

requirements and for delineating the roles of RMA personnel and the procedures that will be followed in administering the agreement and will afford an opportunity for the orderly transition of agreement duties and obligations if different personnel are to assume post-award responsibility. ## VIII. Other Information

### A. Dun and Bradstreet Data Universal Numbering System (DUNS)

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. The Office of Management and Budget published a notice of final policy issuance in the **Federal Register** June 27, 2003 (68 FR

38402) that requires a DUNS number in every application (*i.e.*, hard copy and electronic) for a grant or cooperative agreement on or after October 1, 2003. Therefore, potential applicants should verify that they have a DUNS number or take the steps needed to obtain one. For information about how to obtain a DUNS number, go to <http://www.grants.gov>. Please note that the registration may take up to 14 business days to complete.

### B. Required Registration With the Central Contract Registry for Submission of Proposals

The Central Contract Registry (CCR) is a database that serves as the primary Government repository for contractor information required for the conduct of business with the Government. This database will also be used as a central location for maintaining organizational information for organizations seeking and receiving grants from the Government. Such organizations must register in the CCR prior to the submission of applications. A DUNS number is needed for CCR registration. For information about how to register in the CCR, visit "Get Started" at the Web site, <http://www.grants.gov>. Allow a minimum of 5 business days to complete the CCR registration.

### C. Related Programs

Funding availability for this program may be announced at approximately the same time as funding availability for similar but separate programs—CFDA No. 10.455 (Community Outreach and Assistance Partnerships), CFDA No. 10.456 (Risk Management Research Partnerships), CFDA No. 10.458 (Crop Insurance Education in Targeted States), and CFDA No. 10.459 (Commodity Partnerships Small Sessions Program). These programs have some similarities, but also key differences. The differences stem from important features of each program's authorizing legislation and different RMA objectives. Prospective applicants should carefully examine and compare the notices for each program.

**Full Text of Announcement**

**I. Funding Opportunity Description**

*A. Legislative Authority*

The Targeted States Program is authorized under section 524(a)(2) of the Federal Crop Insurance Act (Act).

*B. Background*

RMA promotes and regulates sound risk management solutions to improve

the economic stability of American agriculture. On behalf of FCIC, RMA does this by offering Federal crop insurance products through a network of private-sector partners, overseeing the creation of new risk management products, seeking enhancements in existing products, ensuring the integrity of crop insurance programs, offering outreach programs aimed at equal access and participation of underserved communities, and providing risk management education and information. One of RMA's strategic goals is to ensure that its customers are well informed as to the risk management solutions available. This educational goal is supported by section 524(a)(2) of the Act. This section authorizes funding for the establishment of crop insurance education and information programs in States that have historically been underserved by the Federal crop insurance program. In accordance with the Act, the fifteen States designated as "underserved" are Connecticut, Delaware, Maine, Maryland, Massachusetts, Nevada, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Utah, Vermont, West Virginia, and Wyoming (collectively referred to as "Targeted States").

*C. Project Goal*

The goal of the Targeted States Program is to ensure that farmers and ranchers in the Targeted States are sufficiently informed so as to take full advantage of existing and emerging crop insurance products.

*D. Purpose*

The purpose of the Targeted States Program is to provide farmers and ranchers in Targeted States with education and information to be able to understand:

- The kinds of risk addressed by crop insurance;
- The features of existing and emerging crop insurance products;
- The use of crop insurance in the management of risk;
- How the use of crop insurance can affect other risk management decisions, such as the use of marketing and financial tools; and
- How to make informed decisions on crop insurance prior to the sales closing date deadline.

**II. Award Information**

*A. Type of Award*

Cooperative Agreements, which require the substantial involvement of RMA.

*B. Funding Availability*

Approximately \$4,500,000 is available in fiscal year 2006 to fund up to 15 cooperative agreements, a maximum of one agreement for each of the Targeted States. The maximum funding amount anticipated for each Targeted State's agreement is as follows. Applicants should apply for funding for that Targeted State where the applicant intends on delivering educational activities.

