Spillway ATV area closed Veterans Day weekend

New Orleans—The ATV recreation area in the Bonnet Carré Spillway at Norco will be closed the weekend of Nov. 11 – 13 for trail repairs.

The South Louisiana Trailblazer ATV Club will be repairing trails and tracks over the three days as part of its operating-maintenance partnership with the U.S. Army Corps of Engineers.

The closure will help expedite needed maintenance work and reduce the likelihood of future closures. Questions can be directed to Corps Park Ranger Greg Malon, at 985-764-0126.

The New Orleans District Recreation Web page will contain status information, at <http://www.mvn.usace.army.mil>. Click Recreation, then Bonnet Carré Spillway.

The ATV club is a volunteer organization that welcomes new members. Visit their Web site at: <http://www.sltrailblazers.org>.
