1   Handbook Coverage

A   Handbook Purpose

This handbook provides procedures and requirements for CMA's and LSA's to follow when conducting loan and LDP transactions with CCC.

These procedures and requirements apply to:

* CMA's operating under CCC-Cotton G (Exhibit 4)
* LSA's operating under CCC-912 (22-CN, Exhibit 4).

B   Sources of Authority

Authority for the requirements in this handbook is in:

* 7 CFR Parts 1425 and 1427
* CCC-Cotton G
* CCC-912
* Federal Agriculture Improvement and Reform Act of 1996 (1996 Act)
* Agricultural Act of 1949 (63 Stat. 1051-1062) as amended
* CCC Charter Act (62 Stat. 1070-1075) as amended.

C   Related Handbooks

FSA handbooks related to the cotton loan program include:

* ***--**1-CMA for CMA Program requirements, CMA and LSA producer eligibility, and PLM procedures and requirements

* 7-CN for basic cotton loan and LDP program requirements**--***

* 22-CN for basic LSA program requirements and procedures

* * *

* 50-FI for CCC interest rates.

2 Responsibilities

A Background

The responsibilities for administering CCC's cotton loan and LDP activities are described in this paragraph.

B Executive Vice President, CCC Responsibilities

Executive Vice President, CCC or designee shall:

- determine policy and program provisions
- make determinations on program questions
- revise or rescind incorrect determinations made by designees.

C DAFP Responsibilities

DAFP shall provide general direction and supervision for the requirements in this handbook.

D PSD Responsibilities

PSD shall:

- administer the requirements in this handbook
- provide program policy and procedures to CMA's and LSA's
- prescribe operating procedures for CCB's serving CMA's or LSA's.

E Controller, CCC Responsibilities

Controller, CCC shall:

- ensure that loan data, provided by CMA's and LSA's to NITC, supports CCC accounting practices and controls

- provide each CMA and LSA CCC's loan interest rate

- provide accounting instructions for recording and reporting loan and LDP activity
  *--reported by CMA's and LSA's to KC-ADC/PSCAO/CLG.**--***

   *--F   KC-ADC/PSCAO/CLG Responsibilities

   KC-ADC shall:

   - coordinate the flow of data and documents between CMA's, LSA's, CCB's, PSCAO,**--*** KCFO, and KCCO, as necessary

   - manage the ACRS requirements, as follows:

       - process and maintain subsidiary data and records for transactions received from CMA's and LSA's

       - examine and verify data and documents for accuracy

       - reconcile and correct loan data submitted by CMA's and LSA's with wire transfers performed by CCB's

   - notify PSD of any CMA's or LSA's program violations, including failure to:

       - correct discrepancies
       - pay warehouse charges, as applicable, on forfeited cotton within:

           - 15 calendar days of the forfeiture date for CMA's
           - 30 calendar days of the forfeiture date for LSA's

   - provide CMA's and LSA's:

       - Failed File listing bales rejected in the ACRS up-front edits

       - Transmission Report with an authorization code and amount for bales passing the up-front edits

       - Error File listing bales and the applicable error codes

   - provide PSD and, if requested, Controller, CCC:

       - sample data, as requested

2   Responsibilities (Continued)

F   KC-ADC/PSCAO/CLG Responsibilities (Continued)

- a weekly ACRS Error and Volume Report (PSL-71R) showing, in the format provided by PSD, each CMA's and LSA's number of outstanding errors and year-to-date number of bales of cotton by crop year:

    - processed
    - currently under loan

  *--Note: CMA's must resolve errors within 15 workdays or request an extension from PSD. PSD will consider extensions depending on the type of error and whether the error is within the control of CMA. Failure to resolve errors within the timeframes imposed by PSD could become a basis for suspending or terminating CMA status or demand for a refund of applicable benefits.**--***

- monthly reports, in a format approved by PSD, of:

    - transactions for which either CCC-674 or SF-LLL are required
    - "I" and "U" transactions recorded on ACRS.

G   KCCO Responsibilities

KCCO shall provide CMA's and LSA's:

- lists of approved warehouses and applicable storage rates
- R/O instructions.

H   CCB Responsibilities

CCB's shall:

- transfer funds to or from CMA's or LSA's bank account from or to CCC's FRB
- follow reporting instructions provided by FMD
- include the ACRS authorization code on all wire transfer messages to and from CCC.

2   Responsibilities (Continued)

I   CMA and LSA Responsibilities

CMA's and LSA's shall:

- obtain authorization code from ACRS

- provide CCB's with an authorization code to transfer funds from or to CCC

- provide documentation supporting CCC transactions, if any, according to this
*--handbook, to PSCAO or FADB**--***

- correct errors as directed by CCC

- pay all CCB fees.

3-20 (Reserved)

21   General CMA Activities

A   Introduction

CMA's participate in CCC's loan and LDP program for their members.

B   CMA Activities

CMA's:

- are responsible for verifying, through FSA, the eligibility of their members and their members' farms to participate in loan and LDP programs before CMA receives a loan or LDP benefit

- may submit bills, according to paragraph 35, to CCC for expenses related to specific costs incurred in CCC loan R/O's

- pay research and promotion fees to the Cotton Board for their members

- may forfeit loan collateral

- may apply for and receive:

  - loan advances
  - LDP's
  - R/O charges

- repay amounts owed CCC for:

  - redeeming loans with cash or CCC-6's
  - errors in document submissions
  - cotton found to be ineligible for loan
  - charges associated with loan forfeiture
  - excess benefits received for their members.

22   CMA or LSA Requests for Exceptions to Policy and Procedures

A   Background

To be consistent with other MAL and LDP delivery systems for other commodities, CMA's and LSA's shall request waivers for exceptions to established policy and program procedures. Situations that require a request for waiver include, but are not limited to, requests for:

- exceptions to cotton MAL and LDP policy in 7-CN
- exceptions to ACRS processing procedures in 21-CN
- exceptions to CMA policies in 1-CMA
- exceptions to LSA policy and procedures in 22-CN
- waiver of liquidated damages
- situations requiring manual processing for an ACRS transaction
- exceptions to established duplicate benefit policy.

B   CMA and LSA Action

All requests for waivers shall be submitted in writing. CMA's and LSA's shall:

- submit requests by memorandum to PSD providing the following information as applicable:

  - explanation of why the request for waiver is being submitted
  - the exact request
  - specific reasons why the particular erroneous transaction occurred
  - MAL or LDP numbers, disbursement dates, and EWR numbers
  - CMA codes or producer names and identifying numbers

- provide supporting documentation as applicable

- e-mail memorandum to the following:

  * * *
  - **Chris.Kyer@wdc.usda.gov**
  - ***--Shanita.Hines@wdc.usda.gov**
  - **Janet.Delancey@kcc.usda.gov--***
  - **Fred.Gustafson@kcc.usda.gov**.

22   CMA or LSA Requests for Exceptions to Policy and Procedures (Continued)

C   PSCAO Action

PSCAO staff shall:

- review requests for waivers
- provide recommendations to PSD.

D   PSD Action

PSD shall:

- review requests promptly
- reply to requests in writing informing all interested parties.

23   Processing ACRS Transactions Requested by CCC-734

A   CCC-734 Policy

The CCC-734 process shall be implemented when:

- NITC or Cotton Management Systems are not operational

- ACRS is unable to process transactions before midnight on Thursday and CMA's and LSA's are advised to delay file submission.

