

WHAT YOU SHOULD KNOW ABOUT A FEDERAL SPECIAL PURPOSE GAME BIRD PERMIT

A Federal Migratory Bird Special Purpose Game Bird permit will authorize you to acquire, purchase, possess, transfer, sell, donate, or otherwise dispose of to another person, migratory game birds (excluding waterfowl) that are captive-reared and properly marked, including their eggs. (A Waterfowl Sale and Disposal permit is required to sell, donate, or otherwise dispose of to another person, any species of captive-reared and properly marked waterfowl or their eggs.) You should review Title 50 Parts 10, 13 and 21.27 of the Code of Federal Regulations (CFR). **You are responsible for reviewing and understanding these regulations before you request and accept a permit.** These regulations can be found on our website at: <http://www.fws.gov/permits/ltr/ltr.shtml>. Below is a review of several sections pertinent to a Federal Migratory Bird Special Purpose Game Bird permit.

1. Do I need a permit to acquire, purchase, possess, transfer, sell, donate or otherwise dispose of migratory game birds?

Yes. Anyone who wishes to conduct these activities with migratory game birds other than waterfowl must first obtain a Special Purpose Game Bird permit.

2. Can I take migratory game birds from the wild?

No. You may not take migratory game birds or their eggs from the wild. Anyone who transfers migratory game birds to you must have a valid Special Purpose Game Bird permit.

3. What documentation is required when I transfer game birds to another person?

The person you sell to or buy from must also have a Special Purpose Game Bird permit. Each time you transfer game birds to another person, you will be required to complete a Form 3-186a, Migratory Bird Acquisition and Disposition Report. These forms are available on our website at: <http://forms.fws.gov/3-186.pdf> or can be supplied by the Service. You will furnish the original of the form to the person acquiring the birds or eggs, retain one copy in your files as a record of your operations, and mail two copies of each form completed to your Regional Migratory Permit Office on or before the last day of each month.

4. What species of migratory game birds can I propagate with a Special Purpose Game Bird permit?

The following species are eligible for propagation with this permit:

<u>Family</u>	<u>Common Name</u>
Scolopacidae	Common snipe and American woodcock
Columbidae	Band-tailed pigeon, Bridled quail-dove, Common ground-dove, Inca dove, Key West quail dove, Mourning dove, Plain pigeon, Red-billed pigeon, Ruddy ground-dove, Ruddy quail-dove, Scaly-naped pigeon, White-crowned pigeon, White-tipped dove, White-winged dove, Zenaida dove
Gruidae	Sandhill crane (except Mississippi subspecies)
Rallidae	Clapper rail, King rail, Virginia rail, Sora, Purple gallinule, American coot and Common moorhen

5. Do I need to mark migratory game birds that I propagate?

All live migratory game birds (including offspring) possessed in captivity under authority of a valid Special Purpose Game Bird permit must, prior to 6 weeks of age, be physically marked using one of the following methods:

- (a) Removing the hind toe from the right foot.
- (b) Pinioning of a wing by removing the metacarpal bones of one wing or a portion of the metacarpal bones thereby rendering the bird permanently incapable of flight.
- (c) Banding one metatarsus with a seamless metal band.
- (d) Tattooing a readily discernible number or letter or combination thereof on the web of one foot.

6. Do I need a State permit to possess and sell migratory game birds?

Your permit is not valid unless you also are in compliance with State requirements. This means that if your State requires you to have a permit to sell or transfer migratory game birds, you must hold a valid State permit in order for your Federal permit to be valid. It is your responsibility to make sure you comply with State permit requirements.

7. Will anyone inspect my records or propagation activities?

By accepting a Special Purpose Game Bird permit, you authorize an agent of the Service to enter your premises at any reasonable hour to inspect the wildlife you hold, your books and records. (See 50 CFR 13.47)

8. What is required to transfer my permit to a new location?

Any address change or other circumstances that affect your permit, must be reported to your Regional Migratory Bird Permit Office in writing within 10 days so your permit can be amended. (See 50 CFR 13.23)

9. Will I be required to keep records of my activities?

Yes. You must maintain accurate records of operations on a calendar-year basis. Your records should reflect the species of game bird you possessed during the reporting year, total number at the start of the year, method of marking, number raised, sold or traded, and the total number at the end of each year.

10. Will I be required to submit an annual report of activities?

Yes. You will receive an annual report form from your Regional Migratory Bird Permit Office. Reports can also be found on our website at www.permits.fws.gov/mbpermits/birdbasics.html. This report must be completed and submitted to your issuing office by January 31 of each year.

11. How do I renew my permit?

A renewal letter or form and annual report form will be sent to you at least 60 days prior to the expiration of your permit. If you wish to renew your permit, you must return the completed renewal to your Regional Migratory Bird Permit Office at least 30 days prior to the expiration of your permit and include a copy of your current State license, if one is required. If we receive your renewal request at least 30 days prior to the expiration of your permit, your permit will remain valid beyond the expiration date for the activity authorized on your permit until a decision on your renewal is made. If you allow your permit to expire before requesting renewal, you may be required to submit a new application. (See 50 CFR 13.22 and 13.11(c))