Maine .....	\$225,000
New Hampshire .....	173,000
Vermont .....	226,000
Connecticut .....	225,000
Rhode Island .....	157,000
Massachusetts .....	209,000
New York .....	617,000
New Jersey .....	272,000
Pennsylvania .....	754,000
Maryland .....	370,000
Delaware .....	261,000
West Virginia .....	209,000
Nevada .....	208,000
Utah .....	301,000
Wyoming .....	293,000
 Total .....	 4,500,000

Funding amounts were determined by first allocating an equal amount of \$150,000 to each Targeted State. Remaining funds were allocated on a pro rata basis according to each Targeted State's share of 2000 agricultural cash receipts relative to the total for all Targeted States. Both allocations were totaled for each Targeted State and rounded to the nearest \$1,000. In the event that additional funds become available under this program or in the event that no application for a given Targeted State is recommended for funding by the evaluation panel, these additional funds may, at the discretion of the Manager of FCIC, be allocated pro-rata to State award recipients for use in broadening the size or scope of awarded projects within the Targeted State if agreed to by the recipient.

In the event that the Manager of FCIC determines that available RMA resources cannot support the administrative and substantial involvement requirements of all agreements recommended for funding, the Manager may elect to fund fewer agreements than the available funding might otherwise allow. It is expected that the awards will be made approximately 60 days after the application deadline. All awards will be made and agreements finalized no later than September 30, 2006.

*C. Location and Target Audience*

Targeted States serviced by RMA Regional Offices are listed below. Staff

from the respective RMA Regional Offices will provide substantial involvement for Targeted States projects conducted within the respective Regions.

Billings, MT Regional Office: (WY).

Davis, CA Regional Office: (NV and UT).

Raleigh, NC Regional Office: (ME, NH, VT, MA, RI, CT, NY, NJ, PA, MD, DE, and WV).

Applicants must designate in their application narrative the Targeted State where crop insurance educational activities for the project will be delivered. Applicants may apply to deliver education to producers in more than one Targeted State, but a separate application must be submitted for each Targeted State.

#### D. Maximum Award

Any application that requests Federal funding of more than the amount listed above for a project in a given Targeted State will be rejected.

#### E. Project Period

Projects will be funded for a period of up to one year from the project starting date.

#### F. Description of Agreement Award

##### Recipient Tasks

In conducting activities to achieve the purpose and goal of this program in a designated Targeted State, the award recipient will be responsible for performing the following tasks:

- Develop and conduct a promotional program. This program will include activities using media, newsletters, publications, or other appropriate informational dissemination techniques that are designed to: (a) Raise awareness for crop insurance; (b) inform producers of the availability of crop insurance; (c) inform producers of the crop insurance sales closing dates prior to the deadline; and (d) inform producers and agribusiness leaders in the designated Targeted State of training and informational opportunities.

- Deliver crop insurance training and informational opportunities to agricultural producers and agribusiness professionals in the designated Targeted State in a timely manner in order for producers to make informed decisions prior to the crop insurance sales closing dates deadline. This will include organizing and delivering educational activities using instructional materials that have been assembled to meet the local needs of agricultural producers. Activities should be directed primarily to agricultural producers, but may include those agribusiness professionals

that have frequent opportunities to advise producers on crop insurance tools and decisions.

- Document all educational activities conducted under the cooperative agreement and the results of such activities, including criteria and indicators used to evaluate the success of the program. The recipient may also be required to provide information to an RMA-selected contractor to evaluate all educational activities and advise RMA as to the effectiveness of activities.

#### G. RMA Activities

FCIC, working through RMA, will be substantially involved during the performance of the funded project through three of RMA's ten Regional Offices. Potential types of substantial involvement may include, but are not limited to the following activities.

- Assist in the selection of subcontractors and project staff.
- Collaborate with the recipient in assembling, reviewing, and approving risk management materials for producers in the designated RMA Region.
- Collaborate with the recipient in reviewing and approving a promotional program for raising awareness for risk management and for informing producers of training and informational opportunities in the RMA Region.
- Collaborate with the recipient on the delivery of education to producers and agribusiness leaders in the RMA Region. This will include: (a) Reviewing and approving in advance all producer and agribusiness leader educational activities; (b) advising the project leader on technical issues related to crop insurance education and information; and (c) assisting the project leader in informing crop insurance professionals about educational activity plans and scheduled meetings.

- Conduct an evaluation of the performance of the recipient in meeting the deliverables of the project.

Applications that do not contain substantial involvement by RMA will be rejected.

#### H. Other Tasks

In addition to the specific, required tasks listed above, the applicant may propose additional tasks that would contribute directly to the purpose of this program. For any proposed additional task, the applicant must identify the objective of the task, the specific subtasks required to meet the objective, specific time lines for performing the subtasks, and the specific responsibilities of partners. The applicant must also identify specific ways in which RMA would have

substantial involvement in the proposed project task.

