CHAPTER 19

DISBURSING OFFICER ACCOUNTABILITY REPORTS1901 DISBURSING OFFICER (DO) ACCOUNTABILITY

190101. Concept. All disbursing officers (DOs) are considered agents of the Department of the Treasury. Each DO is accountable to the Department of the Treasury for the cash items (including receivables) in his or her possession. The Standard Form (SF) 1219 (Statement of Accountability) is the DOs official monthly recording and reporting of this accountability. The DO's daily accountability is maintained on Department of Defense (DD) Form 2657 (Daily Statement of Accountability). The DD Form 2657 is similar and subsidiary to the SF 1219. Disbursement and collection transactions are reported on both the DD Form 2657 and the SF 1219. On the SF 1219, collections are netted against disbursements.

190102. Balancing

A. General. Cash in the possession of all DOs shall be balanced daily using DD Form 2657 as the permanent written record. Documents representing cash for which the DO remains accountable, but which are not physically in the DOs custody (such as receipts for advances to agent officers), shall be kept in the DO vault or safe and shall be accounted for daily on the DD Form 2657 and monthly on the SF 1219. When accounts are inspected, the DD Form 2657 shall be presented to the inspecting officer(s) for examination. See Appendix A of this volume. Most DO cash transactions are performed by deputies, agents, and cashiers. The DD Form 2665 (Daily Agent Accountability Summary) is the prescribed daily accountability document to the DO for deputies, agents, and cashiers. Preparation of the DD Form 2665 includes an actual cash count of all cash and negotiable instruments performed by the deputy, agent, or cashier who has custody of the cash and negotiable instruments. All deputies, agents, and cashiers shall use the DD Form 1081 (Statement of Agent Officer's Account) as a summary of cash transactions and receipt for cash and vouchers on hand for submission at turn-in or settlement with the DD Form 2665 to the DO. Except as provided in subparagraphs 190102.B and 190102.C of this chapter, the DO or primary deputy shall balance all deputies, agents, and cashiers daily, using the DD Form 2665. The DO may rely on the daily cash count performed by a deputy, agent, or cashier at a remote location, as verified by the signature of the deputy, agent, or cashier on the daily DD Form 2665.

B. Navy Vessels. DOs aboard Navy vessels shall balance their cash using the DD Form 2657 and shall balance their deputies, agents, and cashiers using DD Form 2665 no less frequently than: once each week; immediately before and after each payday; the last day of each month; and at any other time when the DO suspects that an irregularity has occurred. Whenever workload and staffing conditions permit, DOs aboard Navy vessels are encouraged to balance all deputies, agents, and cashiers daily as prescribed above.

C. Deputies, Agents, and Cashiers at Remote Locations. Deputies, agents and cashiers who are remotely located from the disbursing officer (e.g., DO in Colorado and agent in Australia) are not required to submit the DD Form 2665 to the DO daily. However, to maintain a daily record of transactions, they must prepare a DD Form 2665 daily. The DD Form 2665 along with all supporting documentation (e.g., all collection and disbursement vouchers and deposit tickets) and the DD Form 1081 will be submitted to the DO whenever a turn-in is effected.

190103. Overview of DD Form 2657. The DD Form 2657 is to one day what the SF 1219 is to one month. The DD Form 2657 summarizes the amounts the Department of the Treasury would look to recover from the DO if the DO ceased operations on that day. Amounts on the DD Form 2657 are at summary level only, including a summary of all disbursements and collections made during the business day by the DO and all deputies, agents, and cashiers. Detailed transactions are reported in the DOs subsidiary records. Section I of the DD Form 2657 computes the total DO accountability to the Department of the Treasury at the end of each business day. Accumulated DD Form 2657 accountability on the last day of the accounting period (Month-to-Date Column) is the accountability reported on the SF 1219. Section II (for the current DO) and section III (for all prior DOs of that Disbursing Station Symbol Number (DSSN)) summarizes the elements making up total DO accountability. Sections II and III are totaled in section IV. Section I totals (except for line 1.0) start with a zero balance at the beginning of each new accounting period (month) and when there is a change of DOs prior to the end of an accounting period. The Month-to-Date totals are cumulative for the entire accounting period. Sections II, III, and IV Month-to-Date totals are cumulative from month-to-month. The total of section IV must agree with the total of section I or the DD Form 2657 is out of balance. The DO should not begin a DD Form 2657 for a new business day until the DD Form 2657 for the prior business day is in balance. The properly balanced DD Form 2657 ensures agreement between the DOs cash accountability to the Department of the Treasury and disbursement and collection transactions recorded in the accounting system. The daily DD Form 2657 shall be signed by the DO as an official attestation of accountability to the Department of the Treasury. See section 1902 of this chapter for detailed preparation instructions.

190104. Overview of DD Form 2665. Each deputy, agent, and cashier shall prepare a DD Form 2665 for each day during which they transact business. The DD Form 2665 summarizes transactions for each business day. Transactions posted on the DD Form 2665 must always be recorded in U.S. dollar values. In order for the DD Form 2665 to depict a continuous picture of the transactions affecting the accountability of a deputy, agent, or cashier, the first DD Form 2665 prepared after receipt of an advance from the DO (or other principal authorized to provide advances) shall show the advance, and the last DD Form 2665 prepared up to the time of turn-in (submission of financial reports to the DO or other principal) shall show the turn-in. In this manner, the DD Form 2665 is a stand-alone document that provides a complete picture of the deputy, agent, or cashier's accountability transactions from day to day. When possible, a turn-in should not be accomplished as of the middle of a business day. However, if a turn-in is made in the middle of the business day, a DD Form 2665 shall be prepared up to the time of the turn-in and properly include the turn-in, and another DD Form 2665 prepared for the portion of

the business day following the turn-in. See section 1903 of this chapter for detailed preparation instructions.

190105. Overview of DD Form 1081. Deputies, agents, and cashiers shall prepare a [DD Form 1081](#) as a summary of cash transactions and receipt for cash and vouchers on hand each time turn-in or settlement of the account occurs. The DD Form 1081 summarizes cash transactions for the period of duty covered by the turn-in. The DO or primary deputy shall: verify the DD Form 1081 when the deputy, agent, or cashier's account is settled, sign the original and copy of the form, retain the original and supporting documents to support the DD Form 2665, and return the signed copy to the deputy, agent or cashier. The verification at turn-in or settlement includes an actual cash count by the DO or primary deputy. The cashier shall retain the signed copy as a record of the opening cash balance for the next period of duty or for record purposes if the account is balanced to zero. See section 1904 of this chapter for detailed preparation instructions.

