

Eleventh Symposium Meteorological Observations and Instrumentation
Jan 14-18, 2001 Albuquerque, NM

Jerry H. Crescenti NOAA Air Resources Laboratory

Cover Hurricane Danny and NOAA/NDBC sonic anemometer tests

Ses 1 Calibration Methods, Quality Assurance and Quality Control Techniques

Ses 2 Sonic Anemometers and Extreme Wind Measurements

Ses 3 Surface Energy Fluxes

Ses 4 Radiosondes and Rawinsondes

Ses 5 Aircraft Platforms and Airborne Measurements

Ses 6 Lightning and Atmospheric Electricity

Ses 7 Meteorological Measurements in Harsh Environments

Ses 8 Quality Assurance and Quality Control for Meteorological Networks

Ses 9 Rainfall, Water Vapor and Precipitable Water

Ses 1 Radar Wind Profilers

Ses 11 Satellite Measurements of Earth's Surface

Ses 12 Clouds and Visibility

Ses 13 Solar Radiation
