Subject: Item 5.9 item No. 6 in the draft guidelines for vitamin and mineral supplements

Dear Nancy,

I am writing to you as a representative of the FDA.

Please delete item 5.9 of agenda item No. 6 in the draft guidelines for vitamin and mineral supplements. Each citizen is the real gatekeeper for truthful and non-misleading information about nutrition, and that item 5.9 of the labeling proposal is regressive, misleading, and not in the best interest of the U.S. consumer. Also item 5.9 is in violation of the Dietary Supplement Health and Education Act of 1994 (DSHEA).

Thank you for your attention to this matter,

Kathy and Bob Butler
