Subcontracting Program – Federal Acquisition Regulations (FAR) 19.7

Any prime contractor receiving a contract for more than the simplified acquisition threshold must agree in the contract that small, small disadvantaged, women-owned, HUBZone, service-disabled, and veteran-owned concerns will have the maximum practicable opportunity to participate in contract performance consistent with its efficient performance. Prime contractors must also establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small, small disadvantaged, women-owned, HUBZone, service-disabled and veteran-owned small business concerns. FAR 19.702

In negotiated acquisitions expected to exceed \$550,000 (\$1 million for construction) and subcontracting opportunities exist, shall require the apparently successful offeror to submit an acceptable subcontracting plan. If the apparently successful offeror fails to negotiate a subcontracting plan acceptable to the contracting officer within the time limit prescribed by the contracting officer, the offeror will be ineligible for award. FAR 19.702(1)

Subcontracts awarded to an Alaska Native Corporation (ANC) or Indian tribe shall be counted towards the subcontracting goals for small, and small disadvantaged business concerns regardless of the size or Small Business Administration certification status of the ANC or Indian tribe. Where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate contractor(s) to count the subcontract towards its small and small disadvantaged business concerns subcontracting goals. FAR 19.703(c)(1)(i)(ii)

In most cases the appropriate contractor is the contractor that awarded the subcontract to the ANC or Indian tribe.

Where can I go to post, search, and/or review subcontracting opportunities?

Prime contractors use the U.S. Small Business Administration’s SUB-Net to post subcontracting opportunities. These may or may not be reserved for small business, and they may include either solicitation or other notices – for example, notices of sources sought for teaming partners and subcontractors on future contracts. Small businesses can review the website at www.sba.gov/gc, click on “SUB-Net” to identify opportunities in your areas of expertise.

There are several ways to search for subcontracting opportunities. First, if you are looking for opportunities in a particular industry, search by North American Industry Classification System (NAICS) code, description, solicitation number, or place of performance, click “Search the Database”. **Suggestion:** Try NAICS code or Place of Performance first. Example below:

Search the database

NAICS Code:

Description:

Subcontract Solicitation:

Place of Performance:

Or you can “View All Solicitations”, which will give you (company name, closing date, time, and a description of the requirement). Once you click on the company’s name, below is an example of what you will see:

When you find a solicitation or notice that appeals to you, simply print out a hard copy (for your records) and contact the company that posted the notice for a copy of the complete bid package.

If you wish to post a notice on SBA SUB-Net, click on “Post” from the navigation tool bar at the top of the screen. If this is your first time you have used SUB-Net for the purpose of posting a notice, you must click “Sign Me Up!” which will take you to the screen “Request GLS Account”. Fill out the necessary information and submit the request, to receive an instant confirmation that the request has been received. Your User ID and Password will be sent to you through email.

Tips for Marketing Your Company

- ✓ Ask the Small Business Liaison whether their company hold “Vendor Counseling Sessions” (monthly and/or quarterly);
- ✓ It is incumbent upon you as small businesses to ensure that your company is registered in the Central Contractor Registry (CCR) at www.ccr.gov; and for service-disabled and veteran-owned small business concerns, you must also be registered in the Department of Veterans Affairs, Center for Veterans Enterprise (CVE) Vendor Information Pages www.vip.vetbiz.gov, as well as ensuring that your profile is updated on a regular basis;
- ✓ Some companies have procedures that you as small business concerns must comply with; therefore, investigate what they are before hand. Talk with the Small Business Liaison Officer (SBLO), as to whether you need to register on their website;
- ✓ Ensure that your capability statement relates to the products and/or services that your company is able to perform;
- ✓ Attend conferences and network with other companies as well as the primes SBLO’s.
- ✓ SBA has a website of upcoming conferences/events located at www.sba.gov;
- ✓ If you hold a GSA Schedule, inform the prime contractor;
- ✓ Inquire whether the company has a mentor protégé program;
- ✓ Pick accurate and appropriate North American Industry Classification System (NAICS) codes of what your company can perform;
- ✓ If you are having trouble finding the appropriate NAICS for your company, go to www.census.gov/epcd/naics07, type in example: Construction. You will get a listing of all types of construction NAICS codes. Choose the one for your company;
- ✓ You need to have an understanding of the requirements of government contracting;
- ✓ The know-how to obtain and successfully perform federal, state and local government contracts; and
- ✓ The Procurement Technical Assistance Center’s (PTAC) provides a wide range of assistance covering every phase of government contracting – from initial registrations through contract completion.

The PTAC, a state affiliated agency, is funded by the Defense Logistics Agency (DLA), and some regional large and small businesses. The PTAC's mission is to generate employment and improve the general economy of its geographic area. The PTAC's staff accomplishes this mission by providing procurement technical assistance to those businesses that are located within its assigned geographic area. The PTAC will assist those businesses seeking to do business with the Department of Defense (DoD), and State and local government. For more information visit their web site at www.dla.mil/db/procurem.htm.

About the Subcontracting Directory

This directory gives you a wealth of information. It lists all prime contractors holding a Department of Veterans Affairs contract and has potential subcontracting opportunities. The directory gives you the name of the company, Small Business Liaison, address, telephone number, email address, type of requirements, whether the company manufactures, distributes or does manufacturing and distributing, as well as, the type of company (example: hospital, architect-engineer, construction, etc.) and potential subcontracting opportunities available to you as small businesses.

Please review the directory and contact the Small Business Liaison for that company. If there are changes within the company, please contact Ms. Simmons or Mr. Taylor at the numbers listed below.

You may contact Ms. Lynette Simmons at (202) 461-4256, lynette.simmons@va.gov, or Mr. Mark Taylor (202) 461-4258, mark.taylor@va.gov, if you need assistance.
