NAME INDEX OF JEWS WHOSE GERMAN NATIONALITY
WAS ANNULLED BY THE NAZI REGIME
(BERLIN DOCUMENTS CENTER)

Introduction

Index cards filmed at the Berlin Document Center in 1959, listing the name, date and place of birth, occupation and last address of Jews whose German citizenship was revoked in accordance with the "Nuremberg Laws" of 1935, including Jews from Germany, Austria and Czech Bohemia. The cards are generally in alphabetical order, with some overlap from one roll to the next. The original cards are presumably in the custody of the Bundesarchiv. Suffix names "Israel" for men and "Sara" for women were added by law in 1936 to readily identify persons of Jewish descent.
