Dear Taxpayer:
As part of its ongoing efforts to improve customer service, the IRS is working to provide you with even more reliable and helpful assistance for the coming tax filing season. Whether it is in person or on the phone, we want to answer your questions correctly, promptly and courteously. We want to process your return quickly and accurately and make sure that more of you can file by computer and telephone and get information and forms over the Internet. To find out more about the many different services the IRS offers this tax season, see page 6 of this booklet.

Paperless filing is the wave of the future. The IRS is greatly expanding and promoting the use of electronic filing through our e-file program. You can ask a tax professional to e-file your return, or if you prefer, you can file from home using your personal computer. There are also more than 5,000 tax products, including forms, on the IRS Home Page (www.irs.ustreas.gov) that can be downloaded to your computer.

Beginning in J anuary 1999, our phone helpline will also be open for business 24 -hours-a-day/seven days a week, all year long. New technology will reduce even further hold time and allow callers to get specific information and help on, for example, the sale of a house, retirement, or job changes.
During the 1998 tax filing season, we offered more walk-in office hours at locations and times convenient to you. We will expand this option beginning in J anuary with walk-in service on 13 Saturdays at 250 sites across the nation.
We will continue to hold Problem Solving Days every month throughout the year when taxpayers can sit down and meet face-to-face with an IRS representative to help resolve a particular problem. When and where a Problem Solving Day will be held near you can be found on the IRS Home Page at www.irs.ustreas.gov and the events are publicized in local newspapers and on radio and television.

We still have a ways to go before we can provide world class customer service but we are taking some important steps in the right direction. We have also begun a multi-year modernization of the IRS with customer service as its focus and the goal of giving America's taxpayers the services they expect and deserve.
Sincerely,
Chaules O. Rossott

## Calling the IRS

If you cannot answer your question by using one of the methods listed on page 6, please call us for assistance at 1-800-829-1040. You will not be charged for the call unless your phone company charges you for local calls. This service is available 24 hours a day, 7 days a week.

If you want to check on the status of your 1998 refund, call TeleTax. See page 9 for the number.

## Before You Call

IRS representatives care about the quality of the service we provide to you, our customer. You can help us provide accurate, complete answers to your questions by having the following information available.

- The tax form, schedule, or notice to which your question relates
- The facts about your particular situation. The answer to the same question often varies from one taxpayer to another because of differences in their age, income, whether they can be claimed as a dependent, etc.
- The name of any IRS publication or other source of information that you used to look for the answer.

To maintain your account security, you may be asked for the following information, which you should also have available.

- Your social security number.
- The amount of refund and filing status shown on your tax return.
- The "Caller ID Number" shown at the top of any notice you received.
- Your personal identification number (PIN) if you have one.
- Your date of birth.
- The numbers in your street address.
- Your ZIP code.

If you are asking for an installment agreement to pay your tax, you will be asked for the highest amount you can pay each month and the date on which you can pay it.

Evaluation of Services Provided. The IRS uses several methods to evaluate the quality of this telephone service. One method is for a second IRS representative to sometimes listen in on or record telephone calls. Another is to ask some callers to complete a short survey at the end of the call.

## Making the Cal

Call 1-800-829-1040 (for TTY/TDD help, call 1-800-829-4059). If you have a pulse or rotary dial phone, stay on the line and one of our assisters will answer.

If you have a touch-tone phone, press
1 to enter our automated system. You can press the number for your topic as soon as you hear it. The system will direct you to the appropriate assistance.

You may not need to speak to a representative to get your answer. You can do the following within the automated system.

- Order tax forms and publications.
- Find out the status of your refund or the current amount you owe.
- Determine if we have adjusted your account or received payments you made.
- Request a transcript of your account.

## Before You Hang Up

If you do not fully understand the answer you receive, or you feel our representative may not fully understand your question, our representative needs to know this. He or she will be happy to take additional time to be sure your question is answered fully.

By law, you are responsible for paying your share of Federal income tax. If we should make an error in answering your question, you are still responsible for the payment of the correct tax. Should this occur, however, you will not be charged any penalty.

See How To Avoid Common Mistakes on page 45.
If you were a participant in Operation J oint Guard or Operation J oint Forge, or you were in the Persian Gulf area combat zone, see Pub. 3.

For details on these and other changes, see Pub. 553 or see What's Hot at www.irs.ustreas.gov.

## What's New for 1998?

## Put Your Social Security Number on Form 1040!

To protect your privacy, your social security number (SSN) is not printed on the peel-off label that came in the mail with this booklet. This means that you must now enter your SSN in the space provided on page 1 of Form 1040. If you are married filing a joint return, also enter your spouse's SSN. Be sure to list the SSNs in the same order as the first names.

If you are married filing a joint return, make sure you list the names and SSNs in the same order each year.

## New Child Tax Credits

Do you have a child who was under age 17 at the end of 1998?

If so, you may be able to claim either or both of these new credits:

- The Child Tax Credit
- The Additional Child Tax Credit

The total of these credits cannot be more than $\$ 400$ for each qualifying child. Figure the child tax credit first. If you have three or more qualifying children and you are not able to claim the full $\$ 400$ child tax credit for each child, you may be able to claim the additional credit.

The additional child tax credit is refundable; that is, it may give you a refund even if you do not owe any tax.

These credits are in addition to the child and dependent care credit and the earned income credit that you may be able to claim.

Who Is a Qualifying Child? The child must be your dependent and must meet certain other requirements. See Qualifying Child for Child Tax Credit in the instructions for line 6 c , column (4), on page 19.

Caution: If the child meets those requirements, check the box in column (4) on line $6 c$ of your return.

## Where Do You Claim These Credits?

Child Tax Credit. If you have at least one qualifying child, follow the instructions on page 31 and figure the credit on the Child Tax Credit Worksheet. Do not attach this worksheet to your return. Enter the credit on Form 1040, line 43.

Additional Child Tax Credit. Use Form 8812 to figure this credit and attach it to your return. Enter the additional child tax credit on Form 1040, line 60.

## Education Credits

You may be able to take the Hope credit for tuition and related expenses paid for yourself, your spouse, or dependents to enroll at or attend an eligible educational institution. For qualifed expenses paid after J une 30, 1998, you may be able to take the lifetime learning credit. These credits are reported on line 44 . The Hope credit only applies to the first 2 years of postsecondary education. Use Form 8863 to figure the credits.

within the 5 -year period ending on the date of sale.

## IRA Deduction Restored for Some People Covered by Retirement Plans

You may be able to take an IRA deduction if you were covered by a retirement plan and your modified AGI (adjusted gross income) is less than: $\$ 40,000$ if single, head of household, or married filing separately and you lived apart from your spouse for all of 1998; \$60,000 if married filing jointly or qualifying widow(er). If you are married filing jointly and you were not covered by a plan but your spouse was, you may be able to take a deduction if the modified AGI on the joint return is less than $\$ 160,000$. See the instructions for line 23 that begin on page 25 .

The rate for business use of a vehicle has increased to 32.5 cents a mile. Starting this year, you can use the business mileage rate even if you lease your vehicle. For charitable contributions, the rate has increased to 14 cents a mile.

## Daytime Phone Number on Form 1040

We have added a space on page 2 of Form 1040 for your daytime phone number. Providing your phone number may help speed the processing of your return if we have a question that can be answered over the phone. However, you do not have to enter your number. If you are filing a joint return, you may enter either your or your spouse's daytime phone number.

Use Chart A, B, or C to see if you must file a return. U.S. citizens who lived in or had income from a U.S. possession should see Pub. 570. Residents of Puerto Rico can use TeleTax topic 901 (see page 9) to see if they must file.

©Even if you do not otherwise have to file a return, you should file one to get a refund of any Federal income tax withheld. You should also file if you are eligible for the earned income credit or the additional child tax credit.

## Exception for Children Under Age 14

If you are planning to file a return for your child who was under age 14 on J anuary 1, 1999, and certain other conditions apply, you may elect to report your child's income on your return. But you must use Form 8814 to do so. If you make this election, your child does not have to file a return. For details, use TeleTax topic 553 (see page 9) or see Form 8814.

## What if You Cannot File on Time?

You can get an automatic 4-month extension by filing Form 4868 with the IRS by April 15, 1999.

Caution: Form 4868 does not extend the time to pay your income tax. See Form 4868.

But if you are a U.S. citizen or resident, you may qualify for an automatic extension of time to file without filing Form 4868, if, on the due date of your return, you meet one of the following conditions:

- You live outside the United States and Puerto Rico, AND your main place of business or post of duty is outside the United States and Puerto Rico.
- You are in military or naval service on duty outside the United States and Puerto Rico.

This extension gives you an extra 2 months to file and pay the tax, but interest will be charged from the original due date of the return on any unpaid tax. You must attach a statement to your return showing that you meet the requirements.

## Where Do You File?

## Private Delivery Services

You can use certain private delivery services designated by the IRS to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. The IRS publishes a list of the designated private delivery services in September of each year. The list published in September 1998 includes only the following:

- Airborne Express (Airborne): Overnight Air Express Service, Next Afternoon Service, and Second Day Service.
- DHL Worldwide Express (DHL): DHL "Same Day" Service, and DHL USA Overnight.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, and FedEx 2Day.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver,

UPS 2nd Day Air, and UPS 2nd Day Air A.M.

The private delivery service can tell you how to get written proof of the mailing date.

Caution: Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service to mail any item to an IRS P.O. box address.

## Name and Address

## Use the Peel-Off Label

Using your peel-off name and address label in this booklet will speed the processing of your return. It also prevents common errors that can delay refunds or result in unnecessary notices. Attach the label to your return after you have finished it. Cross out any errors and print the correct information. Add any missing items, such as your apartment number.

## Address Change

If the address on your peel-off label is not your current address, cross out your old address and print your new address. If you plan to move after filing your return, see page 46.

## Name Change

If you changed your name, be sure to report the change to your local Social Security Administration office before filing your return. This prevents delays in processing your return and issuing refunds. It also safeguards your future social security benefits. If you received a peel-off label, cross out your former name and print your new name.

## What If You Do Not Have a Label?

Print or type the information in the spaces provided. If you are married filing a separate return, enter your husband's or wife's name on line 3 instead of below your name.

(10)If you filed a joint return for 1997 and you are filing a joint return for 1998 with the same spouse, be sure to enter your names and SSNs in the same order as on your 1997 return.

## P.O. Box

Enter your box number instead of your street address only if your post office does not deliver mail to your home.

## Foreign Address

Enter the information in the following order: city, province or state, and country. Follow the country's practice for entering the postal code. Please do not abbreviate the country name.

## Death of a Taxpayer

See page 46.

## Social Security Number (SSN)

An incorrect or missing SSN may increase your tax or reduce your refund. To apply for an SSN, get Form SS-5 from your local Social Security Administration (SSA) office or call the SSA at 1-800-772-1213. Fill in Form SS-5 and return it to the SSA. It usually takes about 2 weeks to get an SSN.

Check that your SSN is correct on your Forms W-2 and 1099. See page 46 for more details.

## IRS Individual Taxpayer Identification Numbers (ITINs) for Aliens

The IRS will issue you an ITIN if you are a nonresident or resident alien and you do not have and are not eligible to get an SSN. To apply for an ITIN, file Form W-7 with the IRS. It usually takes about 30 days to get an ITIN. Enter your ITIN wherever your SSN is requested on your tax return.

Note: An ITIN is for tax use only. It does not entitle you to social security benefits or change your employment or immigration status under U.S. law.

## Nonresident Alien Spouse

If your spouse is a nonresident alien and you file a joint or separate return, your spouse must have either an SSN or an ITIN.

## Presidential Election Campaign Fund

This fund helps pay for Presidential election campaigns. The fund reduces candidates' dependence on large contributions from individuals and groups and places candidates on an equal financial footing in the general election. If you want $\$ 3$ to go to this fund, check the "Yes" box. If you are filing a joint return, your spouse may also have $\$ 3$ go to the fund. If you check "Yes," your tax or refund will not change.

## Filing Status

Check only the filing status that applies to you. The ones that will usually give you the lowest tax are listed last.

- Married filing separately.
- Single.
- Head of household. This status is for unmarried people who paid over half the cost of keeping up a home for a qualifying person, such as a child or parent. Certain married people who lived apart from their spouse for the last 6 months of 1998 may also be able to use this status.
- Married filing jointly or Qualifying widow(er) with dependent child. The Qualifying widow(er) status is for certain people whose spouse died in 1996 or 1997 and who had a child living with them whom they can claim as a dependent.

J oint and Several Tax Liability. If you file a joint return, both you and your spouse are generally responsible for the tax and any interest or penalties due on the return. This means that if one spouse does not pay the tax due, the other may have to. However, see Innocent Spouse Relief on page 46.

(1)More than one filing status may apply to you. Choose the one that will give you the lowest tax. If you are not sure about your filing status, use TeleTax topic 353 (see page 9) or see Pub. 501.

## Exemptions

You usually can deduct \$2,700 on line 38 for each exemption you can take.

## Line 6b

## Spouse

Check the box on line 6b if you file either (1) a joint return, or (2) a separate return and your spouse had no income and is not filing a return. However, do not check the box if your spouse can be claimed as a dependent on another person's return.

## Line 6c

## Dependents

You can take an exemption for each of your dependents. The following is a brief description of the five tests that must be met for a person to qualify as your dependent. If you have more than six dependents, attach a statement to your return with the required information.

Relationship Test. The person must be either your relative or have lived in your home as a family member all year. If the person is not your relative, the relationship must not violate local law.

J oint Return Test. If the person is married, he or she cannot file a joint return. But the person can file a joint return if the return is filed only as a claim for refund and no tax liability would exist for either spouse if they had filed separate returns.

Citizen or Resident Test. The person must be a U.S. citizen or resident alien, or a resident of Canada or Mexico. There is an exception for certain adopted children. To find out who is a resident alien, use TeleTax topic 851 (see page 9) or see Pub. 519.

Income Test. The person's gross income must be less than $\$ 2,700$. But your child's gross income can be $\$ 2,700$ or more if he or she was either under age 19 at the end of 1998 or under age 24 at the end of 1998 and was a student.

Support Test. You must have provided over half of the person's total support in 1998. But there are two exceptions to this test: one for children of divorced or separated parents and one for persons supported by two or more taxpayers.

For more details about the tests, including any exceptions that apply, see Pub. 501.

## Line 6c, Column (2)

You must enter each dependent's social security number (SSN). If you do not enter the correct SSN, at the time we process your return, we may disallow the exemption claimed for the dependent and reduce or disallow any other tax benefits (such as the child tax credit and the earned income credit) based on the dependent.

(b)For details on how your dependent can get an SSN, see page 18. If your dependent will not have an SSN by April 15, 1999, see What if You Cannot File on Time? on page 14.

If your dependent child was born and died in 1998 and you do not have an SSN for the child, you may attach a copy of the child's birth certificate instead and enter "DIED" in column (2).

## Adoption Taxpayer Identification

Numbers (ATINs). If you have a dependent who was placed with you by an authorized placement agency and you do not know his or her SSN, you must get an ATIN for the dependent from the IRS. See Form W-7A for details.

## Line $\mathbf{6 c}$, Column (4)

Check the box in this column if your dependent is a qualifying child for the child tax credit (defined below). If you have at least one qualifying child, you may be able to take the child tax credit on line 43.

## Qualifying Child for Child Tax Credit.

A qualifying child for purposes of the child tax credit is a child who:

- Is claimed as your dependent on line 6 c , and
- Was under age 17 at the end of 1998, and
- Is your son, daughter, adopted child, grandchild, stepchild, or foster child, and
- Is a United States citizen or resident alien.

Note: The above requirements are not the same as the requirements to be a qualifying child for the earned income credit.

A child placed with you by an authorized placement agency for legal adoption is an adopted child even if the adoption is not final.
A grandchild is any descendant of your son, daughter, or adopted child and includes your great-grandchild, great-great-grandchild, etc.
A foster child is any child you cared for as your own child and who lived with you for all of 1998. A child who was born or died in 1998 is considered to have lived with you for all of 1998 if your home was the child's home for the entire time he or she was alive during 1998.

## Children Who Did Not Live With You Due to Divorce or Separation

If you are claiming a child who did not live with you under the rules in Pub. 501 for children of divorced or separated parents, attach Form 8332 or similar statement to your return. But see Exception below. If your divorce decree or separation agreement went into effect after 1984 and it states you can claim the child as your dependent without regard to any condition, such as payment of support, you may attach a copy of the following pages from the decree or agreement instead.

1. Cover page (put the other parent's SSN on that page),
2. The page that states you can claim the child as your dependent, and
3. Signature page with the other parent's signature and date of agreement.

Note: You must attach the required information even if you filed it in an earlier year.

Exception. You do not have to attach Form 8332 or similar statement if your divorce decree or written separation agreement went into effect before 1985 and it states that you can claim the child as your dependent.

## Other Dependent Children

Include the total number of children who did not live with you for reasons other than divorce or separation on the line labeled "Dependents on 6c not entered above." Include dependent children who lived in Canada or Mexico during 1998.

## Income

## Foreign-Source Income

You must report unearned income, such as interest, dividends, and pensions, from sources outside the United States unless exempt by law or a tax treaty. You must also report earned income, such as wages and tips, from sources outside the United States.

If you worked abroad, you may be able to exclude part or all of your earned income. For details, see Pub. 54 and Form 2555 or 2555-EZ.

## Community Property States

Community property states are Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington, and Wisconsin. If you and your spouse lived in a community property state, you must usually follow state law to determine what is community income and what is separate income. For details, see Pub. 555.

## Rounding Off to Whole Dollars

To round off cents to the nearest whole dollar on your forms and schedules, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. If you do round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to enter on a line, include cents when adding and only round off the total.

## Line 7

## Wages, Salaries, Tips, etc.

Enter the total of your wages, salaries, tips, etc. If a joint return, also include your spouse's income. For most people, the amount to enter on this line should be shown in box 1 of their Forms W-2. But the following types of income must also be included in the total on line 7.

- Wages received as a household employee for which you did not receive a W-2 form because your employer paid you less than \$1,100 in 1998.
- Tip income you did not report to your employer. Also include allocated tips shown on your W-2 form(s) unless you can prove that you received less. Allocated tips should be shown in box 8 of your W-2 form(s). They are not included as income in box 1. See Pub. 531 for more details.

Caution: You may owe social security and Medicare tax on unreported or allocated tips. See the instructions for line 52 on page 35.

- Dependent care benefits, which should be shown in box 10 of your W-2 form(s). But first complete Form 2441 to see if you may exclude part or all of the benefits
- Employer-provided adoption benefits, which should be shown in box 13 of your W-2 form(s) with code T. But first complete Form 8839 to see if you may exclude part or all of the benefits.
- Scholarship and fellowship grants not reported on a W-2 form. Also, enter "SCH" and the amount on the dotted line next to line 7. Exception. If you were a degree candidate, include on line 7 only the amounts you used for expenses other than tuition and courserelated expenses. For example, amounts used for room, board, and travel must be reported on line 7 .
- Excess salary deferrals. The amount deferred should be shown in box 13 of your W-2 form and the "Deferred compensation" box in box 15 should be checked. If the total amount you (or your spouse if filing jointly) deferred for 1998 under all plans was more than $\$ 10,000$, include the excess on line 7. But a different limit may apply if amounts were deferred under a taxsheltered annuity plan or an eligible plan of a state or local government or taxexempt organization. See Pub. 575 for details.

Caution: You may not deduct the amount deferred. It is not included as income in box 1 of your W-2 form.

- Disability pensions shown on Form 1099-R if you have not reached the minimum retirement age set by your employer. Disability pensions received after you reach that age and other pensions shown on Form 1099-R (other than payments from an IRA*) are reported on lines 16a and 16b.
- Corrective distributions shown on Form 1099-R of (1) excess salary deferrals and (2) excess contributions to a retirement plan. But do not include distributions from an IRA* on line 7. Instead, report them on lines 15a and 15b. *This includes a Roth, SEP, SIMPLE, or education IRA.

## Were You a Statutory Employee?

If you were, the "statutory employee" box in box 15 of your W-2 form should be checked. Statutory employees include full-time life insurance salespeople, certain agent or commission drivers and traveling salespeople, and certain homeworkers. If you have related business expenses to deduct, report the amount shown in box 1 of your W-2 form on Schedule C or C-EZ along with your expenses.

## Missing or Incorrect Form W-2?

If you do not get a $W$ - 2 form from your employer by February 1, 1999, use TeleTax topic 154 (see page 9) to find out what to do. Even if you do not get a W-2, you must still report your earnings on line 7. If you lose your Form W-2 or it is incorrect, ask your employer for a new one.

## Line 8a

## Taxable Interest

Each payer should send you a Form 1099-INT or Form 1099-OID. Report all of your taxable interest income on line 8a. But you must fill in and attach Schedule B if the total is over $\$ 400$ or any of the other conditions listed at the beginning of the Schedule $B$ instructions (see page B-1) apply to you.

Interest credited in 1998 on deposits that you could not withdraw because of the bankruptcy or insolvency of the financial institution may not have to be included in your 1998 income. For details, see Pub. 550.
 If you get a 1998 Form 1099-INT for U.S. savings bond interest that includes amounts you reported before 1998, see Pub. 550.

## Line 8b

## Tax-Exempt Interest

If you received any tax-exempt interest, such as from municipal bonds, report it on line 8b. Include any exempt-interest dividends from a mutual fund or other regulated investment company. Do not include interest earned on your IRA.

## Line 9

## Ordinary Dividends

Each payer should send you a Form 1099-DIV. You must fill in and attach Schedule B if your total ordinary dividends are over $\$ 400$ or you received, as a nominee, dividends that actually belong to someone else. If you do not have to fill in Schedule $B$, include on line 9 only ordinary dividends.

## Capital Gain Distributions

If you received any capital gain distributions, report them on Schedule D, line 13.

## Nontaxable Distributions

Some distributions are nontaxable because they are a return of your cost. They will not be taxed until you recover your cost. You must reduce your cost (or other basis) by these distributions. After you get back all of your cost (or other basis), you must report these distributions as capital gains. For details, see Pub. 550.

©Dividends on insurance policies are a partial return of the premiums you paid. Do not report them as dividends. Include them in income only if they exceed the total of all net premiums you paid for the contract.

## Line 10

## Taxable Refunds, Credits, or Offsets of State and Local Income Taxes

bNone of your refund is taxable if, in the year you paid the tax, you did not itemize deductions.

If you received a refund, credit, or offset of state or local income taxes in 1998, you may receive a Form 1099-G. If you chose to apply part or all of the refund to your 1998 estimated state or local income tax, the amount applied is treated as received in 1998. If the refund was for a tax you paid in 1997 and you itemized deductions for 1997, use the worksheet on this page to see if any of your refund is taxable.

## Exceptions

See Recoveries in Pub. 525 instead of using the worksheet if any of the following applies:

- You received a refund in 1998 that is for a tax year other than 1997.
- You received a refund other than an income tax refund, such as a real property tax refund, in 1998 of an amount deducted or credit claimed in an earlier year.
- Your 1997 taxable income was less than zero.
- You made your last payment of 1997 estimated state or local income tax in 1998.
- You owed alternative minimum tax in 1997.
- You could not deduct the full amount of credits you were entitled to in 1997 because the total credits exceeded the tax shown on your 1997 Form 1040, line 39.
- You could be claimed as a dependent by someone else in 1997.

Also, see Tax Benefit Rule in Pub. 525 instead of using the worksheet if all three of the following apply.

1. You had to use the Itemized Deductions Worksheet in the 1997 Schedule A instructions because your 1997 adjusted gross income was over $\$ 121,200$ (over $\$ 60,600$ if married filing separately).
2. You could not deduct all of the amount on line 1 of the 1997 Itemized Deductions Worksheet.
3. The amount on line 8 of that 1997 worksheet would be more than the amount on line 4 of that worksheet if the amount on line 4 were reduced by $80 \%$ of the refund you received in 1998.

## State and Local Income Tax Refund Worksheet-Line 10 (keep for your records)

1. Enter the income tax refund from Form(s) 1099-G (or similar statement). But do not enter more than the amount on your 1997 Schedule A (Form 1040), line 5
2. Enter your total allowable itemized deductions from your 1997 Schedule A (Form 1040), line 28
Note: If the filing status on your 1997 Form 1040 was married filing separately and your spouse itemized deductions in 1997, skip lines 3,4 , and 5 and enter the amount from line 2 on line 6.
3. Enter on line 3 the amount shown below for the filing status claimed on your 1997 Form 1040:

- Single, enter $\$ 4,150$
- Married filing jointly or Qualifying widow(er), enter \$6,900
- Married filing separately, enter $\$ 3,450$
- Head of household, enter $\$ 6,050$

4.
5.
5. Add lines 3 and 4

## Line 11

## Alimony Received

Enter amounts received as alimony or separate maintenance. You must let the person who made the payments know your social security number. If you do not, you may have to pay a $\$ 50$ penalty. For more details, use TeleTax topic 406 (see page 9) or see Pub. 504.

Line 12

## Business Income or (Loss)

If you operated a business or practiced your profession as a sole proprietor, report your income and expenses on Schedule C or C-EZ.

## Line 13

## Capital Gain or (Loss)

If you had a capital gain or loss, including any capital gain distributions from a mutual fund, you must complete Schedule D.

## Line 14

## Other Gains or (Losses)

If you sold or exchanged assets used in a trade or business, see the instructions for Form 4797.

## Lines 15a and 15b

## IRA Distributions

You should receive a Form 1099-R showing the amount of the distribution from your individual retirement arrangement (IRA). Unless otherwise noted in the line $15 a$ and 15 b instructions, an IRA includes a traditional IRA, Roth IRA, education (Ed) IRA, simplified employee pension (SEP)IRA, and a savings incentive match plan for employees (SIMPLE) IRA. Leave line 15a blank and enter the total distribution on line 15b.

Exception. Do not enter your total IRA distribution on line 15b if any of the following applies.

1. You made nondeductible contributions to any of your traditional or SEP IRAs for 1998 or an earlier year. Instead, use Form 8606 to figure the amount to enter on line 15 b; enter the total distribution on line 15a. If you made nonde-
ductible contributions to these IRAs for 1998, also see Pub. 590.
2. You converted part or all of a traditional, SEP, or SIMPLE IRA to a Roth IRA. Instead, use Form 8606 to figure the amount to enter on line 15 b; enter the total distribution on line 15a.
3. You made an excess contribution in 1998 to your IRA and withdrew it during the period of J anuary 1, 1999, through April 15, 1999. Enter the total distribution on line 15a and the taxable part (the earnings) on line 15 b .
4. You received a distribution from an Ed or Roth IRA and the total distribution was not rolled over into another IRA of the same type. Instead, use Form 8606 to figure the amount to enter on line 15b; enter the total distribution on line 15a.
5. You rolled your IRA distribution over into another IRA of the same type (for example, from one traditional IRA to another traditional IRA). Enter the total distribution on line 15a and write "Rollover" next to line 15b. If the total on line 15a was rolled over, enter zero on line 15b. If the total was not rolled over, enter the part not rolled over on line 15b. But if 1 above also applies, use Form 8606 to figure the taxable part.

If you rolled over the distribution (a) in 1999 or (b) from a conduit IRA into a qualified plan, attach a statement explaining what you did.

Caution: You may have to pay an additional tax if (1) you received an early distribution from your IRA and the total distribution was not rolled over, or (2) you were born before July 1, 1927, and received less than the minimum required distribution. See the instructions for line 53 on page 35 for details.

## Lines 16a and 16b

## Pensions and Annuities

You should receive a Form 1099-R showing the amount of your pension and annuity payments. See page 24 for details on rollovers and lump-sum distributions. Do not include the following payments on lines 16a and 16b. Instead, report them on line 7.

- Disability pensions received before you reach the minimum retirement age set by your employer.
- Corrective distributions of excess salary deferrals or excess contributions to retirement plans.

0Attach Form 1099-R to Form 1040 if any Federal income tax was withheld.

## Fully Taxable Pensions and Annuities

If your pension or annuity is fully taxable, enter it on line 16b; do not make an entry on line 16a. Your payments are fully taxable if either of the following applies:

1. You did not contribute to the cost (see page 23) of your pension or annuity, or
2. You got your entire cost back tax free before 1998.
Fully taxable pensions and annuities also include military retirement pay shown on Form 1099-R. For details on military disability pensions, see Pub. 525. If you received a Form RRB-1099-R, see Pub. 575 to find out how to report your benefits.

## Partially Taxable Pensions and Annuities

If your pension or annuity is partially taxable and your Form 1099-R does not show the taxable part, you must use the General Rule to figure the taxable part. The General Rule is explained in Pub. 939. However, if your annuity starting date (defined below) was after J uly 1, 1986, you may be able to use the Simplified Method explained below. But if your annuity starting date was after November 18, 1996, and items 1, 2, and 3 under Simplified Method apply, you must use the Simplified Method to figure the taxable part.

You can ask the IRS to figure the taxable part for you for a $\$ 80$ fee. For details, see Pub. 939.
If your Form 1099-R shows a taxable amount, you may report that amount on line 16 b. But you may be able to report a lower taxable amount by using the General Rule or the Simplified Method.

Once you have figured the taxable part of your pension or annuity, enter that amount on line 16b and the total on line 16 a .

## Annuity Starting Date

Your annuity starting date is the later of the first day of the first period for which you received a payment, or the date the plan's obligations became fixed.

## Simplified Method

If your annuity starting date (defined above) was after J uly 1, 1986, and all three of the following apply, you can use this simpler method. But if your an-
nuity starting date was after November 18, 1996, and all three of the following apply, you must use the Simplified Method.

1. The payments are for (a) your life or (b) your life and that of your beneficiary.
2. The payments are from a qualified employee plan, a qualified employee annuity, or a tax-sheltered annuity.
3. At the time the pension or annuity payments began, either you were under age 75 or the number of years of guaranteed payments was fewer than 5 . See Pub. 575 for the definition of guaranteed payments.

If all three apply, use the worksheet on this page to figure the taxable part of your pension or annuity. For more details on the Simplified Method, see Pub. 575 or Pub. $\mathbf{7 2 1}$ for U.S. Civil Service retirement.