190106. Overview of DD Form 2659 (Voucher Control Log). The [DD Form 2659](#) summarizes daily disbursement and collection transactions by voucher number; identifies the mode of payment (i.e., check, cash, travelers check, electronic funds transfer, or a no-pay adjustment) and the check/EFT trace number (enter under other); assures that all voucher numbers are accounted for; assures that all payment and collection vouchers are entered in accountability records; functions as a double-check against the DD Form 2657 and DD Form 2665, which summarize disbursement and collection transactions; enables comparison of vouchers paid by check to total checks written by check writers; enables comparison of vouchers paid by cash or travelers checks to cashier-paid vouchers; associates returned and undeliverable checks with applicable vouchers; and functions as a transmittal for vouchers showing voucher numbers used, not used, or voided. The DO should require DD Form 2659 to be prepared daily by each functional area and/or branch disbursing office when these areas or offices are assigned a separate series of voucher numbers. An example of DD Form 2659 is provided in figure 11-1.

190107. Overview of SF 1219. The SF 1219 shows summary totals of all receipts and expenditures of public funds occurring during the accounting period and the status of the DOs account at the close of that period. Normally, the accounting period begins on the first day of each calendar month and ends on the last day of each calendar month. An accounting period never extends beyond the last day of a calendar month. Exceptions to the calendar month accounting period depend on situations such as when a DO is relieved from disbursing duty prior to the last day of a month or a DO commences disbursing duty other than on the first day of a month. See [Chapter 2](#) of this volume. See section 1905 of this chapter for detailed preparation instructions.

1902 PREPARATION OF DD FORM 2657

190201. General. Every DO shall prepare a DD Form 2657 for each day business is transacted. Except as provided in [Chapter 20](#) of this volume, the DD Form 2657 shall be prepared in an original only and shall be a permanent record (i.e., typed or printed in ink). The DD Form 2657 may be provided to other functional areas for reconciliation of cumulative disbursement and collection totals with the daily accounting records. The DD Form 2657 shall be returned for filing. Figure 19-1 is provided as an example of a properly prepared DD Form 2657.

190202. Item 1: DSSN. Enter the DOs DSSN.

190203. Item 2: Date. Enter the business-day date for which the form is being prepared.

190204. Section I: Transactions Affecting Accountability

A. Line 1.0: Accountability - Beginning of Day. Enter the end-of-day accountability from line 5.0 of the DD Form 2657 for the previous business day in the Today column. Enter the Month-to-Date amount from line 5.00 of the SF 1219 for the previous month. The amount entered in the Month-to-Date column shall remain the same on each DD Form 2657 prepared during the month.

B. Line 2.1A: Checks Issued in Payment of Vouchers. In the Today column, enter the total value of Treasury checks issued during the business day in payment of vouchers, including regular and special payrolls and the value of any check-issue adjustments. Check-issue adjustments are always supported by Financial Management System (FMS) Form 5206 (Advise of Check Issue Discrepancy) or Optional Form [\(OF\) 1017-G](#) (Journal Voucher). See [Chapter 9](#) of this volume. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

C. Line 2.1B: Checks Issued - All Others. In the Today column, enter the total value of Treasury checks issued during the business day for purposes other than voucher payments, including check-issue adjustments affecting such checks. Examples are checks written to obtain operating cash, for purchase of foreign currency, or for providing funds to agents. Check-issue adjustments shall be properly supported by FMS Form 5206 or OF 1017-G. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

D. Line 2.3: Other Transactions. Enter any unexplained overages during the business day which will be vouchered on the next business day. Do not enter any overages occurring on the last day of the month on this line. Amounts entered on this line cannot be reported on line 2.3 of the SF 1219. Upon preparation of the voucher on the next business day, decrease the amount on this line and increase line 4.1E (4.1D if collected to a receipt account). In some instances such as collections from dining facilities, only one collection voucher number is assigned for the entire month and the formal collection voucher is prepared as of the last business day of the month. Daily receipts of this nature shall be recorded on this line and as U.S. Currency/Coinage on Hand (Line 6.2A). At the end of the month when the formal collection voucher is processed, the accumulated collections are removed from this line and included as Reimbursements on Line 4.1E. Also, use this line to record accumulated small exchange gains for which a net gain and loss voucher is prepared on the last day of the month (rather than daily).

E. Line 2.34: Discrepancies in DOs Account - Credit. This is a Department of the Treasury suspense account. Do not use this line.

F. Line 2.36: Payments by Other DOs. Do not use this line.

G. Line 2.37: Transfer from Other DOs. Use this line to record the final accountability of a deactivated DSSN that is being assumed by the DO. The same accountability figure must be reported on line 4.37 of the deactivated DSSN's DD Form 2657. Also use this line to record a transfer of funds from another DO. The same amount must be recorded on line 4.37 of the DD Form 2657 applicable to the transferring DO. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column. Both DOs making such a transfer shall record the transaction on their SF 1219 for the same accounting period.

H. Line 2.8: Intra-governmental Payments and Collections (IPAC). Designated DOs participating in Department of the Treasury's IPAC system shall use this line as described herein. Refer to [Chapters 10, 11, and 24](#) of this volume for detailed information regarding the use of IPAC. In the Today column, enter the net daily IPAC interagency payments and collections for certain supplies and services rendered, including any adjustments for the current business day. When collections exceed disbursements, the amount is recorded as a negative. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

1. If an IPAC transaction is processed in the Department of the Treasury's system at the end of a prior month but vouchered for the agency's accountability in the current month, a second line 2.8 is required. Annotate month and year on each of the description

lines to differentiate between accounting months. For example, an amount reported in the Department of the Treasury's IPAC system with a processed date of January 30th is not vouchered and reported in daily accountability until the February 2nd business date. The February DD Form 2657 and SF 1219 will have two 2.8 lines: one for the net total of IPAC transactions processed by the Department of the Treasury in February and one for the January amount.

2. Additional 2.8 lines also are required if an erroneous amount is reported in a prior month. The Department of the Treasury notifies the agency on FMS Form 6652 (Statement of Differences - Disbursing Office Transactions). A separate line is then reported for the month in which the error occurred.

I. Line 2.9: Total Accountability Increases. Enter the total of lines 2.1A through 2.8 in both the Today and Month-to-Date columns. Prove Month-to-Date column by adding the total in the Today column to the Month-to-Date total from line 2.9 of the previous day's DD Form 2657. If preparing the DD Form 2657 on the first business day of the month, the amounts shall be the same.

J. Line 3.0: Gross Accountability. Enter the total of lines 1.0 and 2.9 in both the Today and Month-to-Date columns. Prove the amount in the Month-to-Date column by adding the amount in the Today column on line 2.9 to the Month-to-Date amount from line 3.0 of the previous day's DD Form 2657. If the DD Form 2657 is being prepared for the first business day of the month, the amounts shall be the same.

