I want to thank the U.S. DA for its emergency measures to ban the slaughter of downed cattle for human consumption. Please make the ban permanent and include sheep, pigs and other livestock.

Please require also that all downed animals be humanely euthanized immediately, wherever they become downed. I kept cattle for about 50 years and whenever one was downed, I had her shot, then hauled away. It's extremely cruel to drag or push along the ground a ^{live} animal that can't stand up.

Thanks for your attention to this.

Sincerely,

(Ms.) Helen Ashworth
