

States. The debt need not be reduced to judgment or be undisputed.

(b) The feasibility of collecting a debt by administrative offset will be determined on a case-by-case basis considering among other factors the following:

(1) Legal impediments to administrative offset, such as contract provisions, or degree of certainty as to the factual basis (other than the debt amount) of the Government's claim.

(2) Practicality, considering such questions as costs in time and money of administrative offset relative to the size of the debt.

(3) Whether offset would substantially interfere with or defeat the purposes of a program authorizing payments against which offset is contemplated, as where payment is an advance for future performance by the debtor of a service the Government desires.

(4) Whether the agency has substantiated the existence of the debt.

(c) The offset will be effected 31 days after the debtor receives a Notice of Intent to Collect by Administrative Offset, or when a stay of offset expires, unless the agency determines under § 3.26 that immediate action is necessary. If the debtor owes more than one debt, amounts recovered through administrative offset may be applied to them in any order, with attention to applicable statutes of limitation.

(d) These procedures will be used to collect any debt subject to 31 U.S.C. 3716, including contract debts, but not including intracontractual claims or intracontractual disputes. A contracting officer administering a claim under the Contract Disputes Act (CDA), 41 U.S.C. 601-613 must promptly refer the claim to the agency debt management officer for consideration of administrative offset apart from CDA proceedings.

(e) An agency debt management officer will determine the prima facie existence of the debt, the feasibility of administrative offset as a means of collection and what monies, if any, are payable or may become payable to the debtor. No agency employee may act as debt management officer for the consideration of collection by administra-

tive offset in a matter for which the employee was a contracting officer.

(f) An agency reviewing officer will afford debtors review of the issue of administrative offset under these rules. No agency employee may act as a reviewing officer for the consideration of collection by administrative offset in a matter for which the employee was a contracting officer or a debt management officer.

§ 3.24 Coordinating administrative offset with other Federal agencies.

(a) A Government list or other notice, naming debtors and their creditor agencies, which is provided to USDA will constitute a request for administrative offset.

(b) Any agency which requests another agency to effect administrative offset must certify that the debtor owes the debt (including the amount and basis of the debt and the due date of the payment) and that all of the applicable requirements of 31 U.S.C. 3716 and 4 CFR part 102 have been met.

(c) An agency which is requested by another agency to effect administrative offset must not do so without obtaining a written certification that the debtor owes the creditor agency a debt (including the amount and basis of the debt and the due date of the payment) and that all of the applicable requirements of 31 U.S.C. 3716 and 4 CFR part 102 have been met. An offsetting USDA agency may rely on the information contained in a requesting creditor agency's certification.

(d) Only a creditor agency may agree to an installment repayment system or compromise, suspension or termination of the collection process.

(e) A USDA agency which is requested by another agency to effect administrative offset may decline for good cause. Good cause includes direct or indirect disruption of the offsetting agency's essential program operations that might result from the offset. The refusal and the reasons must be sent in writing to the creditor agency.