Caution: If you received U.S. Civil Service retirement benefits and you chose the lump-sum credit option, use the worksheet in Pub. 721. Do not use the worksheet on this page.

## Age (or Combined Ages) at Annuity Starting Date

If you are the retiree, use your age on the annuity starting date. If you are the survivor of a retiree, use the retiree's age on his or her annuity starting date. But if your annuity starting date was after 1997 and the payments are for your life and that of your beneficiary, use your combined ages on the annuity starting date.
If you are the beneficiary of an employee who died, see Pub. 575. If there is more than one beneficiary, see Pub. 575 or Pub. 721 to figure each beneficiary's taxable amount.

## Changing Methods

If your annuity starting date was after J uly 1, 1986, and before November 19, 1996, you may be able to change from the General Rule to the Simplified Method (or the other way around). For details, see Pub. 575 or Pub. 721.

## Cost

Your cost is generally your net investment in the plan as of the annuity starting date. It should be shown in box 9b of Form 1099-R for the first year you received payments from the plan.

Note: If you had more than one partially taxable pension or annuity, figure the taxable part of each separately. Enter the total of the taxable parts on Form 1040, line 16b. Enter the total pension or annuity payments received in 1998 on Form 1040, line 16a.

1. Enter the total pension or annuity payments received this year. Also, enter this amount on Form 1040, line 16a
2. Enter your cost in the plan at the
annuity starting date plus any death benefit exclusion (see the next page)
3. Enter the appropriate number from Table 1 below. But if your annuity starting date was after 1997 and the payments are for your life and that of your beneficiary, enter the appropriate number from Table $\mathbf{2}$ below
4. Divide line 2 by the number on line 3
5. Multiply line 4 by the number of months for which this year's payments were made. If your annuity starting date was before 1987, skip lines 6 and 7 and enter this amount on line 8. Otherwise, go to line 6
6. Enter the amount, if any, recovered tax free in years after 1986
7. Subtract line 6 from line 2
8. Enter the smaller of line 5 or line 7
9. Taxable amount. Subtract line 8 from line 1. Enter the result, but not less than zero. Also, enter this amount on Form 1040, line 16b. If your Form 1099-R shows a larger amount, use the amount on this line instead of the amount from Form 1099-R

Death Benefit Exclusion. If you are the beneficiary of a deceased employee or former employee who died before August 21, 1996, amounts paid to you by, or on behalf of, an employer because of the death of the employee may qualify for a death benefit exclusion of up to $\$ 5,000$. If you are entitled to this exclusion, add it to the amount you enter on line 2 of the worksheet on the previous page. Do this even if the Form 1099-R shows a taxable amount. The payer of the annuity cannot add the death benefit exclusion to your cost when figuring the taxable amount. Special rules apply if you are the survivor under a joint and survivor's annuity. For details, see Pub. 575.

## Rollovers

A rollover is a tax-free distribution of cash or other assets from one retirement plan that is contributed to another plan. Use lines 16a and 16 b to report a rollover, including a direct rollover, from one qualified employer's plan to another or to an IRA or SEP.

Enter on line 16a the total distribution before income tax or other deductions were withheld. This amount should be shown in box 1 of Form 1099-R. From the total on line 16a, subtract any contributions (usually shown in box 5) that were taxable to you when made. From that result, subtract the amount that was rolled over either directly or within 60 days of receiving the distribution. Enter the remaining amount, even if zero, on line 16b. Also, enter "Rollover" next to line 16b.

Special rules apply to partial rollovers of property. For more details on rollovers, including distributions under qualified domestic relations orders, see Pub. 575.

## Lump-Sum Distributions

If you received a lump-sum distribution from a profit-sharing or retirement plan, your Form 1099-R should have the "Total distribution" box in box 2b checked. You may owe an additional tax if you received an early distribution from a qualified retirement plan and the total amount was not rolled over. For details, see the instructions for line 53 on page 35.

Enter the total distribution on line 16a and the taxable part on line 16 b.

©You may be able to pay less tax on the distribution if you were at least age $591 / 2$ on the date of the distribution, you meet certain other conditions, and you choose to use Form 4972 to figure the
tax on any part of the distribution. You may also be able to use Form 4972 if you are the beneficiary of a deceased employee who was either age $591 / 2$ or older on the date of death or was born before 1936. For details, see Form 4972.

## Line 19

## Unemployment Compensation

You should receive a Form 1099-G showing the total unemployment compensation paid to you in 1998.

If you received an overpayment of unemployment compensation in 1998 and you repaid any of it in 1998, subtract the amount you repaid from the total amount you received. Enter the result on line 19. Also, enter "Repaid" and the amount you repaid on the dotted line next to line 19. If, in 1998, you repaid unemployment compensation that you included in gross income in an earlier year, you may deduct the amount repaid on Schedule A, line 22. But if you repaid more than $\$ 3,000$, see Repayments in Pub. 525 for details on how to report the repayment.

## Lines 20a and 20b

## Social Security Benefits

You should receive a Form SSA-1099 showing in box 3 the total social security benefits paid to you. Box 4 will show the amount of any benefits you repaid in 1998. If you received railroad retirement benefits treated as social security, you should receive a Form RRB-1099.

To find out if any of your benefits are taxable, you will first need to complete Form 1040, lines 21, 23, and 25 through 31a, and figure any amount to be entered on the dotted line next to line 32 . Then, complete the worksheet on the next page. However, do not use the worksheet if any of the following apply.

- You made contributions to a traditional IRA for 1998 and you were covered by a retirement plan at work or through self-employment. Instead, use the worksheets in Pub. 590 to see if any of your social security benefits are taxable and to figure your IRA deduction.
- You repaid any benefits in 1998 and your total repayments (box 4) were more than your total benefits for 1998 (box 3). None of your benefits are taxable for 1998. In addition, you may be able to take an itemized deduction for part of the excess repayments if they were for benefits you included in gross income
in an earlier year. For more details, see Pub. 915.
- You file Form 2555, 2555-EZ, 4563, or 8815, or you exclude employer-provided adoption benefits or income from sources within Puerto Rico. Instead, use the worksheet in Pub. 915.

## Line 21

## Other Income

Use this line to report any other income not reported on your return or other schedules. See examples below. List the type and amount of income. If necessary, show the required information on an attached statement. For more details, see Miscellaneous Taxable Income in Pub. 525.

(1)Do not report any nontaxable income on line 21 , such as child support; money or property that was inherited, willed to you, or received as a gift; or life insurance proceeds received because of a person's death.
Do not report on this line any income from self-employment or fees received as a notary public. Instead, you must use Schedule C, C-EZ, or F, even if you do not have any business expenses.

Examples of income to report on line 21 are:

- Prizes and awards.
- Gambling winnings, including lotteries, raffles, etc. For details on gambling losses, see the instructions for Schedule A, line 27, on page A-6.
- J ury duty fees. Also, see the instructions for line 32 on page 28.
- Alaska Permanent Fund dividends.
- Reimbursements or other amounts received for items deducted in an earlier year, such as medical expenses, real estate taxes, or home mortgage interest. See Recoveries in Pub. 525 for details on how to figure the amount to report.
- Income from the rental of personal property if you engaged in the rental for profit but were not in the business of renting such property. Also, see the instructions for line 32 on page 28.
- Income from an activity not engaged in for profit. See Pub. 535.
- Loss on certain corrective distributions of excess deferrals. See Pub. 575.

## IRA Deduction

©If you make any nondeductible contributions to a traditional IRA for 1998, you must report them on Form 8606.

If you made contributions to a traditional individual retirement arrangement (IRA) for 1998, you may be able to take an IRA deduction. But you must have had earned income to do so. For IRA purposes, earned income includes certain alimony received. See Pub. 590 for details. You should receive a statement by J une 1, 1999, that shows all contributions to your traditional IRA for 1998.
Use the worksheet on the next page to figure the amount, if any, of your IRA deduction. But read the following list before you fill in the worksheet.

- If you were age $701 / 2$ or older at the end of 1998, you cannot deduct any contributions made to your traditional IRA for 1998 or treat them as nondeductible contributions.
- You cannot deduct contributions to a Roth IRA or an education IRA.

Caution: If you made contributions to both a traditional IRA and a Roth IRA for 1998, do not use the worksheet on the next page. Instead, use the worksheet in Pub. 590 to figure the amount, if any, of your IRA deduction.

- You cannot deduct contributions to a 401(k) plan, SIMPLE plan, or the Federal Thrift Savings Plan. These amounts are not included as income in box 1 of your W-2 form.
- You will first need to complete Form 1040, lines 25 through 31a, and figure any amount to be entered on the dotted line next to line 32 .
- If you made contributions to your IRA in 1998 that you deducted for 1997, do not include them in the worksheet.
- If you received a distribution from a nonqualified deferred compensation plan or section 457 plan that is included in box 1 of your W-2 form, do not include that distribution on line 8 of the
worksheet. The distribution should be shown in box 11 of your W-2 form.
- You must file a joint return to deduct contributions to your spouse's IRA. Enter the total IRA deduction for you and your spouse on line 23.
- Do not include rollover contributions in figuring your deduction. Instead, see the instructions for lines 15a and 15b on page 22.
- Do not include trustee's fees that were billed separately and paid by you for your IRA. These fees can be deducted only as an itemized deduction on Schedule A.
- If the total of your IRA deduction on Form 1040 plus any nondeductible contribution to your traditional IRAs shown on Form 8606 is less than your total traditional IRA contributions for 1998, see Pub. 590 for special rules.

(1)By April 1 of the year after the year in which you turn age $701 / 2$, you must start taking minimum required distributions from your traditional IRA. If you do not, you may have to pay a $50 \%$ additional tax on the amount that should have been distributed. For details, including how to figure the minimum required distribution, see Pub. 590.

## Were You Covered by a Retirement Plan?

If you were covered by a retirement plan (qualified pension, profit-sharing (including 401(k)), annuity, Keogh, SEP, SIMPLE, etc.) at work or through selfemployment, your IRA deduction may be reduced or eliminated. But you can still make contributions to an IRA even if you cannot deduct them. In any case, the income earned on your IRA contributions is not taxed until it is paid to you.

The "Pension plan" box in box 15 of your W-2 form should be checked if you were covered by a plan at work even if you were not vested in the plan. You are also covered by a plan if you were selfemployed and had a Keogh, SEP, or SIMPLE retirement plan.

If you were covered by a retirement plan and you file Form 2555, 2555-EZ, or 8815, or you exclude employerprovided adoption benefits, see Pub. 590 to figure the amount, if any, of your IRA deduction.

Married Persons Filing Separately. If you were not covered by a retirement plan but your spouse was, you are considered covered by a plan unless you lived apart from your spouse for all of 1998.

## Line 24

## Student Loan Interest Deduction

You may take this deduction if all five of the following apply.

1. You paid interest in 1998 on a qualified student loan (see this page).
2. At least part of the interest paid in 1998 was paid during the first 60 months that payments were required to be made. See Example on this page.
3. Your filing status is any status except married filing separately.
4. Your modified adjusted gross income (AGI) is less than: $\$ 55,000$ if single, head of household, or qualifying widow (er); $\$ 75,000$ if married filing jointly. Most people can use lines 3 through 5 of the worksheet on this page to figure their modified AGI.
5. You are not claimed as a dependent on someone's (such as your parent's) 1998 tax return.

If all five apply, use the worksheet on this page to figure your deduction. But first you will need to complete Form 1040, lines 25 through 31a, and figure any amount to be entered on the dotted line next to line 32 .

Example. You took out a qualified student loan in 1991 while in college. You had 6 years to repay the loan and your first monthly payment was due July 1993, after you graduated. You made a payment every month as required. If you meet items 3 through 5 listed earlier, you may use only the interest you paid for J anuary through J une 1998 to figure your deduction. June is the end of the 60-month period (July 1993-J une 1998).

Qualified Student Loan. This is any loan you took out to pay the qualified higher education expenses for yourself, your spouse, or anyone who was your dependent when the loan was taken out. The person for whom the expenses
were paid must have been an eligible student (see the next page). However, a loan is not a qualified student loan if (1) any of the proceeds were used for other purposes or (2) the loan was from either a related person or a person who borrowed the proceeds under a qualified employer plan or a contract purchased under such a plan. To find out who is a related person, see Pub. 970.
Qualified higher education expenses generally include tuition, fees, room and board, and related expenses such as books and supplies. The expenses must be for education in a degree, certificate, or similar program at an eligible educational institution. An eligible educational institution includes most colleges, universities, and certain vocational schools. You must reduce the expenses by the following nontaxable benefits:

- Employer-provided educational assistance benefits that are not included in box 1 of your W-2 form(s).

The insurance plan must be established under your business. But if you were also eligible to participate in any subsidized health plan maintained by your or your spouse's employer for any month or part of a month in 1998, amounts paid for health insurance coverage for that month cannot be used to figure the deduction. ## Tax

Use one of the following methods to figure your tax. Also include in the total on line 40 any tax from Form 4972 or Form 8814. Be sure to check the appropriate box.

## Tax Table or Tax Rate Schedules

You must use the Tax Table or Tax Rate Schedules to figure your tax unless you are required to use Form 8615 or Schedule D, or you use Schedule J (for farm income). If your taxable income is less than \$100,000, you must use the Tax Table, which starts on page 52. Be sure you use the correct column. If your taxable income is $\$ 100,000$ or more, use the Tax Rate Schedules on page 64.

## Schedule D

If you had a net capital gain on Schedule D (both lines 16 and 17 of Schedule D are gains) and the amount on Form 1040, line 39, is more than zero, use Part IV of Schedule D to figure your tax.

## Form 8615

Form 8615 must generally be used to figure the tax for any child who was under age 14 on J anuary 1, 1999, and who had more than $\$ 1,400$ of investment income, such as taxable interest or dividends. But if neither of the child's parents was alive on December 31, 1998, do not use Form 8615 to figure the child's tax.

## Schedule J

If you had income from farming, your tax may be less if you choose to figure it using income averaging on Schedule J.

## Line 41

## Credit for Child and Dependent Care Expenses

You may be able to take this credit if you paid someone to care for your child under age 13 or your dependent or spouse who could not care for himself or herself. For details, use TeleTax topic 602 (see page 9) or see Form 2441.

## Line 42

## Credit for the Elderly or the Disabled

You may be able to take this credit if by the end of 1998 (1) you were age 65 or older, or (2) you retired on permanent and total disability and you had taxable disability income. But you usually cannot take the credit if the amount on Form 1040, line 34 , is $\$ 17,500$ or more ( $\$ 20,000$ if married filing jointly and only one spouse is eligible for the credit; $\$ 25,000$ if married filing jointly and both spouses are eligible; $\$ 12,500$ if married filing separately). See Schedule R.

## Line 43

## Child Tax Credit

This credit is in addition to the child and dependent care credit and the earned income credit that you may be able to claim.

## What Is the Child Tax Credit?

The child tax credit is a credit for people who have a qualifying child; it reduces tax people owe. The credit can be as much as $\$ 400$ for each qualifying child.

Note: If the amount on Form 1040, line 40, is zero, you cannot take this credit because there is no tax to reduce. But if you have three or more qualifying children, you may be able to take the additional child tax credit on Form 1040, line 60. To find out if you can, you will need to complete the Child Tax Credit Worksheet on page 32 even though you cannot take the credit.

## How Do You Figure the Credit?

Use the Child Tax Credit Worksheet on page 32 to figure the amount of your credit. If you are going to claim an education credit on Form 1040, line 44, you need to know the amount of that credit to figure your child tax credit. Complete Form 8863 and enter your education credit(s) on Form 1040, line 44.

You may also need to know the following information.

Modified adjusted gross income is the amount from Form 1040, line 34, increased by the total of any:

- Exclusion of income from Puerto Rico, and
- Amount from Form 2555, lines 43 and 48; Form 2555-EZ, line 18; and Form 4563, line 15.

## Who Is a Qualifying Child?

A qualifying child is a child who:

- Is claimed as your dependent on Form 1040, line 6c, and
- Was under age 17 at the end of 1998, and
- Is your son, daughter, adopted child, grandchild, stepchild, or foster child, and
- Is a United States citizen or resident alien.

Note: The above requirements are not the same as the requirements to be a qualifying child for the earned income credit.
A child placed with you by an authorized placement agency for legal adoption is an adopted child even if the adoption is not final.

A grandchild is any descendant of your son, daughter, or adopted child and includes your great-grandchild, great-great-grandchild, etc.

A foster child is any child you cared for as your own child and who lived with you for all of 1998. A child who was born or died in 1998 is considered to have lived with you for all of 1998 if your home was the child's home for the entire time he or she was alive in 1998.

To find out who is a resident alien, use TeleTax topic 851 (see page 9) or see Pub. 519.

Caution: Make sure you checked the box in column (4) of line $6 c$ for each qualifying child.

## Federal Income Tax Withheld

Add the amounts shown as Federal income tax withheld on your Forms $\mathbf{W - 2 , W - 2 G}$, and 1099-R. Enter the total on line 57. The amount withheld should be shown in box 2 of Form W-2 or W-2G, and in box 4 of Form 1099-R. If line 57 includes amounts withheld as shown on Form 1099-R, attach the Form 1099-R.

If you received a 1998 Form 1099 showing Federal income tax withheld on dividends, interest income, unemployment compensation, or other income you received, include the amount with-
held in the total on line 57. This should be shown in box 4 of the 1099 form.

## Line 58

## 1998 Estimated Tax Payments

Enter any payments you made on your estimated Federal income tax (Form 1040-ES) for 1998. Include any overpayment from your 1997 return that you applied to your 1998 estimated tax.

If you and your spouse paid joint estimated tax but are now filing separate income tax returns, either of you can claim all of the amount paid. Or you can each claim part of it. See Pub. 505 for details on how to report your payments. Be sure to show both social security numbers (SSNs) in the space provided on the separate returns. If you or your spouse paid separate estimated tax but you are now filing a joint return, add the amounts you each paid. Follow these instructions even if your spouse died in 1998 or in 1999 before filing a 1998 return.

## Divorced Taxpayers

If you got divorced in 1998 and you made joint estimated tax payments with your former spouse, enter your former spouse's SSN in the space provided on the front of Form 1040. If you were divorced and remarried in 1998, enter your present spouse's SSN in the space provided on the front of Form 1040. Also, under the heading "Payments" to the left of line 58, enter your former spouse's SSN, followed by "DIV."

## Name Change

If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, attach a statement to the front of Form 1040. On the statement, explain all the payments you and your spouse made in 1998 and the name(s) and SSN(s) under which you made them.

## Lines 59a and 59b

## Earned Income Credit (EIC)

The EIC reduces tax you owe and may give you a refund even if you do not owe any tax. The credit can be as much as-

- \$341 if you do not have a qualifying child (defined on this page),
- $\$ 2,271$ if you have one qualifying child, or
- $\$ 3,756$ if you have more than one qualifying child.

## Who Can Take the EIC

Answer the questions on the next page to see if you can take this credit. But you cannot take the credit if any of the following apply.

- Your filing status is married filing separately.
- You are filing Form 2555 or 2555-EZ, relating to foreign earned income.
- You were a nonresident alien for any part of 1998 and your filing status is any status except married filing jointly.
- You, or your spouse if filing a joint return, (1) were the qualifying child of another person in 1998, or (2) do not have a social security number (defined below). If you cannot take the credit for either of these reasons, enter "No" directly to the right of line 59a.

Caution: If it is determined that you are not entitled to the earned income credit due to reckless or intentional disregard of the rules, you cannot claim the credit for the next 2 years. If you fraudulently claimed the credit, you cannot claim it for the next 10 years. If your 1997 earned income credit was disallowed as the result of deficiency procedures, you must complete and attach Form 8862 to claim the credit this year.

Social Security Number (SSN). For purposes of the EIC, an SSN means a number issued by the Social Security Administration to a U.S. citizen or to a person who has permission from the Immigration and Naturalization Service to work in the United States.

## Qualifying Child

A qualifying child is a child who:

1. Is your son, daughter, adopted child, grandchild, stepchild, or foster child, and
2. Was (at the end of 1998)-

- under age 19,
- under age 24 and a student (see this page), or
- any age and permanently and totally disabled (see this page), and

3. Lived with you in the United States for more than half of 1998 (for all of 1998 if a foster child). If the child did not live with you for the required time, see the Exception on this page.
Caution: The child must have an SSN (defined earlier) unless the child was born and died in 1998.

A child does not always have to be your dependent to qualify. But if the child was married or is also a qualifying child of another person (other than your spouse if filing a joint return), special rules apply. See Married Child and Qualifying Child of More Than One Person on the next page.

Example. You are divorced and have a 7 -year-old son. Although you had custody of your son, he is claimed as a dependent on his other parent's 1998 tax return. Your son is your qualifying child because he meets each of the three requirements listed earlier. Your son is not a qualifying child of his other parent because he did not live with the other parent for more than half of 1998 and the Exception does not apply.
The following explains some of the terms used earlier.

- A foster child is any child you cared for as your own child. For example, if you acted as the parent of your niece or nephew, this child is considered your foster child.
- A child placed with you by an authorized placement agency for legal adoption is an adopted child even if the adoption is not final.
- A grandchild is any descendant of your son, daughter, or adopted child. For example, a grandchild includes your great-grandchild, great-great-grandchild, etc.
- A student is a child who during any 5 months of 1998-

1. Was enrolled as a full-time student at a school, or
2. Took a full-time, on-farm training course. The course had to be given by a school or a state, county, or local government agency.

A school includes technical, trade, and mechanical schools. It does not include on-the-job training courses, correspondence schools, or night schools.

- A child is permanently and totally disabled if both of the following apply.

1. He or she cannot engage in any substantial gainful activity because of a physical or mental condition.
2. A doctor determines the condition has lasted or can be expected to last continuously for at least a year or can lead to death.

Exception. The child, including a foster child, is considered to have lived with you for all of 1998 if both of the following apply.

1. The child was born or died in 1998.
2. Your home was the child's home for the entire time he or she was alive during 1998.

Temporary absences, such as for school, vacation, or medical care, count as time lived at home.

## Married Child

If your child was married at the end of 1998, that child is a qualifying child only if you can claim him or her as your dependent on Form 1040, line 6c. But if this child's other parent claimed him or her as a dependent under the rules in Pub. 501 for children of divorced or separated parents, this child is your qualifying child.

## Qualifying Child of More Than One Person

If a child meets the conditions to be a qualifying child of more than one person, only the person who had the highest modified AGI (adjusted gross income) for 1998 may treat that child as a qualifying child. The other person(s) cannot claim the credit for people who do not have a qualifying child. If the other person is your spouse and you are filing a joint return, this rule does not apply. If you cannot take the credit because of this rule, enter "No" directly to the right of line 59a.

Example. You and your 5-year-old daughter moved in with your mother in April 1998. You are not a qualifying child of your mother. Your daughter meets the conditions to be a qualifying child for both you and your mother. Your modified AGI for 1998 was $\$ 8,000$ and your mother's was $\$ 14,000$. Because your mother's modified AGI was higher, your daughter is your mother's qualifying child. You cannot take any EIC, even if your mother does not claim the credit.

## Investment Income

For most people, investment income is the total of the amounts on Form 1040, lines $8 \mathrm{a}, 8 \mathrm{~b}, 9$, and, if more than zero, line 13. But if you are filing Schedule E, you may have to include amounts reported on that schedule. See Pub. 596 for details. Also see Pub. 596 to figure your investment income if you are reporting income from the rental of personal property on Form 1040, line 21.

## Questions To See If You Can Take the Earned Income Credit

$\square$ No. Stop. You cannot take the credit.Yes. Go to question 6.
6. Were you (or your spouse if filing a joint return) at least age 25 but under age 65 at the end of 1998?

Caution: Make sure you include all required amounts when figuring your investment income. If you do not and that income is more than $\$ 2,300$, at the time we process your return, we may disallow the credit.

## Modified AGI (Adjusted Gross Income)

Modified AGI is the total of the amounts on Form 1040, lines 8b and 33, increased by the amount of (1) any loss claimed on Form 1040, line 13, (2) threefourths of any losses on Form 1040, lines 12 and 18, and (3) any nontaxable distributions from a pension, annuity, or individual retirement arrangement (IRA). But modified AGI does not include any distribution that is not taxable because it (a) was a trustee-to-trustee transfer or (b) was rolled over into a similar type of plan during the period allowed for rollovers. If you converted part or all of a traditional, SEP, or SIMPLE IRA to a Roth IRA, see Pub. 596 to figure your modified AGI. Also see Pub. 596 to figure your modified AGI if you are filing Schedule E or you are claiming a loss from the rental of personal property not used in a trade or business.

## Taxable Earned Income

This usually is the amount reported on Form 1040, line 7, plus your earnings from self-employment. (Use the worksheet on page 39 to figure your earnings from self-employment.) But if line 7 of Form 1040 includes any of the following amounts, subtract them from the total on line 7. The result plus your earnings from self-employment is your taxable earned income for purposes of the EIC.

- A taxable scholarship or fellowship grant that was not reported on a W-2 form.
- An amount paid to an inmate in a penal institution. Enter "PRI" and the amount subtracted on the dotted line next to line 7 of Form 1040.
- Workfare payments. These are cash payments certain families receive from a state or local agency that administers public assistance programs funded under the Federal Temporary Assistance for Needy Families program in return for (1) work experience activities (including work associated with remodeling or repairing publicly assisted housing) if sufficient private sector employment is not available, or (2) community service program activities. Enter "WP" and the amount subtracted on the dotted line next to line 7 of Form 1040.

Also, see Special Rules if Form 1040, line 7, includes workfare payments or any amount paid to an inmate in a penal institution.

## AND

If you had any nontaxable earned income (see line 4 above), enter the amount and type of that income in the spaces provided on line 59b.

## AND

Complete Schedule EIC and attach it to your return ONLY if you have a qualifying child.
Note: If you owe the alternative minimum tax (Form 1040, line 51), subtract it from the amount on line 10 above. Then, enter the result (if more than zero) on Form 1040, line 59a. Also, replace the amount on line 10 above with the amount entered on Form 1040, line 59a.

Also, if line 7 of Form 1040 includes any amount paid to a household employee who did not receive a W-2 form, see Special Rules on this page.

Caution: If you include self-employment income in your earned income for purposes of figuring the credit, but you have not paid the self-employment tax on that income, we may reduce your credit by the amount of the self-employment tax not paid.

## Nontaxable Earned Income

Caution: Be sure to include all your nontaxable earned income on line 59b of Form 1040.
Certain earned income is not taxable, but it must be included to see if you can take the earned income credit. It is also used to figure the credit. Nontaxable earned income includes anything of value (money, goods, or services) that is not taxable that you received from your employer for your work. But it does not include workfare payments (defined on page 38). Some examples of nontaxable earned income are listed below.

- Basic quarters and subsistence allowances, the value of in-kind quarters and subsistence, and combat zone excluded pay received from the U.S. military. These amounts should be shown in box 13 of your W-2 form with code Q.
- Housing allowances or rental value of a parsonage for clergy members. But if you are filing Schedule SE, see Clergy on this page.
- Meals and lodging provided for the convenience of your employer.
- Salary deferrals. If you chose to have your employer contribute part of your pay to certain retirement plans (such as a $401(\mathrm{k})$ plan, or the Federal Thrift Savings Plan) instead of having it paid to you, the "Deferred compensation" box in box 15 of your W-2 form should be checked. The amount deferred should be shown in box 13 of your W-2 form.
- Excludable dependent care benefits from Form 2441, line 18.
- Excludable employer-provided adoption benefits from Form 8839, line 29.
- Salary reductions, such as under a cafeteria plan, unless they are included in box 1 of your W-2 form(s). For details, see Pub. 596.

Nontaxable earned income does not include welfare benefits, such as those listed below.

## Effect on Certain Welfare Benefits

Any refund you receive as a result of claiming the EIC will not be used to determine if you are eligible for the following programs, or how much you can receive from them.

- Temporary Assistance for Needy Families (formerly Aid to Families With Dependent Children (AFDC)).
- Medicaid and supplemental security income (SSI).
- Food stamps and low-income housing.

## Special Rules

## Members of the Military

If you were on extended active duty outside the United States, your home is considered to be in the United States during that duty period. See Pub. 596 for the definition of extended active duty.

To find your credit: First, read down the "At least - But less than" columns and find the line that includes the amount you entered on line 6 or line 8 of the Earned Income Credit Worksheet on page 38. Next, read across to the column that includes the number of qualifying children you have. Then, enter the credit from that column on line 7 or line 9 of that worksheet, whichever applies.

## Clergy

If you are filing Schedule SE and the amount on line 2 of that schedule includes an amount that was also reported on Form 1040, line 7, follow these special rules. First, enter "Clergy" directly to the right of line 59a. If you received a housing allowance or were provided housing, do not include the allowance or rental value of the parsonage as nontaxable earned income on line 4 of the worksheet on page 38 (or on line 59b of Form 1040) if it is required to be included on Schedule SE, line 2.

Then, if you are figuring the earned income credit yourself, determine how much of the income reported on Form 1040, line 7, was also reported on Schedule SE, line 2. Next, subtract that income from the amount on Form 1040, line 7. Then, enter only the result on line 1 of the worksheet on page 38. Last, be sure to complete the worksheet on page 39.

## Household Employees

If you were a household employee who did not receive a W -2 form because your employer paid you less than $\$ 1,100$ in 1998, be sure to include the amount you were paid on Form 1040, line 7. Enter "HSH" and the amount not reported on a W-2 form on the dotted line next to line 7.

## Workfare Payments

These are not earned income for purposes of the EIC. If the total on Form 1040, line 7 , includes such income, subtract that income from the amount on line 7. Enter the result on line 1 of the worksheet on page 38. Also, enter "WP" and the amount subtracted on the dotted line next to line 7 of Form 1040.

## Inmates

Amounts paid to inmates in penal institutions for their work are not earned income for purposes of the EIC. If the total on Form 1040, line 7, includes such income, subtract that income from the amount on line 7. Enter the result on line 1 of the worksheet on page 38. Also, enter "PRI" and the amount subtracted on the dotted line next to line 7 .