KC, PSCAO shall:

- advise PSD that applicable systems are not operational or there will be ACRS processing delays

- authorized CCC-734 process

- notify CMA's and LSA's

  - that for processing delays; file submission may be delayed until after the normal ***--**submission deadline of 8 p.m. c.s.t.**--***

  - of the authorization

    Note: If KC's e-mail systems are down, KC shall request that the National Office send notification.

- when the system becomes fully operational, request CMA or LSA to transmit the file.

CMA's and LSA's shall:

- FAX a completed CCC-734 for each tape number to FAX numbers shown on CCC-734 when advised to do so by KC, PSCAO, or when CMA's or LSA's feel CCC-734 is justified

- for loan repayments

  - contact Jan Delancey, KC, at 816-926-2638 to obtain a manual authorization code for repayments

  - initiate wire transfer of funds for the calculated amount of repayment on date of CCC-734

*--23   Processing ACRS Transactions Requested by CCC-734 (Continued)

   A   CCC-734 Policy (Continued)

   - for LDP's:

      - contact Jan Delancey, KC, at 816-926-2638 to obtain a manual authorization code for LDP disbursement

      - initiate wire transfer of funds for the calculated amount of LDP using LDP rate applicable to CCC-734.

   B   ACRS Business Rules

   The following business rules apply to ACRS repayments or LDP requests represented by CCC-734.

   - Each ACRS transmission will require a separate CCC-734; the bale count in the transmission must equal the bale count on CCC-734.

   - AWP applicable to CCC-734 will apply to valid bales only; rejected bales will require a new transmission based on AWP effective at the time of the new transmission.

   - CCC-734's are binding for valid bales and cannot be cancelled.

   - A file must be submitted for each CCC-734 request.

      Note: CCC-734's are binding for valid bales and cannot be cancelled.

   - CCC approval is **not** automatic and requests may be rejected.**--***

24-26   (Reserved)

---

27   Cotton Receipts

   A   Approved Receipts

CMA's and LSA's may process CCC transactions through ACRS only for bales of cotton with EWR's submitted to CCC by an authorized provider.

Any producer desiring a loan * * * on bales with paper receipts must contact * * * PSD.

35 Out-of-Pocket Charges for R/O's

**A
Introduction**

CCC will reimburse CMA's for approved, reasonable out-of-pocket expenses incurred when CMA's pay accrued storage charges for cotton pledged as collateral for loans that are reconcentrated.

**B
Definition of
Reasonable
Out-of-Pocket
Expenses**

<u>Reasonable out-of-pocket expenses</u> are expenses that are above normal day-to-day costs of doing business.

**C
Examples of
Expenses Paid**

Approved out-of-pocket expenses that might be incurred in conjunction with an R/O during the loan period are:

*   ADP expenses, including:

    *   system's development
    *   programming
    *   CPU costs and process storage calculation programming
    *   additional data processing
    *   personnel salaries, excluding officers' salaries
    *   supplies (such as cards, tapes, and paper)
    *   equipment rental

*   additional direct labor costs related to paying R/O charges

*   direct charges and supplies (such as telephone calls, postage, and check purchases)

•*--CCB expenses.--*

**D
Expenses
Not Paid**

Overhead expenses and officers' salaries are considered normal expenses and are not covered.

35 Out-of-Pocket Charges for R/O's (Continued)

**E
How to Request
Reimbursement**

To request reimbursement of expenses incurred related to R/O's, CMA's shall:

- prepare an itemized invoice of the expenses showing:

  - number of bales processed
  - the following certification, signed by a CMA officer:

    "I certify that expenses listed on this invoice are out-of-pocket expenses over and above the normal course of doing business incurred by the cooperative in making payments for the Commodity Credit Corporation for cotton under loan that is reconcentrated."

    _____
    (Signature of CMA officer)

- send invoice to:

  Controller, CCC
  *--Park Office Center, 12th floor
  STOP 0581
  Alexandria, VA 22302-1594.--*

**F
Audit of
Expenses**

Out-of-pocket expenses are subject to an audit.

Part 4   Electronic Records

Section 1   System Requirements

66   Electronic Communications Requirements

A   Overview

The TCP/IP protocol using FTP is used to electronically exchange data between CMA's or LSA's and ACRS processed by the USDA NITC. CMA's and LSA's will obtain TCP/IP connectivity by contracting with a private ISP or other means. Once a valid TCP/IP connection is established, an FTP session to the FSA FTP server is started to exchange data with ACRS.

 *--When exchanging data with ACRS, all files transmitted will be encrypted using Secure PKWARE application.**--***

Users are responsible to scan, detect, and disinfect any files they retrieved by FTP. The FSA FTP server does not perform any virus scan, detection, or disinfection on files or data transported by customers.

Technical support for CMA's or LSA's using the FSA FTP server is provided by FSA as indicated in the following table.

Item	Data
National Help Desk	1-800-255-2434 select **option 2**, "Hardware"
Technical Support Hours	Monday through Friday 8 a.m. to 6 p.m. e.t.
ACRS Availability	7 days a week, 24 hours a day, except for the following NITC scheduled down times: • Sunday 1 a.m. through 9 a.m. e.t. • Sunday 5 p.m. through Monday 6 a.m. e.t. There may periodically be additional down time on Sundays. These will be communicated as they occur.

B   ACRS Input File

When creating the bale detail input file:

• create the archive filename: "ACRSDATA" as the get file
• transmit file via internal script to IZBLEDTL file described in subparagraph I.

66   Electronic Communications Requirements (Continued)

   C   TCP/IP Connection Requirements

   To establish a TCP/IP session, the following is required:

   - ID and password issued by ISP
   - modem standards according to ISP
   - circuits or telephone lines supported by ISP
   - TCP/IP software:

      - such as Telnet and FTP, any IP-based applications
      - capable of connecting via point-to-point protocol or serial line Internet protocol.

 *--D   Establishing a Secure Zip Password

   Secure zip password:

   - is a file encryption password separate from the NITC/COPS password
   - may be reset anytime by the user.

   Establish a secure zip password according to the following. The pass phrase:

   - must contain a single word, several words, a phrase, special characters, and numbers
   - may be any length up to 250 characters
   - **must** be left justified and right filled with zeroes, if it contains fewer than 250 characters.

   Create a file that contains the "new1" secure zip password and 1 record 250 bytes long. Zip and encrypt the file that contains the "new1" secure zip password using the "old2" secure zip password.

   Note: This will be the password change file.

   FTP the password change file to the following dataset name at NITC:

   MFO900.CMSPPDT.AC.CMA*nnnnn*.IZPSWORD (+1).

   Note: In the dataset name ("*nnnnn*" = the CMA/LSA number).**--***

66   Electronic Communications Requirements (Continued)

E   ID and Password Information

Once the TCP/IP connection has been made, the following information applies to ID's and passwords used by NITC and the FSA FTP server. New users must obtain an NITC user ID and a temporary password (good 1 time only) by accessing COPS at **www.fsa.usda.gov/cotton** or by calling Jan DeLancey at 816-926-2638.

If experiencing password difficulties, contact the ADP security office at 800-255-2434, option 5.

Passwords must follow these guideline standards:

*   must be 6 to 8 alpha and/or numeric characters
*   must be changed every 35 calendar days
*   must be in effect at least 4 calendar days before a new password is accepted
*   cannot be repeated for 1 year.

