The Congressional Accountability Act of 1995 (CAA) established an independent Office of Compliance to apply the rights and protections of the following eleven labor and employment statutes to covered employees within the legislative branch: the Fair Labor Standards Act of 1938, Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1967, the Family and Medical Leave Act of 1993, the Occupational Safety and Health Act of 1970, chapter 71 of title 5 of the U.S. Code (relating to Federal service labor-management relations), the Employee Polygraph Protection Act of 1988, the Worker Adjustment and Retraining Notification Act, the Rehabilitation Act of 1973, and chapter 43 of title 38 of the U.S. Code (relating to veterans' employment and reemployment).

The Office provides employees with an independent, neutral dispute resolution process, as an alternative to the court system, through which they may pursue claims under the laws applied by the CAA. The Office is headed by a five-member Board of Directors, who are appointed jointly by the House and Senate majority and minority leadership.

The Judiciary Office Building Development Act, Public Law 100-480, among other purposes, authorizes the Architect of the Capitol to contract for the design and construction of a building adjacent to Union Station in the District of Columbia to be leased to the Judicial Branch of the United States. This schedule reflects the costs associated with the construction of the building. Costs of construction were financed by an initial \$125 million of Federal agency debt (sales price less unamortized discount) issued in 1989.

Estimates prepared by the Legislative Branch assumed the financial arrangements to be a lease-purchase, which would distribute outlays associated with acquisition of the building over a period of thirty years. However, the arrangements involve federally guaranteed financing and other characteristics that make them substantively the same as direct federal construction, financed by direct federal borrowing. Because estimated expenditures of the Legislative Branch are required to be included in the budget as submitted and without

change, this separate schedule is included as an adjustment to reflect direct construction costs and associated interest costs, consistent with standard budget concepts and scoring conventions.

Estimates shown are consistent with the requirements of the Budget Enforcement Act and are presented with the agreement of the Budget and Appropriations Committees.

Personal services and necessary expenses to provide support for the basic operations of the Library are financed from this appropriation.

Library services.—Library Services has as its mission the acquisition of materials; the cataloging, classification, and preparation of materials for use; serving the public and maintaining and managing the Library's universal collections, which are the largest in the world; and the preservation of materials for use now and in the future. It also develops, produces, markets, and distributes the printed catalog cards, cataloging data in machine-readable form, book catalogs, technical publications and selected bibliographies made available from the automated data bases. It contributes directly to the nation's educational intellectual life through programs that interpret the Library's resources and promote the use of its unparalleled collections. Library Services provides many basic technical services to the Library of Congress as well as the world's research and library communities. Finally, this program coordinates Federal library and information resources.

Law library.—The Law Library is responsible for the custody, development, and service of the law collection of the Library of Congress and functions as the foreign and international law research arm of the United States Congress.

Management support services.—This activity supports the executive staff of the Office of the Librarian: budget and finance; human resources; contracts and logistics; buildings management; automation; and other centralized services. It also includes rental of space off Capitol Hill.

	1995 actual	1996 est.	1997 est.

These activities are predicated on an estimated 600,000 copyright registrations during 1997, an estimated 600,000 during 1996, and registrations of 609,195 during 1995.

Licensing Division.—The Licensing Division performs the responsibilities connected with the licensing activities of cable television stations and satellite carriers and the licensing of digital audio recording devices and media.

The Office of the Superintendent of Documents operates under a separate appropriation, which provides funds for: (1) the mailing for Members of Congress and other Government agencies of certain Government publications, as authorized by law; (2) the distribution of Government publications to designated depository libraries, including cost-effective methods of electronic dissemination to depository libraries such as CD-ROMS, and on-demand delivery of full text or image files; (3) the compilation of catalogs and indexes of Government publications; and (4) the distribution of Government publications in the International Exchange Program. These four functions are related to the publication activity of other agencies and to the demands of the public, Members of Congress, and depository libraries. Consequently, the Office of the Superintendent of Documents can exercise little control over the volume of work which it may be called upon to perform. A description of these four functions follows:

Distribution for other Government agencies and Members of Congress.—The Office of Superintendent of Documents maintains mailing lists and mails, at the request of Government agencies and Members of Congress, certain publications specified by public law.

Depository library distribution.—As required, Government publications are supplied to libraries which are designated as depositories for Government publications. This includes cost-effective methods of electronic dissemination to depository libraries such as CD-ROMS, and on-demand delivery of full text or image files.

Cataloging and indexing.—The Office of Superintendent of Documents is charged with preparing catalogs and indexes of all publications issued by the Federal Government. The principal publication is the "Monthly Catalog of U.S. Government Publications."

International exchange.—The Office of Superintendent of Documents distributes Government publications to foreign governments which agree, as indicated by the Library of Congress, to send to the United States similar publications of their governments for delivery to the Library of Congress.

The Government Printing Office executes orders for printing, binding, and blankbook work, CD-ROM's and electronic formats, placed by Congress and the various agencies of the Federal Government, and furnishes on order, blank paper, inks, and similar supplies. The Government Printing Office also sells publications to the public through its sales of publications program, provides a locator service for government electronic data bases, provides on-line access to electronic data bases, and distributes publications to the public for other Government agencies.

All such work is financed through the Government Printing Office revolving fund (44 U.S.C. 309). The fund is reimbursed by the customer agencies and receipts from sales of publications to the general public.

in the areas of qualification of retirement plans, exemption of charitable organizations and the status of certain governmental obligations; and to decide certain cases involving disclosure of tax information by the Commissioner of Internal Revenue.

