2009 ESA Periodicals Subscription Policies

2009 Subscription Period Is January 2009–December 2009: All ESA subscriptions are sold on a calendar year basis, with subscriptions becoming activated on the first day of the year and expiring on the last day of the year, which shall constitute the volume for the year. **All subscriptions are to be prepaid and ESA cannot accept only purchase orders for subscriptions.** Prices shown are for 2009 only and may change without notice. If the amount paid is not correct (e.g., using a previous year's order form or a total not calculated properly), the payment will be adjusted as appropriate for credit card purchases or the customer's subscription may be held in queue pending receipt of the remaining funds if paid by check or money order. ESA retains the right to alter policies and terms at any point.

Print subscriptions: Subscription orders received after one or more issues of the current year's volume have been mailed will be shipped the appropriate back issues for that volume. Subscriptions are available for current volume only. Orders for a previous volume will be treated as a back issue order. If a subscription is cancelled, payment will NOT be prorated and there will be no refund on the undispached issues. Subscription orders received after December 31st for any previous year will be treated as a back issue order.

Online subscriptions: Subscription orders are activated upon receipt of payment and will expire at the end of the calendar/volume year. **Effective with calendar year 2009, an online subscription includes access to all past issues in addition to the current year's issues.** If an online subscription is not renewed, the customer retains access to the year(s) previously purchased, but loses access to all other back issues. This access will remain in effect for as long as ESA offers online subscriptions. There is a license agreement applicable for the four online journals and a separate license for *Arthropod Management Tests*. Contact pubs@entsoc.org for license information.

Claims: ESA agrees to ship all issues for which the customer has subscribed in accordance with the terms described above. For non-receipt due to postal difficulties, a reasonable attempt will be made to honor claims one time. Claims for missing issues for domestic subscribers must be made within 90 days of the shipping date. Claims for missing issues for foreign subscribers must be made no sooner than 90 days and no later than 180 days of the shipping date. Claims received prior to the described waiting period will neither be responded to nor

acknowledged. ESA will honor claims for non-receipt of issues if the claim is made within the designated period. Shipment methods are not guaranteed, however, and replacement is contingent upon availability. Furthermore, excessive claims to any particular customer or address will be tracked and may result in denial of subscription privileges in the future or requirement of additional postal fees.

Books & CDs: All product codes, titles, and prices are listed in the ESA catalog or can be found online at www.entsoc.org. Recognized sales agents receive the member price on products. Orders can take up to 3 weeks to be received. Refunds are automatically issued for items that are no longer available. If an item is temporarily out of stock, your order will be "back ordered" and will ship when the item becomes available. Return policy as follows: From date of invoice to 30 days full refund; 30 days to 120 days full refund less 15% restocking fee; 120 days to 365 days credit less 15% fee; 366 days+ no refund. Claims for damaged orders must be received by ESA with an invoice, ID, or order number within 15 days of shipping arrival date. Contact ESA in writing if you are claiming non-receipt of an order. We ship our orders via a trackable method in virtually all circumstances and will trace your order if it is not received.

Back Issues: Same sales policies above are associated with back issue orders, except that for back issues, all postage is included, regardless of domestic or international orders. As of this catalog preparation, the following recent issues are out of print and unavailable: *Annals* 93(3), 97(1); *Env. Ent.* 29(5), 30(2), 31(6), 34(1); *J. Econ. Ent.* 93(3), 93(6), 94(2), 94(5), 95(6); *J. Med. Ent.* 42(1), 42(2). Additionally, some older issues are out of print or may only be available in full volumes. Please contact ESA for more information. In addition to using this form, you may also download a back issues order form from our website at: www.entsoc.org/Pubs/Order/Back_Issues/Images/BACKISSUES_Order_form.pdf
