Please delete item 5.9 of agenda item Number 6 in the draft guidelines for Vitamins and Minerals. Every citizen is the real gatekeeper for truthful and non-misleading information about nutrition, and item 5.9 of the labeling proposal is regressive, misleading and not in the best interest of the U.S. consumer.

Item 5.9 is in violation of the Dietary Supplement Health and Education Act of 1994. (DSHEA)

Thank you very much.
