RECEIVED  
FSIS DOCKET ROOM 004  
04 MAR 15 PM 3:29

Dear USDA Food Safety Inspectors:

All animals should be included in the ban on downers. Non-ambulatory pigs, sheep and other farm animals such as cattle,

all diseased and disabled animals can pose a serious threat to human health. The USDA should explicitly require humane euthanasia of all non-ambulatory animals immediately upon discovery at slaughterhouses, stockyards and other facilities.

Sincerely,  
Jean Lauren
