Ask the FDA to delete item 5.9 of agenda item No. 6 in the draft guidelines for vitamin and mineral supplements. Tell them that every citizen is the real gatekeeper for truthful and non-misleading information about nutrition, and that item 5.9 of the labeling proposal is regressive, misleading, and not in the best interest of the U.S. consumer. Also tell them that item 5.9 is in violation of the Dietary Supplement Health and Education Act of 1994 (DSHEA).

Thank you for your time.
