Recreational Gold Panning Site to Remain Open

The Roseburg District BLM has announced some modifications to the Recreational Gold Panning site along the Cow Creek Back Country Byway outside of Riddle.

Due to repeated vandalism and illegal dumping at the site, the BLM has removed the existing vault toilet, picnic table and garbage collection service.

The site will remain open for recreational gold panning, picnicking and water play activities.

The BLM would like to remind visitors to the site to 'Pack It In, Pack It Out' to help keep the area litter free.