F   Password Change Instructions

Follow instructions in the table to create and change passwords:

*   upon initialization of service with temporary password
*   before user password expiration
*   when prompted on screen after expiration.

Password Change Instructions		
Select the appropriate option below.		
Option 1: Using FTP	• Initiate an FTP session with NITC. At this time, 165.221.4.12 is the actual TCP/IP address for an FTP session, subject to change at any time. Additional address sites are 165.221.4.22 and 165.221.4.32. • It is recommended that command-line FTP be used to change the password rather than a Graphical User Interface FTP package. For example, from Windows 95 under START, PROGRAMS, MS-DOS Prompt, enter the following.	
	Screen Prompt	**User Entry**
	C:\WINDOWS>	FTP
	FTP>	OPEN FTP.NITC.USDA.GOV
	User (ftp.nitc.usda.gov:(none):)	user's NITC user ID
	PASSWORD:	old password/new password/new password
Option 2: Using Telnet	• Initiate a Telnet session with NITC, using the address TELE.NITC.USDA.GOV (at this time, 165.221.4.2 is the actual TCP/IP address for Telnet, subject to change at any time). • TAB between entries below.	
	USERID	user's NITC user ID
	PASSWORD	temporary or old password
	NEW PASSWORD	new password
	NEW PASSWORD	new password (PRESS "Enter")

66   Electronic Communications Requirements (Continued)

G   FTP Connection Instructions

The following table provides instructions for starting an FTP session with the ACRS FTP server.

Step	Action
1	Initiate an FTP session with the ACRS FTP server using 1 of the IP addresses in subparagraph F. **Note:** Either an ISDN or Remote Access Service connection may be used.
2	ENTER "OPEN 206.122.115.70".
3	ENTER "USER (Local FTP server user name)".
4	ENTER "PASS (Local FTP server password)".
5	If using PKZIP, ENTER "BINARY".
6	Upload or download fields as applicable.

H   NITC Filename Standards

Each entity using NITC is assigned a range of filenames to use in transferring data. There are 2 different formats of the filename, relative and absolute, distinguished by the final sequence number. This sequence number serves as a file identifier, allowing the same filename to be used repeatedly for the same purpose at different times. Multiple usage of a filename using the identifier, creates GDG.

Relative Format Filename Example:

x.AC.tttnnnnn.abrecordid(s#).

Absolute Format Filename Example:

.AC.tttnnnnn.abrecordid.GxxxxV00.

B   Rules

The following rules apply to electronic transmissions submitted through ACRS.

- No more than 99 batches can be sent in 1 transmission.
- Fields marked with:

    - "•" in the Transaction Code column must be reported on all submissions of that transaction code

    - "□" in the Transaction Code column must be reported on corrections to prior records of that transaction code.

        Note: All other fields required for the transaction code shall also be reported.

- Decimal points are not recorded.

•*--Fields whose format begins with "S" are signed fields which are:

    - without a decimal point
    - with the appropriate final alpha character as shown in the following table.

IF the last character is...	THEN replace with...	IF the last character is...	THEN replace with...
+0	{	-0	}
+1	A	-1	J
+2	B	-2	K
+3	C	-3	L
+4	D	-4	M
+5	E	-5	N
+6	F	-6	O
+7	G	-7	P
+8	H	-8	Q
+9	I	-9	R

--*

- Round all calculations, using the 5/4 rounding rule, to the size of the field indicated.

    Examples: Enter "1234" for a 4-digit field with a value of "12344".
    Enter "1234" for a 4-digit field with a value of "123448".
    Enter "1235" for a 4-digit field with a value of "12345".

67   Record Descriptor (Continued)

B   Rules (Continued)

- When processing "U" transactions, complete fields as you would for the original corresponding transaction if "U" field instructions are not specified.

- When processing "X" transactions, complete money fields, except Field 78, "Net Correction Amount", with the amount that should have been initially reported.

- All fields shall be justified and filled according to the following table.

IF the field's type is...	THEN justify field...	AND fill blank field with...
"N"	right	zeros.
blank		spaces, not nulls.
"A"	left	spaces.

- Key fields, indicated in the Record Descriptor table in subparagraph A, cannot be ***--**modified with a correction record. To correct, contact PSCAO.**--***

   Note: Throughout the remainder of this handbook's text, [ ] contains the field number.

Rules	COPS receives classing directly from AMS.--*	

116   Field 29, Module Number

A   Completion Instructions

The following table provides instructions and information on how to complete Field 29.

Contents	Either of the following shall apply:		
	• number assigned by gins for 1999 and subsequent crop year upland seed cotton stored in modules, ricks, or trailers before ginning		
	• number entered when processing LDP's based on a prior "Z" transaction.		
Action	**IF the Transaction Code [5] is...**	**AND benefits are based on...**	**THEN...**
	"D"	AWP Lock-In Trailer	enter the gin-assigned number (alpha/numeric) right justified with leading spaces or zeros, not nulls.
		current AWP	enter spaces only.
		prior "Z"	ENTER "Z12345678Z".
	other than "D"		enter zeros or spaces.
Rules	To receive LDP benefits based on AWP before the LDP transmission date, module number must be populated and: • an AWP Lock-In Trailer record must be transmitted before the Bale Detail record •*--a "Z" record e-mail and attachment must be sent to KC-ADC/PSCAO/CLG--* before the Bale Detail record. See paragraphs 293 and 294.		

117   Field 30, Storage Start Date

A   Completion Instructions

The following table provides instructions and information on how to complete Field 30.

Contents	The date warehouse charges start accruing on a bale of cotton.	
Action	**IF the Transaction Code [8] is...**	**THEN enter...**
	"A"	date cotton entered storage.
	"I" or "D"	zeros.
	other than "A", "I", or "D"	date cotton entered storage.
Rules	If EWR applicable, this field must match EWR record's storage start date.

127   Field 40, Adjusted Loan Rate

A   Completion Instructions

The following table provides instructions and information on how to complete Field 40.

Contents	CCC's loan rate per pound for the warehouse where the cotton is stored adjusted for the particular bale's classing quality.	
Action	**IF the Transaction Code [8] is...**	**THEN...**
	"A"	go to subparagraph B.
	"C", "N", "T", or "I"	enter the "A" transaction's loan rate.
	other than "A", "C", "N", "T", or "I"	enter zeros.
Rules	See 7-CN for specific warehouse loan rates.	

B   Calculation

The following table provides instructions on how to calculate Field 40 for upland cotton.

Step	Action	Example
1	Adjust the bale's warehouse per pound loan rate for: • color grade, leaf, and staple • extraneous matter (other) • micronaire • strength • uniformity.	0.5310 - 0.0400 0.0000 - 0.0180 0.0030 <u>0.0000</u> 0.4760
2	This is a signed field. Enter step 1 result: • without the decimal point • with the appropriate final alpha character.	476{

The following table provides instructions on how to calculate Field 40 for ELS cotton.