Additional jurisdiction was conferred on the Court by the Taxpayer Bill of Rights in 1988. The Court is authorized to hear and decide appeals by taxpayers from decisions by the Internal Revenue Service denying awards for reasonable administrative costs incurred in connection with administrative proceedings within the Internal Revenue Service. In addition, if a timely petition for the redetermination of a deficiency is pending before the Court, the Court is authorized to restrain the premature assessment and collection of the disputed tax, to review certain jeopardy assessments and jeopardy levies, and to review the Commissioner's determination that certain seized property may be sold notwithstanding the pendency of the deficiency action. Finally, the Court is authorized to enforce its decisions determining overpayments in taxpayers' favor, to resolve disputes involving interest on deficiencies which were previously the subject of disputes before the Court, and to modify decisions in estate tax cases involving certain payment extensions.

For 1997, the Court proposes a trial program of 340 weeks consisting of 150 weeks of regular trial sessions and 90 weeks of small tax case sessions. In addition, the Court proposes scheduling special sessions for lengthy trials consisting of approximately 100 weeks. Trials are held in approximately 80 cities throughout the United States.

Statistics on the actual and estimated number of cases before the court are presented in the following tabulation:

Oliver Wendell Holmes Devise Fund.—The Oliver Wendell Holmes Devise Fund and the permanent committee for the Oliver Wendell Holmes devise to administer it were created by an act of Congress, approved August 5, 1955 (69 Stat. 533).

The current program is devoted primarily to the preparation of a History of the Supreme Court of the United States, of which the first two volumes were published by the Macmillan Co. in 1972. The third, fourth and fifth volumes were published in August 1974, September 1981, and August 1985, respectively. The sixth and seventh volumes were published in 1988. The eighth volume was published in 1993. Additional volumes are nearing completion.

Commission on Security and Cooperation in Europe.—The Commission on Security and Cooperation in Europe is authorized and directed to monitor the acts of the signatories which reflect compliance with or violation of the articles of the Final Act of the Conference on Security and Cooperation in Europe,

with particular regard to the provisions relating to Cooperation in Humanitarian Fields. The law establishing the Commission on Security and Cooperation in Europe also mandated it to monitor and encourage U.S. Government and private activities designed to expand East-West trade and the exchange of people and ideas. The Commission will receive semiannual reports from the President on the signatories' compliance with the Final Act and on U.S. activities in trade and cultural/humanitarian exchange and it will itself make advisory reports to the Congress on the progress of implementation.

The Commission is made up of nine Senators, nine Members of the House of Representatives and one Commissioner each from the Departments of State, Defense, and Commerce.

Competitiveness Policy Council.—The Competitiveness Policy Council was established by Public Law 100-418, sections 5201-5210, as amended by Public Law 101-382, section 133. It is a bipartisan commission with members appointed by the joint leadership of the House of Representatives, the joint leadership of the Senate, and the President.

The Council has twelve members, drawn from business, labor, academia, government and public interest activities. The President appoints a cabinet level official as the Executive branch representative. The Council's objectives are:

(1) to be a national forum for identifying challenges to U.S. living standards;

(2) to analyze information and develop recommendations for long-range national strategies intended to enhance the productivity and international competitiveness of the U.S. economy;

(3) to monitor changes in saving and investment, government regulation, education, trade and technology and evaluate Federal, State and local policies with respect to their impact on U.S. competitiveness;

(4) to establish subcouncils to develop long range strategies on specific competitiveness issues;

(5) to make reports to the President and the Congress on issues relating to U.S. competitiveness and standards of living.

The Council requested substantially less funds for 1996 due to cost cutting measures taken in 1994 and 1995.

International Conferences and Contingencies.—The International Conferences and Contingencies account provides funds to cover the expenses of House and Senate participants in international meetings.

Copyright Royalty Tribunal.—Under Public Law 94-553, the general revision of the copyright law, an independent Copyright Royalty Tribunal was created in the Legislative Branch. The Tribunal is composed of three commissioners appointed by the President with the advice and consent of the Senate for staggered terms of 7 years each.

The Tribunal's statutory responsibilities are: (a) to make determinations concerning copyright royalty rates (1) in the area of cable television (17 U.S.C. 111), (2) for phonorecords (17 U.S.C. 115), (3) for coin-operated phonorecord players (jukeboxes) (17 U.S.C. 116), (4) for non-commercial broadcasting (17 U.S.C. 118), and (5) for digital audio devices (17 U.S.C. 1004); and (b) to distribute cable television, satellite carrier, jukebox, and digital audio devices and media royalties deposited with the Register of Copyrights (17 U.S.C. 111, 116, 119, 1005, and 1007).

Public Law 103-198 abolished the Copyright Royalty Tribunal and created a Copyright Arbitration Royalty Panel System administered by the Library of Congress Copyright Office.

National Commission on Manufactured Housing.—The National Commission on Manufactured Housing was established by Public Law 101-625, section 943. The 16-member commission submitted its final report in August, 1994 and terminated in September, 1994.

Commission on Immigration Reform.—The Commission on Immigration Reform was established under Section 141 of the Immigration Act of 1990. The mandate of the Commission is to review and evaluate the implementation and impact of the U.S. immigration policy and to transmit to the Congress not later than September 30, 1997, a final report of its findings and recommendations for additional changes that should be made with respect to legal immigration into the United States. The commission submitted its second interim report in September 1995. The Commission expires January 1998.

National Commission to Prevent Infant Mortality.—The National Commission to Prevent Infant Mortality terminated its activities in 1994.
