

APPENDIX H

APPENDIX H

NSV 2001 FINAL RESULT CODES

Code	Label	Description
CE	Complete Extended	Complete Extended.
CO	Complete Screener Interview	Complete screener with at least one person selected for extended interview.
CX	Complete Extended	Complete Extended with Proxy.
IA	Ineligible Extended Interview	Ineligible Section A.
ID	Ineligible Screener	All people in matrix are on active duty.
LH	Final Language Problem - Hearing/Speech	Two calls to this respondent resulted in a hearing or speech communication problem.
LM	Max Call Language	Questionnaire had an additional language problem and has reached the maximum calling algorithm.
LP	Final Language Problem	Two calls to this respondent resulted in a nonEnglish communication problem.
MC	Max Call	The calling algorithm has been fulfilled. At least one human contact has been made at the number and there are no refusals or language problems in the call history for the household.
ML	Max Call Language	The calling algorithm has been fulfilled. An attempt to contact <i>someone else</i> in the household resulted in an interim language problem, but this particular questionnaire has had no interim language problem in its call history.
MP	Max Phones	The maximum number of phone numbers has been tried and the respondent can not be found.
MR	Max Call Refusal	The calling algorithm has been fulfilled. An attempt to contact <i>someone else</i> in the household resulted in an interim refusal, but this particular questionnaire has had no refusal in its call history.
MT	Max Telephones	The maximum number of call attempts have been made across all telephone numbers.
NA	No Answer	No human contact was ever made at the number.
NB	Business	Telephone is for a business.
NF	Not Found	The sampled person was unknown at this telephone number.
NL	CATI -- Not Locatable	Standard CATI procedures were followed and contact was never achieved at the loaded telephone number.
NM	Max No Answer	The calling algorithm has been fulfilled. No human contact was ever made at this number.
NO	Other Nonresponse	Questionnaire for which no other final result code is applicable.
NP	Not Available in Field Period	Subject not available in field period.
NR	Nonresidential	Telephone number is not for a residence.
NS	Subject Sick	Subject physically or mentally incapable of completing interview.
NT	Tritone	Tritone heard when telephone number is dialed.
NU	Undetermined Eligibility	Could not obtain enough data to determine eligibility.
NW	Nonworking	Telephone number is not working.
NX	Rereleased Max No Answer	A Rereleased Max No Answer has reached the maximum calling algorithm.

NSV 2001 FINAL RESULT CODES (continued)

Code	Label	Description
OA	Out of the Country	Respondent was out of the country for the duration of the field period.
OD	Duplicate	Duplicate sample case.
OE	Enumeration Error	The respondent enumerated in the screener and selected for the extended interview was not a member of the household.
OI	Institutionalized	The respondent resides in an institution for longer than the past six months.
OO	Other Out of Scope	The respondent is institutionalized and unable to complete extended interview.
OP	Incarcerated	The respondent is incarcerated.
OZ	Subject Deceased	The sampled veteran is deceased.
RB	Final Refusal	On at least two calls, the respondent refused to be interviewed or broke off during the interview and refused to continue.
RM	Max Call Refusal	Questionnaire had an additional refusal code and has reached the maximum calling algorithm.
R3	Final Refusal for Rereleased RBs	A Rereleased Final Refusal (RB) has received an additional refusal.
RX	Max Call Rereleased RBs	A Rereleased Final Refusal (RB) has reached the maximum calling algorithm.