## Line 60

## Additional Child Tax Credit

You may be able to take this credit if both $\mathbf{1}$ and $\mathbf{2}$ below apply.

1. The amount on line 1 of the Child Tax Credit Worksheet on page 32 is more than $\$ 800$.
2. The amount on line 7 of the Child Tax Credit Worksheet is more than the amount on line 11 of that worksheet.
The additional child tax credit may give you a refund even if you do not owe any tax. Use Form 8812 to figure the credit.

## Line 61

## Amount Paid With Form 4868 (Request for Extension)

If you filed Form 4868 to get an automatic extension of time to file Form 1040, enter the amount, if any, you paid with that form. Also, include any amounts paid with Form 2688 or $\mathbf{2 3 5 0}$.

## Line 62

## Excess Social Security and RRTA Tax Withheld

If you had more than one employer for 1998 and your total wages were over $\$ 68,400$, too much social security tax may have been withheld. You can take a credit on this line for the amount withheld in excess of $\$ 4,240.80$. But if any one employer withheld more than $\$ 4,240.80$, you must ask that employer to refund the excess to you. You cannot claim it on your return.
If you had more than one railroad employer for 1998 and your total compensation was over $\$ 50,700$, too much railroad retirement (RRTA) tax may have been withheld.

For more details, see Pub. 505.

## Line 63

## Other Payments

Check the box(es) on line 63 to report any credit from Form 2439 or 4136.

## Refund

## Line 65

## Amount Overpaid

If line 65 is under $\$ 1$, we will send a refund only on written request. If you want to check on the status of your refund, please wait at least 4 weeks after you file your return to do so. See page 9 for details.

If the amount you overpaid is large, you may want to decrease the amount of income tax withheld from your pay. See Income Tax Withholding and Estimated Tax Payments for 1999 on page 46.

## Refund Offset

If you have not paid child support or certain Federal nontax debts, such as student loans, all or part of the overpayment on line 65 may be used (offset) to pay the past-due amount. To find out if you may have an offset, contact the agency(ies) you owe the debt to. Do not call the IRS because offsets are now made by the Treasury Department's Financial Management Service (FMS) and the IRS will no longer have nontax debt information. If there is an offset, you will receive a notice from FMS showing the amount of the offset and the agency receiving it.

## Injured Spouse Claim

If you file a joint return and your spouse has not paid tax, child support, or a Federal nontax debt, such as a student loan, part or all of the overpayment on line 65 may be used (offset) to pay the past due amount. But your part of the overpayment may be refunded to you after the offset occurs if certain conditions apply and you complete and attach Form 8379. For details, use TeleTax topic 203 (see page 9) or see Form 8379.

## Sample Check

Note: The routing and account numbers may be in different places on your check.

## Lines 66b Through 66d

## Direct Deposit of Refund

Complete lines 66b through 66d if you want us to directly deposit the amount shown on line 66a into your account at a bank or other financial institution (such as a mutual fund, brokerage firm, or credit union) instead of sending you a check.

## Why Use Direct Deposit?

- You get your refund fast-even faster if you e-file.
- Payment is more secure-there is no check to get lost.
- More convenient. No trip to the bank to deposit your check.
- Saves tax dollars. A refund by direct deposit costs less than a check.

©You can check with your financial institution to make sure your deposit will be accepted and get the correct routing and account numbers.

## Line 66b

The routing number must be nine digits. If the first two digits are not 01 through 12 or 21 through 32, the direct deposit will be rejected and a check sent instead. On the sample check, the routing number is 250250025.

Your check may state that it is payable through a bank different from the financial institution at which you have your checking account. If so, do not use the routing number on that check. Instead, contact your financial institution for the correct routing number to enter on this line.

## Line 66d

The account number can be up to 17 characters (both numbers and letters). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave any unused boxes blank. On the sample check, the account number is 20202086. Be sure not to include the check number.

Caution: Some financial institutions will not allow a joint refund to be deposited into an individual account. The IRS is not responsible if a financial institution refuses a direct deposit.

## Line 67

## Applied to 1999 Estimated Tax

Enter on line 67 the amount, if any, of the overpayment on line 65 you want applied to your 1999 estimated tax. We will apply this amount to your account unless you attach a statement requesting us to apply it to your spouse's account. Include your spouse's social security number. This election to apply part or all of the amount overpaid to your 1999 estimated tax cannot be changed later.

## Amount You Owe

## Line 68

## Amount You Owe

[^2]Include any estimated tax penalty from line 69 in the amount you enter on line 68.

Make your check or money order payable to the "United States Treasury" for the full amount due. Do not send cash. Write "1998 Form 1040" and your name, address, daytime phone number, and social security number (SSN) on your payment. If you are filing a joint return, enter the SSN shown first on your tax return.
Then, please complete Form 1040-V following the instructions on that form and enclose it in the envelope with your payment.

[10If you are filing a joint return, make sure that the names and SSNs on Form 1040-V are shown in the same order as they appear on Form 1040, to ensure that your payment is processed correctly.
Do not include any estimated tax payment in your check or money order. Mail any estimated tax payment in an envelope separate from the one you use to pay the tax due on Form 1040.

You may need to (a) increase the amount of income tax withheld from your pay or (b) make estimated tax payments for 1999. See Income Tax Withholding and Estimated Tax Payments for 1999 on page 46.

## Installment Payments

If you cannot pay the full amount shown on line 68 when you file, you may ask to make monthly installment payments. However, you will be charged interest and may be charged a late payment penalty on the tax not paid by April 15, 1999, even if your request to pay in installments is granted. You must also pay a fee. To limit the interest and penalty charges, pay as much of the tax as possible when you file. But before requesting an installment agreement, you should consider other less costly alternatives, such as a bank loan.
To ask for an installment agreement, use Form 9465. You should receive a response to your request for installments within 30 days. But if you file your return after March 31, it may take us longer to reply.

## Line 69

## Estimated Tax Penalty

Caution: Beginning in 1998, you must include household employment taxes reported on line 55 to see if you owe the penalty if line 57 is more than zero or you would owe the penalty even if you did not include those taxes. But if you entered an amount on Schedule H, line 7, include the total of that amount plus the amount on Form 1040, line 55.

You may owe this penalty if:

- Line 68 is at least $\$ 1,000$ and it is more than $10 \%$ of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

For most people, the "tax shown on your return" is the amount on line 56 minus the total of any amounts shown on lines 59a and 60 and Forms 8828, 4137, 4136, and 5329 (P arts III, IV, V, VI and VII only).

## Exceptions to the Penalty

You will not owe the penalty if your 1997 tax return was for a tax year of 12 full months AND either of the following applies:

1. You had no tax liability for 1997 and you were a U.S. citizen or resident for all of 1997, or
2. The total of lines 57,58 , and 62 on your 1998 return is at least as much as the tax liability shown on your 1997 return. Your estimated tax payments for 1998 must have been made on time and for the required amount.

## Figuring the Penalty

If the Exceptions above do not apply and you choose to figure the penalty yourself, see Form 2210 (or 2210-F for farmers and fishermen) to find out if you owe the penalty. If so, you can use the form to figure the amount. In certain situations, you may be able to lower your penalty. For details, see the Instructions for Form 2210 (or 2210-F). Enter the penalty on Form 1040, line 69. Add the penalty to any tax due and enter the total on line 68. If you are due a refund, subtract the penalty from the overpayment you show on line 65. Do not file Form 2210 with your return unless Form 2210 indicates that you must do so. Instead, keep it for your records.

Because Form 2210 is complicated, if you want to, you can leave line 69 blank and the IRS will figure the penalty and send you a bill. We will not charge you interest on the penalty if you pay by the date specified on the bill.

## Sign Your Return

Form 1040 is not considered a valid return unless you sign it. If you are filing a joint return, your spouse must also sign. If you have someone prepare your return, you are still responsible for the correctness of the return. If you are filing a joint return as a surviving spouse, see Death of a Taxpayer on page 46.

## Child's Return

If your child cannot sign the return, either parent may sign the child's name in the space provided. Then, add "By (your signature), parent for minor child."

## Daytime Phone Number

Providing your daytime phone number may help speed the processing of your return if we have a question that can be answered over the phone. However, you do not have to enter your number. If you are filing a joint return, you may enter either your or your spouse's daytime phone number.

## Paid Preparers Must Sign Your Return

Generally, anyone you pay to prepare your return must sign it by hand in the space provided. Signature stamps or labels cannot be used. The preparer must give you a copy of the return for your records. Someone who prepares your return but does not charge you should not sign your return.

## Assemble Your Return

Assemble any schedules and forms behind Form 1040 in order of the "Attachment Sequence No." shown in the upper right corner of the schedule or form. Put any forms without an attachment sequence number next. If you have supporting statements, arrange them in the same order as the forms or schedules they support and attach
them last. Do not attach correspondence or other items unless required to do so. Attach the first copy or Copy B of Form(s) W-2 to the front of Form 1040.

## How To Avoid Common Mistakes

Mistakes may delay your refund or result in notices being sent to you.

1. Be sure to enter your social security number (SSN) in the space provided on page 1 of Form 1040. If you are married filing a joint or separate return, also enter your spouse's SSN. Be sure to enter your SSN in the space next to your name.
2. Make sure you entered the correct SSN for each dependent you claim on line 6 c .
3. Check your math, especially for the earned income credit, taxable social security benefits, deduction for exemptions, taxable income, total income, total tax, Federal income tax withheld, and refund or amount you owe.
4. Remember to sign and date Form 1040 and enter your occupation.
5. Make sure your name and address are correct on the peel-off label. If not, enter the correct information.
6. If you are taking the standard deduction and you checked any box on line 35a or you (or your spouse if filing jointly) can be claimed as a dependent on someone's return, see page 30 to be sure you entered the correct amount on line 36.
7. If you (or your spouse if you check the box on line 6b) were age 65 or older or blind, be sure you checked the appropriate boxes on line 35a.
8. If you are married filing jointly and did not get a peel-off label, enter your and your spouse's name in the same order as shown on your last return.
9. Attach your $\mathrm{W}-2$ form(s) and other required forms and schedules. Put all forms and schedules in the proper order. See Assemble Your Return on this page.
10. If you owe tax, be sure to include all the required information on your payment. See the instructions for line 68 on page 44 for details.

## General Information

## What Are Your <br> Rights as a <br> Taxpayer?

You have the right to be treated fairly, professionally, promptly, and courteously by IRS employees. Our goal at the IRS is to protect your rights so that you will have the highest confidence in the integrity, efficiency, and fairness of our tax system. To ensure that you always receive such treatment, you should know about the many rights you have at each step of the tax process. For details, see Pub. 1.

## Innocent Spouse <br> Relief

You may qualify for relief from liability for tax on a joint return if (1) there is an understatement of tax because your spouse omitted income or claimed false deductions or credits, (2) you are divorced, separated, or no longer living with your spouse, or (3) given all the facts and circumstances, it would be unfair to hold you liable for the tax. See Form 8857 or Pub. 971 for more details.

## Income Tax <br> Withholding and Estimated Tax Payments for 1999

If the amount you owe or the amount you overpaid is large, you may want to file a new Form W-4 with your employer to change the amount of income tax withheld from your 1999 pay. In general, you do not have to make estimated tax payments if you expect that your 1999 Form 1040 will show a tax refund or a tax balance due the IRS of less than $\$ 1,000$. If your total estimated tax (including any household employment taxes or alternative minimum tax) for 1999 is $\$ 1,000$ or more, see Form 1040-ES. It has a worksheet you can use to see if you have to make estimated tax payments. For more details, see Pub. 505.

> Do Both the Name and SSN on Your Tax Forms Agree With Your Social Security Card?

If not, your refund may be delayed or you may not receive credit for your social security earnings. If your Form W-2, Form 1099, or other tax document shows an incorrect SSN or name, notify your employer or the form-issuing agent as soon as possible to make sure your earnings are credited to your social security record. If the name or SSN on your social security card is incorrect, call the Social Security Administration at 1-800-772-1213.

## How Do You Make a Gift To Reduce the Public Debt?

If you wish to do so, make a check payable to "Bureau of the Public Debt." You can send it to: Bureau of the Public Debt, Department G, Washington, DC 20239-0601. Or, you can enclose the check with your income tax return when you file. Do not add your gift to any tax you may owe. If you owe tax, make a separate check for that amount payable to the "United States Treasury."

If you itemize your deductions for 1999, you may be able to deduct this gift.

## Address Change

If you move after you file, always notify in writing the Internal Revenue Service Center where you filed your last return, or the Chief, Customer Service Division, at your local IRS district office. You can use Form 8822 to notify us of your new address. If you are expecting a refund, also notify the post office serving your old address. This will help forward your check to your new address.

## How Long Should Records Be Kept?

Keep a copy of your tax return, worksheets you used, and records of all items appearing on it (such as W-2 and 1099 forms) until the statute of limitations runs out for that return. Usually, this is 3 years from the date the return was due or filed, or 2 years from the date the tax was paid, whichever is later. You should keep some records longer. For example, keep property records (including those on your home) as long as they are needed to figure the basis of the original or replacement property. For more details, see Pub. 552.

## Amended Return

File Form 1040X to change a return you already filed. Generally, Form 1040X must be filed within 3 years after the date the original return was filed, or within 2 years after the date the tax was paid, whichever is later. But you may have more time to file Form 1040X if you are physically or mentally unable to manage your financial affairs. See Pub. 556 for details.

## Need a Copy of Your Tax Return?

If you need a copy of your tax return, use Form 4506. If you have questions about your account, call or write your local IRS office. If you want a printed copy of your account, it will be mailed to you free of charge.

## Death of a Taxpayer

If a taxpayer died before filing a return for 1998, the taxpayer's spouse or personal representative may have to file and sign a return for that taxpayer. A personal representative can be an executor, administrator, or anyone who is in charge of the deceased taxpayer's property. If the deceased taxpayer did not have to file a return but had tax withheld, a return must be filed to get a refund. The person who files the return
should enter "DECEASED," the deceased taxpayer's name, and the date of death across the top of the return.

If your spouse died in 1998 and you did not remarry in 1998, you can file a joint return. You can also file a joint return if your spouse died in 1999 before filing a 1998 return. A joint return should show your spouse's 1998 income before death and your income for all of 1998. Enter "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

The surviving spouse or personal representative should promptly notify all payers of income, including financial institutions, of the taxpayer's death. This will ensure the proper reporting of income earned by the taxpayer's estate or heirs. A deceased taxpayer's social security number should not be used for tax years after the year of death, except for estate tax return purposes.

## Claiming a Refund for a Deceased Taxpayer

If you are filing a joint return as a surviving spouse, you only need to file the tax return to claim the refund. If you are a court-appointed representative, file the return and attach a copy of the certificate that shows your appointment. All other filers requesting the deceased taxpayer's refund must file the return and attach Form 1310.

A tax return transmitter may charge a fee for transmitting your return.

Check out the IRS web site at www.irs.ustreas.gov for a list of companies who participate in this IRS e-file program. ## Help With Unresolved Tax Issues

Most problems can be solved with one contact either by calling, writing, or visiting an IRS office. But if you have tried unsuccessfully to resolve a problem with the IRS, you should contact the Taxpayer Advocate's Problem Resolution Program (PRP). Someone at PRP will assign you a personal advocate who is in the best position to try to resolve your problem. The Taxpayer Advocate can also offer you special help if you have a significant hardship as a result of a tax problem.

You should contact the Taxpayer Advocate if:

- You have tried unsuccessfully to resolve your problem with the IRS and have not been contacted by the date promised, or
- You are on your second attempt to resolve a problem.

You may contact a Taxpayer Advocate by calling a new toll-free assistance number, 1-877-777-4778. P eople with access to TTY/TDD equipment may call 1-800-829-4059 and ask for the Taxpayer Advocate. If you prefer, you can write to the Taxpayer Advocate at the IRS office that last contacted you.

While Taxpayer Advocates cannot change the tax law or make a technical tax decision, they can clear up problems that resulted from previous contacts and ensure that your case is given a complete and impartial review. Taxpay-
er Advocates are working to put service first. For more details, use TeleTax topic 104 (see page 9) or see Pub. 1546.

## Interest and Penalties

(10)You do not have to figure the amount of any interest or penalties you may owe. Because figuring these amounts can be complicated, we will do it for you if you want. We will send you a bill for any amount due.

If you include interest or penalties with your payment, identify and enter the amount in the bottom margin of Form 1040, page 2. Please do not include it in the amount you owe on line 68.

## Interest

We will charge you interest on taxes not paid by their due date, even if an extension of time to file is granted. We will also charge you interest on penalties imposed for failure to file, negligence, fraud, substantial valuation misstatements, and substantial understatements of tax. Interest is charged on the penalty from the due date of the return (including extensions).

## Penalties

## Late Filing

If you do not file your return by the due date (including extensions), the penalty is usually $5 \%$ of the amount due for each month or part of a month your return is late, unless you have a reasonable explanation. If you do, attach it to your return. The penalty cannot usually be more than $25 \%$ of the tax due. If your return is more than 60 days late, the minimum penalty will be $\$ 100$ or the amount of any tax you owe, whichever is smaller.

## Late Payment of Tax

If you pay your taxes late, the penalty is usually $1 / 2$ of $1 \%$ of the unpaid amount for each month or part of a month the tax is not paid. The penalty cannot be more than $25 \%$ of the unpaid amount. It applies to any unpaid tax on the return. This penalty is in addition to interest charges on late payments.

## Frivolous Return

In addition to any other penalties, the law imposes a penalty of $\$ 500$ for filing a frivolous return. A frivolous return is
one that does not contain information needed to figure the correct tax or shows a substantially incorrect tax because you take a frivolous position or desire to delay or interfere with the tax laws. This includes altering or striking out the preprinted language above the space where you sign.

## Other

Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. Criminal penalties may be imposed for willful failure to file, tax evasion, or making a false statement. See Pub. 17 for details on some of these penalties.

## Disclosure, Privacy Act, and Paperwork Reduction Act Notice

The IRS Restructuring and Reform Act of 1998, the Privacy Act of 1974, and Paperwork Reduction Act of 1980 require that when we ask you for information we must first tell you our legal right to ask for the information, why we are asking for it, and how it will be used. We must also tell you what could happen if we do not receive it and whether your response is voluntary, required to obtain a benefit, or mandatory under the law.

This notice applies to all papers you file with us, including this tax return. It also applies to any questions we need to ask you so we can complete, correct, or process your return; figure your tax; and collect tax, interest, or penalties.

Our legal right to ask for information is Internal Revenue Code sections 6001, 6011, and 6012(a) and their regulations. They say that you must file a return or statement with us for any tax you are liable for. Your response is mandatory under these sections. Code section 6109 requires that you provide your social security number or individual taxpayer identification number on what you file. This is so we know who you are, and can process your return and other papers. You must fill in all parts of the tax form that apply to you. But you do not have to check the boxes for the Presidential Election Campaign Fund or provide your daytime telephone number.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books and records relating to a form or its
instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law.

We ask for tax return information to carry out the tax laws of the United States. We need it to figure and collect the right amount of tax.

If you do not file a return, do not provide the information we ask for, or provide fraudulent information, you may be charged penalties and be subject to criminal prosecution. We may also have to disallow the exemptions, exclusions, credits, deductions, or adjustments shown on the tax return. This could make the tax higher or delay any refund. Interest may also be charged.

Generally, tax returns and return information are confidential, as stated in Code section 6103. However, Code section 6103 allows or requires the Internal Revenue Service to disclose or give the information shown on your tax return to others as described in the Code. For example, we may disclose your tax information to the Department of J ustice, to enforce the tax laws, both civil and criminal, and to cities, states, the District of Columbia, U.S. commonwealths or possessions, and certain foreign governments to carry out their tax laws. We may disclose your tax information to the Department of Treasury and contractors for tax administration purposes; and to other persons as necessary to obtain information which we cannot get in any other way in order to determine the amount of or to collect the tax you owe. We may disclose your tax information to the Comptroller General of the United States to permit the Comptroller General to
review the Internal Revenue Service. We may also disclose your tax information to Committees of Congress; Federal, state, and local child support agencies; and to other Federal agencies for the purposes of determining entitlement for benefits or the eligibility for and the repayment of loans.

Please keep this notice with your records. It may help you if we ask you for other information. If you have questions about the rules for filing and giving information, please call or visit any Internal Revenue Service office.

## The Time It Takes To Prepare Your Return

We try to create forms and instructions that can be easily understood. Often this is difficult to do because our tax laws are very complex. For some people with income mostly from wages, filling in the forms is easy. For others who have businesses, pensions, stocks, rental income, or other investments, it is more difficult.

## We Welcome Comments on Forms

If you have comments concerning the accuracy of the time estimates shown below or suggestions for making these forms simpler, we would be happy to hear from you. You can e-mail us your suggestions and comments through the IRS Internet Home Page (www.irs.ustreas.gov) or write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. DO NOT send your return to this address. Instead, see the back cover.

## Estimated Preparation Time

The time needed to complete and file Form 1040 and its schedules will vary depending on individual circumstances. The estimated average times are:

| Form | Recordkeeping | Learning <br> about <br> the law or <br> the form | Preparing <br> the form | Copying, <br> assembling, <br> and sending <br> the form <br> to the IRS | Totals |

1998
Table

Use if your taxable income is less than $\$ 100,000$. If $\mathbf{\$ 1 0 0 , 0 0 0}$ or more, use the Tax Rate Schedules. Example. Mr. and Mrs. Brown are filing a joint return. Their taxable income on line 39 of Form 1040 is $\$ 25,300$. First, they find the $\$ 25,300-25,350$ income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and filing status column meet is $\$ 3,799$. This is the tax amount they should enter on line 40 of their Form 1040.

Caution: Use only if your taxable income (Form 1040, line 39) is $\$ 100,000$ or more. If less, use the Tax Table. Even though you cannot use the Tax Rate Schedules below if your taxable income is less than $\$ 100,000$, all levels of taxable income are shown so taxpayers can see the tax rate that applies to each level.

## Instructions for Schedules to Form 1040

# 1998 Instructions for Schedule A, Itemized Deductions 

Use Schedule A (Form 1040) to figure your itemized deductions. Your Federal income tax will be less if you take the larger of your itemized deductions or your standard deduction.

If you itemize, you may deduct a part of your medical and dental expenses and unreimbursed employee business expenses, and amounts you paid for certain taxes, interest, contributions, and miscellaneous expenses. You may also deduct certain casualty and theft losses.
Caution: Do not include on Schedule A items deducted elsewhere, such as on Schedule C, C-EZ, E, or F.

- Nursing help (including your share of the employment taxes paid). If you paid someone to do both nursing and housework, you may deduct only the cost of the nursing help.
- Hospital care (including meals and lodging), clinic costs, and lab fees.
- Qualified long-term care services (see Pub. 502).
- The supplemental part of Medicare insurance (Medicare B).
- Medical treatment at a center for drug or alcohol addiction
- Medical aids such as eyeglasses, contact lenses, hearing aids, braces, crutches, wheelchairs, and guide dogs, including the cost of maintaining them.
- Lodging expenses (but not meals) while away from home to receive medical care in a hospital or a medical care facility related to a hospital. Do not include more than $\$ 50$ a night for each eligible person.
- Ambulance service and other travel costs to get medical care. If you used your own car, you may claim what you spent for gas and oil to go to and from the place you received the care; or you may claim 10 cents a mile. Add parking and tolls to the amount you claim under either method.

Note: Certain medical expenses paid out of a deceased taxpayer's estate may be claimed on the deceased taxpayer's final return. See Pub. 502 for details.

Limit on Long-Term Care Premiums You May Deduct. The amount you may deduct for eligible long-term care premiums (as defined in Pub. 502) depends on the age, at the end of 1998, of the person for whom the premiums were paid.

| IF the person <br> was, at the end <br> of 1998, age ... | THEN the most <br> you may deduct <br> is ... |
| :--- | :---: |
| 40 or under | $\$ 210$ |
| $41-50$ | $\$ 380$ |
| $51-60$ | $\$ 770$ |
| $61-70$ | $\$ 2,050$ |
| 71 or older | $\$ 2,570$ |

## Examples of Medical and Dental Payments You May Not Deduct

- The basic cost of Medicare insurance (Medicare A).
If you were 65 or older but not entitled to social security benefits, you may deduct premiums you voluntarily paid for Medicare A coverage.
- Cosmetic surgery unless it was necessary to improve a deformity related to a congenital abnormality, an injury from an accident or trauma, or a disfiguring disease.
- Life insurance or income protection policies.
- The Medicare tax on your wages and tips or the Medicare tax paid as part of the self-employment tax or household employment taxes.
- Nursing care for a healthy baby. But you may be able to take a credit for the amount you paid. See the instructions for Form 1040, line 41.
- Illegal operations or drugs.
- Nonprescription medicines.
- Travel your doctor told you to take for rest or a change.
- Funeral, burial, or cremation costs.

## Line 1

## Medical and Dental Expenses

Enter the total of your medical and dental expenses, after you reduce these expenses by any payments received from insurance or other sources. See Reimbursements below.

(10)Do not forget to include insurance premiums you paid for medical and dental care. But if you claimed the selfemployed health insurance deduction on Form 1040, line 28, reduce the premiums by the amount on line 28.

Whose Medical and Dental Expenses Can You Include? You may include medical and dental bills you paid for:

- Yourself and your spouse.
- All dependents you claim on your return.
- Your child whom you do not claim as a dependent because of the rules explained in Pub. 501 for children of divorced or separated parents.
- Any person you could have claimed as a dependent on your return if that person had not received $\$ 2,700$ or more of gross income or had not filed a joint return.

Example. You provided over half of your mother's support but may not claim her as a dependent because she received wages of $\$ 2,700$ in 1998. You may include on line 1 any medical and dental expenses you paid in 1998 for your mother.

Reimbursements. If your insurance company paid the provider directly for part of your expenses, and you paid only the amount that remained, include on line 1 ONLY the amount you paid. If you received a reimbursement in 1998 for medical or dental expenses you paid in 1998, reduce your 1998 expenses by this amount. If you received a reimbursement in 1998 for prior year medical or dental expenses, do not reduce your 1998 expenses by this amount. But if you deducted the expenses in the earlier year and the deduction reduced your tax, you must include the reimbursement in income on Form 1040, line 21. See Pub. 502 for details on how to figure the amount to include.

Cafeteria Plans. Do not include on line 1 insurance premiums paid by an employer-sponsored health insurance plan (cafeteria plan) unless the premiums are included in box 1 of your W-2 form(s). Also, do not include any other
medical and dental expenses paid by the plan unless the amount paid is included in box 1 of your W-2 form(s).

## Taxes You Paid

## Taxes You May Not Deduct

- Federal income and excise taxes.
- Social security, Medicare, Federal unemployment (FUTA), and railroad retirement (RRTA) taxes.
- Customs duties.
- Federal estate and gift taxes. But see the instructions for line 27 on page A-6.
- Certain state and local taxes, including: general sales tax, tax on gasoline, car inspection fees, assessments for sidewalks or other improvements to your property, tax you paid for someone else, and license fees (marriage, driver's, dog, etc.).

## Line 5

## State and Local Income Taxes

Include on this line the state and local income taxes listed below.

- State and local income taxes withheld from your salary during 1998. Your W-2 form(s) will show these amounts. Forms W-2G, 1099-G, 1099-R, and 1099-MISC may also show state and local income taxes withheld.
- State and local income taxes paid in 1998 for a prior year, such as taxes paid with your 1997 state or local income tax return. Do not include penalties or interest.
- State and local estimated tax payments made during 1998, including any part of a prior year refund that you chose to have credited to your 1998 state or local income taxes.
- Mandatory contributions you made to the California, New Jersey, or New York Nonoccupational Disability Benefit Fund, Rhode Island Temporary Disability Benefit Fund, or Washington State Supplemental Workmen's Compensation Fund.

Do not reduce your deduction by:

- Any state or local income tax refund or credit you expect to receive for 1998, or
- Any refund of, or credit for, prior year state and local income taxes you actually received in 1998. Instead, see the instructions for Form 1040, line 10.

## Line 6

## Real Estate Taxes

Include taxes (state, local, or foreign) you paid on real estate you own that was not used for business, but only if the taxes are based on the assessed value of the property. Also, the assessment must be made uniformly on property throughout the community, and the proceeds must be used for general community or governmental purposes.
Pub. 530 explains the deductions homeowners may take.
Do not include the following amounts on line 6.

- Itemized charges for services to specific property or persons (for example, a $\$ 20$ monthly charge per house for trash collection, a $\$ 5$ charge for every 1,000 gallons of water consumed, or a flat charge for mowing a lawn that had grown higher than permitted under a local ordinance).
- Charges for improvements that tend to increase the value of your property (for example, an assessment to build a new sidewalk). The cost of a property improvement is added to the basis of the property. However, a charge is deductible if it is used only to maintain an existing public facility in service (for example, a charge to repair an existing sidewalk, and any interest included in that charge).

If your mortgage payments include your real estate taxes, you may deduct only the amount the mortgage company actually paid to the taxing authority in 1998.

If you sold your home in 1998, any real estate tax charged to the buyer should be shown in box 5 of Form 1099-S. This amount is considered a refund of real estate taxes you received in 1998. See Refunds and Rebates next. Any real estate taxes you paid at closing should be shown on your settlement statement.

Refunds and Rebates. If you received a refund or rebate in 1998 of real estate taxes you paid in 1998, reduce your deduction by the amount of the refund or rebate. If you received a refund or rebate in 1998 of real estate taxes you paid in an earlier year, do not reduce your deduction by this amount. Instead, you must include the refund or rebate in income on Form 1040, line 21, if you deducted the real estate taxes in the earlier year and the deduction reduced your tax. Pub. 525 tells you how to figure the amount to include in income.

## Line 7

## Personal Property Taxes

Enter personal property tax you paid, but only if it is based on value alone.

Example. Y ou paid a fee for the registration of your car. Part of the fee was based on the car's value and part was based on its weight. You may deduct only the part of the fee that is based on the car's value.

## Line 8

## Other Taxes

If you had any deductible tax not listed on line 5, 6, or 7, list the type and amount of tax. Enter only one total on line 8. Include on this line income tax you paid to a foreign country or U.S. possession.

