Dear Dr. Yetley,

I understand that you are the one representing the U.S. in the Codex hearings. I want to express to you my strong feelings against Codex. I, nor my friends, want to have this restrictive code used in America. We are intelligent people, we do not want pharmaceutical companies dictating what and how much of vitamins, minerals or any other natural product we can use.

\ Please stand up for our rights in the U.S. and vote against Codex ever being used in our free country. You are all we have. Please don't let us down!
Thank you

Janet Pauly
