Hastings (FL) amendment (No. 3 printed in H. Rept. 110–369) that amends the Affordable Housing Trust Fund homeownership counseling criteria to include flood or other disaster specific insurance in applicable regions; **Page H11432**

Frank (MA) amendment (No. 4 printed in H. Rept. 110–369) that includes among the factors for consideration in selecting applicants to receive Trust Fund grant amounts a consideration of the extent to

which the design, construction, and operation of the housing reduces utility costs for residents;

Pages H11432–33

Frank (MA) amendment (No. 5 printed in H. Rept. 110–369) that allows grantees to give preference to public employees, including first responders and teachers, who cannot afford to live in high-cost areas; these workers have to meet the income eligibility requirements stated in the text of H.R. 2895;

Page H11433

Frank (MA) amendment (No. 6 printed in H. Rept. 110–369) that directs the Secretary of Housing and Urban Development to establish an internet-based “Green Housing Clearinghouse” including best practices, technical recommendations and other informational material regarding green building techniques. Frank (MA) manager’s amendment (No. 1 printed in H. Rept. 110–369) that establishes a state minimum allocation percentage, under which every state will receive at least one half of one percent (.5%) of the total funds available each year that are allocated to states, Indian Tribes, and insular areas. Allocations to all other states would be reduced pro rata to bring these states up to this .5% minimum. The amendment also provides that the local jurisdiction in each state that is slated to receive the largest amount by formula in such state would be entitled to receive such funds directly (notwithstanding the bill’s provision that jurisdictions entitled to their state in any year that nationwide funding is less than \$2 billion). The amendment includes a technical clarification to ensure that the mixed income limitation capping the number of units initially rented to extremely low income families at 50% applies to all of the units in a project (not just those units assisted by trust fund dollars). The amendment provides that the exception to the mixed income rule applies to all “elderly only” projects, not just those projects of 25 or fewer units (by a recorded vote of 418 ayes to 2 noes, Roll No. 955).