You may want to take a credit for the foreign tax instead of a deduction. See the instructions for Form 1040, line 46, for details.

## Interest You Paid

Whether your interest expense is treated as investment interest, personal interest, or business interest depends on how and when you used the loan proceeds. See Pub. 535 for details.

In general, if you paid interest in 1998 that applies to any period after 1998, you may deduct only amounts that apply for 1998.

## Lines 10 and 11

## Home Mortgage Interest

A home mortgage is any loan that is secured by your main home or second home. It includes first and second mortgages, home equity loans, and refinanced mortgages.

A home may be a house, condominium, cooperative, mobile home, boat, or similar property. It must provide basic living accommodations including sleeping space, toilet, and cooking facilities.

Limit on Home Mortgage Interest. If you took out any mortgages after October 13, 1987, your deduction may be limited. Any additional amounts borrowed after October 13, 1987, on a line-of-credit mortgage you had on that date
are treated as a mortgage taken out after October 13, 1987. If you refinanced a mortgage you had on October 13, 1987, treat the new mortgage as taken out on or before October 13, 1987. But if you refinanced for more than the balance of the old mortgage, treat the excess as a mortgage taken out after October 13, 1987.

See Pub. 936 to figure your deduction if either $\mathbf{1}$ or $\mathbf{2}$ next applies. If you had more than one home at the same time, the dollar amounts in $\mathbf{1}$ and $\mathbf{2}$ apply to the total mortgages on both homes.

1. You took out any mortgages after October 13, 1987, and used the proceeds for purposes other than to buy, build, or improve your home, and all of these mortgages totaled over $\$ 100,000$ at any time during 1998. The limit is $\$ 50,000$ if married filing separately. An example of this type of mortgage is a home equity loan used to pay off credit card bills, buy a car, or pay tuition.
2. You took out any mortgages after October 13, 1987, and used the proceeds to buy, build, or improve your home, and these mortgages plus any mortgages you took out on or before October 13, 1987, totaled over $\$ 1$ million at any time during 1998. The limit is $\$ 500,000$ if married filing separately.

Caution: If the total amount of all mortgages is more than the fair market value of the home, additional limits apply. See Pub. 936.

## Line 10

Enter on line 10 mortgage interest and points reported to you on Form 1098. If this form shows any refund of overpaid interest, do not reduce your deduction by the refund. Instead, see the instructions for Form 1040, line 21.

If you paid more interest to the recipient than is shown on Form 1098, see Pub. 936 to find out if you can deduct the additional interest. If you can, attach a statement explaining the difference and enter "See attached" next to line 10.

Note: If you are claiming the mortgage interest credit (see the instructions for Form 1040, line 47), subtract the amount shown on line 3 of Form 8396 from the total deductible interest you paid on your home mortgage. Enter the result on line 10.

## Line 11

If you did not receive a Form 1098 from the recipient, report your deductible mortgage interest on line 11.

If you bought your home from the recipient, be sure to show that recipient's name, identifying no., and address on the dotted lines next to line 11. If the recipient is an individual, the identifying no. is his or her social security number (SSN). Otherwise, it is the employer identification number. You must also let the recipient know your SSN. If you do not show the required information about the recipient and let the recipient know your SSN, you may have to pay a $\$ 50$ penalty.
If you and at least one other person (other than your spouse if filing a joint return) were liable for and paid interest on the mortgage, and the other person received the Form 1098, attach a statement to your return showing the name and address of that person. Next to line 11, enter "See attached."

## Line 12

## Points Not Reported on Form 1098

Points are shown on your settlement statement. Points you paid only to borrow money are generally deductible over the life of the loan. See Pub. 936 to figure the amount you may deduct. Points paid for other purposes, such as for a lender's services, are not deductible.

Refinancing. Generally, you must deduct points you paid to refinance a mortgage over the life of the loan. This is true even if the new mortgage is secured by your main home.
If you used part of the proceeds to improve your main home, you may be able to deduct the part of the points related to the improvement in the year paid. See Pub. 936 for details.

If you paid off a mortgage early, deduct any remaining points in the year you paid off the mortgage.

## Line 13

## Investment Interest

Investment interest is interest paid on money you borrowed that is allocable to property held for investment. It does not include any interest allocable to passive activities or to securities that generate tax-exempt income.

Complete and attach Form 4952 to figure your deduction.
(continued)

Exception. You do not have to file Form 4952 if all three of the following apply.

1. Your investment interest expense is not more than your investment income from interest and ordinary dividends.
2. You have no other deductible expenses connected with the production of the interest or dividends.
3. You have no disallowed investment interest expense from 1997.

Note: Alaska Permanent Fund dividends, including those reported on
Form 8814, are not investment income.
For more details, see Pub. 550.

## Gifts to Charity

You may deduct contributions or gifts you gave to organizations that are religious, charitable, educational, scientific, or literary in purpose. You may also deduct what you gave to organizations that work to prevent cruelty to children or animals. Examples of these organizations are:

- Churches, temples, synagogues, mosques, Salvation Army, Red Cross, CARE, Goodwill Industries, United Way, Boy Scouts, Girl Scouts, Boys and Girls Clubs of America, etc.
- Fraternal orders, if the gifts will be used for the purposes listed above.
- Veterans' and certain cultural groups.
- Nonprofit schools, hospitals, and organizations whose purpose is to find a cure for, or help people who have, arthritis, asthma, birth defects, cancer, cerebral palsy, cystic fibrosis, diabetes, heart disease, hemophilia, mental illness or retardation, multiple sclerosis, muscular dystrophy, tuberculosis, etc.
- Federal, state, and local governments if the gifts are solely for public purposes. If you do not know whether you may deduct what you gave to an organization, check with that organization or with the IRS.

## Contributions You May Deduct

Contributions may be in cash (keep canceled checks, receipts, or other reliable written records showing the name of the organization and the date and amount given), property, or out-of-pocket expenses you paid to do volunteer work for the kinds of organizations described earlier. If you drove to and from the volunteer work, you may take 14 cents a
mile or the actual cost of gas and oil. Add parking and tolls to the amount you claim under either method. But do not deduct any amounts that were repaid to you.

Gifts From Which You Benefit. If you made a gift and received a benefit in return, such as food, entertainment, or merchandise, you may generally only deduct the amount that is more than the value of the benefit. But this rule does not apply to certain membership benefits provided in return for an annual payment of $\$ 75$ or less. For details, see Pub. 526.

Example. You paid $\$ 70$ to a charitable organization to attend a fund-raising dinner and the value of the dinner was $\$ 40$. You may deduct only $\$ 30$.

Gifts of \$250 or More. Y ou may deduct a gift of $\$ 250$ or more only if you have a statement from the charitable organization showing the information in $\mathbf{1}$ and 2 below.

In figuring whether a gift is $\$ 250$ or more, do not combine separate donations. For example, if you gave your church $\$ 25$ each week for a total of \$1,300, treat each $\$ 25$ payment as a separate gift. If you made donations through payroll deductions, treat each deduction from each paycheck as a separate gift. See Pub. 526 if you made a separate gift of $\$ 250$ or more through payroll deduction.

1. The amount of any money contributed and a description (but not value) of any property donated.
2. Whether the organization did or did not give you any goods or services in return for your contribution. If you did receive any goods or services, a description and estimate of the value must be included. If you received only intangible religious benefits (such as admission to a religious ceremony), the organization must state this, but it does not have to describe or value the benefit.

]You must get the statement by the date you file your return or the due date (including extensions) for filing your return, whichever is earlier. Do not attach the statement to your return. Instead, keep it for your records.
Limit on the Amount You May Deduct.
See Pub. 526 to figure the amount of your deduction if any of the following apply:

- Your cash contributions or contributions of ordinary income property are
more than 30\% of the amount on Form 1040, line 34.
- Your gifts of capital gain property are more than $20 \%$ of the amount on Form 1040, line 34.
- You gave gifts of property that increased in value or gave gifts of the use of property.

## You May Not Deduct as Contributions

- Travel expenses (including meals and lodging) while away from home unless there was no significant element of personal pleasure, recreation, or vacation in the travel.
- Political contributions.
- Dues, fees, or bills paid to country clubs, lodges, fraternal orders, or similar groups.
- Cost of raffle, bingo, or lottery tickets.
- Cost of tuition.
- Value of your time or services.
- Value of blood given to a blood bank.
- The transfer of a future interest in tangible personal property (generally, until the entire interest has been transferred).
- Gifts to individuals and groups that are run for personal profit.
- Gifts to foreign organizations. But you may be able to deduct gifts to certain U.S. organizations that transfer funds to foreign charities and certain Canadian and Mexican charities. See Pub. 526 for details.
- Gifts to organizations engaged in certain political activities that are of direct financial interest to your trade or business. See Internal Revenue Code section 170(f)(9).
- Gifts to groups whose purpose is to lobby for changes in the laws.
- Gifts to civic leagues, social and sports clubs, labor unions, and chambers of commerce.
- Value of benefits received in connection with a contribution to a charitable organization. See Pub. 526 for exceptions.

## Line 15

## Gifts by Cash or Check

Enter the total contributions you made in cash or by check (including out-ofpocket expenses).

## Line 16

## Other Than by Cash or Check

Enter your contributions of property. If you gave used items, such as clothing or furniture, deduct their fair market value at the time you gave them. Fair market value is what a willing buyer would pay a willing seller when neither has to buy or sell and both are aware of the conditions of the sale.

If the amount of your deduction is more than $\$ 500$, you must complete and attach Form 8283. For this purpose, the "amount of your deduction" means your deduction BEFORE applying any income limits that could result in a carryover of contributions. If your total deduction is over $\$ 5,000$, you may also have to get appraisals of the values of the donated property. See Form 8283 and its instructions for details.

Recordkeeping. If you gave property, you should keep a receipt or written statement from the organization you gave the property to, or a reliable written record, that shows the organization's name and address, the date and location of the gift, and a description of the property. For each gift of property, you should also keep reliable written records that include:

- How you figured the property's value at the time you gave it. If the value was determined by an appraisal, keep a signed copy of the appraisal.
- The cost or other basis of the property if you must reduce it by any ordinary income or capital gain that would have resulted if the property had been sold at its fair market value.
- How you figured your deduction if you chose to reduce your deduction for gifts of capital gain property.
- Any conditions attached to the gift.

Note: If your total deduction for gifts of property is over $\$ 500$, you gave less than your entire interest in the property, or you made a "qualified conservation contribution," your records should contain additional information. See Pub. 526 for details.

## Line 17

## Carryover From Prior Year

Enter any carryover of contributions that you could not deduct in an earlier year because they exceeded your adjusted gross income limit. See Pub. 526 for details.

## Casualty and Theft Losses

## Line 19

Complete and attach Form 4684 to figure the amount of your loss to enter on line 19.

You may be able to deduct part or all of each loss caused by theft, vandalism, fire, storm, or similar causes, and car, boat, and other accidents. Y ou may also be able to deduct money you had in a financial institution but lost because of the insolvency or bankruptcy of the institution.

You may deduct nonbusiness casualty or theft losses only to the extent that-

1. The amount of each separate casualty or theft loss is more than $\$ 100$, and
2. The total amount of all losses during the year is more than $10 \%$ of the amount on Form 1040, line 34.

Special rules apply if you had both gains and losses from nonbusiness casualties or thefts. See Form 4684 for details.

Use line 22 of Schedule A to deduct the costs of proving that you had a property loss. Examples of these costs are appraisal fees and photographs used to establish the amount of your loss.

# 1998 Instructions for Schedule B, Interest and Ordinary Dividends 

Use Schedule B (Form 1040) if:

- You had over \$400 in taxable interest, or
- Any of the Special Rules listed below applies to you, or
- You are claiming the exclusion of interest from series EE U.S. savings bonds issued after 1989, or
- You had over \$400 in ordinary dividends, or
- You received ordinary dividends as a nominee, or
- You (1) had a foreign account; or (2) received a distribution from, or were a grantor of, or transferor to, a foreign trust. Part III of the schedule has questions about foreign accounts and trusts.

©You may list more than one payer on each entry space for lines 1 and 5 , but be sure to clearly show the amount paid next to the payer's name. Add the separate amounts paid by the payers listed on an entry space and enter the total in the "Amount" column. If you still need more space, attach separate statements that are the same size as the printed schedule. Use the same format as lines 1 and 5 , but show your totals on Schedule B. Be sure to put your name and social security number (SSN) on the statements and attach them at the end of your return.

## Part I. Interest

## Line 1

## Interest

Report on line 1 all of your taxable interest income. List each payer's name and show the amount.

## Special Rules

## Seller-Financed Mortgages

If you sold your home or other property and the buyer used the property as a personal residence, list first any interest the buyer paid you on a mortgage or other form of seller financing. Be sure to show the buyer's name, address, and SSN. You must also let the buyer know your SSN. If you do not show the buyer's name, address, and SSN, and let the buyer know your SSN, you may have to pay a $\$ 50$ penalty.

## Nominees

If you received a Form 1099-INT that includes interest you received as a nominee (that is, in your name, but the interest actually belongs to someone
else), report the total on line 1. Do this even if you later distributed some or all of this income to others. Under your last entry on line 1, put a subtotal of all interest listed on line 1. Below this subtotal, enter "Nominee Distribution" and show the total interest you received as a nominee. Subtract this amount from the subtotal and enter the result on line 2.

©
If you received interest as a nominee, you must give the actual owner a Form 1099-INT unless the owner is your spouse. You must also file a Form 1096 and a Form 1099-INT with the IRS. For more details, see the Instructions for Forms 1099, 1098, 5498, and W-2G.

## Accrued Interest

When you buy bonds between interest payment dates and pay accrued interest to the seller, this interest is taxable to the seller. If you received a Form 1099 for interest as a purchaser of a bond with accrued interest, follow the rules earlier under Nominees to see how to report the accrued interest on Schedule B. But identify the amount to be subtracted as "Accrued Interest."

## Tax-Exempt Interest

If you received a Form 1099-INT for tax-exempt interest, follow the rules earlier under Nominees to see how to report the interest on Schedule B. But identify the amount to be subtracted as "Tax-Exempt Interest."

## Original Issue Discount (OID)

If you are reporting OID in an amount less than the amount shown on Form 1099-OID, follow the rules earlier under Nominees to see how to report the OID on Schedule B. But identify the amount to be subtracted as "OID Adjustment."

## Amortizable Bond Premium

If you are reducing your interest income on a bond by the amount of amortizable bond premium, follow the rules earlier under Nominees to see how to report the interest on Schedule B. But identify the amount to be subtracted as "ABP Adjustment."

## Line 3

## Excludable Interest on <br> Series EE U.S. Savings Bonds Issued After 1989

Did you cash series EE U.S. savings bonds in 1998 that were issued after 1989? If you did and you paid qualified higher education expenses in 1998 for yourself, your spouse, or your dependents, you may be able to exclude part or all of the interest on those bonds. See Form 8815 for details.

## Part II. Ordinary Dividends

Note: You may have to file Form 5471 if, in 1998, you were an officer or director of a foreign corporation. You may also have to file Form 5471 if, in 1998, you owned $10 \%$ or more of the total (1) value of a foreign corporation's stock, or (2) combined voting power of all classes of a foreign corporation's stock with voting rights. For details, see Form 5471 and its instructions.

## Line 5

## Ordinary Dividends

Report on line 5 all of your ordinary dividend income. List each payer's name and show the amount.

Do not report capital gain distributions on line 5. Instead, report them on Schedule D, line 13.

## Nominees

If you received a Form 1099-DIV that includes ordinary dividends you received as a nominee (that is, in your name, but the ordinary dividends actually belong to someone else), report the total on line 5. Do this even if you later distributed some or all of this income to others. Under your last entry on line 5, put a subtotal of all ordinary dividends listed on line 5. Below this subtotal, enter "Nominee Distribution" and show the total ordinary dividends you received as a nominee. Subtract this amount from the subtotal and enter the result on line 6.

If you received ordinary dividends as a nominee, you must give the actual owner a Form 1099-DIV unless the owner is your spouse. You must also file a Form 1096 and a Form 1099-DIV with the IRS. For more details, see the Instructions for Forms 1099, 1098, 5498, and W-2G.

## Part III. Foreign Accounts and Trusts

## Lines 7a and 7b

## Foreign Accounts

## Line 7a

Check the Yes box on line 7a if either $\mathbf{1}$ or $\mathbf{2}$ below applies to you.

1. You own more than $50 \%$ of the stock in any corporation that owns one or more foreign bank accounts.
2. At any time during the year you had an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account).

Note: Item 2 does not apply to foreign securities held in a U.S. securities account.

Exceptions. Check the No box if any of the following applies to you.

- The combined value of the accounts was $\$ 10,000$ or less during the whole year.
- The accounts were with a U.S. military banking facility operated by a U.S. financial institution.
- You were an officer or employee of a commercial bank that is supervised by the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, or the Federal Deposit Insurance Corporation; the account was in your employer's name; and you did not have a personal financial interest in the account.
- You were an officer or employee of a domestic corporation with securities listed on national securities exchanges or with assets of more than $\$ 1$ million and 500 or more shareholders of record; the account was in your employer's name; you did not have a personal financial interest in the account; and the corporation's chief financial officer has given you written notice that the corporation has filed a current report that includes the account.

See Form TD F 90-22.1 to find out if you are considered to have an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account).

If you checked the Yes box on line 7a, file Form TD F 90-22.1 by J une 30, 1999, with the Department of the Treasury at the address shown on that form. Do not attach it to Form 1040.

## Line 7b

If you checked the Yes box on line 7a, enter the name of the foreign country or countries in the space provided on line 7b. Attach a separate statement if you need more space.

## Line 8

## Foreign Trusts

If you received a distribution from a foreign trust, you must provide additional information. For this purpose, a loan of cash or marketable securities generally is considered to be a distribution. See Form 3520 for details.

If you were the grantor of, or transferor to, a foreign trust that existed during 1998, you may have to file Form 3520.

## 1998 Instructions for Schedule C, Profit or Loss From Business

Use Schedule C (Form 1040) to report income or loss from a business you operated or a profession you practiced as a sole proprietor. Also, use Schedule C to report wages and expenses you had as a statutory employee. An activity qualifies as a business if your primary purpose for engaging in the activity is for income or profit and you are involved in the activity with continuity and regularity. For example, a sporadic activity or a hobby does not qualify as a business. To report income from a nonbusiness activity, see the Instructions for Form 1040, line 21.

Small businesses and statutory employees with expenses of $\$ 2,500$ or less may be able to file Schedule C-EZ instead of Schedule C. See Schedule C-EZ to find out if you qualify to file it.

This activity may subject you to state and local taxes and other requirements such as business licenses and fees. Check with your state and local governments for more information.

## General Instructions

## A Change To Note

New Activity Codes. The new principal business or professional activity codes on pages $\mathrm{C}-8$ and $\mathrm{C}-9$ are based on the North American Industry Classification System (NAICS), which was developed by the statistical agencies of Canada, Mexico, and the United States in cooperation with the Office of Management and Budget. The NAICS-based codes replace the activity codes previously based on the Standard Industrial Classification (SIC) system.

## Other Schedules and Forms You May Have To File

Schedule A to deduct interest, taxes, and casualty losses not related to your business.

Schedule E to report rental real estate and royalty income or (loss) that is not subject to self-employment tax.

Schedule F to report profit or (loss) from farming.

Form 4562 to claim depreciation on assets placed in senvice in 1998, to claim amortization that began in 1998, or to report information on listed property.

Form 4684 to report a casualty or theft gain or loss involving property used in your trade or business or incomeproducing property.

Form 4797 to report sales, exchanges, and involuntary conversions (not from a casualty or theft) of trade or business property.

Form 8824 to report like-kind exchanges.

Form 8829 to claim expenses for business use of your home.

## Heavy Vehicle Use Tax

If you use certain highway trucks, trucktrailers, tractor-trailers, or buses in your trade or business, you may have to pay a Federal highway motor vehicle use tax. See Form 2290 to find out if you owe this tax.

## Information Returns

You may have to file information returns for wages paid to employees, certain payments of fees and other nonemployee compensation, interest, rents, royalties, real estate transactions, annuities, and pensions. You may also have to file an information return if you sold $\$ 5,000$ or more of consumer products to a person on a buy-sell, depositcommission, or other similar basis for resale. For more information, see the Instructions for Forms 1099, 1098, 5498, and W-2G.

If you received cash of more than $\$ 10,000$ in one or more related transactions in your trade or business, you may have to file Form 8300. For details, see Pub. 1544.

## Additional Information

See Pub. 334 for more information for small businesses.

## Specific Instructions

## Filers of Form 1041

Do not complete the block labeled "Social security number." Instead, enter your employer identification number (EIN) on line D.

## Line A

Describe the business or professional activity that provided your principal source of income reported on line 1. If you owned more than one business, you must complete a separate Schedule C for each business. Give the general field or activity and the type of product or service. If your general field or activity is wholesale or retail trade, or services connected with production services (mining, construction, or manufacturing), also give the type of customer or client. For example, "wholesale sale of hardware to retailers" or "appraisal of real estate for lending institutions."

## Line D

You need an employer identification number (EIN) only if you had a Keogh plan or were required to file an employment, excise, estate, trust, or alcohol, tobacco, and firearms tax return. If you need an EIN, file Form SS-4. If you do not have an EIN, leave line D blank. Do not enter your SSN.

## Line E

Enter your business address. Show a street address instead of a box number. Include the suite or room number, if any. If you conducted the business from your home located at the address shown on

Form 1040, page 1, you do not have to complete this line.

## Line F

You must use the cash method on your return unless you kept account books. If you kept such books, you can use the cash method or the accrual method. However, if inventories are required, you must use the accrual method for sales and purchases. Special rules apply to long-term contracts. See Internal Revenue Code section 460 for details. The method used must clearly reflect your income.

If you use the cash method, show all items of taxable income actually or constructively received during the year (in cash, property, or services). Income is constructively received when it is credited to your account or set aside for you to use. Also, show amounts actually paid during the year for deductible expenses.

If you use the accrual method, report income when you earn it and deduct expenses when you incur them even if you do not pay them during the tax year.

Accrual-basis taxpayers are put on a cash basis for deducting business expenses owed to a related cash-basis taxpayer. Other rules determine the timing of deductions based on economic performance. See Pub. 538.

To change your accounting method (including treatment of inventories), you must usually get permission from the IRS. In general, file Form 3115 within the first 180 days of the tax year in which you want to make the change.

## Line G

Participation, for purposes of the following seven material participation tests, generally includes any work you did in connection with an activity if you owned an interest in the activity at the time you did the work. The capacity in which you did the work does not matter. However, work is not treated as participation if it is work that an owner would not customarily do in the same type of activity and one of your main reasons for doing the work was to avoid the disallowance of losses or credits from the activity under the passive activity rules.

Work you did as an investor in an activity is not treated as participation unless you were directly involved in the day-to-day management or operations of the activity. Work done as an investor includes:

1. Studying and reviewing financial statements or reports on operations of the activity.
2. Preparing or compiling summaries or analyses of the finances or operations of the activity for your own use.
3. Monitoring the finances or operations of the activity in a nonmanagerial capacity.

Participation by your spouse during the tax year in an activity you own can be counted as your participation in the activity. This applies even if your spouse did not own an interest in the activity and whether or not you and your spouse file a joint return for the tax year.

Material Participation. For purposes of the passive activity rules, you materially participated in the operation of this trade or business activity during 1998 if you meet any of the following seven tests:

1. You participated in the activity for more than 500 hours during the tax year.
2. Your participation in the activity for the tax year was substantially all of the participation in the activity of all individuals (including individuals who did not own any interest in the activity) for the tax year.
3. You participated in the activity for more than 100 hours during the tax year, and you participated at least as much as any other person for the tax year. This includes individuals who did not own any interest in the activity.
4. The activity is a significant participation activity for the tax year, and you participated in all significant participation activities for more than 500 hours during the year. An activity is a "significant participation activity" if it involves the conduct of a trade or business, you participated in the activity for more than 100 hours during the tax year, and you did not materially participate under any of the material participation tests (other than this test 4).
5. You materially participated in the activity for any 5 of the prior 10 tax years.
6. The activity is a personal service activity in which you materially participated for any 3 prior tax years. A personal service activity is an activity that involves performing personal services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, or any other trade or business in which capital is not a material incomeproducing factor.
7. Based on all the facts and circumstances, you participated in the activity

C-2
on a regular, continuous, and substantial basis during the tax year. But you do not meet this test if you participated in the activity for 100 hours or less during the tax year. Your participation in managing the activity does not count in determining if you meet this test if any person (except you) -
a. Received compensation for performing management services in connection with the activity, or
b. Spent more hours during the tax year than you spent performing management services in connection with the activity (regardless of whether the person was compensated for the services).
If you meet any of the above tests, check the "Yes" box.
If you do not meet any of the above tests, check the "No" box. This business is a passive activity. If you have a loss from this business, see Limit on Losses below. If you have a profit from this business activity but have current year losses from other passive activities or you have prior year unallowed passive activity losses, see the instructions for Form 8582.

Exception for Oil and Gas. If you are filing Schedule $C$ to report income and deductions from an oil or gas well in which you own a working interest directly or through an entity that does not limit your liability, check the "Yes" box. The activity of owning the working interest is not a passive activity regardless of your participation in the activity.

Limit on Losses. If you checked the "No" box and you have a loss from this business, you may have to use Form 8582 to figure your allowable loss, if any, to enter on Schedule C, line 31. Generally, you can deduct losses from passive activities only to the extent of income from passive activities.

For more details, see Pub. 925.

## Line H

If you started or acquired this business in 1998, check the box on line H. Also, check the box if you are reopening or restarting this business after temporarily closing it, and you did not file a 1997 Schedule C or C-EZ for this business.

## Part I. Income

## Line 1

Enter gross receipts from your trade or business. Include amounts you received in your trade or business that were properly shown on Forms 1099-MISC. If the total amounts that were reported in box 7 of Forms 1099-MISC are more than the total you are reporting on line 1 , attach a statement explaining the difference.

Statutory Employees. If you received a Form W-2 and the "Statutory employee" box in box 15 of that form was checked, report your income and expenses related to that income on Schedule $C$ or C-EZ. Enter your statutory employee income from box 1 of Form W-2 on line 1 of Schedule C or C-EZ, and check the box on that line. Social security and Medicare tax should have been withheld from your earnings; therefore, you do not owe self-employment tax on these earnings.

Statutory employees include full-time life insurance agents, certain agent or commission drivers and traveling salespersons, and certain homeworkers.

If you had both self-employment income and statutory employee income, do not combine these amounts on a single Schedule C or C-EZ. In this case, you must file two Schedules C. You cannot use Schedule C-EZ.

Installment Sales. Generally, the installment method may not be used to report income from the sale of (a) personal property regularly sold under the installment method or (b) real property held for resale to customers. But the installment method may be used to report income from sales of certain residential lots and timeshares if you elect to pay interest on the tax due on that income after the year of sale. See Internal Revenue Code section 453(I)(2)(B) for details. If you make this election, include the interest on Form 1040, line 56. Also, enter "453(l)(3)" and the amount of the interest on the dotted line to the left of line 56 .

If you use the installment method, attach a schedule to your return. Show separately for 1998 and the 3 preceding years: gross sales, cost of goods sold, gross profit, percentage of gross profit to gross sales, amounts collected, and gross profit on amounts collected.

## Line 2

Enter such items as returned sales, rebates, and allowances from the sales price.

## Line 6

Report on line 6 amounts from finance reserve income, scrap sales, bad debts you recovered, interest (such as on notes and accounts receivable), state gasoline or fuel tax refunds you got in 1998, credit for Federal tax paid on gasoline or other fuels claimed on your 1997 Form 1040, prizes and awards related to your trade or business, and other kinds of miscellaneous business income. Include amounts you received in your trade or business as shown on Form 1099-PATR. Also, include any recapture of the deduction for clean-fuel vehicles used in your business and clean-fuel vehicle refueling property. For more details, see Pub. 535.

If the business use percentage of any listed property (defined in the instructions for line 13) decreased to $50 \%$ or less in 1998, report on this line any recapture of excess depreciation, including any section 179 expense deduction. Use Form 4797 to figure the recapture. Also, if the business use percentage drops to $50 \%$ or less on leased listed property (other than a vehicle), include on this line any inclusion amount. See Pub. 946 to figure the amount.

## Part II. Expenses

Capitalizing Costs of Property. If you produced real or tangible personal property or acquired property for resale, certain expenses attributable to the property must be included in inventory costs or capitalized. In addition to direct costs, producers of inventory property must also include part of certain indirect costs in their inventory. Purchasers of personal property acquired for resale must include part of certain indirect costs in inventory only if the average annual gross receipts for the 3 prior tax years exceed $\$ 10$ million. Also, you must capitalize part of the indirect costs that benefit real or tangible personal property constructed for use in a trade or business, or noninventory property produced for sale to customers. Reduce the amounts on lines $8-26$ and Part V by amounts capitalized. For more details, see Pub. 538.

Exception for Creative Property. If you are an artist, author, or photographer, C-3
you may be exempt from the capitalization rules. However, your personal efforts must have created (or reasonably be expected to create) the property. This exception does not apply to any expense related to printing, photographic plates, motion picture films, video tapes, or similar items. These expenses are subject to the capitalization rules. For more details, see Pub. 538.

## Line 9

Include debts and partial debts from sales or services that were included in income and are definitely known to be worthless. If you later collect a debt that you deducted as a bad debt, include it as income in the year collected. For more details, see Pub. 535.

## Line 10

You can deduct the actual expenses of running your car or truck, or take the standard mileage rate. You may use the standard mileage rate even if you lease your vehicle. You must use actual expenses if you used more than one vehicle simultaneously in your business (such as in fleet operations).

