Investments can be included on the OMB High Risk Project List for the following reasons:		
No.	Criteria Summary	Criteria Description
1	Agency Reported	Major systems the agency or OMB deems to be high risk due to a variety of factors, such as high cost, complexity, high profile political or citizen interest, or cross organizational or multi-agency impact or interdependencies with other systems efforts
2	MWL Holdovers	Major systems on the Management Watch List (MWL) at the conclusion of the prior fiscal year and continuing to warrant heightened attention during project execution
3	Shared Service Provider	Systems formally designated as E-Government or Line of Business (LoB) Shared Service Providers
4	E-Gov Migration	Planned or underway E-Government initiative migration projects (which are removed upon completion)
5	Legacy	Existing or legacy agency systems with functionality being retired once functionality has been migrated to a common solution (which are removed upon completion)
6	Managing Partner	Program or Program Management Office activities supporting governmentwide common solutions
