Subject: STOP STOP STOP This insanity NOW! Leave our vitamins, herbs, amino acids alone!!!!!!

Stop this jackbooted gestapo terrorism against our inalienable rights to care for our bodies and our health. We don't need any more BUSH Gestapoism. Hell he killed 3000 in the WTC isn't his bloodlust over yet? READ the CIA homepage about what they and Bush knew about 9-11 before 9-11.

Thankyou.

Sincerely Mike Hunter