If you deduct actual expenses:

- Include on line 10 the business portion of expenses for gasoline, oil, repairs, insurance, tires, license plates, etc., and
- Show depreciation on line 13 and rent or lease payments on line 20a.
If you choose to take the standard mileage rate, you cannot deduct depreciation, rent or lease payments, or your actual operating expenses. To take the standard mileage rate, multiply the number of business miles by 32.5 cents a mile. Add to this amount your parking fees and tolls, and enter the total.
For more details, see Pub. 463.
Information on Your Vehicle. If you claim any car and truck expenses, you must provide certain information on the use of your vehicle by completing one of the following:
- Part IV of Schedule C or Part III of Schedule C-EZ if: (a) you are claiming the standard mileage rate, you lease your vehicle, or your vehicle is fully depreciated and (b) you are not required to file Form 4562 for any other reason. If you used more than one vehicle during the year, attach your own schedule with the information requested in Part IV of Schedule C, or Part III of Schedule C-EZ, for each additional vehicle.
- Part V of Form 4562 if you are claiming depreciation on your vehicle or you are required to file Form 4562 for any other reason (see the instructions for line 13 below).

## Line 12

Enter your deduction for depletion on this line. If you have timber depletion, attach Form T. See Pub. 535 for details.

## Line 13

Depreciation and Section 179 Expense Deduction. Depreciation is the annual deduction allowed to recover the cost or other basis of business or investment property with a useful life of more than 1 year. You can also depreciate improvements made to leased business property. However, stock in trade, inventories, and land are not depreciable.

Depreciation starts when you first use the property in your business or for the production of income. It ends when you take the property out of service, deduct all your depreciable cost or other basis, or no longer use the property in your business or for the production of income.

See the Instructions for Form 4562 to figure the amount of depreciation to enter on line 13.

You may also choose under Internal Revenue Code section 179 to expense part of the cost of certain property you bought in 1998 for use in your business. See the Instructions for Form 4562 for more details.

When To Attach Form 4562. You must complete and attach Form 4562 only if:

- You are claiming depreciation on property placed in service during 1998, or
- You are claiming depreciation on listed property (defined below), regardless of the date it was placed in service, or
- You are claiming a section 179 expense deduction.

If you acquired depreciable property for the first time in 1998, see Pub. 946.

Listed property generally includes, but is not limited to:

- Passenger automobiles weighing 6,000 pounds or less.
- Any other property used for transportation if the nature of the property lends itself to personal use, such as motorcycles, pickup trucks, etc.
- Any property used for entertainment or recreational purposes (such as photographic, phonographic, communication, and video recording equipment).
- Cellular telephones or other similar telecommunications equipment.
- Computers or peripheral equipment.

Exceptions. Listed property does not include photographic, phonographic, communication, or video equipment used exclusively in your trade or business or at your regular business establishment. It also does not include any computer or peripheral equipment used exclusively at a regular business establishment and owned or leased by the person operating the establishment. For purposes of these exceptions, a portion of your home is treated as a regular business establishment only if that portion meets the requirements under Internal Revenue Code section 280A(c)(1) for deducting expenses for the business use of your home.

If the business use percentage of any listed property decreased to $50 \%$ or less in 1998, see the instructions for line 6 on page C-3.

## Line 14

Deduct contributions to employee benefit programs that are not an incidental part of a pension or profit-sharing plan included on line 19. Examples are accident and health plans, group-term life insurance, and dependent care assistance programs.

Do not include on line 14 any contributions you made on your behalf as a self-employed person to an accident and health plan or for group-term life insurance. You may be able to deduct on Form 1040, line 28, part of the amount you paid for health insurance on behalf of yourself, your spouse, and dependents, even if you do not itemize your deductions. See the Form 1040 instructions on page 28 for more details.

## Line 15

Deduct premiums paid for business insurance on line 15 . Deduct on line 14 amounts paid for employee accident and health insurance. Do not deduct amounts credited to a reserve for selfinsurance or premiums paid for a policy that pays for your lost earnings due to sickness or disability. For more details, see Pub. 535.

## Lines 16a and 16b

Interest Allocation Rules. The tax treatment of interest expense differs depending on its type. For example, home mortgage interest and investment interest are treated differently. "Interest allocation" rules require you to allocate (classify) your interest expense so it is deducted (or capitalized) on the correct line of your return and gets the right tax treatment. These rules could affect how much interest you are allowed to deduct on Schedule C or C-EZ.

Generally, you allocate interest expense by tracing how the proceeds of the loan were used. See Pub. 535 for details.

If you paid interest in 1998 that applies to future years, deduct only the part that applies to 1998. If you paid interest on a debt secured by your main home and any of the proceeds from that debt were used in connection with your trade or business, see Pub. 535 to figure the amount that is deductible on Schedule C or C-EZ.
If you have a mortgage on real property used in your business (other than your main home), enter on line 16a the interest you paid for 1998 to banks or other financial institutions for which you received a Form 1098. If you did not receive a Form 1098, enter the interest on line 16b.

If you paid more mortgage interest than is shown on Form 1098 or similar statement, see Pub. 535 to find out if you can deduct the additional interest. If you can, enter the amount on line 16a. Attach a statement to your return explaining the difference. Enter "See attached" in the left margin next to line 16a.
If you and at least one other person (other than your spouse if you file a joint return) were liable for and paid interest on the mortgage and the other person received the Form 1098, report your share of the interest on line 16b. Attach a statement to your return showing the name and address of the person who received the Form 1098. In the left margin next to line 16b, enter "See attached."
Do not deduct interest you paid or accrued on debts allocable to investment property. This interest is generally deducted on Schedule A (Form 1040). For details, see Pub. 550.

## Line 17

Include on this line fees for tax advice related to your business and for preparation of the tax forms related to your business.

## Line 19

Enter your deduction for contributions to a pension, profit-sharing, or annuity plan, or plans for the benefit of your employees. If the plan includes you as a self-employed person, enter contributions made as an employer on your behalf on Form 1040, line 29, not on Schedule C.

Generally, you must file one of the following forms if you maintain a pension, profit-sharing, or other fundeddeferred compensation plan. The filing requirement is not affected by whether or not the plan qualified under the Internal Revenue Code, or whether or not you claim a deduction for the current tax year.

Form 5500. Complete this form for each plan with 100 or more participants.

Form $5500-\mathrm{C} / \mathrm{R}$ or $5500-\mathrm{EZ}$. Complete the applicable form for each plan with fewer than 100 participants.

There is a penalty for failure to timely file these forms.

For more information, see Pub. 560.

## Lines 20a and 20b

If you rented or leased vehicles, machinery, or equipment, enter on line 20a the business portion of your rental cost. But if you leased a vehicle for a term of 30 days or more, you may have to reduce your deduction by an amount called the inclusion amount.

## You may have to do this if-

| The lease term began: | And the vehicle's fair market value on the first day of the lease exceeded: |
| :---: | :---: |
| During 1997 or 1998 | \$15,800 |
| During 1995 or 1996 | 15,500 |
| During 1994 | 14,600 |
| During 1993 | 14,300 |
| During 1992 | 13,700 |

If the lease term began before 1992, see Pub. 463 to find out if you have an inclusion amount.

Also see Pub. 463 to figure your inclusion amount.

Enter on line 20b amounts paid to rent or lease other property, such as office space in a building.

## Line 21

Deduct the cost of repairs and maintenance. Include labor, supplies, and other items that do not add to the value or increase the life of the property. Do not deduct the value of your own labor. Do not deduct amounts spent to restore or replace property; they must be capitalized.

## Line 23

You can deduct the following taxes on this line:

- State and local sales taxes imposed on you as the seller of goods or services. If you collected this tax from the buyer, you must also include the amount collected in gross receipts or sales on line 1.
- Real estate and personal property taxes on business assets.
- Social security and Medicare taxes paid to match required withholding from your employees' wages. Also, Federal unemployment tax paid. Reduce your deduction by the amount of the current year credit shown on line 4 of Form 8846.
- Federal highway use tax.

Do not deduct on this line:

- Federal income taxes, including your self-employment tax. However, you may deduct one-half of your selfemployment tax on Form 1040, line 27.
- Estate and gift taxes.
- Taxes assessed to pay for improvements, such as paving and sewers.
- Taxes on your home or personal use property.
- State and local sales taxes on property purchased for use in your business. Instead, treat these taxes as part of the cost of the property.
- State and local sales taxes imposed on the buyer that you were required to collect and pay over to the state or local governments. These taxes are not included in gross receipts or sales nor are they a deductible expense. However, if the state or local government allowed you to retain any part of the sales tax you collected, you must include that amount as income on line 6.
- Other taxes not related to your business.

## Line 24a

Enter your expenses for lodging and transportation connected with overnight travel for business while away from your tax home. Generally, your tax home is your main place of business regardless of where you maintain your family home. You cannot deduct expenses paid or incurred in connection with employment away from home if that period of employment exceeds 1 year. Also, you cannot deduct travel expenses for your spouse, your dependent, or any other individual unless that person is your employee, the travel is for a bona fide business purpose, and the expenses would otherwise be deductible by that person.

Do not include expenses for meals and entertainment on this line. Instead, see the instructions for lines 24b and 24c below.
You cannot deduct expenses for attending a foreign convention unless it is directly related to your trade or business and it is as reasonable for the meeting to be held outside the North American area as within it. These rules apply to both employers and employees. Other rules apply to luxury water travel.

For more details, see Pub. 463.

## Lines 24b and 24c

On line 24b, enter your total business meal and entertainment expenses. Include meals while traveling away from home for business. Instead of the actual cost of your meals while traveling away from home, you may use the standard meal allowance. For more details, see Pub. 463.

Business meal expenses are deductible only if they are (a) directly related to or associated with the active conduct of your trade or business, (b) not lavish or extravagant, and (c) incurred while you or your employee is present at the meal.
You cannot deduct any expense paid or incurred for a facility (such as a yacht or hunting lodge) used for any activity usually considered entertainment, amusement, or recreation.
Also, you cannot deduct membership dues for any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion. But it does not
include civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards, unless a principal purpose of the organization is to entertain, or provide entertainment facilities for, members or their guests.

There are exceptions to these rules as well as other rules that apply to skybox rentals and tickets to entertainment events. See Pub. 463.

Generally, you may deduct only $50 \%$ of your business meal and entertainment expenses, including meals incurred while traveling away from home on business. However, you may fully deduct meals and entertainment furnished or reimbursed to an employee if you properly treat the expense as wages subject to withholding. You may also fully deduct meals and entertainment provided to a nonemployee to the extent the expenses are includible in the gross income of that person and reported on Form 1099-MISC.
Figure how much of the amount on line 24 b is subject to the $50 \%$ limit. Then, enter one-half of that amount on line 24 c .

## Line 25

Deduct only utility expenses for your trade or business.

Local Telephone Service. If you used your home phone for business, do not deduct the base rate (including taxes) of the first phone line into your residence. But you can deduct expenses for any additional costs you incurred for business that are more than the cost of the base rate for the first phone line. For example, if you had a second line, you can deduct the business percentage of the charges for that line, including the base rate charges.

## Line 26

Enter the total salaries and wages for the tax year. Do not include salaries and wages deducted elsewhere on your return or amounts paid to yourself. Reduce your deduction by the current year credits claimed on:

- Form 5884, Work Opportunity Credit.
- Form 8844, Empowerment Zone Employment Credit.
- Form 8845, Indian Employment Credit.
- Form 8861, Welfare-to-Work Credit.

Caution: If you provided taxable fringe benefits to your employees, such as personal use of a car, do not deduct as wages the amount applicable to depreciation and other expenses claimed elsewhere.

## Line 30

Business Use of Your Home. You may be able to deduct certain expenses for business use of your home, subject to limitations. Generally, any amount not allowed as a deduction for 1998 because of the limitations can be carried over to 1999. You must attach Form 8829 if you claim this deduction.

For details, see the Instructions for Form 8829 and Pub. 587.

## Line 31

If you have a loss, the amount of loss you can deduct this year may be limited. Go on to line 32 before entering your loss on line 31. If you answered "No" to Question G on Schedule C, also see the Instructions for Form 8582. Enter the net profit or deductible loss here. Combine this amount with any profit or loss from other businesses, and enter the total on Form 1040, line 12, and Schedule SE, line 2. Estates and trusts should enter the total on Form 1041, line 3.
If you have a net profit on line 31, this amount is earned income and may qualify you for the earned income credit. See the Instructions for Form 1040, lines 59a and 59b, on page 36 for more details.

Statutory Employees. If you are filing Schedule C to report income and expenses as a statutory employee, include your net profit or deductible loss from line 31 with other Schedule C amounts on Form 1040, line 12. However, do not report this amount on Schedule SE, line 2. If you are required to file Schedule SE because of other self-employment income, see the Instructions for Schedule SE .

## Line 32

At-Risk Rules. Generally, if you have (a) a business loss and (b) amounts in the business for which you are not at risk, you will have to complete Form 6198 to figure your allowable loss.
The at-risk rules generally limit the amount of loss (including loss on the
disposition of assets) you can claim to the amount you could actually lose in the business.
Check box 32b if you have amounts for which you are not at risk in this business, such as the following.

- Nonrecourse loans used to finance the business, to acquire property used in the business, or to acquire the business that are not secured by your own property (other than property used in the business). However, there is an exception for certain nonrecourse financing borrowed by you in connection with holding real property.
- Cash, property, or borrowed amounts used in the business (or contributed to the business, or used to acquire the business) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).
- Amounts borrowed for use in the business from a person who has an interest in the business, other than as a creditor, or who is related under Internal Revenue Code section 465(b)(3) to a person (other than you) having such an interest.
If all amounts are at risk in this business, check box 32a and enter your loss on line 31. But if you answered " No " to Question G, you may need to complete Form 8582 to figure your allowable loss to enter on line 31. See the Instructions for Form 8582 for more details.
If you checked box 32b, get Form 6198 to determine the amount of your deductible loss and enter that amount on line 31. But if you answered "No" to Question G, your loss may be further limited. See the Instructions for Form 8582. If your at-risk amount is zero or less, enter zero on line 31 . Be sure to attach Form 6198 to your return. If you checked box 32b and you do not attach Form 6198, the processing of your tax return may be delayed.

Statutory Employees. Include your deductible loss with other Schedule C amounts on Form 1040, line 12. Do not include this amount on Schedule SE, line 2.
Any loss from this business not allowed for 1998 because of the at-risk rules is treated as a deduction allocable to the business in 1999. For more details, see the Instructions for Form 6198 and Pub. 925.

## Part III. Cost of Goods Sold

If you engaged in a trade or business in which the production, purchase, or sale of merchandise was an incomeproducing factor, merchandise inventories must be taken into account at the beginning and end of your tax year.

Note: Certain direct and indirect expenses must be capitalized or included in inventory. See the instructions for Part II.

## Line 33

Your inventories can be valued at cost; cost or market value, whichever is lower; or any other method approved by the IRS.

## Part V. Other Expenses

Include all ordinary and necessary business expenses not deducted elsewhere on Schedule C. List the type and amount of each expense separately in the space provided. Enter the total on lines 48 and 27. Do not include the cost of business equipment or furniture, replacements or permanent improvements to property, or personal, living, and family expenses. Do not include charitable contributions. Also, you may not deduct fines or penalties paid to a government for violating any law. For more details on business expenses, see Pub. 535.

Amortization. Include amortization in this part. For amortization that begins in 1998, you must complete and attach Form 4562.

You may amortize:

- The cost of pollution-control facilities.
- Amounts paid for research and experimentation.
- Certain business startup costs.
- Qualified forestation and reforestation costs.
- Amounts paid to acquire, protect, expand, register, or defend trademarks or trade names.
- Goodwill and certain other intangibles.

In general, you may not amortize real property construction period interest and taxes. Special rules apply for allo-
cating interest to real or personal property produced in your trade or business.

At-Risk Loss Deduction. Any loss from this activity that was not allowed as a deduction last year because of the atrisk rules is treated as a deduction allocable to this activity in 1998.

Capital Construction Fund. Do not claim on Schedule C or C-EZ the deduction for amounts contributed to a capital construction fund set up under the Merchant Marine Act of 1936. To take the deduction, reduce the amount that would otherwise be entered as taxable income on Form 1040, line 39, by the amount of the deduction. In the margin to the left of line 39, enter "CCF" and the amount of the deduction. For more information, see Pub. 595.

Deduction for Clean-Fuel Vehicles and Clean-Fuel Vehicle Refueling Property. You may deduct part of the cost of qualified clean-fuel vehicle property used in your business and qualified clean-fuel vehicle refueling property. See Pub. 535 for more details.

Disabled Access Credit and the Deduction for Removing Barriers to Individuals With Disabilities and the Elderly. You may be able to claim a tax credit of up to $\$ 5,000$ for eligible expenditures paid or incurred in 1998 to provide access to your business for individuals with disabilities. See Form 8826 for more details. You can also deduct up to $\$ 15,000$ of costs paid or incurred in 1998 to remove architectural or transportation barriers to individuals with disabilities and the elderly. However, you cannot take both the credit and the deduction on the same expenditures.

These codes for the Principal Business or Professional Activity classify sole proprietorships by the type of activity they are engaged in to facilitate the administration of the Internal Revenue Code. These six-digit codes are based on the new North American Industry Classification System (NAICS) and do not resemble prior year codes.

Select the category that best describes your primary business activity (for example, Real Estate). Then select the activity that best identifies the principal source of your sales or receipts (for example, real estate agent). Now find the six-digit code assigned to this activity and enter it on line B of Schedule C or C-EZ
(for example, 531210, the Code for offices of real estate agents and brokers).
Note: If your principal source of income is from farming activities, you should file Schedule F (Form 1040), Profit or Loss From Farming.

Instructions for Schedule D, Capital Gains and Losses

Use Schedule D (Form 1040) to report:

- The sale or exchange of a capital asset (defined on this page).
- Gains from involuntary conversions (other than from casualty or theft) of capital assets not held for business or profit.
- Capital gain distributions.
- Nonbusiness bad debts.

Additional Information. See Pub. 544 and Pub. 550 for more details. For a comprehensive filled-in example of Schedule D, see Pub. 550.
Section references are to the Internal Revenue Code unless otherwise noted.

## General Instructions

## Changes To Note

- For sales, exchanges, and conversions after 1997, property held more than 1 year (instead of more than 18 months) generally is eligible for the $10 \%, 20 \%$, and $25 \%$ maximum capital gains rates. This rule also applies to installment payments received after 1997. The $28 \%$ rate will now apply only to pre-1998 gains (e.g., from fiscal year partnerships and mutual funds), collectibles gains, and part or all of the gain from the sale or exchange of qualified small business stock.
- If you sold qualified small business stock held more than 5 years, you may be able to exclude up to $50 \%$ of the gain. See page D-5 for details.

## Other Forms You May Have To File

Use Form 4797 to report the following:

- The sale or exchange of property used in a trade or business; depreciable and amortizable property; oil, gas, geothermal, or other mineral property; and section 126 property.
- The involuntary conversion (other than from casualty or theft) of property used in a trade or business and capital assets held for business or profit.
- The disposition of noncapital assets other than inventory or property held primarily for sale to customers in the ordinary course of your trade or business.
- Ordinary loss on the sale, exchange, or worthlessness of small business investment company (section 1242) stock.
- Ordinary loss on the sale, exchange, or worthlessness of small business (section 1244) stock.

Use Form 4684 to report involuntary conversions of property due to casualty or theft.

Use Form 6781 to report gains and losses from section 1256 contracts and straddles.

Use Form 8824 if you made one or more "like-kind" exchanges. A like-kind exchange occurs when you exchange business or investment property for property of a like kind. For exchanges of capital assets, include the gain or (loss) from Form 8824, if any, on line 4 or line 11.

## Capital Asset

Most property you own and use for personal purposes, pleasure, or investment is a capital asset. For example, your house, furniture, car, stocks, and bonds are capital assets. A capital asset is any property held by you except the following:

1. Stock in trade or other property included in inventory or held for sale to customers.
2. Accounts or notes receivable for services performed in the ordinary course of your trade or business or as an employee, or from the sale of any property described in $\mathbf{1 .}$
3. Depreciable property used in your trade or business even if it is fully depreciated.
4. Real estate used in your trade or business.
5. Copyrights, literary, musical, or artistic compositions, letters or memoranda, or similar property: (a) created by your personal efforts; (b) prepared or produced for you (in the case of letters, memoranda, or similar property); or (c) that you received from someone who created them or for whom they were created, as mentioned in (a) or (b), in a way (such as by gift) that entitled you to the basis of the previous owner.
6. U.S. Government publications, including the Congressional Record, that you received from the government, other than by purchase at the normal sales price, or that you got from someone who had received it in a similar way,
if your basis is determined by reference to the previous owner's basis.

## Capital Assets Held for Personal Use

Gain from the sale or exchange of this property is a capital gain. Report it on Schedule D, Part I or Part II. Loss from the sale or exchange of this property is not deductible. But if you had a loss from the sale or exchange of real estate held for personal use for which you received a Form 1099-S, you must report the transaction on Schedule $D$ even though the loss is not deductible.
For example, you have a loss on the sale of a vacation home that is not your main home. Report it on line 1 or 8 , depending on how long you owned the home. Complete columns (a) through (e). Because the loss is not deductible, enter -0 - in column (f).

## Short Term or Long Term

Separate your capital gains and losses according to how long you held or owned the property. The holding period for short-term capital gains and losses is 1 year or less. The holding period for long-term capital gains and losses is more than 1 year. To figure the holding period, begin counting on the day after you received the property and include the day you disposed of it.

If you disposed of property that you acquired by inheritance, report the disposition as a long-term gain or loss, regardless of how long you held the property.

A nonbusiness bad debt must be treated as a short-term capital loss. See Pub. 550 for what qualifies as a nonbusiness bad debt and how to enter it on Schedule D.

## Partnership Interests

A sale or other disposition of an interest in a partnership may result in ordinary income or unrecaptured section 1250 gain. See Pub. 541 and the worksheet for line 25 on page D-7.

## Capital Gain Distributions

Enter on line 13, column (f), the total capital gain distributions paid to you during the year, regardless of how long you held your investment. Enter on line 13, column ( g ), the total of the amounts reported to you as the $28 \%$ rate gain portion of your total capital gain distributions. See below for a filled-in example of how to report capital gain distributions.

If you have an amount in box 2c, see the worksheet for line 25 on page D-7. If you have an amount in box 2d, see Exclusion of Gain on Qualified Small Business Stock (Section 1202) on page D-5.

If you received capital gain distributions as a nominee (that is, they were paid to you but actually belong to someone else), report only the amount that belongs to you on line 13. Attach a statement showing
the full amount you received and the amount you received as a nominee. See page B-1 for filing requirements for Forms 1099-DIV and 1096.
Note: The example below is for a taxpayer whose only capital gains are capital gain distributions from a mutual fund (or other regulated investment company). If you have other capital gains or losses, you will have to complete additional lines on page 1 of Schedule D.

FIRST . . . Enter the total amounts from all your Forms 1099-DIV (or substitute statements), boxes 2 a and 2 b , on Schedule D, line 13, columns (f) and (g), respectively.
THEN ... Complete lines 15 and 16 , and go to Part III on the back of Schedule D.

$\boldsymbol{*}_{\mathbf{2 8}}$ \% Rate Gain or Loss includes all "collectibles gains and losses" (as defined on page D-7) and up to $50 \%$ of the eligible gain on qualified small business stock (see page D-5).
For Paperwork Reduction Act Notice, see Form 1040 instructions.

## Sale of Your Home

If you sold or exchanged your main home in 1998, do not report it on your tax return unless your gain exceeds your exclusion amount. Generally, if you meet the two tests below, you can exclude up to $\$ 250,000$ of gain. If both you and your spouse meet these tests, and you file a joint return, you can exclude up to $\$ 500,000$ of gain (but only one spouse needs to meet the ownership requirement in Test 1).

Test 1. You owned and used the home as your main home for 2 years or more during the 5-year period ending on the date you sold or exchanged your home.

Test 2. You have not sold or exchanged another main home during the 2 -year period ending on the date of the sale or exchange of your home (not counting any sales or exchanges before May 7, 1997).

See Pub. 523 for details, including how to report any taxable gain on Schedule D, if:

- You do not meet one of the above two tests,
- You (or your spouse if married) used any part of the home for business or rental purposes after May 6, 1997, or
- Your gain exceeds your exclusion amount.

Note: Form 2119, which was previously used to report home sales, is now obsolete.

## Nondeductible Losses

Do not deduct a loss from the direct or indirect sale or exchange of property between any of the following.

- Members of a family.
- A corporation and an individual owning more than $50 \%$ of the corporation's stock (unless the loss is from a distribution in complete liquidation of a corporation).
- A grantor and a fiduciary of a trust.
- A fiduciary and a beneficiary of the same trust.
- A fiduciary and a beneficiary of another trust created by the same grantor.
- An executor of an estate and a beneficiary of that estate, unless the sale or exchange was to satisfy a pecuniary bequest (i.e., a bequest of a sum of money).
- An individual and a tax-exempt organization controlled by the individual or the individual's family.

See Pub. 544 for more details on sales and exchanges between related parties.

If you disposed of (a) an asset used in an activity to which the at-risk rules apply or (b) any part of your interest in an activity to which the at-risk rules apply, and you have amounts in the activity for which you are not at risk, see the instructions for Form 6198.

If the loss is allowable under the atrisk rules, it may then be subject to the passive activity rules. See Form 8582 and its instructions to see how to report capital gains and losses from a passive activity.

## Items for Special Treatment

- Transactions by a securities dealer. See section 1236.
- Bonds and other debt instruments. See Pub. 550 for details.
- Certain real estate subdivided for sale that may be considered a capital asset. See section 1237.
- Gain on the sale of depreciable property to a more than $50 \%$ owned entity, or to a trust of which you are a beneficiary. See Pub. 544 for details.
- Gain on the disposition of stock in an interest charge domestic international sales corporation. See section 955(c).
- Gain on the sale or exchange of stock in certain foreign corporations. See section 1248.
- Transfer of property to a partnership that would be treated as an investment company if it were incorporated. See Pub. 541.
- Sales of stock received under a qualified public utility dividend reinvestment plan. See Pub. 550 for details.
- Transfer of appreciated property to a political organization. See section 84.
- In general, no gain or loss is recognized on the transfer of property from an individual to a spouse or a former spouse if the transfer is incident to a divorce. See Pub. 504.
- Amounts received on the retirement of a debt instrument generally are treated as received in exchange for the debt instrument. See Pub. 550.
- Any loss on the disposition of converted wetland or highly erodible cropland that is first used for farming after March 1, 1986, is reported as a longterm capital loss on Schedule D, but any gain is reported as ordinary income on Form 4797.
- Amounts received by shareholders in corporate liquidations. See Pub. 550.
- Cash received in lieu of fractional shares of stock as a result of a stock split or stock dividend. See Pub. 550 for details.
- Mutual fund load charges may not be taken into account in determining gain or loss on certain dispositions of stock in mutual funds if reinvestment rights were exercised. For details, see Pub. 564.

## Wash Sales

A wash sale occurs when you sell or otherwise dispose of stock or securities (including a contract or option to acquire or sell stock or securities) at a loss and, within 30 days before or after the sale or disposition, you directly or indirectly:

- Buy substantially identical stock or securities,
- Acquire substantially identical stock or securities in a fully taxable trade, or
- Enter into a contract or option to acquire substantially identical stock or securities.
You cannot deduct losses from wash sales unless the loss was incurred in the ordinary course of your business as a dealer in stock or securities. The basis of the substantially identical property (or contract or option to acquire such property) is its cost increased by the disallowed loss. For more details on wash sales, see Pub. 550.

Report a wash sale transaction on line 1 or 8 . Show the full amount of the (loss) in column (f). Directly below the line on which you reported the loss, enter "Wash Sale" in column (a) and the amount of the loss not allowed as a positive amount in column (f).

## Short Sales

A short sale is a contract to sell property you borrowed for delivery to a buyer. At a later date, you either buy substantially identical property and deliver it to the lender or deliver property that you held but did not want to transfer at the time of the sale. Usually, your holding period is the amount of time you actually held the property eventually delivered to the lender to close the short sale. However, your gain when closing a short sale is short term if you (a) held substantially identical property for 1 year or less on the date of the short sale, or (b) acquired property substantially identical to the property sold short after the short sale but on or before the date you close the short sale.

If you held substantially identical property for more than 1 year on the date of a short sale, any loss realized on the short sale is a long-term capital loss, even if the property used to close the short sale was held 1 year or less.

## Constructive Sales Treatment for Certain Appreciated Positions

Generally, you must recognize gain (but not loss) on the date you enter into a constructive sale of any appreciated position in stock, a partnership interest, or certain debt instruments as if the position were disposed of at fair market value on that date.

You are treated as making a constructive sale of an appreciated position when you (or a related person, in some cases) do one of the following:

- Enter into a short sale of the same or substantially identical property (i.e., a "short sale against the box").
- Enter into an offsetting notional principal contract relating to the same or substantially identical property.
- Enter into a futures or forward contract to deliver the same or substantially identical property.
- Acquire the same or substantially identical property (if the appreciated position is a short sale, offsetting notional principal contract, or a futures or forward contract).

Exception. Generally, constructive sale treatment does not apply if:

- You closed the transaction before the end of the 30th day after the end of the year in which it was entered into,
- You held the appreciated position to which the transaction relates throughout the 60-day period starting on the date the transaction was closed, and
- At no time during that 60-day period was your risk of loss reduced by holding certain other positions.

For details and other exceptions to these rules, see Pub. 550.

## Gain or Loss From Options

Report on Schedule D gain or loss from the closing or expiration of an option that is not a section 1256 contract, but that is a capital asset in your hands. If a purchased option expired, enter the expiration date in column (c) and enter "EXPIRED" in column (d). If an option that was granted (written) expired, enter the expiration date in column (b) and enter "EXPIRED" in column (e). Fill in the other columns as appropriate. See Pub. 550 for more details.

## Sales of Stock to ESOPs or Certain Cooperatives

If you sold qualified securities (defined in section 1042(c)(1)) held for at least 3
years to an employee stock ownership plan (ESOP) or eligible worker-owned cooperative, you may be able to elect to postpone all or part of the gain on the sale if you bought qualified replacement property (securities) within the period that began 3 months before the sale and ended 12 months after the sale. If you make the election, you must recognize gain on the sale only to the extent the proceeds from the sale exceed the cost of the qualified replacement property. You must reduce the basis of the replacement property by any postponed gain. If you dispose of any replacement property, you may have to recognize all of the postponed gain.

