

## EXECUTIVE OFFICE OF THE PRESIDENT COUNCIL ON ENVIRONMENTAL QUALITY WASHINGTON, D.C. 20503

November 30, 2001

Mr. Jeff Fiedler Climate Policy Specialist Natural Resources Defense Council of America 1200 New York Ave., N.W., Suite 400 Washington, D.C. 20005

RE: April 27, 2001, FOIA Request

Dear Mr. Fiedler:

I am writing in response to the appeal you filed with this agency regarding the Above-referenced Freedom of Information Act (FOIA) request.

Your appeal raised two issues. One issue was of the adequacy of the agency's search for records. In response, I reinitiated a search for responsive documents and identified three additional documents that were forwarded to you on September 21, 2001.

You also appealed the lack of a meaningful description of the documents withheld. This letter responds to the part of the appeal. First, we are releasing, either in whole or in part, an additional twenty-six documents which had previously been withheld. Second, I am including a complete list of documents involved in the appeal. The list identifies each document and indicates its current disposition. We are forwarding this list in the belief that in this instance it is the public interest to do so, although we reiterate, as Mr. Boling's letter of July 26, 2001, stated, that requestors are not entitled to such a listing at the administrative stage of processing FOIA requests and appeals.

If you not satisfied with this response, you have the right of judicial review under the provisions of the Freedom of Information Act at 5 U.S.C. §552(a)(6)(A)(ii).

Sincerely,

Dinah Bear

General Counsel

FOIA Appeals Officer
