Mental Health and Social Services Coordinator	27 - 37

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, Mailstop D-24, Atlanta, GA 30333; Attention PRA (0920-0445).

Special Instructions

1. This questionnaire focuses on your state practices and policies.
2. When we use the word “policy,” we mean any mandate issued by the state school board, state legislature, or other state agency that affects mental health or social services in districts or schools throughout your state. Please consider any policies officially adopted at the state level. These include policies developed by your state, or those based on model policies developed elsewhere.
3. We recognize that there may be some exceptions to the policies, but please answer the questions based on what is customary in your state. Please do not consider district or school practices or policies when answering the questions. (We will ask about district and school practices and policies when we collect information from districts and schools across the country.)
4. If you would like more information about this study or would like clarification of any questions in this survey, please call Tim Smith at 1-800-647-9664, extension 6095.

Standard Mental Health and Social Services

1. Has your state adopted a policy stating that Student Assistance Programs (SAPs) will be offered to all students? SAPs provide services designed to assist students experiencing personal or social problems that can impact school performance, physical health, or overall well-being.

Yes..... 1
No..... 2

2. Has your state adopted a policy stating that school mental health or social services staff (e.g., guidance counselors, psychologists, or social workers) will participate in the development of Individualized Education Plans (IEPs), when indicated?

Yes..... 1
No..... 2

3. Has your state adopted a policy stating that school mental health or social services staff will participate in the development of Individualized Health Plans (IHPs), when indicated?

Yes..... 1
No..... 2

4. The following questions ask about *standard mental health and social services*, meaning those services offered at the school, usually by a guidance counselor, psychologist, or social worker. By mental health and social services, we mean services such as crisis intervention, alcohol and other drug use treatment, or identification of or counseling for mental disorders or abuse. Later in the questionnaire, we will ask about any services offered by school-based health centers or at other sites.

In your state, do any schools serve as Medicaid providers, by providing mental health or social services to students?

Yes..... 1
No..... 2

Standard Mental Health and Social Services

School-Based Health Center Services

24. The following questions ask about mental health and social services offered at *school-based health centers* — that is, health centers on school property where enrolled students can receive mental health and social services, including diagnostic and treatment services. These services are usually provided by a psychologist, social worker, or counselor, or other mental health or social services professional. Please do not include a traveling or mobile health center.

Currently, how many school-based health centers offer mental health or social services to students in your state?

_____ School-based health centers

If none, please skip to Question 26.

25. In your state, do any school-based health centers serve as Medicaid providers, by providing mental health or social services to students?

Yes.....1
No.....2

Services Provided at Other Sites

26. The next question asks about mental health and social services delivered to students at *other sites* not on school property regardless of whether the services are paid for by the school system. These services may be provided by mental health and social services professionals who work at school-linked health centers or who have a contract, memorandum of agreement, or other similar arrangement with a district or school to provide mental health or social services to students.

Has your state adopted a policy stating that districts or schools will have such arrangements to provide mental health or social services when needed to students?

Yes..... 1
No..... 2

Mental Health and Social Services Coordinator

27. Currently, does someone in your state oversee or coordinate school mental health and social services?

Yes..... 1
No..... 2

→ That is the last question. Thank you very much for taking the time to complete this questionnaire.

28. Are you this person?

Yes..... 1
No..... 2

→ That is the last question. Thank you very much for taking the time to complete this questionnaire.

29. Who do you work for?

Mark all that apply.

State education agency..... 1
State mental health or social services agency..... 2
State public health agency..... 3
Other..... 4

30. Do you have an undergraduate degree?

Yes..... 1
No..... 2

→ That is the last question. Thank you very much for taking the time to complete this questionnaire.