K. Line 4.1A: Gross Disbursements. Disbursements are payments from (or charged to) an appropriation or fund and shall be supported by formal disbursement vouchers. See [Chapter 11](#) of this volume. Collection of payments made in error which are processed as bracketed (negative) amounts on disbursement vouchers are negative disbursements. See [Chapter 10](#) of this volume. Enter total gross disbursements (including IPAC payments), before refunds and negative reimbursements, from the disbursement vouchers paid on the business day being reported. The amount entered includes negative disbursements occurring on disbursement vouchers, but does not include refunds occurring on collection vouchers (which are reported on line 4.1B) and negative reimbursements occurring on disbursement or collection vouchers (which are reported on line 4.1E). If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

★ L. Line 4.1B: Less Refunds. Refunds are a recoupment (collection) of payments and are collected in to the DO's accountability (as a positive amount) by a [DD Form 1131 \(Cash Collection Voucher\)](#). On rare occasions, a refund must be reversed. When this situation occurs, the transaction is processed on a collection voucher with the amount bracketed and is treated as a negative refund. Refunds also occur on disbursement vouchers and are considered to be negative disbursements. Negative disbursements are included on Line 4.1A as

a reduction of gross disbursements. Enter the total of refunds from collection vouchers. Do not include refunds from disbursement vouchers (negative disbursements) on this line. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

M. Line 4.1C: Net Disbursements. The term net disbursements as associated with the DD Form 2657 is defined as gross disbursements less refunds. In both the Today and Month-to-Date columns, subtract line 4.1B from line 4.1A and enter the respective differences on line 4.1C. Prove the Month-to-Date total by adding the Today column amount to the Month-to-Date column amount from 4.1C of the previous day's DD Form 2657. If the DD Form 2657 is being prepared for the first day of the month, the amounts shall be the same.

N. Line 4.1D: Less Receipts. Receipts are collections credited to the Department of the Treasury miscellaneous receipt accounts and are supported by formal collection vouchers. In the Today column, enter the total of collections credited to the Department of the Treasury miscellaneous receipt accounts. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

O. Line 4.1E: Less Reimbursements. Reimbursements are amounts collected for property sold or services furnished and are credited to appropriations on formal collection vouchers. Over-collection of reimbursements must be returned to the remitter and may be vouchered as bracketed (negative) amounts on collection vouchers or positive amounts on disbursement vouchers. In either event, the transactions are treated as negative reimbursements and reduce the amount reported as reimbursements. In the Today column, enter the total of collections classified as appropriation reimbursements (including IPAC collections) less any negative reimbursements whether from collection or disbursement vouchers. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

P. Line 4.1F: Net Expenditures. In both the Today and Month-to-Date columns, subtract lines 4.1D and 4.1E from line 4.1C and enter the respective differences on line 4.1F. Prove the Month-to-Date total by adding the Today column total to the Month-to-Date column total from line 4.1F of the previous day's DD Form 2657. If the DD Form 2657 is being prepared for the first day of the month, the amounts will be the same. Report the Month-to-Date amount from the final DD Form 2657 for the accounting period on line 4.1 of the SF 1219. Note: NET EXPENDITURES as shown on the DD Form 2657 is the same as NET DISBURSEMENTS found on line 4.1 of the SF 1219.

Q. Line 4.2A: Deposits Presented or Mailed to Bank. In the Today column, enter the total of all deposits mailed or presented to a Federal Reserve Bank or general depository (for credit to the Department of the Treasury's General Account) during the business day. See [Chapter 5](#) of this volume. This is a total of all SFs 215 (Deposit Ticket) (including deposited canceled checks, mutilated or decomposed currencies, food stamps, and credit card collections). Do not include deposits to limited depository checking accounts on this line. The total entered shall be reduced by the value of any SFs 5515 (Debit Voucher) processed during the day, except for those SFs 5515 for EFT payments to the bank (which are recorded on line 4.2B). If a deposit is prepared, verified, SF 215 attached, dated, and removed from an agent's or cashier's possession but still is on hand by close of the business day, it shall be reported as an undeposited collection on line 6.3A. On the DD Form 2657 for the next business day (or the day when the deposit is actually presented or mailed to the bank), remove the amount from line 6.3A and include on line 4.2A. This will be a regular routine if DOs make deposits of collections received on the business day being reported during the next business day. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column.

R. Line 4.2B: EFT Debit Vouchers. Use this line to record the SFs 5515 used for EFT payroll or vendor payments. Enter this debit voucher amount in brackets to denote a reduction of total deposits.

S. Line 4.3: Other Transactions. Use this line to record small exchange losses resulting from accommodation exchanges or limited depository account transactions for which a net gain or loss voucher is prepared on the last day of the accounting period.

T. Line 4.34: Discrepancies in DOs Account - Debits. This is a Department of the Treasury suspense account. Do not use this line.

U. Line 4.36: Payments for Other DOs. Do not use this line.

V. Line 4.37: Transfer to Other DOs. Use this line when the DSSN is being deactivated and final accountability is being transferred to another DO. The gaining DO shall assume accountability for this balance by recording an increase on line 2.37. Also, use this line to record a transfer of funds to another DO. The same amount shall be recorded on line 2.37 of the DD Form 2657 applicable to the gaining DO. If the DD Form 2657 is being prepared for the first day of the month, extend the Today column amount to the Month-to-Date column; otherwise, add the Today column amount to the Month-to-Date column amount from the previous day's DD Form 2657 and enter the total in the Month-to-Date column. Both DOs making such a transfer shall record the transaction on their SF 1219 for the same accounting period.

W. Line 4.9: Total Accountability Decreases. In both the Today and Month-to-Date columns, enter the total of lines 4.1F through 4.37. Do not include amounts from lines 4.1A through 4.1E. Prove the Month-to-Date column total by adding the Today column total to the Month-to-Date total for line 4.9 of the previous day's DD Form 2657. If the DD Form 2657 is being prepared for the first day of the month, the amounts shall be the same.

X. Line 5.0: Accountability - End of Day. In both the Today and Month-to-Date columns, subtract line 4.9 from line 3.0 and enter the difference on this line. The amounts in both columns must agree (both columns reflect end-of-day accountability). This amount represents the DOs accountability to the Department of the Treasury at the close of that particular business day. The amount in the Today column is carried forward as the beginning accountability (line 1.0) on the DD Form 2657 for the next business day. As stated above, the Month-to-Date beginning accountability amount (line 1.0) remains the same from the first through the last day of the month.

190205. Section II: Distribution of Accountability - Incumbent DO

A. Line 6.1: Designated Depository. Limited depository accounts almost always are foreign currency checking accounts held in the DOs own name, much the same as an individual's personal checking account. Unless scheduling on the back or on an attachment, show the name and location of the LD and the foreign currency unit (for example, pesos) in the blank space under the Description column for line 6.1. All entries in the amount columns shall be in U.S. dollars. Amounts reported on this line almost always represent the U.S. dollar equivalent of a particular foreign currency Limited Depository Account (LDA) because the OUSD(C) and the Department of the Treasury rarely approve a U.S. dollar LDA. See [Chapter 14](#) of this volume. If, however, the amount on this line does include U.S. dollars and U.S. dollar equivalents of foreign currency, then show the U.S. dollar equivalent of foreign currency as a memo entry in the Description column. If the line amount is totally made up of U.S. dollar equivalents of foreign currency, the memo entry in the Description column is not required. Complete line 6.1 as explained in the following subparagraphs.

