The FY 2001 payment to the military retirement fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force, retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps, and survivors benefits.

Public Law 98-94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the Military Personnel accounts, which cover the liability for future benefits accruing to current service members. The second is a payment from the general treasury to cover the accrued unfunded liability of current members and current retirees. The third source is income from the investment of fund balances from past and current payments into the fund.

The status of the fund is as follows:

The 1985 Defense Authorization Bill, Public Law 98-525, provided for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapter 30, Title 38 U.S.C., and to Selected Reserve personnel under the authority of Chapter 1606, Title 10 U.S.C. Public Law 100-48 made this program permanent. The fund is financed through actuarially-determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

*Purchase of flowers.*—Private citizens contribute funds for the purchase of flowers to decorate graves and tablets of the missing at the cemeteries and memorials administered by the Commission.

*Repair of non-Federal war memorials.*—When requested to do so and upon receipt of the necessary funds, the Commission arranges for and oversees the repair of war memorials to U.S. Forces erected in foreign countries by American citizens, States, municipalities, or associations.

*World War II Memorial.*—Public Law 103-32 authorized the American Battle Monuments Commission to collect private contributions to fund construction of a memorial in the District of Columbia to honor members of the Armed Forces of the United States who served in World War II. The Commission projects that contributions to the World War II Memorial Fund will reach \$134 million in 2000 and \$144 million

CONTRIBUTIONS—Continued

in 2001. Public Law 106–117 provides \$65 million in borrowing authority for construction of the World War II Memorial. This authority assists in meeting the Commemorative Works Act requirements whether this authority is exercised or not.

**ARMED FORCES RETIREMENT HOME**

The 1991 Defense Authorization Act, Public Law 101–510, created an Armed Forces Retirement Home Trust Fund to finance the United States Soldiers' and Airmen's Home and the United States Naval Home. The homes, which are currently in operation, are financed by appropriations drawn from the trust fund. The homes are administered by directors appointed by the Secretary of Defense with oversight provided by the Armed Forces Retirement Home Board.

A 110 bed long-term facility will be constructed beginning in 2001 at the United States Naval Home. This long-term health care facility will be funded with the approval of \$8.2 million included in the 2001 appropriation and incremental funding authority of \$6.2 million in 2002 for a fully funded project cost of \$14.4 million.

The Armed Forces Retirement Home is cooperating with the Department of Defense on a Most Efficient Organization Study (MEO) to consider additional outsourcing opportunities.

Proceeds for the sale of excess land at fair market value, at the highest and best economic use of the property, are projected to add \$60 million to the 2000 revenue estimates.

The Armed Forces Retirement Home provides medical and domiciliary care and other authorized benefits for the relief and support of certain retired and former military personnel of the Armed Forces.

The average number of members receiving domiciliary and hospital care are shown below:

	1999 actual	2000 est.	2001 est.
Domiciliary care .....	1,253	1,365	1,495
Hospital care .....	276	280	350
Total members .....	1,529	1,645	1,845

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

The Selective Service System continues to register men as they reach age 18, as required by law, and maintain a data base of registrant records. Should the Nation return to conscription for a national emergency, the agency would respond to a revised requirement to have the first draftees at military processing centers 193 days after a mobilization. In cooperation with the Department of Defense, Active Duty and Reserve Officers are being reduced to reflect the reduced readiness requirements.

The SSS will continue to strengthen its partnership with the Armed Services. The agency will expand its national initiative to offer every young man that receives an acknowledgment, almost two million annually, the opportunity to volunteer for the military services.

In addition to improving its business processes and national registration compliance statistics, while helping to sustain recruiting efforts, the Agency is moving to an advanced information technology architecture to ensure faster, more accurate registrations and better customer services via the Internet, telephone, and other means.