### III. Eligibility Information

#### A. Eligible Applicants

Eligible applicants include State departments of agriculture, universities, non-profit agricultural organizations, and other public or private organizations with the capacity to lead a local program of crop insurance education for farmers and ranchers within a Targeted State. Individuals are eligible applicants. Although an applicant may be eligible to compete for an award based on its status as an eligible entity, other factors may exclude an applicant from receiving Federal assistance under this program governed by Federal law and regulations (e.g. debarment and suspension; a determination of non-performance on a prior contract, cooperative agreement, grant or partnership; a determination of a violation of applicable ethical standards; a determination of being considered "high risk"). Applications from ineligible or excluded persons will be rejected in their entirety.

#### B. Cost Sharing or Matching.

Although RMA prefers cost sharing by the applicant, this program has neither a cost sharing nor a matching requirement.

### IV. Application and Submission Information

#### A. Contact to Request Application Package

Program application materials for the Targeted States Program under this announcement may be downloaded from <http://www.rma.usda.gov/aboutrma/agreements>. Applicants may also request application materials from: Lon Burke, USDA-RMA-RME, phone: (202) 720-5265, fax: (202) 690-3605, e-mail: [RMA.Risk-Ed@rma.usda.gov](mailto:RMA.Risk-Ed@rma.usda.gov).

#### B. Content and Form of Application Submission

A complete and valid application package must include an electronic copy (Microsoft Word format preferred) of the narrative portion (Forms RME 1 and RME-2) of the application package on a compact disc and an original and two copies of the completed and signed application must be submitted in one package at the time of initial submission, which must include the following:

1. A completed and signed OMB Standard Form 424, "Application for Federal Assistance."
2. A completed and signed OMB Standard Form 424-A, "Budget

Information—Non-construction Programs.” Federal funding requested (the total of direct and indirect costs) must not exceed the maximum level for the respective Targeted State, as specified in section II, Award Information.

3. A completed and signed OMB Standard Form 424-B, “Assurances, Non-constructive Programs.”

4. Risk Management Education Project Narrative (Form RME-1). Complete all required parts of Form RME-1:

Part I—Title Page.

Part II—A written narrative of no more than 10 single-sided pages which will provide reviewers with sufficient information to effectively evaluate the merits of the application according to the evaluation criteria listed in this notice. Although a Statement of Work, which is the second evaluation criterion, is to be completed in detail in RME Form-2, applicants may wish to highlight certain unique features of the Statement of Work in Part II for the benefit of the evaluation panel. If your narrative exceeds the page limit, only the first 10 pages will be reviewed.

- No smaller than 12 point font size.
- Use an easily readable font face (e.g., Arial, Geneva, Helvetica, Times Roman).
- 8.5 by 11 inch paper.
- One-inch margins on each page.
- Printed on only one side of paper.
- Held together only by rubber bands or metal clips; not bound or stapled in any other way.

Part III—A Budget Narrative, describing how the categorical costs listed on SF 424-A are derived.

Part IV—(Not required for Targeted States Program).

5. “Statement of Work,” (Form RME-2), which identifies tasks and subtasks in detail, expected completion dates and deliverables, and RMA’s substantial involvement role for the proposed project.

#### C. Submission Dates and Times

*Applications Deadline:* June 2, 2006, 5 p.m. EDT. Applicants are responsible for ensuring that RMA receives a complete application package by the closing date and time. Incomplete or late application packages will not receive further consideration.

#### D. Funding Restrictions

Cooperative agreement funds may not be used to:

- a. Plan, repair, rehabilitate, acquire, or construct a building or facility including a processing facility;
- b. Purchase, rent, or install fixed equipment;
- c. Repair or maintain privately owned vehicles;

d. Pay for the preparation of the cooperative agreement application;

- e. Fund political activities;
- f. Alcohol, food, beverage, or entertainment;
- g. Pay costs incurred prior to receiving a cooperative agreement;
- h. Fund any activities prohibited in 7 CFR parts 3015 and 3019, as applicable.