1. Enter the U.S. dollar equivalent amount of all LDA deposits made during the business day in the Daily Increase column. Include any earned interest credited by the bank on that day. Offset interest earnings with an appropriate Department of the Treasury miscellaneous receipt account collection voucher reported on line 4.1D. Also include any gain resulting from a beginning-of-day revaluation of the foreign currency on deposit. Offset such gains with a collection voucher (DD Form 1131) reported on line 4.1E.

2. Enter the U.S. dollar equivalent total of LDA checks issued during the business day in the Daily Decrease column. Include any service charges made by the bank on that day. Offset the service charges with a disbursement voucher charging the Operations and Maintenance funds available for support of the disbursing activity and reported on line 4.1A. Also include any loss resulting from a beginning-of-day revaluation of the foreign currency on

deposit. Offset revaluation losses with a disbursement voucher ([SF 1034](#) (Public Voucher for Purchases and Services Other Than Personal)) reported on line 4.1E.

3. Compute and enter the Month-to-Date column total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total from the previous day's DD Form 2657. Do this even if the previous day is the last day of the preceding month since the Month-to-Date column totals for this line (and all lines throughout section II) are cumulative from month-to-month. The Month-to-Date total shall agree with the DOs computed checkbook balance.

B. Line 6.2A: U.S. Currency/Coinage on Hand. Include only U.S. currency and coins on hand in the disbursing office safe or vault and with deputies, agents, and cashiers located in the main disbursing office. See [Chapter 3](#) of this volume. Also include vouchers returned to deputies, agents and cashiers. DOs on Navy vessels with an Automated Teller Machine (ATM) system shall include funds in the possession of ATM custodians on this line. See [Chapter 26](#) of this volume. Do not include currency and coins identified on lines 6.3 through 6.9 (for example, currency and coins held by deputies, agents, and cashiers at other locations other than the main disbursing office, or cash held for payrolls).

1. If the amount of U.S. currency and coinage on hand at end of day exceeds the amount of cash on hand from the Month-to-Date column of the previous day's DD Form 2657, enter the amount of the increase in the Daily Increase column. The Daily Decrease column will be left blank.

2. If the amount of U.S. currency and coinage on hand at end of day is less than the amount of cash on hand from the Month-to-Date column of the previous day's DD Form 2657, enter the amount of the decrease in the Daily Decrease column. The Daily Increase column will be left blank.

3. Compute the amount to be entered in the Month-to-Date column by adding the Daily Increase column amount to, or deducting the Daily Decrease column amount from, the Month-to-Date column total from the previous business day's DD Form 2657.

C. Line 6.2B: Foreign Currency and Coinage on Hand. Include only foreign currency and coins on hand in the disbursing office safe or vault and with deputies, agents, and cashiers located in the main disbursing office. Also include vouchers returned to deputies, agents, and cashiers. Do not include foreign currency and coins identified on lines 6.3A through 6.9 (for example, foreign currency and coins held by deputies, agents, and cashiers at locations other than the main disbursing office or cash held for payrolls). If more than one type of foreign currency is maintained, schedule each type of currency on the back of the DD Form 2657 (or on a separate attachment). Add "See Attached" in the Description column. Unless scheduling on the back or in an attachment, show the foreign currency unit (for example, pesos) in the blank space in the Description column. Enter the U.S. dollar equivalent of the particular foreign currency in all three columns. Complete line 6.2B as explained in the following subparagraphs.

1. If the amount of foreign currency and coinage on hand at end-of-day exceeds the amount of foreign cash on hand from the Month-to-Date column of the previous day's DD Form 2657, enter the U.S. dollar equivalent amount of the increase in the Daily Increase column. The Daily Decrease column will be left blank.

2. If the amount of foreign currency and coinage on hand at end-of-day is less than the amount of foreign cash on hand from the Month-to-Date column of the previous day's DD Form 2657, enter the U.S. dollar equivalent amount of the decrease in the Daily Decrease column. The Daily Increase column will be left blank.

3. Compute the amount to be entered in the Month-to-Date column by adding the Daily Increase column amount to, or deducting the Daily Decrease column amount from, the Month-to-Date total from the previous business day's DD Form 2657.

D. Line 6.3A: Undeposited Collections - General. Undeposited collections are created most often when an SF 215 is prepared, dated, verified to the items to be deposited, and removed from a deputy's, agent's or cashier's possession, but is still on hand (not yet mailed or presented to the bank) at the close of the business day. These deposits cannot be reported on line 4.2A. If a deposit is not presented or mailed to the bank by the close of the business day, it shall be reported on line 6.3A. Amounts reported on this line are not considered a part of the DOs cash authority. Do not delay preparation of the DD Form 2657 for the specific purpose of recording a prepared deposit on line 4.2A instead of line 6.3A.

1. Enter the amount of such a deposit in the Daily Increase column of line 6.3A.

2. In the Daily Decrease column, enter the amount of deposits presented or mailed to the bank that were recorded in the Daily Increase column of the DD Form 2657 for the previous business day.

3. Compute the Month-to-Date column total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total from the previous day's DD Form 2657. The amount entered in the Month-to-Date column should normally coincide with the amount shown in the Daily Increase column.

E. Line 6.3B: Other Undeposited Instruments on Hand. Normally, there would be no reason for undeposited negotiable instruments to be carried over beyond the current or next business day. However, exceptions can occur. For example, a check received by the DO may not have been signed (or may contain other errors) and the person presenting (or mailing) the check is unavailable to correct the document in the same business day the collection is recorded.

1. Enter the amount of negotiable instruments that cannot be deposited in the Daily Increase column.
2. When finally deposited, enter the amount of negotiable instruments deposited in the Daily Decrease column.
3. Compute the amount to be entered in the Month-to-Date column by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total from the previous business day's DD Form 2657. The computed Month-to-Date column total shall agree with the value of negotiable instruments carried over to the next business day.

F. Line 6.4: Custody or Contingency Cash. The amount reported on this line includes cash held under custody account agreements in overseas contract Military Banking Facilities (MBFs), refer to [Chapters 12](#) and [34](#) of this volume, or cash held for approved contingency requirements (as approved by the Department of the Treasury).

1. If the amount of custody or contingency cash on hand at end of day exceeds the amount on hand from the Month-to-Date column total of the previous day's DD Form 2657, enter the amount of the increase in the Daily Increase column. The Daily Decrease column will be left blank.
2. If the amount on hand at end of day is less than the amount on hand from the Month-to-Date column total of the previous day's DD Form 2657, enter the amount of the decrease in the Daily Decrease column. The Daily Increase column will be left blank.
3. Compute the amount to be entered in the Month-to-Date column by adding the Daily Increase column amount to, or deducting the Daily Decrease column amount from, the Month-to-Date column total from the previous business day's DD Form 2657.

