Introducing 

**Search more than 19,000 items in this
1970s-forward collection**

- Quickly retrieve citations and reports using Basic Search
- Refine searches using Advanced Search
- Sort and organize for more meaningful search results

*A valuable source of DOE-sponsored
geothermal information
at your fingertips!*

**Find important historical and current citations
and reports from:**

- DOE and its national laboratories
- U.S. industry
- International sources

*Stay better informed of developments in
geothermal technology...gain insights
from studies in the field since the 1970s*

The Geothermal Technologies Legacy Collection
is sponsored by the
Geothermal Technologies Program,
DOE Energy Efficiency and
Renewable Energy (EERE),
and is developed and maintained by
the DOE Office of Scientific and
Technical Information (OSTI).