#### E. Limitation on Use of Project Funds for Salaries and Benefits

Total costs for salary and benefits allowed for projects under this announcement will be limited to not more than 60 percent reimbursement of the funds awarded under the cooperative agreement. One goal of the Targeted States Program is to maximize the use of the limited funding available for crop insurance education for Targeted States. In order to accomplish this goal, RMA needs to ensure that the maximum amount of funds practicable is used for directly providing the educational opportunities. Limiting the amount of funding for salaries and benefits will allow the limited amount of funding to reach the maximum number of farmers and ranchers.

#### F. Indirect Cost Rates

a. Indirect costs allowed for projects submitted under this announcement will be limited to ten (10) percent of the total direct cost of the cooperative agreement.

b. RMA will withhold all indirect cost rate funds for an award to an applicant requesting indirect costs if the applicant has not negotiated an indirect cost rate with its cognizant Federal agency.

c. If an applicant is in the process of negotiating an indirect cost rate with its cognizant Federal agency, RMA will withhold all indirect cost rate funds from that applicant until the indirect cost rate has been established.

d. If an applicant’s indirect cost rate has expired or will expire prior to award announcements, a clear statement on renegotiation efforts must be included in the application.

e. It is incumbent on all applicants to have a current indirect cost rate or begin negotiations to establish an indirect cost rate prior to the submission deadline. Because it may take several months to obtain an indirect cost rate, applicants needing an indirect cost rate are encouraged to start work on establishing these rates well in advance of submitting an application. The U.S. Office of Management and Budget (OMB) is responsible for assigning cognizant Federal agencies.

f. Applicants may be asked to provide a copy of their indirect cost rate negotiated with their cognizant agency.

#### G. Other Submission Requirements

*Mailed submissions:* Applications submitted through express, overnight mail or another delivery service will be considered as meeting the announced deadline if they are received in the mailroom at the address stated below for express, overnight mail or another delivery service on or before the deadline. Applicants are cautioned that express, overnight mail or other delivery services do not always deliver as agreed. Applicants should take this into account because failure of such delivery services will not extend the deadline. Mailed applications will be considered as meeting the announced deadline if they are received on or before the deadline in the mailroom at the address stated below for mailed applications.

Applicants are responsible for mailing applications well in advance, to ensure that applications are received on or before the deadline time and date. Applicants using the U.S. Postal Service should allow for the extra time for delivery due to the additional security measures that mail delivered to government offices in the Washington DC area requires.

Address when using private delivery services or when hand delivering: Attention: Risk Management Education Program, USDA/RMA/RME, Room 5720, South Building, 1400 Independence Avenue, SW., Washington, DC 20250.

Address when using U.S. Postal Services: Attention: Risk Management Education Program, USDA/RMA/RME/ Stop 0808, Room 5720, South Building, 1400 Independence Ave., SW., Washington, DC 20250-0808.

#### H. Electronic Submissions

Applications transmitted electronically via Grants.gov will be accepted prior to the application date or time deadline. The application package can be accessed via Grants.gov, go to <http://www.grants.gov>, click on “Find Grant Opportunities,” click on “Search Grant Opportunities,” and enter the CFDA number (beginning of the RFA) to search by CFDA number. From the search results, select the item that correlates to the title of this RFA. If you do not have electronic access to the RFA or have trouble downloading material and you would like a hardcopy, you may contact Lon Burke, USDA-RMA-RME, phone: (202) 720-5265, fax: (202) 690-3605, e-mail: [RMA.Risk-Ed@rma.usda.gov](mailto:RMA.Risk-Ed@rma.usda.gov).

#### I. Acknowledgement of Applications

Receipt of applications will be acknowledged by e-mail, whenever possible. Therefore, applicants are

encouraged to provide e-mail addresses in their applications. If an e-mail address is not indicated on an application, receipt will be acknowledged by letter. There will be no notification of incomplete, unqualified or unfunded applications until the awards have been made. When received by RMA, applications will be assigned an identification number. This number will be communicated to applicants in the acknowledgement of receipt of applications. An application's identification number should be referenced in all correspondence regarding the application. If the applicant does not receive an acknowledgement within 15 days of the submission deadline, the applicant should notify RMA's point of contact indicated in Section VII, Agency Contact.

## V. Application Review Information

### A. Criteria

Applications submitted under the Targeted States program will be evaluated within each Targeted State according to the following criteria:

#### Project Benefits—Maximum 35 Points

The applicant must demonstrate that the project benefits to farmers and ranchers warrant the funding requested. Applicants will be scored according to the extent they can: (a) Reasonably estimate the total number of producers reached through the various educational activities described in the Statement of Work; (b) justify such estimates with clear specifics; (c) identify the actions producers will likely be able to take as a result of the activities described in the Statement of Work; and (d) identify the specific measures for evaluating results that will be employed in the project. Reviewers' scoring will be based on the scope and reasonableness of the applicant's estimates of producers reached through the project, clear descriptions of specific expected project benefits, and well-designed methods for measuring the project's results and effectiveness.

