SUBJECT: EOP – National Disability Awareness Month

TO: All NRCS Employees

File Code: 230

“Workers with Disabilities: Talent for a Winning Team” is the theme for the October 2007 National Disability Awareness Month. People with disabilities make up the largest and most inclusive minority group in the United States. It includes individuals of all ages, gender, and sexual orientation, as well as people from all socioeconomic, religious, and ethnic groups.

People with disabilities are important contributors in the workforce and NRCS embraces the diversity and unique perspectives brought with them. As we work with people with disabilities, let us recognize their talents as part of the NRCS winning team.