Step	Action	Example
1	Determine the bale's loan rate per the schedule in 7-CN, Exhibit 10 for color grade, leaf, and staple	0.6545
2	Adjust the premiums/discounts as follows: • extraneous matter (other) • micronaire • strength.	0.0000 - 0.0330 <u>- 0.0500</u> *--0.5715--*
3	This is a signed field. Enter step 1 and 2 results: • without the decimal point • with the appropriate final alpha character.	571E

Contents	All charges, except compression charges, incurred in a R/O authorized by CCC.		
	Notes: Field 49 contains related compression charges.		
	CSA storage rates apply.		
Action	**IF the Transaction Code [8] is...**	**AND cotton has...**	**THEN enter...**
	"R"		the sum of storage and receiving charges owed to the shipping warehouse.
	"A" or "D"		zeros.
	other than "R", "A", or "D"	**not** been reconcentrated	zeros.
		been reconcentrated	the amount shown in this field on the "R" transaction.
Rules	• R/O's **only** occur when authorized by CCC. • No charges are paid to the new warehouse. • Compression charges are **not** included. • Use the CSA storage rate. **Note:** CMA's refer to paragraph 35 for administrative expense reimbursement procedures.		

136   Field 49, Compression Charge

A   Completion Instructions

The following table provides instructions and information on how to complete Field 49.

Contents	Compression charges incurred because of a CCC authorized R/O.

147   Field 60, Storage Forgiven

A Definitions of Acquisition Value and Preliminary Forgiven

The following terms are used to determine upland cotton repayment amounts.

- Acquisition value is the sum of:

  - accrued unpaid storage charges during the loan period
  - plus Principal + Interest [56].

  Notes: For accrued storage charge calculation instructions for warehouses charging a:

  - monthly storage rate, see subparagraph C
  - daily storage rate, see subparagraph D.

  Accrued storage applies to the time period between the Storage Stop Date [34] and the:

  - Advance/LDP Date [31] for CMA's
  - Document Received/Gin Date [32] for LSA's.

- Preliminary forgiven is the total amount of all forgiven fields (storage, interest, and principal). The following table provides instructions on how to calculate preliminary forgiven.

Step	Action	AWP Bale Value
1	• Accrued unpaid storage charges for the initial loan period, plus	*--5.75 +253.80 259.55
	• Principal plus Interest [56], equals

C   Storage Calculations, Monthly Rate

The following table provides instructions and information on how to calculate storage accrued on cotton stored in a warehouse charging a monthly storage fee. A loan period may cover more than 1 tariff rate. Calculate and round once per tariff rate.

Note: The following table covers 2 tariff rates.

Step	Action	Example
	First Partial Month Calculation	
*--1	Storage Stop Date [34] • minus total number of denied (outside) storage credit days • equals adjusted storage stop date **Note:** Storage costs are to be adjusted from the latest storage tariff rate for denied (outside) storage credit days.	(Oct. 31) 304 (Oct. 26) - 5 299--*
2	From the earlier of the following: • date before rate change, if applicable • end of first loan month • adjusted storage stop date. Minus: • for CMA's, Advance/LDP Date [31] • for LSA's, Document Received/Gin Date [32] for LSA's. Add 1 day.	(Oct. 31) 304 (Oct. 10) -283 21 + 1 22
3	Divide number of: • loan days in the first month (step 2), by • days in the month.	22 ÷ 31 0.709677
4	Round step 2 result to 4 decimal places.	0.7097
	Last Partial Month Storage at First Tariff Rate (if applicable)	
5	Divide: • last day of storage at first tariff rate (adjusted storage stop date, if only 1 tariff used), by • the number of days in this month.	(Jan. 15) 15 ÷ 31 0.4838709
6	Round step 5 result to 4 decimal places.	0.4839

C Storage Calculations, Monthly Rate (Continued)

Step	Action	
	Total First Tariff Rate Storage	
7	Add: • first partial month (step 4), plus • number of full months in storage at first tariff, plus • last partial month (step 6).	0.7097 2.0000 +0.4839 3.1936
8	Multiply: • total storage at first tariff rate (step 7), times • applicable tariff rate.	3.1936 x 1.80 5.74848
9	Round step 8 result to 2 decimal places.	5.75
	Total Storage	
10	**IF…** / **THEN…**	
	additional tariff rates apply during the loan period	• repeat Steps 1 through 9 as applicable, rounding to 2 decimal places for each tariff rate • add each tariff result to obtain total storage costs • go to step 11.	
	additional tariff rates do not apply during the loan period	go to step 11.	
11	This is a signed field. Enter step 9 or 10 result: • without the decimal point • with the appropriate final alpha character.	57E

D Storage Calculations, Daily Rate

The following provides instructions and information on how to calculate storage accrued on cotton stored in a warehouse charging a daily storage fee.

Step	Action		Example
1	**IF the tariff rate during the loan period…**	**THEN follow steps…**	
	changes	2 through 8	
	does not change	2, 3, 4, and 8.	
*--2A	Storage Stop Date [34]:		365 + 15 (Jan. 15) 380
2B	If denied storage credit: • applies: • minus total number of denied (outside) storage credit days from original Storage Stop Date [34] • which will equal adjusted storage stop date • does **not** apply, go to step 3. **Note:** Storage costs are to be adjusted from the latest storage tariff rate for denied (outside) storage credit days.		Jan. 15 - 5 denied storage days 380 (Jan. 10) + 10 375--*
	First Tariff Rate Calculation		
3	From the earlier of the following: • date prior to rate change, if applicable • adjusted storage stop date minus • for CMA's, Advance/LDP Date [31] • for LSA's, Document Received/Gin Date [32]. Add one day.		365 + 15 (Jan. 15) 380 (Oct. 10) -283 97 + 1 98
4	Multiply: • the number of days in storage (step 3), times • the warehouse daily tariff rate. Round the result to 2 decimal places.		98 x0.063 6.17

147   Field 60, Storage Forgiven (Continued)

D   Storage Calculations, Daily Rate (Continued)

Second Tariff Rate Calculation		
5	Subtract: • the adjusted storage stop date, minus • the date of rate change. Add 1 day.	(Mar. 1) 060 (Jan. 16) -016 44 + 1 45
6	Multiply • the number of days in storage (step 5), times • the warehouse daily tariff rate.	45 x0.06 2.70
Total Storage Charges		

7	If either:
	
	• 1 tariff rate applies during loan period, then charges equal step 4 results
	
	• multiple rates are applicable during loan period, charges equal:
	
	  • first tariff rate charges (step 4), plus
	  • second tariff rate charges (step 6), plus
	  • any additional tariff charges applicable to the loan bale.

Example   The following table provides an example of how to determine Field 61.

Situation	Example	
AWP greater than or equal to acquisition value.	AWP Bale Value [59]	177.50
	Acquisition value	175.00
	Enter zeros	0
AWP less than or equal to Loan Principal [41].	AWP Bale Value [59]	160.00
	Loan Principal [41]	170.00
	Enter sum of:	
	plus R/O Charge [48]	+7.00
	plus Compression Charge [49]	+5.00
		12.00
AWP greater than Loan Principal [41] and less than acquisition value.	AWP Bale Value [59]	177.50
	Loan Principal [41]	175.00
	Acquisition value	200.50
	Compression charges	12.50
	Enter result of:	
	acquisition value	200.50
	minus AWP Bale Value [59]	-177.50
	minus Storage Forgiven [60]	-15.00
		8.00

Section 6   AWP Lock-In Trailer Record Requirements

248   AWP Lock-In Trailer Record

A   Reporting Requirements

Producers may submit an AWP Lock-In Trailer to lock in the current AWP (at time of receipt) for the purpose of a subsequent LDP calculation for harvested 1999 and subsequent crop years upland seed cotton stored in modules, ricks, or trailers before ginning.

- An AWP Lock-in Trailer record must be transmitted before the Bale Detail record to receive benefits based on an earlier AWP.

