

§ 3015.193

year following the amendment's publication in the FEDERAL REGISTER.

§ 3015.193 Other non-profit organizations.

(a) OMB Circular No. A-122, including any subsequent amendments to the Circulars published in the FEDERAL REGISTER by OMB, shall be used in determining the allowable costs of activities conducted by nonprofit organizations under grants, cooperative agreements, cost reimbursement contracts, and other contracts in which costs are used in pricing, administration, or settlement. It does not apply to colleges or universities which are covered by Circular A-21; State, local and federally recognized Indian Tribal governments which are covered by Circular A-87, or hospitals.

(b) Future amendments to the Circular, unless otherwise prescribed by OMB, shall go into effect at the time the initial award is made to the recipient.

§ 3015.194 For-profit organizations.

The principles to be used when determining the allowable costs of activities conducted by for-profit organizations are contained in the Federal Acquisition Regulation at 48 CFR Subpart 31.2. Exception: Independent research and development costs including any indirect costs allocable to them are unallowable. Independent research and development are defined in the Federal Acquisition Regulation at 48 CFR 31.205-18.

[60 FR 44124, Aug. 24, 1995]

§ 3015.195 Subgrants and cost-type contracts.

USDA cost principles applicable to a cost-type contractor or a subrecipient will not necessarily be the same as those applicable to the recipient. For example, where a State government awards a subrecipient or cost-type contract to an institution of higher education, OMB Circular A-21 would apply to the costs incurred by the institution of higher education even though OMB Circular A-87 would apply to the costs incurred by the State.

7 CFR Ch. XXX (1-1-05 Edition)

§ 3015.196 Costs allowable with approval.

Each set of cost principles specifically identifies certain costs that, in order to be allowable, must be approved by the awarding agency. Other costs do not require approval. The following procedures govern approval of these costs:

(a) When costs are allocated in accordance with a government-wide cost allocation plan or when treated as indirect costs, acceptance of the costs as part of the indirect cost rate or cost allocation plan shall constitute approval.

(b)(1) All direct costs must be approved in advance by the awarding agency.

(2) When costs are specified in the budget, approval of the budget shall constitute approval of the cost.

(3) Specific prior approval in writing from the awarding agency is required if the costs are not specified in the budget, or if there is no approved budget. For this purpose the prior approval procedures of Subpart M shall be followed, except that, for formula or mandatory grants, the awarding agency's written approval may be signed by any authorized official of the awarding agency.

(c) The awarding agency may waive or conditionally waive the requirement for its approval of the costs. A waiver, as such, shall be applicable only to the requirement for approval. If it is determined, by audit or otherwise, that the costs do not meet other requirements or tests for allowability specified by the applicable cost principles, such as reasonableness and necessity, the costs may be disallowed.

(d) In the case of subgrants and cost-type contracts, no approval shall be given which is inconsistent with the purpose or the provisions of the Federal grant.

Subpart U—Miscellaneous

§ 3015.200 Acknowledgement of support on publications and audiovisuals.

(a) *Definitions.* Appendix A defines "audiovisual," "production of an audiovisual," and "publication."

(b) *Publications.* Recipients shall have an acknowledgement of awarding agency support placed on any publications written or published with grant support and, if feasible, on any publication reporting the results of, or describing, a grant-supported activity.

(c) *Audiovisuals.* Recipients shall have an acknowledgement of awarding agency support placed on any audiovisual which is produced with grant support and which has a direct production cost to the recipient of over \$5,000. Unless the other provisions of the grant award make it apply, this requirement does not apply to:

(1) Audiovisuals produced under mandatory or formula grants or under subgrants.

(2) Audiovisuals produced as research instruments or for documenting experimentation or findings and not intended for presentation or distribution to the general public.

(d) *Waivers.* Awarding agencies may waive any requirement of this section.

§ 3015.201 Use of consultants.

(a) *Definition.* Appendix A defines “consultant.”

(b) *Applicability.* This section applies only to the use of consultants whose fees are supported by a grant, subgrant, or cost-type contract.

(c) *Basic policy—(1) Prior approval.* Awarding agencies shall not require prior approval for the use of consultants.

(2) *Exceptions.* (i) In unusual cases, using a consultant may constitute a transfer of substantive programmatic work, which requires prior approval under discretionary grants.

(ii) Consulting fees paid by an organization to its own employees require prior approval.

(d) *Use of an organization’s own employees—(1) Faculty members of education institutions.* Charges representing extra compensation (above base salary) paid by an educational institution to a salaried member of its faculty for consulting work are allowable only in unusual cases, and only if both of the following conditions exist:

(i) The consultation is across departmental lines or involves a separate or remote operation; and

(ii) The work performed by the consultant is in addition to his or her regular departmental load.

(2) *All other cases.* In all other cases, consulting fees paid in addition to salary by recipients or cost-type contractors to people who are also their employees may be supported by a grant, subgrant, or cost-type contract only in unusual cases, and only if all of the following three conditions exist:

(i) The policies of the recipient or contractor permit such consulting fee payments to its own employees regardless of whether Federal grant funds are involved;

(ii) The work involved is clearly outside the scope of the person’s salaried employment; and

(iii) It would be inappropriate or not feasible to compensate for the additional work by paying additional salary to the employee.

(3) *Requirement for approval.* Consulting fees paid under this section must have a specific prior approval in writing from the Head of the recipient or contractor or from his or her designated representative. If the recipient or contractor is a government, the approval may be given by the Head (or a designated representative of the Head) of the government agency which is primarily responsible for administering or carrying out the project or program. If the designated representative is personally involved in the project or program under consideration, the approval may be given only by the Head. If the Head is personally involved in the project or program under consideration, prior approval from the awarding agency is required. Such prior approval must include a determination that the applicable requirements in paragraph (d) (1) or (2) of this section are present.

(e) *Documentation standards.* (1) Charges for consulting payments must be supported in the records of the recipient or cost-type contractor by an invoice from the consultant and a copy of the written report (if a report is appropriate) or other documented evidence of the work performed from the consultant.

(2) If any of the following information is not shown on the invoice and/or