G. Line 6.5: Funds with Agents. Enter the total amount of funds in the hands of deputies, disbursing agents, cashiers, paying agents, collection agents, imprest fund cashiers, and change fund custodians at locations other than the main disbursing office. This includes all vouchers returned to an agent by the DO. Do not include amounts held by deputies, agents, and cashiers in the main disbursing office or amounts held by ATM custodians on Navy vessels. Amounts entered are taken from the latest DD Forms 1081 submitted by the deputies, agents, and cashiers. Show a detailed schedule on the back of the DD Form 2657 or on a separate attachment adding the words "See Attached" in the Description column on the face of the DD Form 2657. Include the particular foreign currency denomination (e.g., Euros), the rate of exchange at which the currency is valued, the number of foreign currency units, and the U.S. dollar equivalent on the schedule. Note that if the DOs rate of exchange is different from the rate used on the DD Form 1081 prepared by the deputies, agents, or cashiers, the DO shall prepare a gain or loss DD Form 1131 to account for the difference.

1. If the amount shown on the latest DD Forms 1081 is greater than the amount shown in the Month-to-Date column of the DD Form 2657 for the previous day, enter the amount of the increase in the Daily Increase column.

2. If the amount shown on the latest DD Forms 1081 is less than the amount shown in the Month-to-Date column of the DD Form 2657 for the previous day, enter the amount of the decrease in the Daily Decrease column.

3. Compute the amount to be entered in the Month-to-Date column by adding the Daily Increase column amount to, or deducting the Daily Decrease column amount from, the Month-to-Date column total of the DD Form 2657 for the previous day. The computed Month-to-Date column total shall agree with the combined total of all the individual DD Forms 1081.

H. Line 6.6: Advances to Contractors. Enter cash advanced to contractors under advance pool agreements. Compute the amounts to be entered in the Daily Increase, Daily Decrease, and Month-to-Date columns in the same manner as for line 6.5. See [Chapter 11](#) of this volume.

2. In the Daily Decrease column, enter: the total cash and U.S. Treasury checks received which were included in the amounts entered in the Daily Increase column of a previous DD Form 2657; and the amount of confirmed bank credit card deposits that were included in the Daily Increase column of a previous DD Form 2657 and which are now reported in the Daily Increase column of line 4.2A (Deposits Presented or Mailed to Bank). If a chargeback is received from the bank, the appropriate functional area shall be notified and a negative DD Form 1131 prepared for the amount of the charge-back.

3. Compute the Month-to-Date column total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total of the DD Form 2657 for the previous day. The computed amount entered in the current Month-to-Date column shall equal the total of all unsettled cash-in-transit transactions.

J. Line 6.8: Payroll Cash. Enter the value of cash held for payday requirements. Do not report funds held by ATM custodians on Navy vessels on this line. Compute the amounts to be entered in the Daily Increase, Daily Decrease, and Month-to-Date columns in the same manner as for line 6.2A.

Compute the amounts to be entered in the Daily Increase, Daily Decrease, and Month-to-Date columns in the same manner as for line 6.2A. Whenever possible, clear the items on this line before preparation of the SF 1219.

L. Line 7.1: Deferred Vouchers. A deferred voucher is any paid voucher that has not been recorded in the accounting system. Vouchers paid by deputies, agents, or cashiers that have not yet been examined by the DO may be deferred until this review is complete. See [Chapter 11](#) of this volume.

1. Enter the amount of any paid vouchers that must be recorded as deferred during the business day in the Daily Increase column. These vouchers are not reported as gross disbursements on line 4.1A.

2. Enter the amount of any vouchers reported on line 4.1A that were deferred on a previous DD Form 2657 in the Daily Decrease column.

3. Compute the Month-to-Date column total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total reported on the DD Form 2657 for the previous business day. The computed amount entered in the current Month-to-Date column must agree with the total of deferred vouchers outstanding.

M. Line 7.2A: Accounts Receivable - Check Overdrafts

1. In the Daily Increase column, enter any new check issue overdraft increases supported by FMS Forms 5206 or OFs 1017-G. See [Chapter 9](#) of this volume.

2. In the Daily Decrease column, enter any collections or disbursements against an undercharged appropriation reducing the check-issue overdraft amount reported on a previous DD Form 2657.

3. Compute the amount to be entered in the Month-to-Date column by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total of the DD Form 2657 for the previous business day.

3. Compute the Month-to-Date column total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total of the DD Form 2657 of the previous business day. This amount shall agree with the total of all outstanding loss cases.

P. Line 7.4: Dishonored Checks Receivable

1. In the Daily Increase column, enter the amount of any dishonored checks received during the business day via an SF 5515 that are to be retained in DO accountability (i.e., not returned to the activity who originally accepted them). See [Chapter 4](#) of this volume.

2. In the Daily Decrease column, enter the amount of any dishonored checks collected or for which relief has been granted that are currently carried in DO accountability.

3. Compute the Month-to-Date column total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total of the DD Form 2657 for the previous business day. The computed amount must agree with total of all dishonored checks on hand at the close of the business day.

Q. Lines 7.5 through 7.7. On the final DD Form 2657 for the accounting period, use these lines to summarize U.S. dollar equivalents of foreign currency amounts reported in section II. Enter in the Description column by country and type of currency, the total foreign currency units and U.S. dollar equivalent. Lines 6.1 and 6.2B always involve foreign currency. Line 6.5 could involve foreign currency. Leave the Daily Increase, Daily Decrease, and Month-to-Date columns blank.

R. Line 8.0: Total Incumbent DO Accountability. Enter the totals of lines 6.1 through 7.4 in each of the respective columns. Prove the Month-to-Date total by adding the Daily Increase column amount to, and deducting the Daily Decrease column amount from, the Month-to-Date column total of the DD Form 2657 for the previous business day. The figures must be the same.

190206. Section III: Distribution of Accountability - Predecessor DOs

B. Line 9.2A: Accounts Receivable - Check Overdrafts. Compute all three column amounts for check overdrafts applicable to previous DOs in the same manner as prescribed for line 7.2A. C. Line 9.2B: Accounts Receivable - Other. Compute other accounts receivable amounts applicable to previous DOs in the same manner as prescribed for line 7.2B. This section does not include: funds in designated depositories (from line 6.1); undeposited collections (from line 6.3A); funds with contractors (from line 6.6); or cash in transit (from line 6.7).

1903 PREPARATION OF DD FORM 2665

190301. General. Except as provided in paragraph 190102.B, all disbursing officer deputies, agents, and cashiers shall prepare a DD Form 2665 for each day business is transacted. The DD Form 2665 is prepared in an original only and shall be a permanent record (i.e., typed or printed in ink). All totals shall be stated in U. S. dollars. Figure 19-2 is provided as an example of a properly prepared DD Form 2665.

