Statement of
Chairman Joseph T. Kelliher

On Being Re-nominated by President George W. Bush

"I am deeply honored that President Bush has announced his intent to re-nominate me for a second term at the Federal Energy Regulatory Commission. This expression of confidence is humbling, and I look forward to the opportunity to continue in public service to my Country. I consider the President's announcement a tribute to the hard work of Commission staff, and recognition of all that the staff, my colleagues and I have accomplished. The Commission is charged with protecting the public and we undertake this trust seriously and conscientiously."
