TO THE UNITED STATES Dept of AGRICULTURE

IN REGARDS TO THE ISSUE OF
BUTCHERING DOWNER CATTLE SINCE
THE ONE CASE OF MAD COW ~~WAS~~ WAS
DISCOVERED IN THE U.S.

I AM WRITING THIS LETTER HOPING
THAT YOU WILL LOOK AT THE WHOLE
PICTURE HERE.

I HAVE A SMALL CUSTOM PROCESSING PLANT
IF AN ANIMAL BREAKS A LEG OR IS
INJURED IN SOME WAY AND WE CAN
NOT PROCESS THIS FOR THE FARMER,
IT IS THIS NOT A TERRIBLE WASTE OF
FOOD? REMEMBER THIS ANIMAL IS
FOR THEIR CONSUMPTION NOT FOR RESALE.
I AGREE THAT A BEEF THAT IS DOWN
BECAUSE IT IS SICK SHOULD NOT
BE BUTCHERED. SO I ASK PLEASE HAVE
SOME COMMON SENSE ON THIS ISSUE

Sincerely

BOB HOLZMER.