190302. Item 1: Date. Enter the business date for which the DD Form 2665 is prepared.

190303. Section I - Summary of Daily Accountability Transactions. This section summarizes all transactions affecting cash accountability since the last turn-in to the principal. Record daily and cumulative balances to-date since the last turn-in unless otherwise indicated in these instructions. Note that cumulative totals in this section represent cumulative amounts since

the last turn-in and are not cumulative for an accounting period unless turn-ins are only made as of the end of a calendar month.

A. Line 1: Accountability - Beginning. In sub-item “c” (Today column), enter the ending accountability balance shown on line 15 of sub-item “c” from the previous business day. In sub-item “d” (Cumulative column), enter the ending accountability shown on line 15 of sub-item “d” of the DD Form 2665 prepared immediately following the last turn-in to the principal. Note that the beginning accountability balance in sub-item “d” does not change until preparation of the DD Form 2665 immediately following the next turn-in to the principal.

B. Line 2: Advances. In sub-item “b,” enter the amount of advances received during the business day by cash, prepositioned checks, or other in the appropriate blocks. See [Chapter 3](#) of this volume. Do not enter memorandum accountability advances on this line. In sub-item “c,” enter the total of the amounts entered in sub-item “b.” In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.”

C. Line 3: Vouchered Collections. In sub-item “c,” enter the total of all vouchered collections made during the business day. See [Chapter 10](#) of this volume. Do not enter memorandum or nonvouchered collections on this line. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.”

D. Line 4: Treasury Check Issues. In sub-item “b,” enter the value of vouchered Treasury check issues in the Vouchered block, and the value of non-vouchered check issues in the Other block. In sub-item “c,” enter the total of all Treasury checks issued from sub-item “b.” The amount entered in sub-item “c” must equal the sum of the amounts entered in sub-item “b.” In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.” Note that this line is for use only by agent officers authorized by the principal to issue Treasury checks.

E. Line 5: Transfers from Other Disbursing Officers. In sub-item “c,” enter the total of cash or other cash accountability items received from another disbursing officer during the business day. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.”

F. Line 6: Exchange Gain Accumulations. In sub-item “c,” enter the value of any minor gains from revaluation of foreign currency on hand, or rounding gains involved in exchange transactions that are not vouchered immediately (that is, not included on line 3). See [Chapter 13](#) of this volume. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.” Accumulated exchange gains must be vouchered before any turn-in to the principal.

G. Line 7: Other. In sub-item “c,” enter the value of any other increases in accountability (such as deferred or returned vouchers, or a cash overage that will not be vouchered until the next business day). Explain what the increases are. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.”

H. Line 8: Total Increases. In both sub-items “c” and “d,” enter the respective total of lines 2 through 7.

I. Line 9: Gross Accountability. In sub-item “c,” enter the sum of sub-item “c” amounts on line 1 and line 8. In sub-item “d,” enter the sum of sub-item “d” amounts on line 1 and line 8.

J. Line 10: Transfers to Other Disbursing Officers. In sub-item “c,” enter the total of cash or other cash accountability items transferred to another DO during the business day. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.”

K. Line 11: Exchange Loss Accumulations. In sub-item “c,” enter the value of any minor losses incurred during the business day as a result of revaluation of foreign currency on hand, or rounding losses involved in exchange transactions, that are not vouchered immediately. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.” Accumulated exchange losses must be vouchered before any turn-in to the principal.

L. Line 12: Other. In sub-item “c,” enter the value of valid decreases in accountability during the business day not covered on lines 10 and 11 (such as a cash shortage that will not be vouchered until the next business day). Explain the decreases. In sub-item “d,” enter the sum of the amount entered in sub-item “c” and the amount in sub-item “d” of this line

from the previous business day. If this is the first DD Form 2665 prepared after a turn-in to the principal, the amount entered in sub-item “d” must be the same as the amount entered in sub-item “c.”

M. Line 13: Returns to Principal. Complete this line only on the first DD Form 2665 prepared following a turn-in. Enter the total value of accountability items turned in to the principal in both sub-items “c” and “d.” In the blocks provided, break-out the value of paid vouchers, deposit tickets, and other items turned in.

N. Line 14: Total Decreases. In both sub-items “c” and “d,” enter the respective total of amounts entered on lines 10 through 13.

O. Line 15: Accountability - Ending. In both sub-items “c” and “d,” enter the difference derived by subtracting the amount on line 14 from the amount on line 9. The resulting amounts (ending accountability) in sub-items “c” and “d” must be the same.

190304. Section II - Distribution of Agent Accountability. This section shows the make-up of all items for which the deputy, agent, or cashier is accountable to the principal. The items are entered on the appropriate line (lines 16 through 31) that describes the accountable item in sub-item “c,” Accountability Before Transfers. When the DD Form 2665 is the first being prepared after an agent turn-in, enter the amount of the turn-in on the appropriate lines in sub-item “d,” Returns to Principal. Otherwise, leave sub-item “d” blank. If no agent turn-in is entered in sub-item “d,” then sub-item “e,” Accountability After Transfers also may be left blank. The amount in sub-item “c” is then considered to be the final accountability for the day. Note, however, that if an amount is entered in sub-item “d” for any of the lines in this section, sub-item “e” must be completed. Compute the amount to be entered on each line of sub-item “e” by subtracting the amount in sub-item “d” from the amount in sub-item “c.” Add the amounts in each of the three sub-items and enter the respective totals on line 32. To prove the computations and totals entered on line 32, subtract the total in sub-item “d” from the total in sub-item “c.” The result must equal the total entered on line 32 in sub-item “e.” The following subparagraphs describe entries for sub-item “c.” However, if an agent turn-in is recorded for the day, sub-items “d” and “e” must also be completed as described in this paragraph.

A. Line 16: Limited Depository. Enter the U.S. dollar value of the current LDA balance. See [Chapter 14](#) of this volume. In the spaces provided, enter the number of foreign currency units and the exchange rate at which the foreign currency units are valued.

B. Line 17: Cash on Hand (U.S.). Enter the amount of U.S. currency and coin on hand.

C. Line 18: Cash on Hand (Foreign). Enter the U.S. dollar value of foreign currency and coin on hand. See [Chapter 12](#) of this volume. In the spaces provided, enter the number of foreign currency units and the exchange rate at which the foreign units are valued for both accommodation exchange cash and operating cash.

D. Line 19: Prepositioned Treasury Checks. Enter the total value of prepositioned Treasury checks on hand. See [Chapter 7](#) of this volume. Note that these checks are inscribed Treasury checks issued as advances to the agent by the principal that have not been negotiated by the agent. Do not enter Treasury checks issued by the agent (if the agent has authority to issue Treasury checks) that have not been delivered to the payee.

