This security system limits data access to Department of Education and contract staff on a "need-to-know" basis, and controls individual users' ability to access and alter records within the system. All users of this system are given a unique user ID. All interactions by individual users with the system are recorded.

At contractor sites, access to all automated data processing facilities are restricted by photo identification, sign-in and out logs, CYPHER locks, or ID card readers. Smoke and fire detection devices are installed and maintained operational on all facilities including tape and disk library areas. Physical security of the building involves restricted access as well as 24-hour security guard at the ground-floor entrance to the building. Access to building is obtained through the use of key entry doors. The system permits entry to an individual only with an access code.
