Kansas City, MO 64106  
Phone: (816) 329-2624,  
Fax: (816) 329-2610

**Prepared by:**

Pat Haynes  
Phone: 816-329-2621

**Application**

This bulletin is being sent to Part 139 Airport Managers and State Aviation Directors in Iowa, Kansas, Missouri and Nebraska

**Background:**

Prior to each of our annual airport certification inspections, the Central Region inspectors mail a copy of current 5010 data and airport diagrams for airport operators to review and/or correct, as needed. We strongly encourage our Part 139 airport managers to review each aeronautical publication when they are released throughout the year. The Airport/Facility Directory (green book) as well as U.S. Terminal Procedures charts are both published every 56 days. The information in each of these publications is critical to the flying public's safety. It is very important that information in both of these publications is correct and current.

**ACTION NEEDED:**

Both the Airport/Facility Directory and the U.S. Terminal Procedures charts are available online on the office of Aviation Systems Standards webpage "[Digital - Terminal Procedures Publication \(d-TPP\)/Airport Diagrams](#)"

If you find an error that may be critical to safety, contact your Flight Service Station (FSS) to get a NOTAM issued. To get corrections made to the publications, contact one of the following offices:

**Charting Errors**

FAA, National Aeronautical Charting Office,  
ATO-W  
SSMC-Sta. #2335  
1305 East West Highway  
Silver Spring, MD 20910-3281  
Tel: 800-626-3677  
E-mail: 9-AMC-Aerochart@faa.gov