Generally, to qualify for the election, the ESOP or cooperative must own immediately after the sale at least $30 \%$ of the outstanding stock of the corporation that issued the qualified securities. Also, the qualified replacement property must have been issued by a domestic operating corporation.

Similar rules apply to the sale of stock of a qualified refiner or processor to an eligible farmers' cooperative. See section 1042(g) for details and exceptions.

You must make the election no later than the due date (including extensions) for filing your tax return for the year in which you sold the stock. To make the election, report the entire gain realized on the sale on line 8 . Directly below the line on which you reported the gain, enter in column (a) "Section 1042 election" and enter as a (loss) in column (f) the amount of the gain you are postponing or expect to postpone. If the actual postponed gain is different from what you expected, file an amended return.

Also attach the following statements:

1. A "statement of election" that indicates you are making an election under section 1042(a) and that includes the following information: (a) a description of the securities sold, the date of the sale, the amount realized on the sale, and the adjusted basis of the qualified securities; (b) the name of the ESOP or cooperative to which the qualified securities were sold; and (c) for a sale that was part of a single, interrelated transaction under a prearranged agreement between taxpayers involving other sales of qualified securities, the names and identifying numbers of the other taxpayers under the agreement and the number of shares sold by the other taxpayers.
2. A notarized "statement of purchase" describing the qualified replacement property, date of purchase, and the cost of the property, and declaring the property to be qualified replacement
property for the qualified stock you sold. The statement must have been notarized no later than 30 days after the purchase. If you have not yet purchased the qualified replacement property, you must attach the notarized "statement of purchase" to your income tax return for the year following the election year (or the election will not be valid).
3. A verified written statement of the domestic corporation whose employees are covered by the ESOP acquiring the qualified securities, or of any authorized officer of the cooperative, consenting to the taxes under sections 4978 and 4979A on certain dispositions and prohibited allocations of the stock purchased by the ESOP or cooperative.
For details, see section 1042 and Temporary Regulations section 1.1042-1T.

## Specialized Small Business Investment Companies (SSBICs)

If you sold publicly traded securities, you may be able to postpone all or part of the gain on that sale if you bought common stock or a partnership interest in an SSBIC during the 60-day period that began on the date of the sale. An SSBIC is any partnership or corporation licensed by the Small Business Administration under section 301(d) of the Small Business Investment Act of 1958. You must recognize gain to the extent the sale proceeds exceed the cost of your SSBIC stock or partnership interest purchased during the 60-day period that began on the date of the sale (and not previously taken into account). The gain you postpone is limited to $\$ 50,000$ a year and \$500,000 during your lifetime (reduce these amounts by one-half if you are married filing separately). Reduce the basis of your SSBIC stock or partnership interest by any postponed gain. If you choose to postpone gain, report the entire gain realized on the sale on line 1 or 8 . Directly below the line on which you reported the gain, enter in column (a) "SSBIC Rollover" and enter as a (loss) in column (f) the amount of the postponed gain. Also attach a schedule showing (a) how you figured the postponed gain, (b) the name of the SSBIC in which you purchased common stock or a partnership interest, (c) the date of that purchase, and (d) your new basis in that SSBIC stock or partnership interest.

## Exclusion of Gain on Qualified Small Business Stock (Section 1202)

Section 1202 allows for an exclusion of up to $50 \%$ of the eligible gain on the sale or exchange of qualified small business stock. The section 1202 exclusion applies only to qualified small business stock issued after August 10, 1993, and held for more than 5 years. To be qual-
ified small business stock, the stock must meet all of the following tests:

- It must be stock in a C corporation (i.e., not S corporation stock).
- It must have been originally issued after August 10, 1993.
- As of the date the stock was issued, the corporation was a qualified small business. A qualified small business is a domestic Corporation with total gross assets of $\$ 50$ million or less (a) at all times after August 9, 1993, and before the stock was issued, and (b) immediately after the stock was issued. Gross assets include those of any predecessor of the corporation. All corporations that are members of the same parent-subsidiary controlled group are treated as one corporation.
- You must have acquired the stock at its original issue (either directly or through an underwriter), either in exchange for money or other property or as pay for services (other than as an underwriter) to the corporation. In certain cases, you may meet the test if you acquired the stock from another person who met the test (such as by gift or inheritance) or through a conversion or exchange of qualified small business stock you held.
- During substantially all the time you held the stock:

1. The corporation was a C corporation,
2. At least $80 \%$ of the value of the corporation's assets were used in the active conduct of one or more qualified businesses (defined below), and
3. The corporation was not a foreign corporation, DISC, former DISC, corporation that has made (or that has a subsidiary that has made) a section 936 election, regulated investment company, real estate investment trust, REMIC, FASIT, or cooperative.
Note: A specialized small business investment company (SSBIC) is treated as having met tests 2 and 3 above.

A qualified business is any business other than the following:

- One involving services performed in the fields of health, law, engineering, architecture, accounting, actuarial sci-
ence, performing arts, consulting, athletics, financial services, or brokerage services.
- One whose principal asset is the reputation or skill of one or more employees.
- Any banking, insurance, financing, leasing, investing, or similar business.
- Any farming business (including the raising or harvesting of trees).
- Any business involving the production of products for which percentage depletion can be claimed.
- Any business of operating a hotel, motel, restaurant, or similar business.

For more details about limits and additional requirements that may apply, see section 1202.

## Pass-Through Entities

If you held an interest in a pass-through entity (a partnership, S corporation, or mutual fund or other regulated investment company) that sold qualified small business stock, you must have held the interest on the date the pass-through entity acquired the qualified small business stock and at all times thereafter until the stock was sold to qualify for the exclusion.

## How To Report

Report in column (f) of line 8 the entire gain realized on the sale of qualified small business stock. In column (g) of line 8, report as $28 \%$ rate gain an amount equal to the section 1202 exclusion. Directly below the line on which you reported the gain, enter in column (a) "Section 1202 exclusion" and enter as a (loss) in column (f) the amount of the allowable exclusion.

Gain From Form 1099-DIV. If you received a Form 1099-DIV with a gain in box 2 d , part or all of that gain (which is also included in box 2a) may be eligible for the section 1202 exclusion. In column (a) of line 8 , enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Gain From Form 2439. If you received a Form 2439 with a gain in box 1d, part or all of that gain (which is also included in box 1a) may be eligible for the section 1202 exclusion. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Alternative Minimum Tax. You must include $42 \%$ of the exclusion amount on Form 6251, line 14 m . Complete Form 6251 to see if you owe this tax.

## Rollover of Gain From Qualified Stock

If you sold qualified small business stock (defined above) that you held for more than 6 months, you may postpone gain if you purchase other qualified small business stock during the 60-day period that began on the date of the sale. You must recognize gain to the extent the sale proceeds exceed the cost of the replacement stock. Reduce the basis of the replacement stock by any postponed gain. If you choose to postpone gain, report the entire gain realized on the sale on line 1 or 8 . Directly below the line on which you reported the gain, enter in column (a) "Section 1045 Rollover" and enter as a (loss) in column (f) the amount of the postponed gain.

## Undistributed Capital Gains

Include on line 11, column (f), the amount from box 1a of Form 2439. This represents your share of the undistributed long-term capital gains of the regulated investment company (mutual fund) or real estate investment trust.
Include on line 11, column ( g ), the amount, if any, from box 1 b of Form 2439. If there is an amount in box 1c of Form 2439, see the worksheet for line 25 on page $\mathrm{D}-7$. If there is an amount in box 1d of Form 2439, see Exclusion of Gain on Qualified Small Business Stock (Section 1202) on this page.
Enter on Form 1040, line 63, the tax paid as shown in box 2 of Form 2439. Add to the basis of your stock the excess of the amount included in income over the amount of the credit for the tax paid. See Pub. 550 for more details.

## Installment Sales

If you sold property (other than publicly traded stocks or securities) at a gain and you will receive a payment in a tax year after the year of sale, you must report the sale on the installment method unless you elect not to. Use Form 6252 to report the sale on the installment method. Also use Form 6252 to report any payment received in 1998 from a sale made in an earlier year that you reported on the installment method. To elect out of the installment method, report the full amount of the gain on Schedule D on a timely filed return (including extensions).

## Specific Instructions

## Column (b)-Date Acquired

Enter in this column the date the asset was acquired. Use the trade date for stocks and bonds traded on an exchange or over-the-counter market. For stock or other property sold short, enter the date the stock or property was delivered to the broker or lender to close the short sale.

If you disposed of property that you acquired by inheritance, report the gain or (loss) on line 8 and enter "INHERITED" in column (b) instead of the date you acquired the property.

If you sold a block of stock (or similar property) that was acquired through several different purchases, you may report the sale on one line and enter "VARIOUS" in column (b). However, you still must report the short-term gain or (loss) on the sale in Part I and the long-term gain or (loss) in Part II.

## Column (c)-Date Sold

Enter in this column the date the asset was sold. Use the trade date for stocks and bonds traded on an exchange or over-the-counter market. For stock or other property sold short, enter the date you sold the stock or property you borrowed to open the short sale transaction.

## Column (d)-Sales Price

Enter in this column either the gross sales price or the net sales price from the sale. If you sold stocks or bonds and you received a Form 1099-B or similar statement from your broker that shows gross sales price, enter that amount in column (d). But if Form 1099-B (or your broker) indicates that gross proceeds minus commissions and option premiums were reported to the IRS, enter that net amount in column (d). If the net amount is entered in column (d), do not include the commissions and option premiums from the sale in column (e).

You should not have received a Form 1099-B (or substitute statement) for a transaction merely representing the return of your original investment in a nontransferable obligation, such as a savings bond or a certificate of deposit. But if you did, report the amount shown on Form 1099-B (or substitute statement) in both columns (d) and (e).

Caution: Be sure to add all sales price entries on lines 1 and 8 , column (d), to amounts on lines 2 and 9, column (d). Enter the totals on lines 3 and 10.

## Column (e)-Cost or Other Basis

In general, the cost or other basis is the cost of the property plus purchase commissions and improvements, minus depreciation, amortization, and depletion. If you inherited the property, got it as a gift, or received it in a tax-free exchange, involuntary conversion, or "wash sale" of stock, you may not be able to use the actual cost as the basis. If you do not use the actual cost, attach an explanation of your basis.

When selling stock, adjust your basis by subtracting all the nontaxable distributions you received before the sale. Also adjust your basis for any stock splits. See Pub. 550 for details on how to figure your basis in stock that split while you owned it.
You can choose to use an average basis for mutual fund shares if you acquired the shares at various times and prices and you left the shares on deposit in an account handled by a custodian or agent who acquired or redeemed those shares. For details on how to figure average basis, see Pub. 564.

The basis of property acquired by gift is generally the basis of the property in the hands of the donor. The basis of property acquired from a decedent is generally the fair market value at the date of death. See Pub. 544 for details.

Increase the cost or other basis of an original issue discount (OID) debt instrument by the amount of OID that has been included in gross income for that instrument.

If a charitable contribution deduction is allowed because of a bargain sale of property to a charitable organization, the adjusted basis for purposes of determining gain from the sale is the amount which has the same ratio to the adjusted basis as the amount realized has to the fair market value.
Increase your cost or other basis by any expense of sale, such as broker's fees, commissions, state and local transfer taxes, and option premiums, before making an entry in column (e), unless you reported the net sales price in column (d).

For more details, see Pub. 551.

## Capital Loss Carryover Worksheet-Line 18 (keep for your records)

## Column (f)-Gain or (Loss)

You must make a separate entry in this column for each transaction reported on lines 1 and 8 and any other line(s) that applies to you. For lines 1 and 8 , subtract the amount in column (e) from the amount in column (d). Enter negative amounts in parentheses.

## Column (g)-28\% Rate Gain or (Loss)

Enter in column ( g ) only the amount, if any, from Part II, column (f), that is equal to the amount of your section 1202 exclusion from the eligible gain on qualified small business stock (see page D-5) or from collectibles gains and losses. A collectibles gain or loss is any longterm gain or loss from the sale or exchange of a collectible that is a capital asset.

Collectibles include works of art, rugs, antiques, metals (such as gold, silver, and platinum bullion), gems, stamps, coins, alcoholic beverages, and certain other tangible property.

Also include gain from the sale of an interest in a partnership, S corporation, or trust attributable to unrealized appreciation of collectibles.

## Lines 1 and 8

Enter all sales and exchanges of capital assets, including stocks, bonds, etc., and real estate (if not reported on Form $4684,4797,6252,6781$, or 8824 ). Include these transactions even if you did not receive a Form 1099-B or 1099-S (or substitute statement) for the transaction. You can use abbreviations to describe the property as long as they are based on the descriptions of the property as shown on Form 1099-B or 1099-S (or substitute statement).

Use Schedule D-1 if you need more space to list transactions for lines 1 and 8. Use as many Schedules D-1 as you need. Enter on Schedule D, lines 2 and 9 , the combined totals from all your Schedules D-1.

Caution: Add the following amounts reported to you for 1998 on Forms 1099-B and 1099-S (or substitute statements): (a) proceeds from transactions involving stocks, bonds, and other securities, and (b) gross proceeds from real estate transactions not reported on another form or schedule. If this total is more than the total of lines 3 and 10, attach an explanation of the difference.

## 1998

Instructions for Schedule E, Supplemental Income and Loss

Use Schedule E (Form 1040) to report income or loss from rental real estate, royalties, partnerships, $S$ corporations, estates, trusts, and residual interests in REMICs.
You may attach your own schedule(s) to report income or loss from any of these sources. Use the same format as on Schedule E.
Enter separately on Schedule E the total income and the total loss for each part. Enclose loss figures in (parentheses).

## Part I

## Income or Loss From Rental Real Estate and Royalties

Use Part I to report:

- Income and expenses from rentals of real estate (including personal property leased with real estate), and
- Royalty income and expenses.

See the instructions for lines 3 and 4 to determine if you should report your rental real estate and royalty income on Schedule C, Schedule C-EZ, or Form 4835 instead.

If you own a part interest in a rental real estate property, report only your part of the income and expenses on Schedule E.

If you have more than three rental real estate or royalty properties, complete and attach as many Schedules E as you need to list them. Complete lines 1 and 2 for each property. But fill in the "Totals" column only on one Schedule $E$. The figures in the "Totals" column on that Schedule E should be the combined totals of all your Schedules E .

If you are also using page 2 of Schedule $E$, use the same Schedule $E$ on which you entered the combined totals for Part I.

Personal Property. Do not use Schedule $E$ to report income and expenses from the rental of personal property, such as equipment or vehicles. Instead, use Schedule C or C-EZ if you are in the business of renting personal property. You are in the business of renting personal property if the primary purpose for renting the property is income or profit, and you are involved in the rental activity with continuity and regularity.

If your rental of personal property is not a business, see the Instructions for Form 1040, lines 21 and 32, to find out how to report the income and expenses.

## Filers of Form 1041

If you are a fiduciary filing Schedule E with Form 1041, enter the estate's or trust's employer identification number (EIN) in the block for "Your social security number."

## Line 1

For rental real estate property only, show:

- The kind of property you rented out (for example, brick duplex).
- The street address, city or town, and state. You do not have to give the ZIP code.
- Your percentage of ownership in this property, if less than $100 \%$.

## Line 2

If you rented out a dwelling unit that you also used for personal purposes during the year, you may not be able to deduct all the expenses for the rental part. "Dwelling unit" (unit) means a house, apartment, condominium, or similar property.

Check "Y es" if you or your family used the unit for personal purposes in 1998 more than the greater of:

1. 14 days; or
2. $10 \%$ of the total days it was rented to others at a fair rental price.

Otherwise, check "No."
What Is Personal Use? A day of personal use is any day, or part of a day, that the unit was used by:

- You for personal purposes.
- Any other person for personal purposes, if that person owns part of the unit (unless rented to that person under a "shared equity" financing agreement).
- Anyone in your family (or in the family of someone else who owns part of the unit), unless the unit is rented at
a fair rental price to that person as his or her main home.
- Anyone who pays less than a fair rental price for the unit.
- Anyone under an agreement that lets you use some other unit.

Do not count as personal use:

- Any day you spent working substantially full time repairing and maintaining the unit, even if family members used it for recreational purposes on that day.
- The days you used the unit as your main home before or after renting it or offering it for rent, if you rented or tried to rent it for at least 12 consecutive months (or for a period of less than 12 consecutive months at the end of which you sold or exchanged it).
If you checked "No," you can deduct all your expenses for the rental part, subject to the At-Risk Rules and the Passive Activity Loss Rules explained on pages E-3 and E-4.
If you checked "Yes" and rented the unit out for fewer than 15 days, do not report the rental income and do not deduct any rental expenses. If you itemize deductions on Schedule A, you may deduct allowable interest, taxes, and casualty losses.

If you checked "Yes" and rented the unit out for at least 15 days, you may NOT be able to deduct all your rental expenses.
You can deduct all of the following expenses for the rental part on Schedule E:

- Mortgage interest.
- Real estate taxes.
- Casualty losses.
- Other rental expenses not related to your use of the unit as a home, such as advertising expenses and rental agents' fees.
If any income is left after deducting these expenses, you can then deduct other expenses, including depreciation. But you cannot deduct more expenses
than the income that is left. You can carry over the amounts you cannot deduct to 1999.

See Pub. 527 for more details.

## Line 3

If you were not in the real estate sales business but you received rental income from real estate (including personal property leased with real estate), report it on line 3. Include room and other space rentals. If you received services or property instead of money as rent, report its fair market value.

Be sure to enter your total rents in the "Totals" column even if you have only one property.

If you provided significant services to the renter, such as maid service, report the rental on Schedule C or C-EZ, not on Schedule E. Significant services do not include the furnishing of heat and light, cleaning of public areas, trash collection, etc.

If you were in the real estate sales business, include on line 3 only the rent received from real estate (including personal property leased with real estate) you held for investment or speculation. Do not use Schedule E to report income and expenses from rentals of real estate held for sale to customers in the ordinary course of your real estate sales business. Instead, use Schedule C or C-EZ for these rentals.

For more details on rental income, use TeleTax topic 414 (see page 9 of the Form 1040 instructions) or see Pub. 527.

Rental Income From Farm Production or Crop Shares. Report farm rental income and expenses on Form 4835 if:

- You received rental income based on crops or livestock produced by the tenant, and
- You did not manage or operate the farm to any great extent.

## Line 4

Report on line 4 royalties from oil, gas, or mineral properties (not including operating interests); copyrights; and patents. Enter your total royalties in the "Totals" column.

If you received $\$ 10$ or more in royalties during 1998, you should receive a Form 1099-MISC or similar statement, showing them. The payer must send this statement to you by February 1, 1999.

If you are in business as a selfemployed writer, inventor, artist, etc.,
report your royalty income and expenses on Schedule C or C-EZ.

You may be able to treat amounts received as "royalties" for transfer of a patent or amounts received on the disposal of coal and iron ore as the sale of a capital asset. For details, see Pub. 544.

Enter on line 4 the gross amount of royalty income, even if state or local taxes were withheld from oil or gas payments you received. Include taxes withheld by the producer on line 16.

## General Instructions for Lines 5 Through 21

Enter your rental and royalty expenses for each property in the appropriate column. Y ou can deduct all ordinary and necessary expenses, such as taxes, interest, repairs, insurance, management fees, agents' commissions, and depreciation.

Do not deduct the value of your own labor or amounts paid for capital investments or capital improvements.

Enter your total expenses for mortgage interest (line 12), total expenses before depreciation expense or depletion (line 19), and depreciation expenses or depletion (line 20) in the "Totals" column even if you have only one property.

Renting Out Part of Your Home. If you rent out only part of your home or other property, deduct the part of your expenses that applies to the rented part.

## Credit or Deduction for Access Ex-

 penditures. You may be able to claim a tax credit for eligible expenditures paid or incurred in 1998 to provide access to your business for individuals with disabilities. See Form $\mathbf{8 8 2 6}$ for details.You can also deduct up to $\$ 15,000$ of qualified costs paid or incurred in 1998 to remove architectural or transportation barriers to individuals with disabilities and the elderly.

You cannot take both the credit and the deduction for the same expenditures. See Pub. 535 for details.

## Line 6

You may deduct ordinary and necessary auto and travel expenses related to your rental activities, including 50\% of meal expenses incurred while traveling away from home. If you own or lease your auto, you generally can deduct
either your actual expenses or take the standard mileage rate. You must use actual expenses if you use more than one vehicle simultaneously in your rental activities (as in fleet operations).

If you deduct actual auto expenses:

- Include on line 6 the rental activity portion of the cost of gasoline, oil, repairs, insurance, tires, etc., and
- Show auto rental or lease payments on line 18 and depreciation on line 20.

If you want to take the standard mileage rate, multiply the number of miles you drove your auto in connection with your rental activities by 32.5 cents a mile. Include this amount and your parking fees and tolls on line 6.

If you claim any auto expenses (actual or the standard mileage rate), you must provide the information requested in Part V of Form 4562 and attach Form 4562 to your return.

See Pub. 527 and Pub. 463 for more details.

## Line 10

Include on line 10 fees for tax advice related to your rental real estate or royalty properties and for preparation of the tax forms related to those properties.

Do not deduct legal fees paid or incurred to defend or protect title to property, to recover property, or to develop or improve property. Instead, you must capitalize these fees and add them to the property's basis.

## Lines 12 and 13

In general, to determine the interest expense allocable to your rental activities, you must have records to show how the proceeds of each debt were used. Specific tracing rules apply for allocating debt proceeds and repayment. See Pub. 535 for details.
If you have a mortgage on your rental property, enter on line 12 the interest you paid for 1998 to banks or other financial institutions. Be sure to fill in the "Totals" column.
Do not deduct prepaid interest when you paid it. You can deduct it only in the year to which it is properly allocable. Points (including loan origination fees) charged only for the use of money must be deducted over the life of the loan.

If you paid $\$ 600$ or more in interest on a mortgage, the recipient should send you a Form 1098 or similar statement by February 1, 1999, showing the total interest received from you during 1998.

If you paid more mortgage interest than is shown on your Form 1098 or similar statement, see Pub. 535 to find out if you can deduct the additional interest. If you can, enter the entire amount on line 12. Attach a statement to your return explaining the difference. Write "See attached" in the left margin next to line 12.

Note: If the recipient was not a financial institution or you did not receive a Form 1098 from the recipient, report your deductible mortgage interest on line 13.

If you and at least one other person (other than your spouse if you file a joint return) were liable for and paid interest on the mortgage, and the other person received Form 1098, report your share of the interest on line 13. Attach a statement to your return showing the name and address of the person who received Form 1098. In the left margin next to line 13, write "See attached."

## Line 17

You may deduct the actual cost of ordinary and necessary telephone calls that are related to your rental activities or royalty income (e.g., calls to the renter). However, the base rate (including taxes and other charges) for local telephone service for the first telephone line into your residence is a personal expense and is not deductible.

## Line 20

Depreciation is the annual deduction you must take to recover the cost or other basis of business or investment property with a useful life of more than 1 year. Land is not depreciable.

Depreciation starts when you first use the property in your business or for the production of income. It ends when you take the property out of service, deduct all your depreciable cost or other basis, or no longer use the property in your business or for the production of income.

See the Instructions for Form 4562 to figure the amount of depreciation to enter on line 20. Be sure to fill in the "Totals" column.

You must complete and attach Form 4562 only if:

- You are claiming depreciation on property first placed in service during 1998, or
- You are claiming depreciation on listed property (defined in the Instructions for Form 4562), including a vehicle,
regardless of the date it was placed in service, or
- You are claiming a section 179 expense deduction or amortization of costs that began in 1998.

See Pub. 527 for more information on depreciation of residential rental property. See Pub. 946 for a more comprehensive guide to depreciation.

If you own mineral property or an oil, gas, or geothermal well, you may be able to take a deduction for depletion. See Pub. 535 for details.

## Line 22

## At-Risk Rules

Generally, you must complete Form 6198 to figure your allowable loss if you have:

- A loss from an activity carried on as a trade or business or for the production of income, and
- Amounts in the activity for which you are not at risk.

The at-risk rules generally limit the amount of loss (including loss on the disposition of assets) you can claim to the amount you could actually lose in the activity. However, the at-risk rules do not apply to losses from an activity of holding real property, if you acquired your interest in the activity before 1987 and the property was placed in service before 1987. The activity of holding mineral property does not qualify for this exception.

In most cases, you are not at risk for amounts such as:

- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire your interest in the activity that are not secured by your own property (other than property used in the activity). However, there is an exception for certain nonrecourse financing borrowed by you in connection with holding real property. See Qualified nonrecourse financing below.
- Cash, property, or borrowed amounts used in the activity (or contributed to the activity, or used to acquire your interest in the activity) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).
- Amounts borrowed for use in the activity from a person who has an interest in the activity (other than as a creditor) or who is related, under Internal Revenue Code section 465(b)(3), to a
person (other than you) having such an interest.

Qualified nonrecourse financing is treated as an amount at risk if it is secured by real property used in an activity of holding real property that is subject to the at-risk rules. Qualified nonrecourse financing is financing for which no one is personally liable for repayment and is:

- Borrowed by you in connection with holding real property,
- Not convertible from a debt obligation to an ownership interest, and
- Loaned or guaranteed by any Federal, state, or local government, or borrowed by you from a qualified person.

A qualified person is a person who actively and regularly engages in the business of lending money, such as a bank or savings and loan association. A qualified person cannot be:

- Related to you (unless the nonrecourse financing obtained is commercially reasonable and on the same terms as loans involving unrelated persons), or
- The seller of the property (or a person related to the seller), or
- A person who receives a fee due to your investment in real property (or a person related to that person).
If you have amounts for which you are not at risk, use Form 6198 to determine the amount of your deductible loss. Enter that amount in the appropriate column of Schedule E, line 22. In the space to the left of line 22, write "Form 6198." Attach Form 6198 to your return.

## Line 23

Note: Do not complete line 23 if the amount on line 22 is from royalty properties.
If you have a rental real estate loss from a passive activity (defined later), the amount of loss you can deduct may be limited by the passive activity loss rules. You may need to complete Form 8582 to figure the amount of loss, if any, to enter on line 23.

If your rental real estate loss is not from a passive activity OR you meet the following exception, you do not have to complete Form 8582. Enter the loss from line 22 on line 23.

Exception for Certain Rental Real Estate Activities. If you meet ALL THREE of the following conditions, your rental real estate losses are not limited by the passive activity loss rules. If you do not meet ALL THREE of these conditions, see the Instructions for Form

8582 to find out if you must complete and attach Form 8582.

1. Rental real estate activities are your only passive activities.
2. You do not have any prior year unallowed losses from any passive activities.
3. All of the following apply if you have an overall net loss from these activities:

- You actively participated (defined later) in all of the rental real estate activities; and
- If married filing separately, you lived apart from your spouse all year; and
- Your overall net loss from these activities is $\$ 25,000$ or less ( $\$ 12,500$ or less if married filing separately); and
- You have no current or prior year unallowed credits from passive activities; and
- Your modified adjusted gross income (defined later) is $\$ 100,000$ or less ( $\$ 50,000$ or less if married filing separately).

Active Participation. You can meet the active participation requirement without regular, continuous, and substantial involvement in real estate activities. But you must have participated in making management decisions or arranging for others to provide services (such as repairs) in a significant and bona fide sense. Such management decisions include:

- Approving new tenants.
- Deciding on rental terms.
- Approving capital or repair expenditures.
- Other similar decisions.

You are not considered to actively participate if, at any time during the tax year, your interest (including your spouse's interest) in the activity was less than $10 \%$ by value of all interests in the activity.

Modified Adjusted Gross Income. This is your adjusted gross income from Form 1040, line 33, without taking into account:

- Any passive activity loss.
- Rental real estate losses allowed under the exception for real estate professionals (explained on this page).
- Taxable social security or equivalent railroad retirement benefits.
- Deductible contributions to an IRA or certain other qualified retirement plans under Internal Revenue Code section 219.
- The student loan interest deduction.
- The deduction for one-half of selfemployment tax.
- The exclusion of amounts received under an employer's adoption assistance program.

However, if you file Form 8815, include in your modified adjusted gross income the savings bond interest excluded on line 14 of that form.

## Passive Activity Loss Rules

The passive activity loss rules may limit the amount of losses you can deduct. These rules apply to losses in Parts I, II, and III, and line 39 of Schedule E.

Losses from passive activities may be subject first to the at-risk rules. Losses deductible under the at-risk rules are then subject to the passive activity loss rules.

You generally can deduct losses from passive activities only to the extent of income from passive activities. An exception applies to certain rental real estate activities (as previously explained).

Passive Activity. A passive activity is any business activity in which you do not materially participate and any rental activity, except as provided on this page. If you are a limited partner, you generally are not treated as having materially participated in the partnership's activities for the year.

The rental of real or personal property is generally a rental activity under the passive activity loss rules, but exceptions apply. If your rental of property is not treated as a rental activity, you must determine whether it is a trade or business activity, and if so, whether you materially participated in the activity for the tax year.

See the Instructions for Form 8582 to determine whether you materially participated in the activity and for the definition of "rental activity."

See Pub. 925 for special rules that apply to rentals of:

- Substantially nondepreciable property.
- Property incidental to development activities.
- Property to activities in which you materially participate.

Exception for Real Estate Profession-
als. If you were a real estate professional in 1998, any rental real estate activity in which you materially participated is not a passive activity. You were a real estate professional only if you met both of the following conditions:

1. M ore than half of the personal services you performed in trades or businesses were performed in real property trades or businesses in which you materially participated, and
2. You performed more than 750 hours of services in real property trades or businesses in which you materially participated.
For purposes of this rule, each interest in rental real estate is a separate activity, unless you elect to treat all your interests in rental real estate as one activity. To make this election, attach a statement to your original tax return that declares you are a qualifying taxpayer for the year and you are making the election under Internal Revenue Code section 469(c)(7)(A). The election applies for the year made and all later years in which you are a real estate professional. You may revoke the election only if your facts and circumstances materially change.
If you are married filing jointly, either you or your spouse must separately meet both of the above conditions, without taking into account services performed by the other spouse.
A real property trade or business is any real property development, redevelopment, construction, reconstruction, acquisition, conversion, rental, operation, management, leasing, or brokerage trade or business. Services you performed as an employee are not treated as performed in a real property trade or business unless you owned more than 5\% of the stock (or more than 5\% of the capital or profits interest) in the employer.

