Dear Committe members,

Please delete item 5.9 of agenda 6:"All labels should bear a statement...". This regressive proposal is in violation of DSHEA 1994.

Many conscientious Americans are deeply grateful for the freedoms finally granted via DSHEA through which their wellness has been dramatically improved.

Many of us have recognized our responsibilty to educate ourselves & then share our growing knowledge of previously unavailable facts about nutrition with our fellowman. By eliminating 5.9, you will be granting freedom of information to the public majority & denying materialization of possible surreptitious motives by a power- hungary minority.

Advocates of Constructive

Liberties,

V.L.Burkhardt & A.A.
