RECOMPUTATION AFTER ADDITIONAL ACTIVE/RESERVE DUTY

0701 GENERAL

070101. A retiree is not entitled to receive retired pay upon recall to active duty. On release from active duty, a retiree is entitled to credit for the additional time served on active duty for recomputation of retired pay, and may be eligible to receive:

- A. Retired pay based on a higher grade to which advanced while on active duty; or
- B. Retired pay based on a disability incurred or aggravated while serving on active duty.

070102. A member of the Armed Forces who first becomes a member of a Uniformed Service after September 7, 1980, and who has become entitled to retired or retainer pay and later serves on active duty (other than for training) is entitled to recomputation of retired pay per paragraph 070607, below, and Table 7-4, rules 2 and 4.

070103. As an exception to section 0703, below, and subject to the following criteria, a member of the Armed Forces shall have retired or retainer pay recomputed under the rates of basic pay in effect at the time of that release from active duty and increased by the amount by which the member's retired or retainer pay would have increased during the period beginning on the date of the member's release from active duty and ending on October 18, 1984:

- A. Was voluntarily called or ordered to active duty during the period beginning October 1, 1963, and ending September 30, 1971;
- B. Was at the time of such call or order entitled to retired or retainer pay;
- C. Served on such active duty under such call or order for a continuous period of at least 2 years; and
- D. Was released from such active duty before October 1, 1973. This provision applies to monthly retired and retainer pay payable beginning on November 1, 1984.

0702 COMPUTATION OF ADDITIONAL ACTIVE SERVICE

070201. The additional time spent on active duty after retirement either:

A. Increases the years of service for percentage and basic pay purposes for recomputing retired pay reversion.

	<u>YR</u>	<u>MO</u>	<u>DAY</u>
Date released from active duty	74	05	28
Date recalled to active duty	<u>71</u>	<u>09</u>	<u>09</u>
Additional time on active duty	02	08	20

(1 day added for inclusive dates)

	<u>YR</u>	<u>MO</u>	<u>DAY</u>
Service credited upon retirement	22	06	03
Plus additional active duty	<u>02</u>	<u>08</u>	<u>20</u>
Service credited for recomputation	25	02	23

B. Increases the years of service for percentage purposes, as shown in subparagraph 070201.A, above, and the retired or retainer pay base for recomputing retired pay upon reversion for members who first become members after September 7, 1980.

0703 LENGTH OF TIME ON ACTIVE DUTY

070301. A retiree who serves on active duty after retirement for a continuous period of at least 2 years and returns to the retired list not by reason of disability is entitled to:

A. Retired pay recomputed under the rates of basic pay in effect upon release from active duty if the retiree received these rates for at least 2 years, see paragraph 070103, above, for exception; or

B. Retired pay recomputed under the basic pay rates in effect before the current basic pay rate if the retiree did not receive the current rate for at least 2 years, plus applicable cost-of-living increases; or

C. Retired pay computed using the basic pay rates under which the member's retired pay was computed when the member entered on active duty, plus applicable cost-of-living adjustments made under 10 U.S.C. 1401a (reference (c)) after the member first became entitled to that pay.

070302. A retiree who does not serve on active duty for at least 2 years is entitled to retired pay recomputed under the rates of basic pay under which retired pay was computed when the retiree entered on that active duty, plus applicable cost-of-living adjustments.

070303. A retiree who reverts to retired status with a disability rating of 30 percent or more is entitled to recomputation of retired pay per paragraph 070603, below.

0704 APPLICABLE BASIC PAY RATES

070401. See Tables 7-1 and 7-3 for basic pay rates and cost-of-living adjustment percentages to use when a retiree reverts and is entitled to retired pay based on service.

070402. See Tables 7-2 and 7-3 for basic pay rates and cost-of-living adjustment percentages to use when a retiree reverts with a disability rating of 30 percent or more.

070403. See the provisions of 10 U.S.C. 1401a(f) (the Tower Amendment) (reference (c)) (section 0303 of this volume) to determine if basic pay rates authorized under that provision afford greater retired pay entitlement than the basic pay rates in Tables 7-1 and 7-2.

070404. See paragraph 070103, above, for certain recalled members who may receive retired or retainer pay recomputed using the current basic pay rate upon release from active duty although the member had not received the rate at least 2 years.