If you were a real estate professional for 1998, complete line 42 on page 2 of Schedule E.

Other Exceptions. The rental of your home that you also used for personal purposes is not a passive activity. See the instructions for line 2.

A working interest in an oil or gas well that you hold directly or through an entity that does not limit your liability is not a passive activity even if you do not materially participate.
Royalty income not derived in the ordinary course of a trade or business reported on Schedule E generally is not considered income from a passive activity.

For more details on passive activities, see the Instructions for Form 8582 and Pub. 925.

## Parts II and III

If you need more space in Part II or III to list your income or losses, attach a continuation sheet using the same format as shown in Part II or III. However, be sure to complete the "Totals" columns for lines 28 a and 28b, or lines $33 a$ and 33 b , as appropriate. If you also completed Part I on more than one Schedule E, use the same Schedule E on which you entered the combined totals in Part I.

Tax Shelter Registration Number. Complete and attach Form 8271 if you are reporting any deduction, loss, credit, other tax benefit, or income from an interest purchased or otherwise acquired in a tax shelter.

Form 8271 is used to report the name, tax shelter registration number, and identifying number of the tax shelter. There is a $\$ 250$ penalty if you do not report the registration number of the tax shelter on your tax return.

Tax Preference Items. If you are a partner, a shareholder in an S corporation, or a beneficiary of an estate or trust, you must take into account your share of preferences and adjustments from these entities for the alternative minimum tax on Form 6251 or Schedule I of Form 1041.

## Part II

## Income or Loss From Partnerships and S Corporations

If you are a member of a partnership or joint venture or a shareholder in an S corporation, use Part II to report your share of the partnership or S corporation income (even if not received) or loss.

You should receive a Schedule K-1 from the partnership or the S corporation. You should also receive a copy of the Partner's or Shareholder's Instructions for Schedule K-1. Your copy of Schedule K-1 and its instructions will tell you where on your return to report your share of the items. If you did not receive these instructions with your Schedule K-1, see page 6 of the Form 1040 instructions for how to get a copy. Do not attach Schedules K-1 to your return. Keep them for your records.

If you are treating items on your tax return differently from the way the partnership or S corporation reported them
on its return, you may have to file Form 8082.

Special Rules Apply That Limit Losses. Please note the following:

- If you have a current year loss, or a prior year unallowed loss, from a partnership or an S corporation, see AtRisk Rules and Passive Activity Loss Rules on pages $\mathrm{E}-3$ and $\mathrm{E}-4$.
Partners and S corporation shareholders should get a separate statement of income, expenses, deductions, and credits for each activity engaged in by the partnership and S corporation. If you are subject to the at-risk rules for any activity, use Form 6198 to figure the amount of any deductible loss. If the activity is nonpassive, enter any deductible loss from Form 6198 on the appropriate line in Part II, column (i), of Schedule E.
- If you have a passive activity loss, you generally need to complete Form 8582 to figure the amount of the allowable loss to enter in Part II, column (g), for that activity. But if you are a general partner or an S corporation shareholder reporting your share of a partnership or an S corporation loss from a rental real estate activity, and you meet ALL THREE of the conditions listed in the instructions for line 23, you do not have to complete Form 8582. Instead, enter your allowable loss in Part II, column (g).

If you have passive activity income, complete Part II, column (h), for that activity.
If you have nonpassive income or losses, complete Part II, columns (i) through (k), as appropriate.

## Partnerships

See the Schedule K-1 instructions before entering on your return other partnership items from a passive activity or income or loss from any publicly traded partnership.

If you have other partnership items, such as depletion, from a nonpassive activity, show each item on a separate line in Part II. You may deduct unreimbursed ordinary and necessary expenses you paid on behalf of the partnership if you were required to pay these expenses under the partnership agreement. Enter deductible unreimbursed partnership expenses from nonpassive activities on a separate line in Part II, column (i). However, enter on Schedule A any unreimbursed partnership expenses deductible as itemized deductions.
Report allowable interest expense paid or incurred from debt-financed acquisitions in Part II or on Schedule A
depending on the type of expenditure to which the interest is allocated. See Pub. 535 for details.
If you claimed a credit for Federal tax on gasoline or other fuels on your 1997 Form 1040 based on information received from the partnership, enter as income in column (h) or column (k), whichever applies, the amount of the credit claimed in 1997.
If you have losses or deductions from a prior year that you could not deduct because of the at-risk or basis rules, and the amounts are now deductible, do not combine the prior year amounts with any current year amounts to arrive at a net figure to report on Schedule E. Instead, report the prior year amounts and the current year amounts on separate lines of Schedule E.
Part or all of your share of partnership income or loss from the operation of the business may be considered net earnings from self-employment that must be reported on Schedule SE. Enter the amount from Schedule K-1 (Form 1065), line 15a, on Schedule SE, after you reduce this amount by any allowable expenses attributable to that income.

## S Corporations

If you are a shareholder in an S corporation, your share of the corporation's aggregate losses and deductions (combined income, losses, and deductions) is limited to the adjusted basis of your corporate stock and any debt the corporation owes you. Any loss or deduction not allowed this year because of the basis limitation may be carried forward and deducted in a later year subject to the basis limitation for that year.
If you are claiming a deduction for your share of an aggregate loss, attach to your return a computation of the adjusted basis of your corporate stock and of any debt the corporation owes you. See the Schedule K-1 instructions for more information.
After applying the basis limitation, the deductible amount of your aggregate losses and deductions may be further reduced by the at-risk rules and the passive activity loss rules explained earlier.
If you have losses or deductions from a prior year that you could not deduct because of the basis or at-risk limitations, and the amounts are now deductible, do not combine the prior year amounts with any current year amounts to arrive at a net figure to report on Schedule E. Instead, report the prior year amounts and the current year amounts on separate lines of Schedule E.

Distributions of prior year accumulated earnings and profits of S corporations are dividends and are reported on Form 1040, line 9.

Interest expense relating to the acquisition of shares in an S corporation may be fully deductible on Schedule E. For details, see Pub. 535.

Your share of the net income of an $S$ corporation is NOT subject to selfemployment tax.

## Part III

## Income or Loss From Estates and Trusts

If you are a beneficiary of an estate or trust, use Part III to report your part of the income (even if not received) or loss. You should receive a Schedule K-1 (Form 1041) from the fiduciary. Your copy of Schedule K-1 and its instructions will tell you where on your return to report the items from Schedule K-1. Do not attach Schedule K-1 to your return. Keep it for your records.

If you are treating items on your tax return differently from the way the estate or trust reported them on its return, you may have to file Form 8082.
If you have estimated taxes credited to you from a trust (Schedule K-1, line 14a), write "ES payment claimed" and the amount on the dotted line next to line 36. Do not include this amount in the total on line 36. Instead, enter the amount on Form 1040, line 58.

A U.S. person who transferred property to a foreign trust may have to report the income received by the trust as a result of the transferred property if, during 1998, the trust had a U.S. beneficiary. For details, see Form $\mathbf{3 5 2 0}$.

## Part IV

## Income or Loss From Real Estate Mortgage Investment Conduits (REMICs)

If you are the holder of a residual interest in a real estate mortgage investment conduit (REMIC), use Part IV to report your total share of the REMIC's taxable income or loss for each quarter included in your tax year. You should receive Schedule Q (Form 1066) and instructions from the REMIC for each quarter. Do not attach Schedules Q to your return. Keep them for your records.

If you are treating REMIC items on your tax return differently from the way
the REMIC reported them on its return, you may have to file Form 8082.
If you are the holder of a residual interest in more than one REMIC, attach a continuation sheet using the same format as in Part IV. Enter the totals of columns (d) and (e) on line 38 of Schedule E. If you also completed Part I on more than one Schedule E, use the same Schedule E on which you entered the combined totals in Part I.

REMIC income or loss is not income or loss from a passive activity.

Note: If you are the holder of a regular interest in a REMIC, do not use Schedule E to report the income you received. Instead, report it on Form 1040, line 8a.

Column (c). Report the total of the amounts shown on Schedule(s) Q, line 2c. This is the smallest amount you are allowed to report as your taxable income (Form 1040, line 39). It is also the smallest amount you are allowed to report as your alternative minimum taxable income (AMTI) (Form 6251, line 21).

If the amount in column (c) is larger than your taxable income would otherwise be, enter the amount from column (c) on Form 1040, line 39. Similarly, if the amount in column (c) is larger than your AMTI would otherwise be, enter the amount from column (c) on Form 6251, line 21. Write "Sch. Q" on the dotted line to the left of this amount on Forms 1040 and 6251.

Note: These rules also apply to estates and trusts that hold a residual interest in a REMIC. Be sure to make the appropriate entries on the comparable lines on Form 1041.

Caution: Do not include the amount shown in column (c) in the total on line 38 of Schedule E.

Column (e). Report the total of the amounts shown on Schedule(s) Q, line 3b. If you itemize your deductions on Schedule A, include this amount on line 22.

## Part V

## Summary

## Line 41

You will not be charged a penalty for underpayment of estimated tax if:

1. Your gross farming or fishing income for 1997 or 1998 is at least twothirds of your gross income, and
2. You file your 1998 tax return and pay the tax due by March 1, 1999.

## 1998

## General Instructions

## Changes To Note

New Agricultural Codes. The new principal agricultural activity (PAA) codes in Part IV of Schedule F are based on the North American Industry Classification System (NAICS), which was developed by the statistical agencies of Canada, Mexico, and the United States in cooperation with the Office of Management and Budget. The NAICS-based codes replace the PAA codes previously based on the Standard Industrial Classification (SIC) system.

Farm Production Flexibility Contract Payments. For tax years ending after 1995, farm production flexibility contract payments received by cash method taxpayers under the Federal Agriculture Improvement and Reform Act of 1996 are required to be included in income only in the year of actual receipt, even if they were constructively received in an earlier year under section 112(d)(2) or (3) of that Act. Because this change is retroactive, you may need to file an amended return for an earlier tax year.

Farm Income Averaging. Effective for tax years beginning after 1997, you may be able to reduce your tax if you choose to average your farm income over the previous 3 years. For details, see Schedule J (Form 1040), Farm Income Averaging, and its instructions.

## Other Schedules and Forms You May Have To File

Schedule E to report rental income from pastureland that is based on a flat charge. Report this income in Part I of Schedule E. But report on line 10 of Schedule F pasture income received from taking care of someone else's livestock.

Use Schedule F (Form 1040) to report farm income and expenses. File it with Form 1040, 1041, 1065, or 1065-B.

This activity may subject you to state and local taxes and other requirements such as business licenses and fees. Check with your state and local governments for more information.
Additional Information. Pub. 225 has samples of filled-in forms and schedules, and lists important dates that apply to farmers.

Schedule SE to pay self-employment tax on income from any trade or business.

Form 4562 to claim depreciation on assets placed in service in 1998, to claim amortization that began in 1998, or to report information on vehicles and other listed property.

Form 4684 to report a casualty or theft gain or loss involving farm business property including livestock held for draft, breeding, sport, or dairy purposes.

See Pub. 225 for more information on how to report various farm losses, such as losses due to death of livestock or damage to crops or other farm property.

Form 4797 to report sales, exchanges, or involuntary conversions (other than from a casualty or theft) of certain farm property. Also, use this form to report sales of livestock held for draft, breeding, sport, or dairy purposes.

Form 4835 to report rental income based on farm production or crop shares if you did not materially participate (for self-employment tax purposes) in the management or operation of the farm. This income is not subject to selfemployment tax. See Pub. 225.

Form 8824 to report like-kind exchanges.

## Heavy Vehicle Use Tax

If you use certain highway trucks, trucktrailers, tractor-trailers, or buses in your trade or business, you may have to pay a Federal highway motor vehicle use tax. See Form 2290 to find out if you owe this tax.

## Information Returns

You may have to file information returns for wages paid to employees, certain payments of fees and other nonemployee compensation, interest, rents, royalties, annuities, and pensions. You may
also have to file an information return if you sold $\$ 5,000$ or more of consumer products to a person on a buy-sell, deposit-commission, or other similar basis for resale. For more information, see the Instructions for Forms 1099, 1098, 5498, and W-2G.
If you received cash of more than $\$ 10,000$ in one or more related transactions in your farming business, you may have to file Form 8300. For details, see Pub. 1544.

## Estimated Tax

If you had to make estimated tax payments in 1998 and you underpaid your estimated tax, you will not be charged a penalty if both of the following apply:

1. Your gross farming or fishing income for 1997 or 1998 is at least twothirds of your gross income, and
2. You file your 1998 tax return and pay the tax due by March 1, 1999.
For more details, see Pub. 225.

## Specific Instructions

## Filers of Forms 1041, 1065, and 1065-B

Do not complete the block labeled "Social security number (SSN)." Instead, enter your employer identification number (EIN) on line D.

## Lines A and B

On line A, enter your principal crop or activity for the current year.

On line $B$, enter one of the 14 new principal agricultural activity codes listed in Part IV on page 2 of Schedule F. Select the code that best describes the source of most of your income.

## F-1

## Line C

Under the cash method, include all income in the year you actually get it. Generally, deduct expenses when you pay them. If you use the cash method, check the box labeled "Cash." Complete Parts I and II of Schedule F.

Under the accrual method, include income in the year you earn it. It does not matter when you get it. Deduct expenses when you incur them. If you use the accrual method, check the box labeled "Accrual." Complete Parts II, III, and line 11 of Schedule F.

Other rules apply that determine the timing of deductions based on economic performance. See Pub. 538 for details.

Farming syndicates cannot use the cash method of accounting. A farming syndicate may be a partnership, any other noncorporate group, or an S corporation if:

1. The interests in the business have ever been for sale in a way that would require registration with any Federal or state agency, or
2. More than $35 \%$ of the loss during any tax year is shared by limited partners or limited entrepreneurs. A limited partner is one who can lose only the amount invested or required to be invested in the partnership. A limited entrepreneur is a person who does not take any active part in managing the business.

## Line D

You need an employer identification number (EIN) only if you had a Keogh plan or were required to file an employment, excise, estate, trust, partnership, or alcohol, tobacco, and firearms tax return. If you need an EIN, file Form SS-4.

If you do not have an EIN, leave line D blank. Do not enter your SSN.

## Line E

Material Participation. For the definition of material participation for purposes of the passive activity rules, see the instructions for Schedule C (Form 1040), line G, on page C-2.

If you meet any of the material participation tests described in the line G instructions for Schedule $C$, check the "Yes" box.

If you are a retired or disabled farmer, you are treated as materially participat-
ing in a farming business if you materially participated 5 of the 8 years preceding your retirement or disability. Also, a surviving spouse is treated as materially participating in a farming activity if the real property used for farming meets the estate tax rules for special valuation of farm property passed from a qualifying decedent, and the surviving spouse actively manages the farm.

Check the "No" box if you did not materially participate. If you checked "No" and you have a loss from this business, see Limit on Losses below. If you have a profit from this business activity but have current year losses from other passive activities or prior year unallowed passive activity losses, see the instructions for Form 8582.

Limit on Losses. If you checked the "No" box on line E and you have a loss from this business, you may have to use Form 8582 to figure your allowable loss, if any, to enter on Schedule F, line 36. Generally, you can deduct losses from passive activities only to the extent of income from passive activities.

For more details, see Pub. 925.

## Part I. Farm Income-Cash M ethod

In Part I, show income received for items listed on lines 1 through 10. Generally, count both the cash actually or constructively received and the fair market value of goods or other property received for these items. Income is constructively received when it is credited to your account or set aside for you to use. However, farm production flexibility contract payments received under the Federal Agriculture Improvement and Reform Act of 1996 are required to be included in income only in the year of actual receipt, even if they were constructively received in an earlier year under section 112(d)(2) or (3) of that Act.

If you ran the farm yourself and received rents based on farm production or crop shares, report these rents as income on line 4.

## Sales of Livestock Because of WeatherRelated Conditions

If you sold livestock because of a drought, flood, or other weather-related conditions, you can elect to report the income from the sale in the year after F-2
the year of sale if all of the following apply:

- Your main business is farming.
- You can show that you sold the livestock only because of weatherrelated conditions.
- Your area qualified for Federal aid.

## Forms 1099 or CCC-1099-G

If you received Forms 1099 or CCC-1099-G showing amounts paid to you, first determine if the amounts are to be included with farm income. Then, use the following chart to determine where to report the income on Schedule F. Include the form 1099 or CCC-1099-G amounts with any other income reported on that line.

| Information return | Where to report |
| :---: | :---: |
| Form 1099-PATR | Line |
| Form 1099-A | Line 7b |
| Form 1099-MISC (for crop insurance) | Line 8a |
| Forms 1099-G or CCC-1099-G (for disaster payments) | Line 8a |
| Forms 1099-G or CCC-1099-G (for other agricultural program payments) | Line 6a |

You may also receive Form 1099-MISC for other types of income. In this case, report it on whichever line best describes the income. For example, if you received a Form 1099-MISC for custom farming work, include this amount on line 9, "Custom hire (machine work) income."

## Lines 1 and 2

On line 1, show amounts received from sales of livestock and other items bought for resale. On line 2, show the cost or other basis of the livestock and other items you actually sold.

## Line 4

Show amounts received from sales of livestock, produce, grains, and other products you raised.

## Lines 5a and 5b

If you received distributions from a cooperative in 1998, you should receive Form 1099-PATR. On line 5a, show your total distributions from cooperatives. This includes patronage dividends, nonpatronage distributions, per-unit retain allocations, and redemption of nonqualified notices and per-unit retain allocations.

Show patronage dividends (distributions) received in cash, and the dollar amount of qualified written notices of allocation. If you received property as patronage dividends, report the fair market value of the property as income. Include cash advances received from a marketing cooperative. If you received per-unit retains in cash, show the amount of cash. If you received qualified per-unit retain certificates, show the stated dollar amount of the certificate.

Do not include as income on line 5 b patronage dividends from buying personal or family items, capital assets, or depreciable assets. Enter these amounts on line 5a only. If you do not report patronage dividends from these items as income, you must subtract the amount of the dividend from the cost or other basis of these items.

## Lines 6a and 6b

Enter on line 6a the TOTAL of the following amounts:

- Price support payments.
- Market gain from the repayment of a secured Commodity Credit Corporation (CCC) loan for less than the original loan amount.
- Diversion payments.
- Cost-share payments (sight drafts).
- Payments in the form of materials (such as fertilizer or lime) or services (such as grading or building dams).
These amounts are government payments you received, usually reported to you on Form 1099-G. You may also receive Form CCC-1099-G from the Department of Agriculture showing the amounts and types of payments made to you.

On line 6b, report only the taxable amount. For example, do not report the market gain shown on Form CCC-1099-G on line 6b if you elected to report CCC loan proceeds as income in the year received (see lines 7a through 7c below). No gain results from redemption of the commodity because you previously reported the CCC Ioan proceeds as income. You are treated as
repurchasing the commodity for the amount of the loan repayment. However, if you did not report the CCC Ioan proceeds under the election, you must report the market gain on line 6 b .

## Lines 7a Through 7c

 Commodity Credit CorporationLoans. Generally, you do not report CCC Ioan proceeds as income. However, if you pledge part or all of your production to secure a CCC loan, you may elect to report the loan proceeds as income in the year you receive them, instead of the year you sell the crop. If you make this election (or made the election in a prior year), report loan proceeds you received in 1998 on line 7a. Attach a statement to your return showing the details of the loan(s).

Forfeited CCC Loans. Include the full amount forfeited on line 7b, even if you reported the loan proceeds as income.

If you did not elect to report the loan proceeds as income, also include the forfeited amount on line 7c.

If you did elect to report the loan proceeds as income, you generally will not have an entry on line 7c. But if the amount forfeited is different from your basis in the commodity, you may have an entry on line 7c.

For more information on the tax consequences of electing to report CCC loan proceeds as income or forfeiting CCC loans, see Pub. 225.

## Lines 8a Through 8d

In general, you must report crop insurance proceeds in the year you receive them. Federal crop disaster payments are treated as crop insurance proceeds. However, if 1998 was the year of damage, you may elect to include certain proceeds in income for 1999. To make this election, check the box on line 8 c and attach a statement to your return. See Pub. 225 for a description of the proceeds for which an election may be made and for what you must include in your statement.

Generally, if you elect to defer any eligible crop insurance proceeds, you must defer all such crop insurance proceeds (including Federal disaster payments).

Enter on line 8a the TOTAL crop insurance proceeds you received in 1998, even if you elect to include them in income for 1999.

Enter on line 8b the taxable amount of the proceeds you received in 1998.

Do not include proceeds you elect to include in income for 1999.

Enter on line 8d the amount, if any, of crop insurance proceeds you received in 1997 and elected to include in income for 1998.

## Line 9

Enter on this line the income you received for custom hire (machine work).

## Line 10

Use this line to report income not shown on lines 1 through 9. For example, include the following income items on line 10:

- Illegal Federal irrigation subsidies. See Pub. 225.
- Bartering income.
- Income from discharge of indebtedness. Generally, if a debt is canceled or forgiven, you must include the canceled amount in income. If a Federal agency, financial institution, or credit union canceled or forgave a debt you owed of $\$ 600$ or more, it should send you a Form 1099-C, or similar statement, by February 1, 1999, showing the amount of debt canceled in 1998. However, certain solvent farmers may exclude discharged qualified farm indebtedness from income. For information on whether you must include any discharge of indebtedness in income, see Pub. 225.
- State gasoline or fuel tax refund you got in 1998.
- The amount of credit for Federal tax paid on fuels claimed on your 1997 Form 1040.
- The amount of credit for alcohol used as a fuel that was entered on Form 6478.
- Any recapture of excess depreciation, including any section 179 expense deduction, if the business use percentage of any listed property decreased to $50 \%$ or less in 1998. Use Form 4797 to figure the recapture. See the instructions for Schedule C (Form 1040), line 13, on page C-4 for the definition of listed property.
- The inclusion amount on leased listed property (other than vehicles) when the business use percentage drops to $50 \%$ or less. See Pub. 946 to figure the amount.
- Any recapture of the deduction for clean-fuel vehicles used in your business and clean-fuel vehicle refueling property. For details on how to figure recapture, see Pub. 535.
- The gain or loss on the sale of commodity futures contracts if the contracts were made to protect you from price changes. These are a form of business insurance and are considered hedges. If you had a loss in a closed futures contract, enclose it in parentheses.

Caution: For property acquired and hedging positions established, you must clearly identify on your books and records both the hedging transaction and the item(s) or aggregate risk that is being hedged.

Purchase or sales contracts are not true hedges if they offset losses that already occurred. If you bought or sold commodity futures with the hope of making a profit due to favorable price changes, do not report the profit or loss on this line. Report it on Form 6781.

## Part II. Farm Expenses

## Do not deduct:

- Personal or living expenses (such as taxes, insurance, or repairs on your home) that do not produce farm income.
- Expenses of raising anything you or your family used.
- The value of animals you raised that died.
- Inventory losses.
- Personal losses.

If you were repaid for any part of an expense, you must subtract the amount you were repaid from the deduction.

Capitalizing Costs of Property. If you produced real or tangible personal property or acquired property for resale, certain expenses must be included in inventory costs or capitalized. These expenses include the direct costs of the property and the share of any indirect costs allocable to that property. However, these rules generally do not apply to:

1. Expenses of raising animals,
2. Expenses of producing any plant that has a preproductive period of 2 years or less, or
3. Expenses of replanting certain crops if they were lost or damaged by reason of freezing temperatures, disease, drought, pests, or casualty.

Note: Exceptions $\mathbf{1}$ and $\mathbf{2}$ above do not apply to tax shelters, farm syndicates, or partnerships required to use the accrual method of accounting under Internal Revenue Code section 447 or 448.

But you may be able to deduct rather than capitalize the expenses of producing a plant with a preproductive period of more than 2 years. See Election To Deduct Certain Preproductive Period Expenses below.

Do not reduce your deductions on lines 12 through 34e by the preproductive period expenses you are required to capitalize. Instead, enter the total amount capitalized in parentheses on line 34f. See Preproductive Period Expenses on page $F-6$ for more details.

If you revoked an election made before 1989 to deduct preproductive period expenses for animals, you must continue to apply the alternative depreciation rules to property placed in service while your election was in effect. Also, the expenses you previously chose to deduct will have to be recaptured as ordinary income when you dispose of the animals.

Election To Deduct Certain Preproductive Period Expenses. If the preproductive period of any plant you produce is more than 2 years, you may choose to currently deduct the expenses rather than capitalize them. But you may not make this election for the costs of planting or growing citrus or almond groves that are incurred before the end of the 4th tax year beginning with the tax year you planted them in their permanent grove. By deducting the preproductive period expenses for which you may make this election, you are treated as having made the election.

Note: In the case of a partnership or S corporation, the election must be made by the partner or shareholder. This election may not be made by tax shelters, farm syndicates, or partners in partnerships required to use the accrual method of accounting under Internal Revenue Code section 447 or 448.

If you make the election to deduct preproductive expenses for plants, any gain you realize when disposing of the plants is ordinary income up to the amount of the preproductive expenses you deducted. Also, the alternative depreciation rules apply to property placed in service in any tax year your election is in effect. Unless you obtain the consent of the IRS, you must make this election for the first tax year in which you engage in a farming business involving the production of property subject to the capitalization rules. You may not revoke this election without the consent of the IRS.

For more information, see Pub. 225.

Prepaid Farm Supplies. Generally, if you use the cash method of accounting and your prepaid farm supplies are more than $50 \%$ of your other deductible farm expenses, your deduction for those supplies may be limited. Prepaid farm supplies include expenses for feed, seed, fertilizer, and similar farm supplies not used or consumed during the year. They also include the cost of poultry that would be allowable as a deduction in a later tax year if you were to (a) capitalize the cost of poultry bought for use in your farm business and deduct it ratably over the lesser of 12 months or the useful life of the poultry and (b) deduct the cost of poultry bought for resale in the year you sell or otherwise dispose of it. If the limit applies, you can deduct prepaid farm supplies that do not exceed $50 \%$ of your other deductible farm expenses in the year of payment. You can deduct the excess only in the year you use or consume the supplies (other than poultry, which is deductible as explained above). For exceptions and more details on these rules, see Pub. 225.

## Line 12

You can deduct the actual expenses of running your car or truck, or take the standard mileage rate. You may use the standard mileage rate even if you lease your vehicle. You must use actual expenses if you used more than one vehicle simultaneously in your business (such as in fleet operations).

If you deduct actual expenses:

- Include on line 12 the business portion of expenses for gasoline, oil, repairs, insurance, tires, license plates, etc., and
- Show depreciation on line 16 and rent or lease payments on line 26a.
If you choose to take the standard mileage rate, you cannot deduct depreciation, rent or lease payments, or your actual operating expenses. To take the standard mileage rate, multiply the number of business miles by 32.5 cents a mile. Add to this amount your parking fees and tolls, and enter the total on line 12.

If you claim any car or truck expenses (actual or the standard mileage rate), you must provide the information requested in Part V of Form 4562. Be sure to attach Form 4562 to your return.

For more details, get Pub. 463.

## Line 14

Deductible soil and water conservation expenses generally are those that are paid to conserve soil and water or to prevent erosion of land used for farming. These expenses include (but are not limited to) the cost of leveling, grading and terracing, contour furrowing, the construction, control, and protection of diversion channels, drainage ditches, earthen dams, watercourses, outlets and ponds, the eradication of brush, and the planting of windbreaks.

These expenses can be deducted only if they are consistent with a conservation plan approved by the Natural Resources Conservation Service (NRCS) of the Department of Agriculture for the area in which your land is located. If no plan exists, the expenses must be consistent with a plan of a comparable state agency. You cannot deduct the expenses if they were paid or incurred for land used in farming in a foreign country.

Do not deduct expenses you pay or incur to drain or fill wetlands, to prepare land for center pivot irrigation systems, or to clear land.

The amount you deduct may not exceed $25 \%$ of your gross income from farming (excluding certain gains from selling assets such as farm machinery and land). If your conservation expenses are more than the limit, the excess may be carried forward and deducted in later tax years. However, the amount deductible for any 1 year may not exceed the $25 \%$ gross income limit for that year.

For more details, see Pub. 225.

## Line 15

Enter amounts paid for custom hire or machine work (the machine operator furnished the equipment). Do not include amounts paid for rental or lease of equipment that you operated yourself. You should report those amounts on line 26a.

## Line 16

You can deduct depreciation of buildings, improvements, cars and trucks, machinery, and other farm equipment of a permanent nature.

Do not deduct depreciation on your home, furniture or other personal items, land, livestock you bought or raised for resale, or other property in your inventory.

You may also choose under Internal Revenue Code section 179 to expense a portion of the cost of certain tangible property you bought in 1998 for use in your business.

For more details, including when you must complete and attach Form 4562, see the instructions for Schedule C (Form 1040), line 13, on page C-4.

## Line 17

Deduct contributions to employee benefit programs that are not an incidental part of a pension or profit-sharing plan included on line 25 . Examples are accident and health plans, group-term life insurance, and dependent care assistance programs.

Do not include on line 17 any contributions you made on your behalf as a self-employed person to an accident and health plan or for group-term life insurance. You may be able to deduct on Form 1040, line 28, part of the amount you paid for health insurance on behalf of yourself, your spouse, and dependents even if you do not itemize your deductions. See page 28 of the Form 1040 instructions for more details.

## Line 18

Generally, you cannot currently deduct expenses for feed to be consumed by your livestock in a later tax year. See Prepaid Farm Supplies on page F-4.

## Line 20

Do not include the cost of transportation incurred in purchasing livestock held for resale as freight paid. Instead, add these costs to the cost of the livestock, and deduct them when the livestock is sold.

## Line 22

Deduct on this line premiums paid for farm business insurance. Deduct on line 17 amounts paid for employee accident and health insurance.

Amounts credited to a reserve for self-insurance or premiums paid for a policy that pays for your lost earnings due to sickness or disability are not deductible.

