Nancy Crane, FDA, I am writing to ask the FDA to delete item 5.9 of agenda item No. 6 in the draft guidelines for *vitamin and mineral supplements*. *Every citizen is the the real gatekeeper for truthful and non-misleading information about nutrition. Item 5.9 of the labeling proposal is regressive, misleading, and not in the best interest of the U.S. consumer. Item 5.9 is also in violation of the Dietary Supplement Health and Education Act of 1994 (DSHEA).*

I appreciate your consideration and action on my behalf on this matter. Sincerely, Coral Rose Shipley