0705 GRADES AUTHORIZED FOR RECOMPUTATION

070501. A retiree advanced in grade on the retired list while serving on active duty after retirement may decline advancement to the higher grade upon release from active duty if advancement results in a reduction in retired pay entitlement. The retiree is entitled to recomputation:

A. At the higher grade based on the basic pay rates applicable at the time of retirement increased by an applicable adjustment in that pay, (see [Chapter 8](#)) or,

B. At the grade held before advancement based on the basic pay rates replaced by those in effect upon release from active duty if active duty after retirement was for a continuous period of at least 2 years.

070502. It is not mandatory that a retiree be advanced on the retired list. The retiree is “entitled” to be advanced, if the retiree so chooses. Once advanced, the retiree has retired pay rights determined under the section governing such advancement.

070503. A retired officer recalled to active duty (other than for training) in the grade held on the retired list, under former 10 U.S.C. 6150 (reference (c)) (repealed), or under any other law that authorized advancement on the retired list based on a special commendation for the performance of duty in actual combat, may have retired pay recomputed upon release from active duty based on that grade; and,

A. As prescribed in Table 7-4, rule 1, and

B. On the basis of the rates in effect upon release from active duty if the retiree received these rates for a continuous period of at least 3 years; or

C. On the basis of the rates replaced by those in effect upon release from active duty if the retiree did not receive the current rates for a continuous period of at least 3 years.

070504. A retiree recalled to active duty after retirement and promoted in grade while on active duty may elect, upon release from that active duty, to have retired pay recomputed based on either:

A. The higher grade to which promoted in which the retiree served satisfactorily; or

B. The lower grade held at initial retirement.

070505. A retiree recalled to active duty after retirement and demoted in grade while on active duty may elect, upon release from that active duty, to have retired pay recomputed based on either:

A. The grade to which demoted; or

B. The pay to which entitled in the grade held at initial retirement.

0706 RECOMPUTATION OF ENTITLEMENT

070601. A member of the Armed Forces entitled to retired pay, who thereafter serves on active duty (other than for training) and who does not incur a disability of at least 30 percent, is entitled to recomputation of retired pay upon release from active duty per Table 7-4, rules 1 or 2. (See Figures 7-1 and 7-2.)

070602. A member of the Armed Forces is entitled, upon release from active duty, to retired pay, as specified in paragraph 070604, below, if he or she:

A. Retired other than for physical disability; and

B. While on active duty incurs a physical disability of at least 30 percent for which the member would be otherwise eligible for disability retired pay.

070603. A member of the Armed Forces is entitled, upon release from active duty, to recomputation of retired pay, per paragraph 070604, below, if he or she:

★ A. Retired for permanent disability or on the Temporary Disability Retired List (TDRL);

★ B. Incurs, while on active duty after retiring for permanent disability or being placed on the TDRL, an additional physical disability or one that aggravates the original disability; and

C. Is qualified for temporary or permanent disability retirement.

070604. A member of the Armed Forces covered by paragraph 070602 or 070603, above, may elect to receive either:

A. The retired pay to which entitled when the member retired, increased by applicable adjustments in that pay, as specified in, [Chapter 8](#), after the member first became entitled to that pay; or

B. Retired pay computed per Table 7-4, rule 2.

070605. A retiree covered by paragraph 070602 or 070603, above, who is promoted to a higher grade in which he or she serves satisfactorily (as determined by the Secretary concerned) while on active duty after retirement or after member's name was placed on the TDRL, is entitled to retired pay of the grade in which:

A. The member would be eligible to retire if retiring upon that release from active duty in that higher grade; or

B. The member would be eligible to transfer to the Fleet Reserve or Fleet Marine Corps Reserve if transferring upon that release from active duty.

070606. Notwithstanding paragraph 070601, above, a retiree covered by that paragraph may elect, upon release from active duty, to have retired pay:

A. Recomputed according to the formula in Table 7-4, rule 1, but using the rate of basic pay under which retired pay was computed when the member entered on active duty; and

B. Increased by any applicable adjustments in that pay as specified in [Chapter 8](#), after the member first became entitled to that pay.

070607. A member of the Armed Forces who first became a member of a Uniformed Service after September 7, 1980, and who has become entitled to retired or retainer pay and thereafter serves on active duty (other than for training) is entitled to have retired pay:

A. Recomputed according to the formula in Table 7-4, rule 2, but using the retired pay to which the member became entitled upon retirement, and

B. Increased by any applicable adjustments in that pay under 10 U.S.C. 1401a (reference (c)) after the member initially became entitled to that pay.