- Once an AWP Lock-In Trailer has been submitted to ACRS, production evidence must be provided on associated module bales. If not, liquidated damages shall be assessed.

- All LDP requests for bales from 1 module must be transmitted in the same batch.

- Production evidence shall not exceed 20 bales per module.

Section 8   LDP Submissions

293   Supplying Special LDP's to CCC

A   Overview

Eligible cotton stored in an approved warehouse is sometimes shipped before classing data is received. This cotton is eligible for LDP although it is not covered by normal or "gin direct" LDP procedures in Section 3. This section provides instructions on how these special LDP's shall be initially supplied to CCC.

B   Procedures

The following table lists the steps to complete to obtain an LDP on eligible cotton stored in an approved warehouse and shipped before classing data is available.

Step	Action
1	Obtain warehouse, warehouse receipt, gin code, and gin tag information.
2	*--Submit an e-mail to KC-ADC/PSCAO/CLG with a separate transmission--* attachment using "Z" transaction according to subparagraph 294 A.
3	Obtain class information.
4	Submit "D" transaction as instructed in subparagraph 294 B.
5	Obtain LDP funds from CCB.

C   Special Instructions

The following special instructions apply when the "D" transaction is submitted:

• Advance/LDP Date [31] shall not be before the storage start date or after the shipment date

• AWP Bale Value [59] for the subsequent "D" transaction shall be based on AWP in effect on Advance/LDP Date [31] on this special "Z" submission

• **all** submissions must be sent to NITC using instructions in paragraph 66

• subsequent "D" transactions must be submitted within 60 calendar days.

294   Special LDP Processing

A "Z" Instructions

The following table provides bale detail field instructions for "Z" records sent as e-mail *--attachments to KC-ADC/PSCAO/CLG.--*

Notes: Position, size, type, and format instructions in Section 3 shall be followed for all fields reported on this 450-byte record.

Fields not specified in the following table shall be "reserved" on "Z" transactions.

Field		Contents
Number	**Name**	
1	CMA/LSA Code	Code number assigned to CMA or LSA by CCC.
8	Transaction Code	Code "Z" indicating the special submission.
10	Crop Year	Crop Year in which the bale of cotton was produced.
13	Current Warehouse	ID number for the warehouse where the cotton is stored.
14	Warehouse Receipt Number	ID number for the specific bale of cotton.
16	Gin Code	USDA's code for the gin where the cotton was baled.
17	Gin Tag Number	ID number assigned to the bale at the gin.
31	LDP Date	Date e-mail and "Z" bale detail attachment are sent to *--KC-ADC/PSCAO/CLG. This locks in the AWP--* date to be used later for LDP processing.

B Subsequent "D" Instructions

When submitting "D" records for previously submitted "Z" transactions, prepare according to paragraph 67 with 1 addition, complete Module Number [29] by entering "Z12345678Z".

Section 10   LSA Name and Address Trailer Record Requirements

325   Name and Address Record Descriptor

**A
Reporting
Requirement**

CCC is required to report all market gains and LDP's obtained by a producer to IRS each year. LSA's are required to provide information needed to generate these IRS reports through ACRS. This section provides LSA's the procedures they need to follow to meet this requirement.

**B
When to Submit**

LSA's shall submit the name and address record:

- when it is known that a producer will participate in either a loan or LDP through LSA during the crop year

- no later than the first loan or LDP the LSA processes for the producer for the crop year.

Section 11   LSA IRS Trailer Record Requirements

350   IRS Trailer Record(s)

A   When Required

LSA's shall submit an IRS trailer record each time a producer:

- *--receives a market gain through a "C", "D", "F", or "N" transaction
- has a change made in a market gain already reported through:

    - a correction to the "C", "D", "F", or "N" transaction
    - repayment of all or part of the market gain by a "U" or "P" transaction

- receives storage forgiven through a "C" or "N" transaction beginning in calendar year 2008.--*

Note: The IRS trailer shall include only valid bales. Therefore, the trailer should be transmitted after receipt of the ACRS Transmission Report, which will indicate any bales that may get rejected from the transmission.

B   Record Descriptor

The following provides a summary of data requirements of fields related to the IRS trailer record.

Notes: The electronic rules in paragraph 66 also apply to IRS trailer record submissions.

Fields 9, 10, and 11 are repeated for each producer involved in a loan or LDP.

Up to 14 separate producers can be represented on a single IRS trailer for a given loan or LDP. If more exist, contact KC-ADC/PSCAO/CLG.

Part 5   Document Submissions

418   Overview

A
Purpose

This part describes how CMA's and LSA's submit ACRS-related documents to CCC.

* * *

B
FAX Numbers

*--CMA's and LSA's shall FAX "S" and "P" CCC-719's to Connie Saulka, KCFO, FAD, CLIB at 816-926-5940.**--***

419   ACRS Procedures

A
Overview   The following table provides ACRS procedures for CMA's, LSA's, ACRS, and
                    CCB's. These procedures apply to all transaction codes, except as specified.

Step	Action
1	CMA or LSA: • prepares individual Bale Detail records according to Part 4 • transmits Bale Detail records to NITC per paragraph 66 instructions • FAXes to KCFO a signed CCC-719 for "S" and "P" transactions •***--**prepares, if applicable, SF-LLL or CCC-674 per paragraph 422 instructions.**--***
2	ACRS: • performs up-front edits on Bale Detail record to determine valid bales by confirming that: • CCC is the holder on EWR • no duplicate bale is in COPS • transactions are sequential and are not duplicated ("A" before redemption) • correction corresponds to prior transactions • fields are formatted correctly • creates Failed Output Report as described in subparagraph 66 H • processes Bale Detail records in the nightly batch cycle according to this handbook • totals money for accepted bales plus any "S" and "P" trailers, then sends a corresponding authorization code to the CMA or LSA for CCB use • creates an Error Report on valid bales.
3	CMA and LSA authorizes its CCB to electronically transfer funds to or from CCC's account at FRB using the authorization code and amount provided by ACRS. **Note:** CMA's and LSA's must designate a single bank account that will be used at CCB for all transfers to ACRS.
4	CCB transfers funds to or from CMA's or LSA's bank account from or to CCC's FRB using the authorization codes provided by the applicable CMA or LSA.

419   ACRS Procedures (Continued)

   B   Signature Authorizations Required

   *--CMA's and LSA's shall provide CCB's and KC-ADC/PSCAO/CLG sample signatures of officials authorized to certify CCC-719's.

420   Formatting and Transmitting CCC-719's

   A   Rules

   CCC-719 trailers are not required in ACRS. CCC-719 trailers transmitted with a Bale Detail Record for any transaction except "P" or "S" are not used. The Bale Detail Record will be processed and ACRS will generate for valid bales a Transmission Report with the authorization code and money amount to be wired.--*

432 Unqualified Bales After Loan Removal, Transaction Code "U"

A
Policies   The following policies apply to "U" transactions.

- A "U" transaction shall be completed upon discovery that bales of cotton were ineligible for loan or LDP benefits, for any reason, for bales:

    - under loan through ACRS, which have already been removed from ACRS by the "C", "N", or "F" transaction codes

    - processed by CMA under the "D" transaction code.

    Note: See subparagraph B for repayment amount policies.

- Bales whose records on ACRS are updated with the "U" transaction code are **not** eligible for any further loan or LDP activity.

- CCC, at its discretion, **may** assess liquidated damages on bales processed under the "U" transaction code.