E. Line 20: Negotiable Instruments (U.S.). Enter the value of all U.S. dollar undeposited negotiable instruments on hand in the agent office. See [Chapter 5](#) of this volume. Include all negotiable instruments (e.g., personal checks, Treasury checks, money orders and food stamps) accepted for debts owed the U.S. Government and in accommodation exchange transactions.

F. Line 21: Negotiable Instruments (Foreign). Enter the U.S. dollar value of undeposited negotiable foreign instruments on hand in the agent office. In the spaces provided, enter the number of foreign currency units represented by the negotiable instruments and the exchange rate at which the foreign instruments are valued.

G. Line 22: Military Payment Certificates. Leave blank.

H. Line 23: Paid Vouchers. Enter the value of paid disbursement vouchers on hand in the agent office. Do not include memorandum or journal vouchers on this line.

I. Line 24: Funds in Transit. Enter the value of funds in transit to or from another DO (not the agent's principal). Funds in transit increases include: cash not yet received for which Treasury checks have been issued; mutilated or decomposed currency forwarded to the FRB (or in the case of foreign currency, to the central DO) for which reimbursement has not yet been received; and cash transferred to other DOs for which a U.S. Treasury check has not yet been received. Funds in transit decreases are reported when the above expected cash or U.S. Treasury check is received. Note: Increases are entered as positive amounts; decreases are entered as negative amounts.

J. Line 25: Funds with Subagents. Generally, primary agent advancement of funds to any type of subagent (for example, a paying agent) does not change overall primary agent accountability. For example, an increase on this line representing a cash advance to a subagent would be offset by a decrease to lines 17 or 18, as appropriate. However, if the primary agent is authorized to issue Treasury checks, and the advance to the subagent is provided by a U.S. Treasury check issued by the agent, the advance is recorded in line 4 of section I as a U.S. Treasury check issue and is recorded as an increase on this line. When funds or paid vouchers are returned by the subagent, the return is recorded as a decrease to this line. The decrease is offset by an increase to the appropriate line in this section (for example, cash on hand or paid vouchers).

K. Line 26: Deposit Tickets. Unlike deposits by a DO, agent deposits to an FRB or Treasury's General Account (TGA) do not officially reduce the agent's accountability. The agent's accountability is reduced when the applicable confirmed deposit tickets are received by the principal. Enter the value of all SFs 215 on hand for deposits made to an FRB or TGA during the business day. Do not enter deposits to an LDA on this line.

L. Line 27: Dishonored Checks Receivable. Enter the value of dishonored checks received from the principal that are or were retained in the agent's accountability. Agents deposit checks for credit to the DSSN of the DO. Any dishonored checks will be returned to the DO by the depository on an SF 5515. The DO will reduce DD Form 2657 line 4.2A (Deposits Presented or Mailed to Bank) and increase line 6.5 for the agent to whom the dishonored check is returned. The agent will record the dishonored check as an increase to this line and either retain the dishonored check until recoupment is made in an accommodation transaction or removed from accountability by processing a reverse DD Form 1131 and returned to the functional area or collection activity from which received. See [Chapter 4](#) of this volume. A decrease to this line is applicable when the amount of the dishonored check is recouped, when the receivable is cleared by a reverse DD Form 1131, or when an uncollectible receivable is processed for removal from accountability as provided in [Chapter 6](#) of this volume.

M. Line 28: Check Overdrafts Receivable. Generally, if authorized to issue Treasury checks, agents will also be responsible for collection of the amount of any check issue overdrafts. The amount of a check issue overdraft will be received as an advance from the DO, with a copy of the FMS Form 5206, and will be recorded on this line. Enter the value of check overdrafts being carried by the agent. As a matter of expediency, the DO may choose to adjust FMS Forms 5206 attributable to agent Treasury check overdrafts without transfer of accountability back to the agent. Such adjustments will be made directly to the DOs DD Form 2657.

N. Line 29: Loss of Funds. Enter the value of agent losses of funds. Generally, the agent shall follow loss of funds procedures in [Chapter 6](#) of this volume, with reporting to the DO instead of the supporting DFAS site. If a loss is not immediately recouped by the agent, the loss will be transferred to the DO for recording on the DD Form 2657. When a loss is transferred to the DO, the transfer will be recorded in sub-item "d." Note that transfer of a loss as described herein does not relieve the agent of liability for the loss. The transfer is for recording purposes only.

O. Line 30: Deferred Vouchers. Enter the value of agent deferred and incorrect vouchers returned from the DO on hand. An agent deferred voucher can occur when the agent makes a payment but cannot include the voucher in the next scheduled agent turn-in. Normally, this situation occurs because of an error noted on the voucher that can only be corrected through contact with the payee. The deferred voucher is established as an increase to this line and an offsetting decrease to line 23 (Paid Vouchers). When the deferred voucher is corrected, it may either be transferred back to line 23 pending turn-in to the principal, or it may

be retained on this line until the next scheduled turn-in. Agents shall record vouchers returned for correction as a memorandum entry in section IV, line 41.

P. Line 31: Other. Enter the value of other agent accountability items not covered by lines 16 through 30. Describe the items in the space provided in sub-item “b.”

Q. Line 32: Total Agent Accountability. Enter the total of the values entered on lines 16 through 31. This total must equal the total entered in section I, sub-item “c,” line 15. If a turn-in to the DO is recorded in section I, line 13, the turn-in must also be entered on the applicable lines in section II, sub-item “d” and the amounts for each line in sub-item “e” computed and entered. Enter the total of the values entered on lines 16 through 31 of sub-items “d” and “e.” The total entered in sub-item “d” must equal the total entered in section I, sub-item “c,” line 13. The total entered in sub-item “e” must equal the total entered in section I, sub-item “c,” line 15.

190305. Section III - Location of Cash/Negotiable Instruments. The location and value of agent accountable items (including both U.S. and foreign currency (and coin)) is recorded in this section.

A. Line 33: Agent. Enter the value of accountable items located in the agent's safe in the applicable sub-items.

B. Line 34: Deputy Agent. Enter the value of accountable items located in the deputy agent's (or subagent's) safe in the applicable sub-items.

E. Line 37: Totals. Enter the totals of sub-items “c” through “g.” Also, ensure the totals reconcile to section II, lines 17 through 22 and 25.

190306. Item 2 - Name of Agent. The agent shall type or print his or her name in the space provided.

190307. Item 3 - Address of Agent. The agent shall type or print his or her duty location in the space provided.

190308. Item 4 - Signature of Agent. The agent shall sign the DD Form 2665 as attestation of the accurate representation of his or her accountability.

190309. Section IV - Memorandum Agent Accountability. This section includes memorandum-type information which is an official part of the agent's accountability data reflected in other areas of the DD Form 2665.

A. Line 38: Deposit Tickets on Hand. Enter each SF 215 number and amount on hand since the last turn-in to the principal.

