SUBJECT: Distribution of Public Law 95-113, Section 1433, Animal Health and
Disease Research Funds for Fiscal Year (FY) 2007

Included in this e-mail transmission is a copy of the CSREES-OD-1088-D, Distribution of Animal Health and Disease Research Funds, for FY 2007. The distribution identifies funds for the Small Business Innovation Research Program, reflecting the requirement that not less than 2.5 percent of the funds be set aside for that purpose in FY 2007. The distribution also identifies a set-aside for biotechnology risk assessment.

A Planning & Reporting page has been established on our website to assist you in locating the requirements, due dates, and submission information for the Animal Health and Disease Research funds and all other Formula funds. The research and extension formulas are organized in groups for the three land-grant types: 1862 land-grant institutions, 1862 land-grant institutions in the U.S. territories, and 1890 land-grant institutions. Since funding continues to be contingent upon meeting planning and reporting requirements, you may want to have your administrative staff bookmark the following web link for easy access to fillable forms and due dates for all formula funds:

http://www.csrees.usda.gov/business/reporting/form_report.html

Additionally, we will continue to email you regarding important information regarding all of the formula funds you receive. This information is released in "Formula Funds Bulletins," which are maintained at our "Formula Funds News Updates" web page:

If you have any questions, please contact Barry Sims, Staff Accountant, Policy, Oversight, and Funds Management Branch, Office of Extramural Programs, at 202-205-0453 or electronic mail to bsims@csrees.usda.gov.
