The storage and handling rates contained in the CCC Schedule of Rates will apply to the corn until loaded out, provided the transferee, in writing, orders the corn loaded out for immediate shipment within 30 days after the date title is transferred. If the transferee does not request, in writing, load out within 30 days after the date title is transferred, the storage and handling rates applicable to the transferee for the corn shall not exceed CCC's Schedule of Rates in effect at the time of title transfer until the earlier of: 1) 60 days, or 2) title to the corn is transferred by the transferee to another party, or 3) the transferee loads the corn out of the warehouse.

Any differences between quantity and quality of CCC-owned bulk corn received by the contractor are to be settled between the storing warehouse operator and the contractor. CCC will not facilitate this settlement.

The contractor will maintain records evidencing product origin and will make such records available for review by the Government.

SUBMISSION OF OFFERS

CCC reserves the right to refuse to consider an offer if KCCO does not have adequate information to determine the responsibility of offeror, financially or otherwise. First time CCC offerors, for corn-soy blend contracts, should notify CCC prior to submission of an offer.

Offeror may bid for delivery to multiple delivery locations for the corn-soy blend; however, the entire quantity up to 8,280 MT must be delivered to one location.

Bids must be submitted by facsimile. In all cases, bids shall be addressed to: **Kansas City Commodity Office, International Procurement Division Bid Box: Commodity Exchange No. 51**

- Facsimile Numbers are 816-926-6381 or 816-926-6767. For facsimile submission assistance, please
- KC Administrative Office Communications Center at 816-823-1012.

The time recorded by the facsimile as offeror's transmission time will be used to determine the

time of receipt by CCC. OFFERORS ARE RESPONSIBLE FOR THE TIMELY RECEIPT OF OFFERS AND ANY AMENDED OFFERS. No offers, modifications, or withdrawals will be accepted by telephone.

EVALUATION OF OFFERS

Offers will be evaluated based on the quantity of corn-soy blend offered in relation to the value of CCC-owned bulk corn to be acquired by the offeror in this exchange, as determined by CCC. The lowest-landed cost to the Government to deliver the products to overseas destination shall be used as a factor to evaluate offers. Offers for which the Government has not received matching ocean freight offers/indications shall not be considered. CCC reserves the right to accept offers most advantageous to the Government, which may not necessarily reflect the lowest exchange ratio or the lowest-landed cost. Offers will be evaluated on an “all-or-none” basis for the entire quantity of CCC-owned corn in exchange for a quantity up to 8,280 MT of corn-soy blend. The quantity of corn-soy blend to be delivered will not be split between multiple delivery locations.
