## **Corps of Engineers at Grapevine Lake closes road for repair work**

*FORT WORTH, Texas* – The U.S. Army Corps of Engineers, Fort Worth District, has temporarily closed the road leading into Twin Coves Marina at Grapevine Lake after recent rains and flood waters damaged a portion of the road.

The Corps is working to expedite the contracting procedures to provide temporary access while the permanent construction work is completed. This effort is in place to minimize the impact on park users and marina slip users. Safety precautions, such as barricades, have been put in place to prevent lake visitors from driving down the road, potentially causing more damage. The work is expected to be completed in the next three weeks. For more information, please contact the Grapevine Lake office at 817-865-2600.
