I, Lori Sampson, am writing at this time to ask that the FDA delete 5.9 agenda item No.6 in the draft guidelines for vitamin and mineral supplements. Every citizen is the real gate keeper for truthful and non-misleading information about nutrition. And item 5.9 of the labeling proposal is regressive, misleading and not in the best interest of the U.S. consumer. Item 5.9 is in violation of the Dietary Supplement Health and Education Act of 1944 (DSHEA). Thank you for your time.

Sincerely,
Lori Sampson
