The 2009 payment to the military retirement fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force, retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps, and survivors' benefits.

The 2004 National Defense Authorization Act (P.L. 108-136) created additional benefits for certain retirees who receive disability compensation from the Department of Veterans Affairs and moved the responsibility for payments under the Combat Related Special Compensation program to the Military Retirement Fund. Any additional funding requirements for retirees with service prior to 1985 will be included in this payment.

Public Law 98-94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the Military Personnel accounts, which cover the accruing costs of the future retirement benefits being earned by today's service members. The second source is interest on investments of the fund. The third source is made up of two payments from the general Treasury. The first Treasury payment covers a portion of the accrued unfunded liability for all the retirees and current members who had earned benefits before the accrual funding system was set up. The second Treasury payment covers the liability for concurrent receipt of military retired pay and disability compensation paid by the Department of Veterans Affairs. This benefit was added in the 2004 National Defense Authorization Act.

The status of the fund is as follows:

Public Law 106-398 provides for accrual funding for health care to Medicare-eligible retirees. The statute establishes an accrual health care fund which has three sources of funding. The first is contributions from employing agencies, which cover the liability for future benefits accruing to current service members. The second is an annual payment from the general Treasury on the accrued unfunded liability and the third source is income from the investment of fund balances.

The 1985 Defense Authorization Bill, Public Law 98-525, provided for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapter 30, Title 38 U.S.C., and to selected Reserve personnel under the authority of Chapters 1605 and 1607, Title 10 U.S.C. Public Laws 100-48 and 108-375 made this program permanent. The fund is financed through actuarially-determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

For necessary expenses, not otherwise provided for, of the American Battle Monuments Commission, **[\$11,000,000,]** such sums as may be necessary, to remain available until expended, for purposes authorized by section 2109 of title 36, United States Code, as amended herein.

Section 2109 of Title 36, United States Code, is amended as follows: (1) in subsection (c), by—

a. deleting paragraph (3), and

b. in paragraph (2), by revising the matter preceding subparagraph (A) to read as follows: “(2) Amounts transferred from the Account shall be transferred back to the Account, and immediately cancelled—”;

(2) by revising subsection (e) to read:

“(e) Unobligated balances. To the extent favorable fluctuations in currency exchange rates of foreign countries result in an unobligated balance of an appropriation for salaries and expenses, that amounts shall be transferred to the Account promptly and immediately cancelled.”;

(3) by revising subsection (g) to read:

“(g) Appropriations. Beginning in fiscal year 2009 and thereafter, there are appropriated to the Account such sums as may be necessary to carry out subsection (a) of this section.”. (Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2008.)

The agency has a currency fluctuation account that insulates its appropriation’s buying power from changes in exchange rates. At the current exchange rate, ABMC would require \$17.1 million to offset foreign currency fluctuations. The proposed amended appropriations language would allow updates of the foreign currency exchange rates and requirements as needed throughout the year.

The 1991 Defense Authorization Act, Public Law 101-510, created an Armed Forces Retirement Home (AFRH) Trust Fund to finance the AFRH-Washington and the AFRH-Gulfport Homes. The homes are financed by appropriations drawn from the trust fund.

The AFRH Fiscal Year 2007 Performance and Accountability Report displayed the significant progress of the AFRH over the past four years.

The Gulfport Home is being rebuilt at a cost of \$240 million as a result of Hurricane Katrina. The project has a target completion date of 2010. AFRH is requesting \$5.6 million from the Trust Fund to begin the planning and design efforts for renovation of the Washington Home's oldest dormitory, Scott Building, which was built in the early 1950's. The renovation will create better living conditions for residents; renew a failing building; and bring the building in line with the Americans with Disabilities Act (ADA), fire codes, and other building codes.

The AFRH provides, through the Armed Forces Retirement Home—Gulfport and Armed Forces Retirement Home—Washington, residences and related services for certain retired and former members of the Armed Forces.

The average number of members receiving domiciliary and hospital care are shown below:

Operation and maintenance.—Funds requested will provide for contractual services, necessary operating supplies and equipment, and personnel.

Administration.—Provision is made for determining eligibility for burial; management of Arlington and Soldiers' and Airmen's Home National Cemeteries; and administrative support.

Construction.—Arlington National Cemetery has developed a capital investment plan for all construction projects including using contiguous land sites that will be vacated by the Services, such as portions of the Navy Annex and Ft. Myer. Project 90 will construct the first boundary wall at Arlington National Cemetery that has niches for cremated remains. The request would fund the continuing development of 31 acres of gravesites and niches in the Millennium Project.

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

The Selective Service System (SSS) continues to register men as they reach age 18, as required by law, and maintain an active data base of registrant records. Should the Nation return to conscription for a national emergency, the Agency would have the first draftees at military processing centers 193 days after a mobilization. The Agency also manages a program for the Nation's conscientious objectors. In cooperation with the Department of Defense, all Reserve Force Officers participating in the SSS program are being reduced to

200 in FY 2008 and 150 in FY 2009 to reflect reduced readiness requirements and the Military Conversion initiative.

The SSS will continue to strengthen its partnership with the Armed Services. The Agency will continue its national initiative to offer every young man that receives a registration acknowledgment, almost two million annually, the opportunity to volunteer for the military services.

In addition to improving its business processes and national registration compliance statistics, while helping to sustain an "all volunteer" military recruiting effort, the Agency is incorporating advanced information technology architectures to ensure faster, more accurate registration processing and better customer services via the Internet. Savings will be directed to additional automation improvements.