## Lines 23a and 23b

Interest Allocation Rules. The tax treatment of interest expense differs depending on its type. For example, home mortgage interest and investment interest are treated differently. "Interest allocation" rules require you to allocate (classify) your interest expense so it is deducted on the correct line of your return and gets the right tax treatment. These rules could affect how much interest you are allowed to deduct on Schedule F.

Generally, you allocate interest expense by tracing how the proceeds of the loan are used. See Pub. 535 for details.

If you paid interest on a debt secured by your main home and any of the proceeds from that debt were used in your farming business, see Pub. 535 to figure the amount that is deductible on Schedule $F$.
If you have a mortgage on real property used in your farming business (other than your main home), enter on line 23a the interest you paid for 1998 to banks or other financial institutions for which you received a Form 1098.

If you did not receive a Form 1098 from the recipient, report your mortgage interest on line 23 b .

If you paid more mortgage interest than is shown on Form 1098 or similar statement, see Pub. 535 to find out if you can deduct the additional interest. If you can, enter the amount on line 23a. Attach a statement to your return explaining the difference and write "See attached" in the left margin next to line 23a.
If you and at least one other person (other than your spouse if you file a joint return) were liable for and paid interest on the mortgage and the other person received the Form 1098, report your share of the interest on line 23b. Attach a statement to your return showing the name and address of the person who received the Form 1098. In the left margin next to line 23b, write "See attached."

On line 23b, enter the interest on other loans related to this farm. Do not deduct interest you prepaid in 1998 for later years; include only the part that applies to 1998.

## Line 24

Enter the amounts you paid for farm labor. Do not include amounts paid to yourself. Reduce your deduction by the current year credits claimed on:

- Form 5884, Work Opportunity Credit.
- Form 8844, Empowerment Zone Employment Credit.
- Form 8845, Indian Employment Credit.
- Form 8861, Welfare-to-Work Credit.

Count the cost of boarding farm labor but not the value of any products they used from the farm. Count only what you paid household help to care for farm laborers.

Caution: If you provided taxable fringe benefits to your employees, such as personal use of a car, do not include in farm labor the amounts you depreciated or deducted elsewhere.

## Line 25

Enter your deduction for contributions to employee pension, profit-sharing, or annuity plans. If the plan included you as a self-employed person, see the instructions for Schedule C (Form 1040), line 19 , on page $\mathrm{C}-5$.

## Lines 26a and 26b

If you rented or leased vehicles, machinery, or equipment, enter on line 26a the business portion of your rental cost. But if you leased a vehicle for a term of 30 days or more, you may have to reduce your deduction by an inclusion amount. For details, see the instructions for Schedule C (Form 1040), lines 20a and 20b, on page C-5.

Enter on line 26 b amounts paid to rent or lease other property such as pasture or farm land.

## Line 27

Enter amounts you paid for repairs and maintenance of farm buildings, machinery, and equipment. You can also include what you paid for tools of short life or minimal cost, such as shovels and rakes.

Do not deduct repairs or maintenance on your home.

## Line 31

You may deduct the following taxes on this line:

- Real estate and personal property taxes on farm business assets.
- Social security and Medicare taxes you paid to match what you are required to withhold from farm employees' wages and any Federal unemployment tax paid.
- Federal highway use tax.

Do not deduct on this line:

- Federal income taxes including your self-employment tax. However, you may deduct one-half of your selfemployment tax on Form 1040, line 27.
- Estate and gift taxes.
- Taxes assessed for improvements, such as paving and sewers.
- Taxes on your home or personal use property.
- State and local sales taxes on property purchased for use in your farm business. Instead, treat these taxes as part of the cost of the property.
- Other taxes not related to the farm business.

## Line 32

Enter amounts you paid for gas, electricity, water, etc., for business use on the farm. Do not include personal utilities.

You cannot deduct the base rate (including taxes) of the first telephone line into your residence, even if you use it for business. See the instructions for Schedule C (Form 1040), line 25, on page C-6.

## Lines 34a Through 34f

Include all ordinary and necessary farm expenses not deducted elsewhere on Schedule F, such as advertising, office supplies, etc. Do not include fines or penalties paid to a government for violating any law.

Amortization. You can amortize qualifying forestation and reforestation costs over an 84-month period. You can also amortize certain business startup costs over a period of at least 60 months. For more details, see Pub. 535. For amortization that begins in 1998, you must complete and attach Form 4562.

At-Risk Loss Deduction. Any loss from this activity that was not allowed as a deduction last year because of the atrisk rules is treated as a deduction allocable to this activity in 1998.

Bad Debts. See the instructions for Schedule C (Form 1040), line 9, on page C-3.

Business Use of Your Home. You may be able to deduct certain expenses for business use of your home, subject to limitations. Use the worksheet in Pub. 587 to figure your allowable deduction. Do not use Form 8829.

Deduction for Clean-Fuel Vehicles and Clean-Fuel Vehicle Refueling Property. You may deduct part of the cost of qualified clean-fuel vehicle property used in your business and qualified clean-fuel vehicle refueling property. See Pub. 535 for more details.

Legal and Professional Fees. You can deduct on this line fees for tax advice related to your farm business and for preparation of the tax forms related to your farm business.

Travel, Meals, and Entertainment. Generally, you can deduct expenses for farm business travel and $50 \%$ of your business meals and entertainment. But there are exceptions and limitations. See the instructions for Schedule C (Form 1040), lines 24a through 24c, on page C-5.

Preproductive Period Expenses. Enter in parentheses on line 34f, preproductive period expenses that are capitalized. If you had preproductive period expenses in 1998 and you decided to capitalize these expenses, you MUST enter the total of these expenses in parentheses on line 34 f and write " 263 A " in the space to the left of the total.

If you entered an amount in parentheses on line 34 f because you have preproductive period expenses you are capitalizing, subtract the amount on line 34 f from the total of lines 12 through 34 e . Enter the result on line 35 .

For more information, see Capitalizing Costs of Property on page F-4 and Pub. 225.

## Line 36

If you have a loss, the amount of loss you can deduct this year may be limited. Go on to line 37 before entering your loss on line 36. If you answered "No" to Question E on Schedule F, also see the Instructions for Form 8582. Enter the net profit or deductible loss here and on Form 1040, line 18, and Schedule SE, line 1. Estates and trusts should enter the net profit or deductible loss here and on Form 1041, line 6. Partnerships should stop here and enter the profit or loss on this line and on Form 1065, line 5 (or Form 1065-B, line 7).
If you have a net profit on line 36 , this amount is earned income and may qual-
ify you for the earned income credit if you meet certain conditions. See the Instructions for Form 1040, lines 59a and 59 b , on page 36 for more details.

## Line 37

At-Risk Rules. Generally, if you have (a) a loss from a farming activity and (b) amounts in the activity for which you are not at risk, you will have to complete Form 6198 to figure your allowable loss.

The at-risk rules generally limit the amount of loss (including loss on the disposition of assets) you can claim to the amount you could actually lose in the activity.

Check box 37b if you have amounts for which you are not at risk in this activity, such as the following:

- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire the activity that are not secured by your own property (other than property used in the activity). However, there is an exception for certain nonrecourse financing borrowed by you in connection with holding real property.
- Cash, property, or borrowed amounts used in the activity (or contributed to the activity, or used to acquire the activity) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).
- Amounts borrowed for use in the activity from a person who has an interest in the activity, other than as a creditor, or who is related under Internal Revenue Code section 465 (b)(3) to a person (other than you) having such an interest.

If all amounts are at risk in this business, check box 37 a and enter your loss on line 36 . But if you answered " No " to Question E , you may need to complete Form 8582 to figure your allowable loss to enter on line 36 . See the Instructions for Form 8582 for more details.
If you checked box 37b, get Form 6198 to determine the amount of your deductible loss and enter that amount on line 36. But if you answered "No" to Question E , your loss may be further limited. See the Instructions for Form 8582. If your at-risk amount is zero or less, enter zero on line 36 . Be sure to attach Form 6198 to your return. If you checked box 37b and you fail to attach Form 6198, the processing of your tax return may be delayed.

Any loss from this activity not allowed for 1998 because of the at-risk rules is
treated as a deduction allocable to the activity in 1999.
For more details, see Pub. 925. Also, see the Instructions for Form 6198.

## Part III. Farm <br> Income-Accrual M ethod

If you use the accrual method, report farm income when you earn it, not when you receive it. Generally, you must include animals and crops in your inventory if you use this method. See Pub. 538 for exceptions, inventory methods, how to change methods of accounting, and for rules that require certain costs to be capitalized or included in inventory.

## Line 38

Enter the amount earned from the sale of livestock, produce, grains, and other products you raised.

## Lines 39a Through 41c

See the instructions for lines 5a through 7c on page F -3.

## Lines 43 and 44

See the instructions for lines 9 and 10 on page F-3.

1998
Instructions for Schedule J, Farm Income Averaging

Use Schedule J (Form 1040) to make the election to figure your 1998 tax liability by averaging, over the previous 3 years, all or part of your 1998 taxable income from your trade or business of farming. Making this election may give you a lower tax if your 1998 income from farming is high and your taxable income for one or more of the 3 prior years was low.

## General Instructions

Caution: If you owe alternative minimum tax for 1998 (figured without regard to income averaging), filing Schedule J will not reduce your total tax for 1998. Filing Schedule J may, however, increase your credit for prior year minimum tax in a later tax year.

You will need copies of your income tax returns for 1995, 1996, and 1997 in order to figure your tax on Schedule J. If you do not have copies of the returns you filed in those years, you can get them by filing Form 4506. See your Form 1040 instruction booklet to find out how to get this form.

This election does not affect your alternative minimum tax. In addition, you do not have to recompute, because of the election, the tax liability of any minor child who was required to use your tax rates in the prior years.

## Specific Instructions

## Line 2

## Elected Farm Income

To figure elected farm income, first figure your taxable income from farming. Taxable income from farming includes all income, gains, losses, and deductions attributable to any farming business. However, it does not include gain from the sale or other disposition of land. Generally, farm income, gains, losses, and deductions are reported on:

- Schedule D,
- Schedule E, Part II,
- Schedule F, and
- Form 4797.

Your elected farm income is the amount of your taxable income from farming that you choose to include on
line 2. You do not have to include all of your taxable income from farming on line 2. It may be to your advantage to include less than the full amount, depending on how the amount you include on line 2 affects your tax bracket for the current and prior 3 tax years.

$\square$
If your taxable income from farming is more than the amount shown on line 1 , you should not enter on line 2 more than the amount shown on line 1. Otherwise, you may not receive the maximum benefit from income averaging.

Farming Business. A farming business is the trade or business of cultivating land or raising or harvesting any agricultural or horticultural commodity. This includes:

- Operating a nursery or sod farm.
- Raising or harvesting of trees bearing fruits, nuts, or other crops.
- Raising ornamental trees (but not evergreen trees that are more than 6 years old when severed from the roots).
- Raising, shearing, feeding, caring for, training, and managing animals.

A farming business does not include:

- Contract harvesting of an agricultural or horticultural commodity grown or raised by another.
- Merely buying or reselling plants or animals grown or raised by another.

## Line 4

Refigure your 1998 tax liability by using the Tax Table or Tax Rate Schedules from your 1998 Form 1040 instruction booklet or Schedule D and enter it on line 4.

## Lines 5, 9, and 13

If you did not file a return for any year from 1995 through 1997, enter on the applicable line the amount otherwise reportable. If you filed using TeleFile, enter on the applicable line your taxable income from line E of the 1995 TeleFile Worksheet or line J of the 1996 or 1997 TeleFile Tax Record. If the amount reported on your return for any year was changed by an amended return or by the IRS, enter on the applicable line the corrected amount.

Instructions for Schedule SE, Self-Employment Tax

Use Schedule SE (Form 1040) to figure the tax due on net earnings from selfemployment. The Social Security Administration uses the information from Schedule SE to figure your benefits under the social security program. This tax applies no matter how old you are and even if you are already getting social security or Medicare benefits.

Additional Information. See Pub. 533 for more details.

## General Instructions

## Changes To Note

- For 1998, the maximum amount of self-employment income subject to social security tax is $\$ 68,400$.
- Beginning in 1998, certain termination payments received by former insurance salespersons are not included in net earnings from self-employment. See page SE-3 for more details.

## Who Must File Schedule SE

You must file Schedule SE if:

1. You were self-employed and your net earnings from self-employment from other than church employee income were $\$ 400$ or more, or
2. You had church employee income of $\$ 108.28$ or more-see Employees of Churches and Church Organizations below.

## Who Must Pay SelfEmployment (SE) Tax?

## Self-Employed Persons

You must pay SE tax if you had net earnings of $\$ 400$ or more as a selfemployed person. If you are in business for yourself or you are a farmer, you are self-employed.

You must also pay SE tax on your share of certain partnership income and your guaranteed payments. See Partnership Income or Loss on page SE-2.

## Employees of Churches and Church Organizations

If you had church employee income of $\$ 108.28$ or more, you must pay SE tax. Church employee income is wages you received as an employee (other than as a minister or member of a religious order) from a church or qualified churchcontrolled organization that has a certificate in effect electing an exemption
from employer social security and Medicare taxes.

## Ministers and Members of Religious Orders

In most cases, you must pay SE tax on salaries and other income for services you performed as a minister, a member of a religious order who has not taken a vow of poverty, or a Christian Science practitioner. But if you filed Form 4361 and received IRS approval, you will be exempt from paying SE tax on those net earnings. If you had no other income subject to SE tax, write "Exempt-Form 4361 " on line 50 of Form 1040. However, if you had other earnings of $\$ 400$ or more subject to SE tax, see line A at the top of Long Schedule SE.

Note: If you have ever filed Form 2031 to elect social security coverage on your earnings as a minister, you cannot revoke that election now.

If you must pay SE tax, include this income on line 2 of either Short or Long Schedule SE. But do not report it on line 5a of Long Schedule SE; it is not considered church employee income. Also, include on line 2 :

- The rental value of a home or an allowance for a home furnished to you (including payments for utilities) and
- The value of meals and lodging provided to you, your spouse, and your dependents for your employer's convenience.

However, do not include on line 2 :

- Retirement benefits you received from a church plan after retirement, or
- The rental value of a home or an allowance for a home furnished to you (including payments for utilities) after retirement.

If you were a duly ordained minister who was an employee of a church and you must pay SE tax, the unreimbursed business expenses that you incurred as a church employee are allowed only as an itemized deduction for income tax
purposes. Subtract the allowable amount from your SE earnings when figuring your SE tax.
If you were a U.S. citizen or resident alien serving outside the United States as a minister or member of a religious order and you must pay SE tax, you may not reduce your net earnings by the foreign housing exclusion or deduction.
For more details, see Pub. 517.

## Members of Certain Religious Sects

If you have conscientious objections to social security insurance because of your membership in and belief in the teachings of a religious sect recognized as being in existence at all times since December 31, 1950, and which has provided a reasonable level of living for its dependent members, you are exempt from SE tax if you received IRS approval by filing Form 4029. In this case, do not file Schedule SE. Instead, write "Exempt-Form 4029" on Form 1040, line 50. See Pub. 517 for more details.

## U.S. Citizens Employed by Foreign Governments or International Organizations

You must pay SE tax on income you earned as a U.S. citizen employed by a foreign government (or, in certain cases, by a wholly owned instrumentality of a foreign government or an international organization under the International Organizations Immunities Act) for services performed in the United States, Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern M ariana Islands (CNMI), or the Virgin Islands. Report income from this employment on Schedule SE (Section A or B), line 2. If you performed services elsewhere as an employee of a foreign government or an international organization, those earnings are exempt from SE tax.

## SE-1

## U.S. Citizens or Resident Aliens Living Outside the United States

If you are a self-employed U.S. citizen or resident alien living outside the United States, in most cases you must pay SE tax. You may not reduce your foreign earnings from self-employment by your foreign earned income exclusion.

Exception. The United States has social security agreements with many countries to eliminate dual taxes under two social security systems. Under these agreements, you must generally pay social security and Medicare taxes to only the country you live in.

The United States now has social security agreements with the following countries: Austria, Belgium, Canada, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom. Additional agreements are expected in the future. For more information, contact:

## More Than One Business

If you were a farmer and had at least one other business or you had two or more businesses, your net earnings from self-employment are the combined net earnings from all of your businesses. If you had a loss in one business, it reduces the income from another. Figure the combined SE tax on one Schedule SE.

## J oint Returns

Show the name of the spouse with SE income on Schedule SE. If both spouses have SE income, each must file a separate Schedule SE. However, if one spouse qualifies to use Short Schedule SE and the other has to use Long Schedule SE, both can use the same form. One spouse should complete the front and the other the back.

Include the total profits or losses from all businesses on Form 1040, as appropriate. Enter the combined SE tax on Form 1040, line 50.

## Community Income

In most cases, if any of the income from a business (including farming) is community income, all of the income from that business is SE earnings of the spouse who carried on the business.

The facts in each case will determine which spouse carried on the business. If you and your spouse are partners in a partnership, see Partnership Income or Loss below.

If you and your spouse had community income and file separate returns, attach Schedule SE to the return of the spouse with the SE income. Also, attach Schedule(s) C, C-EZ, or F.

Caution: Community income included on Schedule(s) C, C-EZ, or F must be divided for income tax purposes on the basis of the community property laws.

## Fiscal Year Filers

If your tax year is a fiscal year, use the tax rate and earnings base that apply at the time the fiscal year begins. Do not prorate the tax or earnings base for a fiscal year that overlaps the date of a rate or earnings base change.

## Specific Instructions

Read the chart on page 1 of Schedule SE to see if you can use Section A, Short Schedule SE, or if you must use Section B, Long Schedule SE. For either section, you need to know what to include as net earnings from selfemployment. Read the following instructions to see what to include as net earnings and how to fill in lines 1 and 2 of either Short or Long Schedule SE. Enter all negative amounts in parentheses.

## Net Earnings From SelfEmployment

## What Is Included in Net SE Earnings?

In most cases, net earnings include your net profit from a farm or nonfarm business. If you were a partner in a partnership, see the following instructions.

## Partnership Income or Loss

If you were a general or limited partner in a partnership, include on line 1 or line 2, whichever applies, the amount from line 15a of Schedule K-1 (Form 1065) or the amount identified as net earnings from self-employment in box 9 of Schedule K-1 (Form 1065-B). General partners should reduce this amount before entering it on Schedule SE by any section 179 expense deduction claimed, unreimbursed partnership expenses claimed, and depletion claimed
on oil and gas properties. If you reduce the amount you enter on Schedule SE, attach an explanation.
If a partner died and the partnership continued, include in SE income the deceased's distributive share of the partnership's ordinary income or loss through the end of the month in which he or she died. See Internal Revenue Code section 1402(f).

If you were married and both you and your spouse were partners in a partnership, each of you must pay SE tax on your own share of the partnership income. Each of you must file a Schedule SE and report the partnership income or loss on Schedule E (Form 1040), Part II, for income tax purposes.

SE income belongs to the person who is the member of the partnership and cannot be treated as SE income by the nonmember spouse even in community property states.

## Share Farming

You are considered self-employed if you produced crops or livestock on someone else's land for a share of the crops or livestock produced (or a share of the proceeds from the sale of them). This applies even if you paid another person (an agent) to do the actual work or management for you. Report your net earnings for income tax purposes on Schedule F (Form 1040) and for SE tax purposes on Schedule SE. For more details, see Pub. 225.

## Other Income and Losses Included in Net Earnings From Self-Employment

- Rental income from a farm if, as landlord, you materially participated in the production or management of the production of farm products on this land. This income is farm earnings. To determine whether you materially participated in farm management or production, do not consider the activities of any agent who acted for you. The material participation tests are explained in Pub. 225.
- Cash or a payment-in-kind from the Department of Agriculture for participating in a land diversion program.
- Payments for the use of rooms or other space when you also provided substantial services. Examples are hotel rooms, boarding houses, tourist camps or homes, parking lots, warehouses, and storage garages.
- Income from the retail sale of newspapers and magazines if you were age 18 or older and kept the profits.
- Amounts received by current or former self-employed insurance agents and salespersons that are:

1. $P$ aid after retirement but figured as a percentage of commissions received from the paying company before retirement;
2. Renewal commissions; or
3. Deferred commissions paid after retirement for sales made before retirement.

However, certain termination payments received by former insurance salespersons are not included in net earnings from self-employment (as explained below).

- Income of certain crew members of fishing vessels with crews of normally fewer than 10 people. See Pub. 595 for details.
- Fees as a state or local government employee if you were paid only on a fee basis and the job was not covered under a Federal-state social security coverage agreement.
- Interest received in the course of any trade or business, such as interest on notes or accounts receivable.
- Fees and other payments received by you for services as a director of a corporation.
- Recapture amounts under sections 179 and 280F that you included in gross income because the business use of the property dropped to $50 \%$ or less. Do not include amounts you recaptured on the disposition of property. See Form 4797.
- Fees you received as a professional fiduciary. This may also apply to fees paid to you as a nonprofessional fiduciary if the fees relate to active participation in the operation of the estate's business, or the management of an estate that required extensive management activities over a long period of time.
- Gain or loss from section 1256 contracts or related property by an options or commodities dealer in the normal course of dealing in or trading section 1256 contracts.

## Income and Losses Not Included in Net Earnings From Self-Employment

- Salaries, fees, etc., subject to social security or Medicare tax that you received for performing services as an employee, including services performed as a public official (except as a fee basis government employee as explained earlier under Other Income and Losses Included in Net Earnings From Self-Employment) or as an employee
or employee representative under the railroad retirement system.
- Fees received for services performed as a notary public. If you have no other income subject to SE tax, write "Exempt-Notary" on Form 1040, line 50. However, if you have other earnings of $\$ 400$ or more subject to SE tax, write "Exempt-Notary" and, in parentheses, the amount of your net profit as a notary public from Schedule C or C-EZ on the dotted line to the left of line 3, Schedule SE. Subtract that amount from the total of lines 1 and 2 and enter the result on line 3.
- Income you received as a retired partner under a written partnership plan that provides for lifelong periodic retirement payments if you had no other interest in the partnership and did not perform services for it during the year.
- Income from real estate rentals (including rentals paid in crop shares) if you did not receive the income in the course of a trade or business as a real estate dealer. This includes cash and crop shares received from a tenant or sharefarmer. Report this income on Schedule E.
- Dividends on shares of stock and interest on bonds, notes, etc., if you did not receive the income in the course of your trade or business as a dealer in stocks or securities.
- Gain or loss from:

1. The sale or exchange of a capital asset;
2. The sale, exchange, involuntary conversion, or other disposition of property unless the property is stock in trade or other property that would be includible in inventory, or held primarily for sale to customers in the ordinary course of the business; or
3. Certain transactions in timber, coal, or domestic iron ore.

- Net operating losses from other years.
- Termination payments you received as a former insurance salesperson if ALL of the following conditions are met.

1. The payment was received from an insurance company because of services you performed as an insurance salesperson for the company.
2. The payment was received after termination of your agreement to perform services for the company.
3. You did not perform any services for the company after termination and before the end of the year in which you received the payment.
4. You entered into a covenant not to compete against the company for at SE-3
least a 1-year period beginning on the date of termination.
5. The amount of the payment depended primarily on policies sold by or credited to your account during the last year of the agreement, or the extent to which those policies remain in force for some period after termination, or both.
6. The amount of the payment did not depend to any extent on length of service or overall earnings from services performed for the company (regardless of whether eligibility for the payment depended on length of service).

## Statutory Employee Income

If you were required to check the box on line 1 of Schedule $C$ or $C-E Z$ because you were a statutory employee, do not include the net profit or (loss) from line 31 of that Schedule C (or the net profit from line 3 of Schedule C-EZ) on line 2 of Short or Long Schedule SE. But if you file Long Schedule SE, be sure to include statutory employee social security wages and tips from Form W-2 on line 8 Ba.

## Optional Methods

## How Can the Optional Methods Help You?

Social Security Coverage. The optional methods may give you credit toward your social security coverage even though you have a loss or a small amount of income from selfemployment.

Earned Income Credit. Using the optional methods may qualify you to claim the earned income credit or give you a larger credit if your net SE earnings (determined without using the optional methods) are less than $\$ 1,600$. Figure the earned income credit with and without using the optional methods to see if the optional methods will benefit you.
$C$ hild and Dependent $C$ are $C$ redit. The optional methods may also help you qualify for this credit or give you a larger credit if your net SE earnings (determined without using the optional methods) are less than $\$ 1,600$. Figure this credit with and without using the optional methods to see if the optional methods will benefit you.

Note: Using the optional methods may give you the benefits described above but they may also increase your selfemployment tax.

## Farm Optional Method

You may use this method to figure your net earnings from farm self-employment if your gross farm income was $\$ 2,400$ or less OR your gross farm income was more than $\$ 2,400$ but your net farm profits (defined below) were less than $\$ 1,733$. There is no limit on how many years you can use this method.

Under this method, you report on line 15, Part II, two-thirds of your gross farm income, up to $\$ 1,600$, as your net earnings. This method can increase or decrease your net SE farm earnings even if the farming business had a loss.

You may change the method after you file your return. That is, you can change from the regular to the optional method or from the optional to the regular method.
For a farm partnership, figure your share of gross income based on the partnership agreement. With guaranteed payments, your share of the partnership's gross income is your guaranteed payments plus your share of the gross income after it is reduced by all guaranteed payments made by the partnership. If you were a limited partner, include only guaranteed payments for services you actually rendered to or on behalf of the partnership.

Net farm profits is the total of the amounts from Schedule F (Form 1040), line 36, and Schedule K-1 (Form 1065), line 15a, from farm partnerships.

## Nonfarm Optional Method

You may be able to use this method to figure your net earnings from nonfarm self-employment if your nonfarm profits (defined below) were less than $\$ 1,733$ and also less than $72.189 \%$ of your gross nonfarm income. To use this method, you also must be regularly selfemployed. You meet this requirement if your actual net earnings from selfemployment were $\$ 400$ or more in 2 of the 3 years preceding the year you use the nonfarm method. The net earnings of $\$ 400$ or more could be from either farm or nonfarm earnings or both. The net earnings include your distributive share of partnership income or loss subject to SE tax. Use of the nonfarm optional method from nonfarm self-employment is limited to 5 years. The 5 years do not have to be consecutive.
Under this method, you report on line 17, Part II, two-thirds of your gross nonfarm income, up to $\$ 1,600$, as your net earnings. But you may not report less than your actual net earnings from nonfarm self-employment.

You may change the method after you file your return. That is, you can change from the regular to the optional method or from the optional to the regular method.
Figure your share of gross income from a nonfarm partnership in the same manner as a farm partnership. See Farm Optional Method on this page for details.
Net nonfarm profits is the total of the amounts from Schedule C (Form 1040), line 31 (or Schedule C-EZ (Form 1040), line 3), Schedule K-1 (Form 1065), line 15a (from other than farm partnerships), and Schedule K-1 (Form 1065-B), box 9.

## Using Both Optional Methods

If you can use both methods, you may report less than your total actual net earnings from farm and nonfarm selfemployment, but you cannot report less than your actual net earnings from nonfarm self-employment alone.
If you use both methods to figure net earnings, you cannot report more than $\$ 1,600$ of net SE earnings.

## Major Categories of Federal Income and Outlays for Fiscal Year 1997

On or before the first Monday in February of each year, the President is required by law to submit to the Congress a budget proposal for the fiscal year that begins the following October. The budget plan sets forth the President's proposed receipts, spending, and the surplus or deficit for the Federal government. The plan includes recommendations for new legislation as well as recommendations to change, eliminate, and add programs. After receipt of the President's proposal, the Congress reviews the proposal and makes changes. It first passes a budget resolution setting its own targets for receipts, outlays, and the surplus or deficit. Individual spending and revenue bills are then enacted consistent with the goals of the budget resolution.

In fiscal year 1997 (which began on October 1, 1996, and ended on September 30, 1997), Federal income was 1,579 billion and outlays were $\$ 1,601$ billion, leaving a deficit of $\$ 22$ billion.

## Federal Income

Income and social insurance taxes are, by far, the largest source of receipts. In 1997, individuals paid $\$ 737$ billion in income taxes and corporations paid $\$ 182$ billion. Social security and other insurance and retirement contributions were $\$ 539$ billion. Excise taxes were $\$ 57$ billion. The remaining $\$ 63$ billion of receipts were from Federal Reserve deposits, customs duties, estate and gift taxes, and other miscellaneous receipts.

## Federal Outlays

About 99\% of total outlays were financed by tax receipts and the remaining $1 \%$ was financed by borrowing. Government receipts and borrowing finance a wide range of public services. The following is the breakdown of total Federal outlays for fiscal year 1997*:

1. Social security, Medicare, and other retirement: $\$ 632$ billion. These programs were about $38 \%$ of total outlays. They provide income support for the retired and disabled and medical care for the elderly.
2. National defense, veterans, and foreign affairs: $\$ 325$ billion. About 16\% of total outlays were to equip, modernize, and pay our armed forces and to fund other national defense activities;
about 2\% went for veterans benefits and services; and about $1 \%$ went for international activities, including military and economic assistance to foreign countries and the maintenance of U.S. embassies abroad.
3. Net interest: $\$ 244$ billion. About $15 \%$ of total outlays were for net interest payments on the public debt.

## 4. Physical, human, and community

 development: $\$ 123$ billion. About 7\% of total outlays were for agriculture; natural resources and environmental programs; transportation programs; aid for elementary and secondary education and direct assistance to college students; job training programs; deposit insurance, commerce and housing credit, and community development; and space, energy, and general science programs.5. Social programs: $\$ 294$ billion. The Federal Government spent 12\% of total outlays to fund Medicaid, food stamps, temporary assistance for needy families, supplemental security income, and related programs. $6 \%$ was spent for health research and public health programs, unemployment compensation, assisted housing, and social services.
6. Law enforcement and general government: $\$ 29$ billion. About 2\% of total outlays were for judicial activities, Federal law enforcement, and prisons; and to provide for the general costs of the Federal Government, including the collection of taxes and legislative activities.

Note: Detail may not add to total due to rounding.

Income and Outlays. These pie charts show the relative sizes of the major categories of Federal income and outlays for fiscal year 1997.