#### Statement of Work—Maximum 25 Points

The applicant must produce a clear and specific Statement of Work for the project. For each of the tasks contained in the Description of Agreement Award (refer to Section II Award Information), the applicant must identify and describe specific subtasks, responsible entities, expected completion dates, RMA substantial involvement, and deliverables that will further the purpose of this program. Applicants

will obtain a higher score to the extent that the Statement of Work is specific, measurable, reasonable, has specific deadlines for the completion of subtasks, relates directly to the required activities and the program purpose described in this announcement. Applicants are required to submit this Statement of Work on Form RME-2.

#### Partnering—Maximum 15 Points

The applicant must demonstrate experience and capacity to partner with and gain the support of grower organizations, agribusiness professionals, and agricultural leaders to carry out a local program of education and information in a designated Targeted State. Applicants will receive higher scores to the extent that they can document and demonstrate: (a) That partnership commitments are in place for the express purpose of delivering the program in this announcement; (b) that a broad group of farmers and ranchers will be reached within the Targeted State; and (c) that a substantial effort has been made to partner with organizations that can meet the needs of producers.

#### Project Management—Maximum 15 Points

The applicant must demonstrate an ability to implement sound and effective project management practices. Higher scores will be awarded to applicants that can demonstrate organizational skills, leadership, and experience in delivering services or programs that assist agricultural producers in the respective Targeted State. Applicants that will employ, or have access to, personnel who have experience in directing local educational programs that benefit agricultural producers in the respective Targeted State will receive higher rankings.

#### Past Performance—Maximum 10 Points

If the applicant has been a recipient of other Federal or other government grants, cooperative agreements, or contracts, the applicant must provide information relating to their past performance in reporting on outputs and outcomes under past or current federal assistance agreements. The applicant must also detail that they have consistently complied with financial and program reporting and auditing requirements. RMA reserves the right to add up to 10 points and subtract 5 points to applications due to past performance. Applicants with very good past performance will receive a score from 6–10 points. Applicants with acceptable past performance will receive a score from 1–5 points. Applicants with unacceptable past

performance will receive a score of minus 5 points for this evaluation factor. Applicants without relevant past performance information will receive a neutral score of the mean number of points of all applicants with past performance. Under this cooperative partnership agreement, RMA will subjectively rate the recipient on project performance as indicated in Section II, G. The applicant must list all current public or private support to which personnel identified in the application have committed portions of their time, whether or not salary support for persons involved is included in the budget. An application that duplicates or overlaps substantially with an application already reviewed and funded (or to be funded) by another organization or agency will not be funded under this program. The projects proposed for funding should be included in the pending section.

#### Budget Appropriateness and Efficiency—Maximum 15 Points

Applicants must provide a detailed budget summary that clearly explains and justifies costs associated with the project. Applicants will receive higher scores to the extent that they can demonstrate a fair and reasonable use of funds appropriate for the project and a budget that contains the estimated cost of reaching each individual producer. The applicant must provide information factors such as:

- The allowability and necessity for individual cost categories;
- The reasonableness of amounts estimated for necessary costs;
- The basis used for allocating indirect or overhead costs;
- The appropriateness of allocating particular overhead costs to the proposed project as direct costs; and
- The percent of time devoted to the project for all key project personnel identified in the application. Salaries of project personnel should be requested in proportion to the percent of time that they would devote to the project—Note: cannot exceed 60% of the total project budget. Applicants must list all current public or private support to which personnel identified in the application have committed portions of their time, whether or not salary support for persons involved is included in the budget. Only items or services that are necessary for the successful completion of the project will be funded as permitted under the Act.

### B. Review and Selection Process

Applications will be evaluated using a two-part process. First, each application will be screened by RMA

personnel to ensure that it meets the requirements in this announcement. Applications that do not meet the requirements of this announcement or are incomplete will not receive further consideration. Applications that meet announcement requirements will be sorted into the Targeted State in which the applicant proposes to conduct the project and will be presented to a review panel for consideration.

