I am cert<sup>RECEIVED</sup> thankful  
that the US<sup>ESIS DOCKET ROOM</sup> has banned  
the consumption of "downed  
cattle!"  
06 FEB 17 AM 9:54

I would hope that the  
ban is extended to  
other species of "downed  
animals" including pigs  
sheep and other livestock.

Humane euthanasia should  
be the only means of  
removal of these animals.

Sincerely  
Mrs. Jill Crooks
