Section 1 – GENERAL INFORMATION

INTRODUCTION

Information on exempt organizations is available from the Internal Revenue Service. This document provides information to organizations and individuals who desire information on exempt organizations from the Internal Revenue Service's Business Master File (BMF).

Exempt organization information is extracted monthly from the BMF at the IRS Martinsburg Computing Center in Martinsburg, West Virginia. Output consists of a printed list; or formatted records on magnetic tape (cartridge), or compact disk as specified in the authorized contract.

Output in the form of a printed list will list data records one after the other, with as many as possible printed on one page. (See Section 3 and Exhibit A.)

The formatted record output will have the following characteristics: EBCDIC data on either 18-track cartridge (IBM 3480 compatible), or 36-track cartridge (IBM 3490 compatible); the records will be also available on compact disk (depending upon the size of the output file). Please specify the type of cartridge, or compact disk in your request. (See Section 3 and Exhibit B.)

Exempt organization information can also be downloaded through the Exempt Organization Bulletin Board on the Internet at <http://www.irs.treas.gov/taxstats/article/0,,id=97155,00.html>. A booklet describing the EO files and fields is also available on the Internet for downloading. The files are divided by IRS Area, Region, and state. For technical questions relating to the downloading and reading of these files, please contact Jim Willis, Systems Administrator, at (202) 874-0277.

REQUESTS FOR CUSTOM EXTRACTS OF INFORMATION ON EXEMPT ORGANIZATIONS

Any organization or individual who desires exempt organization information must enter into a contractual agreement with the IRS before any information will be provided. The IRS must first receive a written request specifying the information to be provided. The fields available through this program are listed on page 2 and described in Section 2 of this booklet. Send written requests to:

Director, Office of Business Systems Planning
SE:T:BSP, 6N3
1111 Constitution Avenue, NW
Washington, DC 20224
Attn: EO Standard Extracts

BSP analysts will forward the request to the programming area, M:I:B:CP:MB:OR, who will send a contract, Form 5181, Agreement Covering Reimbursable Services, to the requester. Upon receipt of the signed contract the IRS will take the necessary action to extract the information from the BMF. The signed contract must be received by the end of the second week of the month for the request to be included in that month's extract program. The extract program usually runs the last week of the month with the output shipped by the middle of the following month. A fee will be charged for providing information.

The average cost for calendar year 2006 for each reimbursable EO standard extract of entity information is \$388 with an additional \$4.50 for each tape cartridge, and \$3.00 for each compact disk.

Information transcribed by the IRS from Forms 990, 990-EZ, and 990-PF is also available. The average cost for these extracts is \$900.

SELECTION CRITERIA

The requester may limit the request to a subset of the file defined by the specific criteria selected. For example, a requester may only desire 501(c)(3) organizations. The request would then be limited to only those organizations with subsection code equal to 03.

Some fields have limits as to the number of different codes that can be specified per request. Although multiple requests may be submitted for the same basic fee, each request will be output onto a separate printout or tape. For example, a requester may require seven specific activity codes. Only three activity codes can be submitted per request, so the output would be on three tapes or printouts (three on the first, three on the second, and one on the third). The selection criteria can be chosen from the fields described in this booklet. Each field is limited to one specific code per request except where indicated. Only the first three digits of the NTEE Code may be selected per request. For selections based on geographic area, you can select by state or area office. One state or two area offices can be selected per request.

Due to a limit on the overall number of requests that can be processed monthly, the number of requests per customer may need to be limited.