B
Repayment   Pay CCC for "U" transactions according to the following table.
Policies

IF bales were processed under...	THEN...
"C" or "N" transaction code	• pay CCC principal plus interest and all charges associated with bale on the original date of repayment of ineligible bale • interest at original loan's rate shall also be due CCC on difference between principal plus interest and all charges associated with bale on the original date of repayment and amount that was actually paid on original repayment date.
"D" transaction code	• pay CCC the deficiency payment • interest at CCC's loan interest rate on date of "D" transaction shall also be due CCC on deficiency payment.
"F" transaction code	• pay CCC the equivalent of principal plus interest and all charges associated with the bale • interest at original loan's rate shall also be due CCC on any loss incurred between principal plus interest and all charges associated with bale and the AWP bale value.

433   Loan Forfeiture Charges, Transaction Code "S"

A Introduction

Loan forfeiture charges are any unpaid storage charges for the time period before the cotton was pledged for loan. They occur when loan bales have been forfeited. COPS will send the applicable CMA or LSA an e-mail notification that a statement of charges due is on the COPS web site.

Note: LSA's should refer to 1-CMA for additional information on how to collect these funds from producers.

B Timing of Payment

Payment shall be made within 3 workdays of when:

- CMA's receive the e-mail from COPS
- LSA's receive payment from producers.

C Submissions

The following table provides instructions for CMA's and LSA's to follow when preparing and submitting loan forfeiture warehouse repayment records.

Step	Action
1	If automated, transmit the CCC-719 Trailer record with another Bale Detail record to NITC. Include the COPS Invoice Number [23] obtained from the COPS web site.
2	Obtain authorization code (either manual or automated) for repayment of **--**producer collection warehouse charges.
3	FAX a completed CCC-719 to Diana Johnson, FMD/FSC/FCMO, at 816-926-5940 and e-mail **diana.johnson@kcc.usda.gov**, when the automated or manual authorization is provided, with the following information:**--*** • authorization code • Producer Collection Invoice number • charges to be repaid as indicated on the COPS Producer Collection Invoice • number of bales forfeited • date of wire transfer.

434   PL, Transaction Code "P"

   A   Introduction

   PL repayments arise when CMA and LSA producers exceed their payment limit.

   B   Timing of Payment

   Payment shall be made within 5 workdays when:

   - *** * *** the final payment limitation for the producer assigned through CMA has been determined

   - LSA's receive payment from producers.

   Note: 1-CMA provides procedures for CMA's and LSA's to follow related to obtaining and monitoring producer payment limitations.

   C   Submissions

   The following table provides instructions for CMA's and LSA's to follow when ***--**preparing and submitting PL repayment records.

Step	Action

Definitions of Terms Used in This Handbook

Acquisition Value

Acquisition value is the sum of accrued unpaid storage charges for the loan period plus Principal + Interest [56].

Administrative County Office (ACOF)

An administrative County Office is the County Office where the FSN records are maintained.

Adjusted Loan Rate

Adjusted loan rate is the loan rate per pound of cotton established by USDA, plus or minus premiums and discounts and location differentials.

Adjusted World Market Price (AWP)

Adjusted world market price is the prevailing world market price for upland cotton adjusted to reflect an average U.S. quality and location.

Approved Cooperative Marketing Association (CMA)

Approved cooperative marketing association is a cooperative approved by CCC to participate in the Cotton Loan and LDP Program for its members according to 7 CFR Part 1425.

Authorization Code

Authorization Code is a 14-digit date/time stamp provided to CMA's and LSA's acknowledging receipt of a transmission in ACRS. It is required to wire transfer cotton price support funds and repayments.

Authorized Loan Servicing Agent (LSA)

Authorized loan servicing agent is an entity approved by CCC to act as its agent in rendering service to producers for Cotton A loans and LDP's under the CCC Cotton Loan and LDP Program according to CCC-912.

Bale Error Report

 --Bale error report is a report generated by KC-ADC/PSCAO/CLG for CMA's and LSA's that-- lists incorrect individual bale records.

CMA Process

The CMA process is an automated system to provide CMA's and LSA's producer eligibility and payment limitation. 1-CMA provides procedures related to the CMA process.

Coarse Count Adjustment (CCA)

Coarse count adjustment is the adjustment factor used to adjust prices of certain grades of upland cotton to a Northern European price basis.

Exhibit 2

Definitions of Terms Used in This Handbook (Continued)

 *--Color Grade, Staple, Micronaire, Strength, Leaf, Uniformity, Remarks, and Other

Color Grade, staple, micronaire, strength, leaf, uniformity, remarks, and--*
other are quality factors shown on a Cotton Classification Memorandum Form 1 and Cotton
Classification Memorandum Form A3 or electronic media prepared by a USDA board of cotton
examiners.

Component Member

Component member is a member of a general partnership or joint venture.

Compression Charge

Compression charge is the charge for compressing cotton bales.

Cotton Commercial Bank (CCB)

Cotton Commercial Bank is a bank serving as CCC's agent for handling and servicing CCC
cotton loans, redemptions, and other transactions for CMA's and LSA's.

Crop Year

A crop year begins on June 1 and ends on May 31 of the following year.

Electronic Warehouse Receipt (EWR)

Electronic warehouse receipt is a receipt electronically filed in a central filing system by an
approved provider as provided in an executed "Farm Service Agency Provider Agreement to
Electronically File and Maintain Cotton Warehouse Receipts."

Electronic Warehouse Receipt (EWR) Provider

EWR provider is an entity that has entered into an "Farm Service Agency Provider Agreement to
Electronically File and Maintain Cotton Warehouse Receipts."

Excess Benefits

Excess benefits are payments denied because of:

- PCF or PE shares of less than 100 percent
- realized benefits exceeding the established PL.

Gin Direct

Gin direct is cotton under a contract that specifies that the control of the cotton is transferred to
the buyer or mill immediately after the cotton is removed from the gin box. Producers who have
these contracts and do not receive an advance payment are eligible for LDP's according to 7-CN,
Part 5.

Exhibit 2
Definitions of Terms Used in This Handbook (Continued)

Market Gain

Market gain occurs when the AWP bale value is less than the net loan principal and is that difference.

National Average Loan Rate (NALR)

National average loan rate is the announced CCC loan rate for a commodity for a crop year. This rate must be adjusted to reflect the quality and location of a commodity pledged as collateral for a CCC loan.

Percent of Cropland Factor (PCF)

Percent of cropland factor indicates the status for each farming operation from which the commodity was produced for each individual, member of a joint operation, or entity.

Permitted Entity (PE)

Permitted entity is an entity designated annually by an individual that is to receive a payment, loan, or benefit under a program.

Preliminary Forgiven

Preliminary forgiven is the total amount of all forgiven fields (storage, interest, and principal).

Principal Producer

Principal producer is the producer who receives the largest share of the proceeds from the bale of cotton, or any 1 of the producers who all receive equal shares of the proceeds from the bale of cotton.

Program Interest Rate

Program interest rate is CCC's interest rate in effect on the Advance/LDP Date [31] adjusted for any applicable January 1 rate changes.

Exhibit 2

Definitions of Terms Used in This Handbook (Continued)

Reasonable Out-of-Pocket Expenses

Reasonable out-of-pocket expenses are expenses that are above normal day-to-day costs of doing business.

Rejected Bales

Rejected bales are not processed into ACRS. They occur when:

- CCC is not the holder on EWR
- duplicate gin tag or warehouse receipt has received benefits
- field formatting is incorrect.