Second, the review panel will meet to consider and discuss the merits of each application. The panel will consist of not less than three independent reviewers. Reviewers will be drawn from USDA, other Federal agencies, and others representing public and private organizations, as needed. After considering the merits of all applications within a Targeted State, panel members will score each application according to the criteria and point values listed above. The panel will then rank each application against others within the Targeted State according to the scores received. A lottery will be used to resolve any instances of a tie score that might have a bearing on funding recommendations. If such a lottery is required, the names of all tied applicants will be entered into a drawing. The first tied applicant drawn will have priority over other tied applicants for funding consideration.

The review panel will report the results of the evaluation to the Manager of FCIC. The panel's report will include the recommended applicants to receive cooperative agreements for each Targeted State. Funding will not be provided for an application receiving a score less than 60. An organization, or group of organizations in partnership, may apply for funding under other FCIC or RMA programs, in addition to the program described in this announcement. However, if the Manager of FCIC determines that an application recommended for funding is sufficiently similar to a project that has been funded or has been recommended to be funded under another RMA or FCIC program, then the Manager may elect to not fund that application in whole or in part. The Manager of FCIC will make the final determination on those applications that will be awarded funding.

## VI. Award Administration Information

### A. Award Notices

Following approval by the awarding official of RMA of the applications to be selected for funding, project leaders whose applications have been selected for funding will be notified. Within the limit of funds available for such a purpose, the awarding official of RMA

shall enter into cooperative agreements with those applicants. The agreements provide the amount of Federal funds for use in the project period, the terms and conditions of the award, and the time period for the project. The effective date of the agreement shall be on the date the agreement is executed by both parties and it shall remain in effect for up to one year or through September 30, 2007, whichever is later.

After a cooperative agreement has been signed, RMA will extend to award recipients, in writing, the authority to draw down funds for the purpose of conducting the activities listed in the agreement. All funds provided to the applicant by FCIC must be expended solely for the purpose for which the funds are obligated in accordance with the approved agreement and budget, the regulations, the terms and conditions of the award, and the applicability of Federal cost principles. No commitment of Federal assistance beyond the project period is made or implied for any award resulting from this notice.

Notification of denial of funding will be sent to applicants after final funding decisions have been made. Reasons for denial of funding can include, but are not limited to, incomplete applications, applications with evaluation scores below 60, or applications with evaluation scores that are lower than those of other applications in a Targeted State.

### B. Administrative and National Policy Requirements

#### 1. Requirement To Use Program Logo

Applicants awarded cooperative agreements will be required to use a program logo and design provided by RMA for all instructional and promotional materials.

#### 2. Requirement to Provide Project Information to an RMA-selected Contractor

Applicants awarded cooperative agreements may be required to assist RMA in evaluating the effectiveness of its educational programs by providing documentation of educational activities and related information to any contractor selected by RMA for program evaluation purposes.

#### 3. Private Crop Insurance Organizations and Potential Conflicts of Interest

Private organizations that are involved in the sale of Federal crop insurance, or that have financial ties to such organizations, are eligible to apply for funding under this announcement. However, such entities will not be allowed to receive funding to conduct

activities that would otherwise be required under a Standard Reinsurance Agreement or any other agreement in effect between FCIC and the entity. Also, such entities will not be allowed to receive funding to conduct activities that could be perceived by producers as promoting one company's services or products over another's. If applying for funding, such organizations are encouraged to be sensitive to potential conflicts of interest and to describe in their application the specific actions they will take to avoid actual and perceived conflicts of interest.

#### 4. Access to Panel Review Information

Upon written request from the applicant, scores from the evaluation panel, not including the identity of reviewers, will be sent to the applicant after the review and awards process has been completed.

#### 5. Confidential Aspects of Applications and Awards

The names of applicants, the names of individuals identified in the applications, the content of applications, and the panel evaluations of applications will all be kept confidential, except to those involved in the review process, to the extent permitted by law. In addition, the identities of review panel members will remain confidential throughout the entire review process and will not be released to applicants. At the end of the fiscal year, names of panel members will be made available. However, panelists will not be identified with the review of any particular application. When an application results in a cooperative agreement, that agreement becomes a part of the official record of RMA transactions, available to the public upon specific request. Information that the Secretary of Agriculture determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to be considered confidential, privileged, or proprietary should be clearly marked within an application, including the basis for such designation. The original copy of an application that does not result in an award will be retained by RMA for a period of one year. Other copies will be destroyed. Copies of applications not receiving awards will be released only with the express written consent of the applicant or to the extent required by law. An application may be withdrawn at any time prior to award.