B. Line 39: Paid Vouchers on Hand. Paid agent vouchers do not decrease agent accountability until they are turned in to the principal. This subsection tracks the voucher numbers of paid agent vouchers on hand at the close of the business day. Also enter disbursement voucher numbers not used, duplicated, and voided, in the spaces provided.

C. Line 40: Collection Vouchers on Hand. This subsection tracks the voucher numbers of agent collection vouchers on hand at the close of the business day. Note that, unlike disbursement vouchers, collection vouchers are not an official part of agent accountability. Rather, the instruments collected (cash, checks, etc.) constitute a part of the agent's accountability. Nonetheless, the agent is responsible for preparing collection vouchers to document all collections received and is also responsible to ensure that the original and required copies of the collection vouchers are turned in to the principal for eventual forwarding to the servicing DFAS site with the DOs financial reports. Also, enter collection voucher numbers not used, duplicated, and voided, in the space provided.

D. Line 41: Vouchers Returned for Correction. Vouchers returned by the DO for correction officially increase the agent's accountability. Such vouchers must be corrected and returned to the DO. Record the applicable disbursement and collection voucher numbers of vouchers not yet corrected and returned to the DO.

E. Line 42: Treasury Check Stock on Hand. If the agent is authorized to issue Treasury checks, complete this section for each series of blank checks on hand. Enter the inclusive check numbers of all blank Treasury check stock on hand at the end of the business day.

F. Line 43: Agent Remarks. Enter any necessary remarks at the agent's discretion or at the direction of the principal.

E. Line 4.15 - Total Collections. Enter the total of the amounts included in lines 4.12, 4.13, and 4.14.

190506. Section II - Summary by Symbol of Check and Deposit Transactions with U.S. Treasury

A. Part A - Checks Issued and Adjustments for Prior Periods. The detailed information required to be reported in this part is indicated by the columnar headings. The information shall be shown for the DSSN under which there were checks issued or check issue adjustment transactions in the current reporting period. The amounts reported in the respective columns must agree with amounts reported on the SF 1179 for the same reporting period.

1. Column (1) - Check Symbol. Enter the DSSN covered by the SF 1219.

2. Column (2) - Amount of Checks Issued this Period. Enter the total amount of all Treasury checks issued during the current reporting period. Check issue adjustments accomplished using OFs 1017-G applicable to checks issued during the current reporting period (after such checks have been reported as check issues to the Department of the Treasury) shall be included in the total shown in this column. If overdrafts or underdrafts are discovered before level 8 check issue reporting for those same checks is made, the level 8 report is changed (i.e., without a check issue adjustment). In the case of an overdraft, an accountability-balancing increase to line 7.2A of the DD Form 2657 would be made. In the case of an underdraft, another check would be issued and recorded in the normal manner, and both check numbers cited on the disbursement voucher. The amount entered in this column must agree with the amount reported on line 1 of the summary portion of the SF 1179. Do not enter limited depositary account check issues in this column.

3. Column (3) - Adjustments for Prior Months' Issues by FMS Form 5206. Enter the issue month and year and the amount of each adjustment applicable to checks issued in prior periods and documented by FMS Forms 5206. Entries in this column can include check issue adjustments for checks issued and reported under level 8 check issue reporting in the same reporting period (month). The total of this column must equal the amount shown on line 2(a) in the summary portion of the SF 1179.

4. Column (4) - Adjustments for Prior Months' Issues by Other than FMS Form 5206. Enter the issue month and year and the amount of each adjustment applicable to checks issued in prior periods initiated locally by the DO on OFs 1071-G to correct a difference for which a FMS Form 5206 has not been received. Entries in this column can include check issue adjustments for checks issued and reported under level 8 check issue reporting in the same reporting period (month). The total of this column must equal the amount shown on line 2(b) in the summary portion of the SF 1179.

5. Column (5) - Total Checks Issued. Enter the amount of column (2), plus or minus the amounts entered in columns (3) and (4). The total reported in column (5) must be the amount reported in on line 2.1 of Section I, Part A on the face of the SF 1219. This amount must also be the same amount reported on line 3 in the summary portion of the SF 1179.

B. Part B - Summary of Deposits Presented or Mailed to Bank. In this part, an analysis shall be shown by DSSN of the SFs 215 and SFs 5515 that have been taken up in the accounts of the DO during the current reporting period. The information required to be reported is indicated by the columnar headings.

1. Column (1) - Deposit Symbol. Enter the DSSN under which deposits were made.

2. Column (2) - Deposits Presented or Mailed to Bank This Month. Enter the total of all SFs 215 presented or mailed to the FRB or general depository during the current reporting period (month) regardless of whether the deposits have been confirmed by the depository. Include any SFs 5515 that are accounted for by the depository (block 2 of the SF 5515) during the same period for which the SF 1219 is being prepared. An SF 5515 reduces total deposits. Note that if deposits presented or mailed to a depository during the first few days of the month are physically dated in the previous month, they shall be excluded from this column and included in columns (3) and (4).

3. Columns (3) and (4) - Deposits Presented or Mailed to Bank in Prior Months but Recorded in Accounts this Month. Enter in column (3) the month and year of presentation or mailing of all SFs 215 and SFs 5515 taken into the accounts during the current month with a presentation or mailing date (block 2 of the forms) in any prior month. Enter in column (4) the total amount of the deposits less the debit vouchers. If more than 1 prior month is involved in the total of such deposits reported, each month and year shall be shown in column (3) and separate totals for each month shown in column (4).

4. Column (5) - Total Deposits Presented or Mailed to Bank. Enter the total of columns (2) and (4). This amount must agree with the amount shown on line 4.2 in Section I, Part A on the face of the SF 1219.

190507. Erroneous Statements of Accountability. DOs shall not submit corrected or amended SFs 1219 under any circumstances. If adjustment action is necessary, the adjustment shall be made on the succeeding month's SF 1219. In instances when a final SF 1219 has been submitted because of deactivation of a disbursing office and subsequent adjustments are found to be necessary, a supplemental SF 1219 shall be submitted showing such adjustments. The adjustment entries shall be explained in detail by supporting documentation attached to SF 1219.

1906 CASH FORECASTING REQUIREMENTS. In order for the Department of the Treasury's FMS to manage the Government's daily cash position, DoD disbursing officers are required to provide notice to FMS regarding large deposits, large disbursements by check or EFT, payments of military pay and military retired pay EFT, and payments to vendors by EFT in advance of the transaction settlement date. Reporting of cash forecasting information is critical for the maintenance of accurate, up-to-date cash flow projections, and for the daily management of the Department of the Treasury's operating cash balances. Likewise, reporting of cash forecasting

information for EFT payments of military pay and military retired pay and EFT payments to vendors is essential to the effective and efficient management of the Department of the Treasury's operating cash balances. Reporting procedures prescribed in [Chapters 5, 7, 11](#), and [24](#) of this volume will standardize the information being provided by the DFAS sites and other DoD Component installations.