Rejected Transmissions

Rejected transmissions are entire transmissions returned to CMA's and LSA's because of a duplicate transmission number.

Reporting Periods

Reporting periods start with the opening of business each Friday and end at the close of business each Thursday.

Tare Weight

Tare weight is the weight of bale bindings and ties in whole pounds.

Transmission

 --Transmission is an electronic communication of loan data reported to KC-ADC/PSCAO/CLG-- through NITC.

Warehouse Receipt Number

Warehouse receipt number is a number assigned by the storing warehouse identifying the specific bale of cotton. The warehouse receipt must comply with 7 CFR 1427.19.

COTTON COOPERATIVE LOAN AGREEMENT

1. Date of Agreement (Day, Month, Year)	2. Name of Cooperative

NOTE: The following statements are made in accordance with the Privacy Act of 1974 (5 USC 552a) and the Paperwork Reduction Act of 1980, as amended. The authority for requesting the information to be supplied on this form is the Agricultural Act of 1949, as amended, the Federal Agriculture Improvement and Reform Act of 1996, the Commodity Credidt Corporation Charter Act, as amended, and regulations (CFR 1425 and 7 CFR 1427). The information requested is necessary in order to participate in the loan and loan deficiency payment (LDP) program. No further monies or other benefits may be paid out under this program unless this form is completed and filed as required by existing law and regulations (7 CFR Part 1427.19) This information may be furnished to any agency responsible for enforcing the provisions of this program. This program or activity will be conducted on a nondiscriminatory basis without regard to race, color, religion, national origin, age, sex, marital status, or disability.

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Agriculture, Clearance Office, OIRM (OMB No. 0560-0040), Stop 7630, Washington, D.C. 20250. *RETURN COMPLETED FORM TO THE DIRECTOR, PRICE SUPPORT DIVISION, USDA, FSA, STOP 0512, WASHINGTON, D.C. 20013*

This agreement is entered into on the date indicated above by and between the Commodity Credit Corporation, Washington, DC, an agency of the United States (hereinafter called "CCC") and the authorized cooperative indicated above (hereafter referred to as the "Cooperative").

WITNESSETH:

WHEREAS, loans and LDP's for upland cotton and loans for extra long staple cotton of any crop will be made available by CCC under applicable program regulations; and

WHEREAS, on the basis of represenations by the Cooperative pursuant to 7 CFR Part 1425, the Cooperative has been approved to enter into a Cotton Cooperative Loan Agreement with CCC under which the Cooperative may utilize a Servicing Agent Bank to obtain loans and loan deficiency payments on behalf of its members with respect to cotton produced by its members.

NOW THEREFORE, in consideration of the premises, the parties hereto agree as follows:

1. Basis for CCC Loan. CCC, or an agent of CCC acting on behalf of CCC, shall make a loan to the cooperative with respect to eligible cotton, as defined in 7 CFR 1427.5, which is pledged as collateral for such a loan. The amount of the loan shall be determined in accordance with 7 CFR Part 1427. The terms and conditions of this Agreement incorporate by reference the regulations set forth in title 7 of the Code of Federal Regulations.

2. Tender of Loan Documents. In order to obtain advances on cotton of a particular crop under this Agreement, the Cooperative shall tender warehouse receipts, or amend electronic warehouse receipts (EWR) to show CCC as holder, and other such documents as directed by CCC.

3. Loan Indebtedness. The loan indebtedness payable by the Cooperative to CCC shall consist of: (A) principal advances; (B) all charges and expenses set forth in 7 CFR Part 1427 including handling, compression, transportation, reconcentration, and storage charges; and (C) interest which has accrued with respect to such advances and charges as provided in 7 CFR Part 1427.

CCC-Cotton G, (10-09-96), Page 2

4. Right to Redeem.

    (a) Prior to maturity of the loan indebtedness with respect to cotton of a particular crop, the Cooperative shall have the right to redeem all or any part of the cotton of such crop upon payment to CCC of the loan indebtedness with respect to the cotton being redeemed and providing such documents as directed by CCC. The Cooperative shall not enter into any agreement limiting its right to redeem and market any cotton pledged to CCC under this Agreement. Cotton redeemed by the Cooperative will be ineligible for retender to CCC for any loan or LDP.

    (b) CCC may release warehouse receipts to the Cooperative or amend EWR's to show Cooperative as holder against trust receipts acceptable to CCC provided the Cooperative has furnished to CCC, to assure performance by the Cooperative of its obligations under the trust receipts, a certified or cashier's check payable to CCC or irrevocable commercial letter of credit acceptable to CCC in an amount equal to the estimated loan indebtedness with respect to the cotton represented by the warehouse receipts to be released on trust. Warehouse receipts released against trust receipts shall be returned or EWR's amended to show CCC as holder within the period provided in the trust receipts unless the Cooperative has redeemed such cotton.

5. Obligation to Redeem.

    (a) If any lien (other than a warehouseman's lien authorized by 7 CFR Part 1427) is asserted against CCC in connection with cotton pledged to CCC under this Agreement, CCC will notify the Cooperative. The Cooperative shall redeem such cotton by payment of the loan indebtedness with respect to such cotton within 30 days after the lien is asserted against CCC, if the Cooperative has not reached a settlement with the person asserting such lien. The Cooperative shall notify CCC promptly after reaching any such agreement. The Cooperative agrees to hold CCC harmless from any liability to anyone asserting such a lien and to defend any action filed against CCC by anyone asserting such a lien. The Cooperative likewise agrees to hold purchasers of such cotton from CCC harmless from any liability to anyone asserting a lien on such cotton (other than a warehouseman's lien authorized in the storage agreement between CCC and the warehouseman) and to defend any action filed against a purchaser of such cotton by anyone asserting such a loan.

    (b) If the Cooperative does not fulfill its obligations with respect to any cotton pledged to CCC under this Agreement or makes any fraudulent representation with respect to such cotton, the Cooperative shall, upon demand by CCC, redeem such cotton by payment of the loan indebtedness with respect to such cotton.

6. Performance Security. When the number of bales of any crop tendered to CCC and not redeemed multiplied by $6.40 exceeds the Cooperative's net worth, the Cooperative shall furnish CCC with a certified or cashier's check payable to CCC, an irrevocable commercial letter of credit in the form approved by CCC, or a bond conditioned on the Cooperative fully discharging all of its obligations under this Agreement or such other manner as determined by CCC. Such security shall be in such an amount as is determined by CCC to be necessary to protect CCC.

7. Cooperative to Bear All Servicing Fees. All fees assessable by the Servicing Agent Bank shall be borne by the Cooperative.

8. Reimbursement for Charges. CCC may specifically authorize the Cooperative to pay charges incurred in the handling, compression, transportation, reconcentration and storage of cotton under loan to CCC. The amount of such reimbursed charges shall be added to the loan amount.

9. Notification of Ineligible Cotton. If the Cooperative obtains evidence that any cotton on which it has obtained a loan advance from CCC was not eligible for a loan advance from CCC, the Cooperative shall immediately make a report to the Price Support Division, Farm Service Agency, and upon demand by CCC, the Cooperative shall redeem such cotton.