## 6. Audit Requirements

Applicants awarded cooperative agreements are subject to audit.

## 7. Prohibitions and Requirements With Regard to Lobbying

Section 1352 of Public Law 101–121, enacted on October 23, 1989, imposes prohibitions and requirements for disclosure and certification related to lobbying on recipients of Federal contracts, grants, cooperative agreements, and loans. It provides exemptions for Indian Tribes and tribal organizations. Current and prospective recipients, and any subcontractors, are prohibited from using Federal funds, other than profits from a Federal contract, for lobbying Congress or any Federal agency in connection with the award of a contract, grant, cooperative agreement, or loan. In addition, for each award action in excess of \$100,000 (\$150,000 for loans) the law requires recipients and any subcontractors: (1) To certify that they have neither used nor will use any appropriated funds for payment of lobbyists; (2) to disclose the name, address, payment details, and purpose of any agreements with lobbyists whom recipients of their subcontractors will pay with profits or other non-appropriated funds on or after December 22, 1989; and (3) to file quarterly up-dates about the use of lobbyists if material changes occur in their use. The law establishes civil penalties for non-compliance. A copy of the certification and disclosure forms must be submitted with the application and are available at the address and telephone number listed in Section VII. Agency Contact.

## 8. Applicable OMB Circulars

All cooperative agreements funded as a result of this notice will be subject to the requirements contained in all applicable OMB circulars.

## 9. Requirement to Assure Compliance with Federal Civil Rights Laws

Project leaders of all cooperative agreements funded as a result of this notice are required to know and abide by Federal civil rights laws and to assure USDA and RMA that the recipient is in compliance with and will continue to comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et. seq.), 7 CFR part 15, and USDA regulations promulgated thereunder, 7 CFR 1901.202. RMA requires that recipients submit Form RD 400–4, Assurance Agreement (Civil Rights), assuring RMA of this compliance prior to the beginning of the project period.

## 10. Requirement to Participate in a Post Award Conference

RMA requires that project leaders attend a post award conference to become fully aware of cooperative agreement requirements and for delineating the roles of RMA personnel and the procedures that will be followed in administering the agreement and will afford an opportunity for the orderly transition of agreement duties and obligations if different personnel are to assume post-award responsibility. In their applications, applicants should budget for possible travel costs associated with attending this conference.

Award recipients will be required to submit quarterly progress reports, quarterly financial reports (OMB Standard Form 269), and quarterly Activity Logs (Form RME–3) throughout the project period, as well as a final program and financial report not later than 90 days after the end of the project period.

## VIII. Other Information

### A. Dun and Bradstreet Data Universal Numbering System (DUNS)

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. The Office of Management and Budget published a

notice of final policy issuance in the Federal Register June 27, 2003 (68 FR 38402) that requires a DUNS number in every application (i.e., hard copy and electronic) for a grant or cooperative agreement on or after October 1, 2003. Therefore, potential applicants should verify that they have a DUNS number or take the steps needed to obtain one. For information about how to obtain a DUNS number, go to <http://www.grants.gov>. Please note that the registration may take up to 14 business days to complete.

### B. Required Registration With the Central Contract Registry for Submission of Proposals

The Central Contract Registry (CCR) is a database that serves as the primary Government repository for contractor information required for the conduct of business with the Government. This database will also be used as a central location for maintaining organizational information for organizations seeking and receiving grants from the Government. Such organizations must register in the CCR prior to the submission of applications. A DUNS number is needed for CCR registration. For information about how to register in the CCR, visit “Get Started” at the Web site, <http://www.grants.gov>. Allow a minimum of 5 business days to complete the CCR registration.

### C. Related Programs

Funding availability for this program may be announced at approximately the same time as funding availability for similar but separate programs—CFDA No. 10.455 (Community Outreach and Assistance Partnerships), CFDA No. 10.456 (Risk Management Research Partnerships), CFDA No. 10.457 (Commodity Partnerships for Risk Management Education), and CFDA No. 10.459 (Commodity Partnerships Small Sessions Program). These programs have some similarities, but also key differences. The differences stem from important features of each program’s authorizing legislation and different RMA objectives. Prospective applicants should carefully examine and compare the notices for each program.

Signed in Washington, DC on April 26, 2006.