0707 HEROISM PAY. See section 0107 of this volume.

★0708 RETIREMENT FROM ACTIVE RESERVE SERVICE AFTER REGULAR RETIREMENT

070801. Election of Reserve Retirement Pay. Effective May 1, 2001, a member of a Regular Component who is entitled to retired or retainer pay based on years of active service, and who serves in an active status as a member of a Reserve Component may apply for reserve retired pay under 10 U.S.C. 12731 on or after attaining age 60. The member who is qualified under this section is exempt from the following provisions:

A. Performing the last 8 years of qualifying service in accordance with title 10 U.S.C. 12731(a)(3), and

B. The limitation in 10 U.S.C. 12731(a)(4) that a retiree is not entitled, under any other provision of law, to retired pay from an Armed Force or retainer pay as a member of the Fleet Reserve or Fleet Marine Corps Reserve.

NOTES:

1. See 48 Comp Gen 398.
2. See 50 Comp Gen 232.
3. See 48 Comp Gen 204.
4. If member was first retired on or after October 1, 1967, and was recalled to active duty on or after October 1, 1967, and reverted to retired status, the provision of 10 U.S.C. 1401a(e) may be applied (52 Comp Gen 469). Note, however, that 10 U.S.C. 1401a(e) was repealed by Public Law 98-94, September 24, 1983. (See paragraph 030203.)
5. If member was initially retired on or after Oct 1, 1983, the amount computed, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1. Any future adjustments to such pay must be made on the rounded figure. Retired pay of members retired on September 30, 1983 will not be rounded until there is an adjustment under 10 U.S.C. 1401a; then, and with each subsequent adjustment, the amount adjusted, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1. The rounded amount becomes the member’s entitlement and any future adjustments shall be based on this rounded entitlement.
6. Public Law 97-92 established new rates for Executive Level V personnel effective January 1, 1982, which permitted an increase in the maximum amount payable for grades O-7, O-8, O-9, and O-10. Members received a 0.7 percent cost-of-living adjustment effective March 1, 1982, and rule 25 through end from Table 7-3.

**Table 7-1. Service Revert-Rates of Entitlement Upon Reversion to Retired List
(10 U.S.C. 1402) (With at Least 2 Years of Active Service After Recall) (Continued)**

7. Public Law 97-377 permitted an increase in the maximum amount payable for Executive Level V personnel effective December 18, 1982. Grades O-8, O-9, and O-10 were affected. Members received cost-of-living adjustment under Table 7-3, rule 26 through end.
8. See section 0804 of this volume for the applicable first cost-of-living adjustment for members who enter a Uniformed Service after July 31, 1986, or before August 1, 1986 and whose retired pay is computed using a retired pay average (high 36 month pay average).
9. Members who enter a Uniformed Service on or after August 1, 1986 receive the difference between the full cost-of-living adjustment and 1% vice the full cost-of-living adjustment shown on Table 7-3.
10. For those using rates effective January 1, 2000: 2.8 percent (ref 10 U.S.C. 1401a(c)(2)). This includes any member whose retired pay is computed on a pay cell of the July 1, 2000 pay table that was unchanged from the rate of January 1, 2000. For those using rates effective July 1, 2000: 0.7 percent (ref. 10 U.S.C. 1401a(c)(2)). Note: This includes any member whose retired pay is computed on a pay cell of the July 1, 2000 pay table that was changed from the rate of January 1, 2000.

NOTES:

1. For a member who has been entitled, for a continuous period of at least 2 years, to basic pay under the rates of basic pay in effect upon release from active duty, compute under those rates. For a member who has been entitled to basic pay for a continuous period of at least 2 years upon that release from active duty, but who is not covered by the preceding sentence, compute under the rates of basic pay replaced by those in effect upon that release from active duty. For any other member, compute under the rates of basic pay under which the member's retired pay or retainer pay was computed when member entered on that active duty.
2. Before applying percentage factor, credit each full month of service that is in addition to the number of full years of service creditable to the member as one-twelfth of a year. Disregard any remaining fractional part of a month.
3. If member was initially retired on or after October 1, 1983, the amount computed, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1. Any future adjustments to such pay must be made on the rounded figure. Retired pay of members retired on September 30, 1983 will not be rounded until there is an adjustment under 10 U.S.C. 1401a; then, and with each subsequent adjustment, the amount as adjusted, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1. The rounded amount becomes the member's entitlement and any future adjustments shall be based on this rounded entitlement.