CCC-Cotton G, (10-09-96), Page 3

10. <u>Liquidated Damages</u>. Failure of the Cooperative to comply with the eligibility requirements of this Agreement will cause serious and substantial program damages to CCC, such as damage to its loan and LDP program and the incurring of certain administrative and other special costs which are not part of the loan indebtedness, in addition to any amounts for which the Cooperative may be liable under this Agreement. Inasmuch as it will be difficult, if not impossible, to prove the exact amount of such program damages, the Cooperative shall pay to CCC as liquidated damages an amount equal to $13.00 for each bale of cotton on which an advance or LDP is obtained under this Agreement, but which is not eligible cotton. It is agreed by the Cooperative and CCC that such liquidated damages are reasonable estimates of the probably actual damages that would be incurred by CCC. Such liquidated damages shall be paid by the Cooperative promptly upon demand. Also, the Cooperative shall redeem such cotton upon demand by CCC, as provided in this Agreement, and, upon its failure to redeem such cotton, whether or not demand for redemption is made by CCC, shall be liable for any additional amounts provided in this Agreement. Notwithstanding the foregoing provisions of this paragraph, if it is determined by CCC that the Cooperative did not have knowledge of the ineligibility of the cotton when it was tendered to CCC and that the Cooperative followed a procedure which reasonably could be expected to prevent the tender of ineligible cotton to CCC, liquidated damages shall not be payable to CCC and, if the cotton is made eligible for loan within 90 days from the date notification that it is ineligible is given to the Cooperative by CCC, the cotton need not be redeemed.

11. <u>Accounts and Records</u>. The Cooperative shall keep such accounts and records and shall furnish such information and reports in connection with transactions relating to this Agreement as may be prescribed or requested by CCC subject to the approval of the Office of Management and Budget in accordance with the Paperwork Reduction Act of 1980. Duly authorized representatives of the U.S. Department of Agriculture may examine the accounts and records of the Cooperative for any crop at all reasonable times. All records must be kept for 5 years.

12. <u>Continuing Agreement</u>. This Agreement shall become effective for the 1996 crop of cotton and remain effective for each subsequent crop for which the Cooperative remains approved by CCC in accordance with 7 CFR 1425.

IN WITNESS THEREOF, the parties hereto have executed this Agreement, in duplicate to be executed on the date in Item 1.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Use the SF-LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee", then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).

11. Enter the amount of compensation paid or reasonable expected to be paid by the reporting entity (item 4) to the lobbying entity (item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

16. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503.

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Agriculture, Clearance Office, OIRM (OMB No. 0560-0040), Stop 7630, Washington, D.C. 20250. RETURN COMPLETED FORM TO THE DIRECTOR, PRICE SUPPORT DIVISION, USDA, FSA, STOP 0512, WASHINGTON, D.C. 20013.

This agreement is entered into on the date indicated above by and between the Commodity Credit Corporation, Washington, DC, an agency of the United States (hereinafter called "CCC") and the authorized cooperative indicated above (hereafter referred to as the "Cooperative").

WITNESSETH:

WHEREAS, Cooperatives approved to participate in the cotton loan and LDP program on behalf of their members place cotton under loan to CCC which may be reconcentrated from one location to another.

WHEREAS, these same Cooperatives possess individual detailed bale information for bales of cotton that must be reconcentrated; and

WHEREAS, detailed bale information is necessary for the reconcentration of cotton.

NOW THEREFORE, in consideration of the premises, the parties hereto agree as follows:

1. CCC will notify the Cooperative of the scheduled number of bales of cotton to be reconcentrated, the shipping warehouse(s), and the receiving warehouse(s).

2. The Cooperative may redeem any cotton selected for reconcentration within ten (10) days after receiving a notification of reconcentration.

3. Unredeemed cotton will be reconcentrated in the following manner:

   (a) CCC will furnish the Cooperative and shipping warehouse with a shipping order (KC-1659) which will be the authorization for reconcentration, and it will include shipping instructions for the Cooperative. The shipping order will show the number of bales to be shipped, shipping warehouse, receiving warehouse, intermediate warehouse (if applicable), carrier, freight rate, and reconcentration order (R/O) number. The R/O number will cover the complete reconcentration.

Exhibit 12
(Par. 428)

CCC-Cotton G4, Cotton R/O Agreement (Continued)

CCC-Cotton G4, (10-09-96), Page 2

(b) CCC will provide written authorization to the servicing agent bank to release a specified number of individual warehouse receipts to the Cooperative, to exchange block receipts with the Cooperative for new block receipts (minus a number of bale tag numbers specified by CCC), or instruct applicable EWR provider to amend EWR's to show warehouse as holder for reconcentration.

(c) As a condition to release or exchange warehouse receipts the Cooperative must furnish a trust receipt to cover the reconcentration and, at CCC's option may provide an irrevocable letter of credit, in the form approved by CCC, or bond. Such performance security shall be in an amount as determined by CCC, based upon the number of bales to be reconcentrated, to be sufficient to protect CCC in the event the Cooperative fails to fully discharge all of its obligations under this agreement. CCC shall reimburse the Cooperative for the cost of the letter of credit or bond.

    (d) The Cooperative will use batch sequence numbers from completed CCC-719 as lot numbers to control the shipments. It will also prepare bale tag lists of the cotton to be transported and send them to the shipping, intermediate (if applicable), and receiving warehouses and to the servicing agent bank.

    (e) The Cooperative will send the new individual warehouse receipts, block receipt, or EWR numbers for EWR's that have been amended to show CCC as holder to the servicing agent bank. The Cooperative will obtain a shipping and receiving list showing the old and new warehouse receipt numbers or bale tag numbers when individual receipts are not used and bale weights from the receiving warehouse.

    (f) The Cooperative may redeem all bales of cotton damaged to the extent that they would otherwise be ineligible to be placed under loan to CCC. The Cooperative will immediately forfeit and initiate claims action against the responsible party for all lost and unredeemed damaged bales of cotton. Any amount obtained from such claim action for a bale of cotton up to and equal to the loan value plus accumulated interest for such bale of cotton will be relinquished to CCC. Any additional amount will be retained by the Cooperative.

    (g) The Cooperative will initiate a claims action against the responsible party for any weight loss in excess of ten (10) pounds for a bale of cotton. All amounts obtained from such claims action will be relinquished to CCC and credited to the Cooperative's account.

    (h) The Cooperative will pay all contract charges resulting from the reconcentration. These may include, but not be limited to, receiving, loadout, storage, compression, and freight charges. Evidence of such payment shall be maintained for five years to allow a subsequent review of such action.

4. The Cooperative will obtain reimbursement for all contract charges (except administrative costs) as provided in 21-CN.

5. CCC will reimburse the Cooperative for reasonable out-of-pocket expenses incurred as a result of making payments of reconcentration charges that are above the normal day-to-day cost of doing business. Reasonable out-of-pocket expenses exclude normal expenses the Cooperative would have incurred in the absence of reconcentration activity.

    (a) Itemized expenses must be invoiced to the Controller, CCC, Stop 2415, Washington, DC 20013, for reimbursement. Each invoice must contain the following certification:

"The Cooperative certifies that the expenses listed in this invoice are out-of-pocket expenses over and above the normal cost of doing business incurred by the Cooperative during the reconcentration of cotton as directed by CCC."

_____
(Signature of Cooperative Officer)

    (b) Out-of-pocket expenses claimed will be subject to audit and records must be maintained for five years. If the expenses are found to be excessive and an overpayment occurs, the overpayment will be refunded to CCC plus interest from the date of disbursement using the CCC loan interest rate in effect at the time of disbursement. Late payment charges will be added for refunds not made within 30 days from the date of notice.
